Virginia Military Records, 1983 This work is essentially a compilation of articles that deal wholly or in part with muster and pay rolls, court order books, pension records, land claims, depositions, petitions, militia lists, orderly books, and service records. The majority of the articles focus on the records of the colonial and Revolutionary War periods, but there also are some that relate to the War of 1812. In the aggregate these comprise data of almost unequalled variety and magnitude. Produced over the years by an army of specialists, they were spread throughout the three periodicals named in the title. This varied and immense body of data is brought together in a handy and well-indexed volume, which will make its use by the researcher very easy.

Hashtag Activism Interrogated and Embodied Melissa Ames, Kristi McDuffie, 2023-04-01 Hashtag Activism Interrogated and Embodied analyzes the ways that hashtags repurpose and reclaim societal narratives, considering how these digital interactions carry over into external spaces and are embodied by both participants and spectators alike. A diverse set of contributors from a range of disciplines utilize a variety of methodologies to interrogate the lifespan and trajectories of specific hashtag campaigns, study rhetorical strategies engaged by online communities, and analyze how hashtags are employed for particular purposes. The chapters capture twenty-first-century digital activism unfolding in different social and geopolitical climates. Delving into hashtag activism in various forms (tweets, memes, and personal narratives) and spaces (Twitter, Facebook, and in-person protests), these chapters reveal how participants question and construct online and offline identities and imagined and actualized communities. They also showcase the complicated ways hashtag activism intersects with consumer, popular, and celebrity cultures. Hashtag Activism Interrogated and Embodied calls for broader inclusion in what is considered hashtag activism, such as digital fandom, how hashtags are co-opted for nefarious purposes, the effects of anti-activism, and the role of journalism and the media. It will appeal to a range of disciplines including rhetoric and

composition, internet studies, communication studies, media studies, feminist studies, affect studies, cultural studies, technical communication, and sociology. Virginia Colonial Militia, 1651-1776 William Armstrong Crozier, 1973 It is owing to the indefatigable labors of William Armstrong Crozier that we have one of the most exhaustive lists of colonial soldiers ever published. Virginia Colonial Militia originally appeared as Volume II of Crozier's famous series Virginia County Records but has since earned a distinction that has set it apart. Certainly anyone looking for colonial Virginia origins would do well to look here first. The work is divided into several sections and includes (1) Land Bounty Certificates for Service in the French and Indian War; (2) Military Rosters in Hening's Statutes at Large; (3) Muster Rolls of Companies Defending the Frontier in Lord Dunmore's War; (4) Partial List of Officers Killed and Wounded at the Battle of Point Pleasant, Oct. 10, 1774; (5) Augusta County Militia in 1742; (6) Miscellaneous County Rosters of Militia Officers; (7) List of Officers and Soldiers of the Virginia Regiment Commanded by George Washington; and (8) List of the Officers of the Colonial Militia of Spotsylvania County, 1729-1780.

Four Dark Tales. Four Sensual Stories. Four Page Turners. Provoke by Rachel Van Dyken The music industry called me a savant at age sixteen when I uploaded my first video and gained instant fame. And then Drew Amherst of Adrenaline became my mentor, and my career took off. And then tragedy struck, and I wondered if I'd ever be able to perform again. I fought back, but all it took was a falling light to bring it all back to the fore. So, I walked away. Because I knew it wasn't just stage fright. It was so much more. Enter Piper Rayne, life coach, with her bullshit about empowerment, rainbows, and butterflies. She smiles all the damn time, and I'm ninety-nine percent sure there's not a problem she can't solve. Until me. Rafe by Sawyer Bennett As the second line center for the Arizona Vengeance, my mind has been on one thing—helping my team bring home a championship. But that all changed when I found out my dad had cancer and only months to live. In that moment, nothing mattered more than getting home to North Carolina to be by his side. Now I'm home and in the midst of my grief, I find comfort from the one person I never expected. Calliope Ramirez stole my heart at a very young age. The beautiful, smart, headstrong girl next door, she was my first...everything. She has never forgiven me for leaving her, believing that I chose hockey over a future together. What she doesn't understand is that every decision I made was for her, and I've never given up hope that one day we'd be together again. The Naughty Princess by Claire Contreras Princess Pilar is sick of the spotlight and being seen as the uptight goody-too-shoes the media has cast her to be. She's especially tired of the

fact that her brothers are allowed to run off and do whatever they want while she sits inside watching the world pass her by. That's why she decides to quietly pack her things and travel to the one place her parents have always forbidden her to step foot on—Ibiza. As the star of the French premiere fútbol league, Benjamin Drake has it all—the money, the cars, the clothing contracts, and any woman he wants. Problem is, the only woman Ben has ever wanted badly enough to stop partying is Princess Pilar, the one he can never, ever have. The Graveyard Shift by Darynda Jones Garrett Swopes was the ultimate skeptic until he met a certain hellion and her husband. They vanished after stopping a catastrophic event and left him, a mere mortal, in charge of protecting their gift to mankind. But when she disappears as well, he needs the help of another breed of hellion. One who can see past the veil of space and time. One who betrayed him. Marika Dubois's son—a warrior in the coming war between heaven and hell—was foreseen long before his birth. But to create a child strong enough to endure the trials that lay ahead, she needed a descendant of powerful magics. She found that in Garrett Swopes and tricked him into fathering her son. A ploy he has never forgiven her for. **Every 1001 Dark Nights novella is a standalone story. For new readers, it's an introduction to an author's world.
