Dewey and Elvis Louis Cantor,2010-04-10 Beginning in 1949, while Elvis Presley and Sun Records were still virtually unknown--and two full years before Alan Freed famously discovered rock 'n' roll--Dewey Phillips brought the budding new music to the Memphis airwaves by playing Howlin' Wolf, B. B. King, and Muddy Waters on his nightly radio show Red, Hot and Blue. The mid-South's most popular white deejay, Daddy-O-Dewey soon became part of rock 'n' roll history for being the first major disc jockey to play Elvis Presley and, subsequently, to conduct the first live, on-air interview with the singer. Louis Cantor illuminates Phillips's role in turning a huge white audience on to previously forbidden race music. Phillips's zeal for rhythm and blues legitimized the sound and set the stage for both Elvis's subsequent success and the rock 'n' roll revolution of the 1950s. Using personal interviews, documentary sources, and oral history collections, Cantor presents a personal view

of the disc jockey while restoring Phillips's place as an essential figure in rock 'n' roll history.

Ask a Manager Alison Green, 2018-05-01 'I'm a HUGE fan of Alison Green's Ask a Manager column. This book is even better' Robert Sutton, author of *The No Asshole Rule* and *The Asshole Survival Guide* 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, *New York Times* bestselling author of *The Life-Changing Magic of Not Giving a F*ck* A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, *Ask a Manager* will help you successfully navigate the stormy seas of office life.

Butts Heather Radke, 2023-06-13 "Winning, cheeky, and illuminating...What appears initially as a folly with a look-at-this cover and title becomes, thanks to Radke's intelligence and curiosity, something much meatier, entertaining, and wise." —The Washington Post "Lively and thorough, *Butts* is the best kind of nonfiction." —Esquire, Best Books of 2022 A "carefully researched and reported work of cultural history" (The New York Times) that explores how one body part has influenced the female—and human—experience for centuries, and what that obsession reveals about our lives today. Whether we love them or hate them, think they're sexy, think they're strange, consider them too big, too small, or anywhere in between, humans have a complicated relationship with butts. It is a body part unique to humans, critical to our evolution and survival, and yet it has come to signify so much more: sex, desire, comedy, shame. A woman's butt, in particular, is forever being assessed, criticized, and objectified, from anxious self-examinations trying on jeans in department store dressing rooms to enduring crass remarks while walking down a street or high school hallways. But why? In *Butts: A Backstory*, reporter, essayist, and *RadioLab* contributing editor Heather Radke is determined to find out. Spanning nearly two centuries, this "whip-smart" (Publishers Weekly, starred review) cultural history takes us from the performance halls of 19th-century London to the aerobics studios of the 1980s, the music video set of Sir Mix-a-Lot's "Baby Got Back" and the mountains of Arizona, where every year humans and horses race in a feat of gluteal endurance. Along the way, she meets evolutionary biologists who study how butts first developed; models whose measurements have defined jean sizing for millions of women; and the fitness gurus who created fads like "Buns of Steel." She also examines the central importance of race through figures like Sarah Bartmann, once known as the "Venus Hottentot," Josephine Baker, Jennifer Lopez, and other women of color whose butts have been idolized, envied, and despised. Part deep dive reportage, part personal journey, part cabinet of curiosities, *Butts* is

an entertaining, illuminating, and thoughtful examination of why certain silhouettes come in and out of fashion—and how larger ideas about race, control, liberation, and power affect our most private feelings about ourselves and others.

Fables, Memories, Adult Jokes Rosaria Wills, 2017-11-27 To you that cry for your dead. If you love me, do not cry! If you know the immense secret of the sky where now I live, if you could see and hear what I hear and see in these horizons without end and in this light that goes through you, you would not cry if you love me. Now I am absorbed in the enchantment of God, in his whole beauty. Things from the past are so small, and worth nothing comparing to this. I only have my love for you, a tenderness that I have never known before. We have loved each other and known each other, but at that time, it was limited and fast. I live in a serene and happy world, waiting for you to come within us in your internal battle. Think of this as a beautiful house, where there is no death and where we can be together in the purest and intense love, to the fountain of joy and love that will never end. Don't cry if you really love me.

In The Land Of Misfits David Villanueva Jr, 2014-04 In The Land Of Misfits is a recollection of outlandish stories with crazy characters that is bound to make you laugh like you're silly in the head. Author David Villanueva has captured the essence of his dysfunctional childhood from making fun of his horny teenage parents, to an encounter with an crazy homeless lady he wet with the water hose, to having cussing contests with his sister, and most of all the many misadventures he had with his eccentric Nana, a no-holds barred character who cussed, made moonshine, beat to her own drum, and who could give Auntie Mame a run for her money. You'll definitely laugh, and you'll definitely cry from laughing so hard in this magnifying glass of craziness, kookiness, and dysfunctional love.

Linda Goodman's Love Signs Linda Goodman, 2014-01-09 The New York Times bestseller that helps you explore whether romance is in the stars. Linda Goodman's Love Signs addresses the question asked by everyone familiar with astrology: How do I relate to someone of another sign? Each sign is "related" to the twelve signs of the zodiac in a different and unique way. Each section addresses the differences for a male and a female with the same sign matches. This is an updated edition of Linda Goodman's lively bestseller, which has introduced millions to the concept of astrological compatibility. "What seems to set Goodman's books apart from other stargazing guides is their knowledgeable approach and comprehensive reach." —Newsweek

Reading from Behind Jonathan A. Allan, 2016-03-15 'A serious work of theory.' The Guardian 'Jonathan Allan has come up with a whole theory of the arsehole.' Dazed and Confused In a resolute deviation from the governing totality of the phallus, Reading from Behind offers a radical reorientation of the anus and its role in the collective imaginary. It exposes what is deeply hidden in our cultural production, and challenges the authority of paranoid, critical thought. A beautiful work that invites us beyond the rejection of phallocentrism, to a new way of being and thinking about sex, culture and identity.

The Shiva Michael Tregebov, 2012-07-26 Failures in business and marriage tip poor Mooney into a spell in a psychiatric

ward. But he has the great fortune of befriending an Indian seer, one of his pals from the casino where Mooney hangs out, who promises to put Mooney's life back together. Dennis is no ordinary Indian seer. For one thing, he's a rez Indian, from right around Winnipeg, just like Mooney. For another, he's a stock picker, and what he sees coming, in the spring of 2008, is the sub-prime mortgage meltdown. So he puts together a consortium of himself, Mooney, and a bunch of Mooney's pals from the world of North End Winnipeg, to pool their savings in a short-selling scheme to cash in on the coming crash. But the so-called Eisenteeth syndicate isn't just betting against the market. Mooney and his pals are betting against Mooney's brother Dave: crude, ignorant, maddeningly successful, whose oafish touch turns every business venture into gold. Did we mention their mother has something to say about all this? Like Michael Tregobov's debut novel *The Briss*, which was a finalist for the Commonwealth First Novel Award (Canada-Caribbean Region), *The Shiva* is a fast-paced character-driven novel.

Ten Things Joshua Seidl, 2014-01-30 Short stories about a village in Michigan's Upper Peninsula. Modern historical and contemporary fiction. Delight is the blunderings and romances and friction among these Baby Boomer teens and young adults. Stories waver from traumatic to hilarious. Many of the author's regular characters are featured plus new characters have been developed for this 4th in a series of readers. Well illustrated.

Deer Season Erin Flanagan, 2021-09 A teenage girl goes missing. When Hal, an intellectually disabled farmhand, returns from a hunting trip with a flimsy story about the blood in his truck and a dent near the headlight, Alma Costagan and her husband are forced to confront what Hal might be capable of.
