Ethics in Comedy Steven A. Benko, 2020-10-02 All humans laugh. However, there is little agreement about what is appropriate to laugh at. While laughter can unite people by showing how they share values and perspectives, it also has the power to separate and divide. Humor that crosses the line can make people feel excluded and humiliated. This collection of new essays addresses possible ways that moral and ethical lines can be drawn around humor and laughter. What would a Kantian approach to humor look like? Do games create a safe space for profanity and offense? Contributors to this volume work to establish and explain guidelines for thinking about the moral questions that arise when humor and laughter intersect with medicine, gender, race, and politics. Drawing from the work of stand-up comedians, television shows, and ethicists, this volume asserts that we are never just joking.

imwe imba - the other room Munashe Wadzanai, Anne Schlechters, Thomas F. Andersson, 2022-11-21 Munashe is a bright adolescent girl living in Zimbabwe. She feels a pressure to leave Zimbabwe and to follow most of her peers to a university or to work in the West. However, she is not convinced that this is what she really wants. Via Thomas, an experienced European scientist and manager, initiating a technical Start-up Hub at her boarding school, Munashe comes in contact with Anne. Imwe imba, the other room, is a novel covering the last 2 high-school years of Munashe and Anne in letters between the young women as well as from Thomas to Simon, his now retired personal and business coach. Through the letters, Anne and Simon discover unknown and fascinating aspects of the (southern) African society. Especially, since Thomas includes stories from Nelson, Munashe's grandfather and small holder farmer. Based on the stories and hearing about Munashe's activities in more technical projects, Anne develops a critical attitude towards both the current Western school system and the effectiveness of traditional Western development or aid projects. On the other side, Munashe learns that Europe is not the land of milk and honey for everybody. Munashe and Anne, assisted by Thomas, review the so-called development work activities in emerging markets and propose a promising approach to economically uplift more rural areas. In part 2, the Start-up Hub activities are proven to be sustainable and Munashe asks where do we want to go? A design is made for a more ideal (global) society and the issues faced, implementing their ideas, are discussed. The letters in this novel cover a wide spectrum of topics: personal struggles and contemplations, educational and business practices, science and art, geopolitics

and historical backgrounds, change management as well as social developments. Each letter is written in an accessible language and underlined with references to allow the reader to explore more. Most of all, imwe imba wants to create awareness. Awareness for the wonderful, real life in Africa. Awareness that Africa is prosperity. Awareness that our younger generation is perfectly able to initiate change. That a single person can initiate change. That complaining or being upset about various (unacceptable) global happenings or actions is not enough. That a further polarisation and blaming the others doesn't help. That we have to do things. That we should not fear change but embrace the changes that are needed to come to the necessary improvements.

The Gaslighting of the Millennial Generation Caitlin Fisher, 2019-05-15 A success guide for millennials that debunks the negative stereotypes and champions their unique strength as a generational force to be reckoned with. We've all seen the headlines: Millennials aren't buying diamonds or saving for retirement. They're killing the housing market because they eat too many avocados. They all want cushy jobs with foosball tables and nap pods. The truth is, millennials were raised to believe they could do anything if they worked hard, and then they worked hard only to be told the world owes them nothing. Now they're tired of being gaslit. The tide of young adults standing up for themselves is culminating in massive societal change. The Gaslighting of the Millennial Generation uncovers the misconceptions about millennials, examining not only their unique strengths but also the baggage they have inherited from Baby Boomers. It shows just how different millennials are from previous generations—and why that's a very good thing.

The Marx Brothers and America Robert E. Weir, 2022-08-17 The ground has shifted from the days in which serious history and boring went hand in glove. Textbooks and lectures have their place, but less traditional classrooms can be powerfully immersive and insightful. Take the 1929 Marx Brothers film *The Cocoanuts* and what it teaches about both the Great Depression and early sound films. The Marx Brothers are among the funniest comedy teams of all time. Four of their 13 films are on the American Film Institute's list of the 100 greatest American comedies ever made. For many contemporary viewers, though, getting the jokes is not always easy because the humor can be subjective and timebound. This work looks at the American past through the lens of the Marx Brothers' films and other projects. Each of the chapters focuses on a specific film, contextualizing the world at the time and how the Marx Brothers lampooned those subjects. Along the way, the book demonstrates what the Marx Brothers revealed about weighty topics like gambling, gender relations, immigration, medical care, Prohibition, race and war, all leavened with offbeat humor.

Drowned Hopes Allan Cole, 2005-12 *Lost In Paradise*: Ellen thought she'd hit bottom when her lover left her and the authorities in Jamaica closed her gallery and seized her paintings. She hoped to start a new life and career in Boca Raton, Florida. But there she finds that her mother is in the throes of Alzheimer's and her powerful attorney brother is squeezing her small inheritance dry. When she tries to fight back, she strays into the web of one of the nastiest villains to step out of the hellfires. With death and humiliation staring her in the face and no one to help her, Ellen has to call upon resources she's never tapped before to save herself and her mother.
