Taking Stock Jordan Grumet,2022-08-02 Learn what end of life can teach us about the secret to financial independence and making every moment count with this life-altering collection of tips from Dr. Jordan Grumet, host of the award-winning Earn & Invest podcast, featuring a foreword written by Vicki Robin, coauthor of *Your Money or Your Life*. Written by a hospice doctor with a unique front-row seat to the regrets of his dying patients, this book will remind you to take stock of life now, before it is too late. The goal of financial independence is to have the economic fuel to live a full life and avoid regret. *Taking Stock* is your guide to taking control of your finances and investing in yourself. Inside you'll find: The three basic archetypes of building wealth, and how to choose which is right for you Time-hacking techniques to modify your perception of time passing and fill your moments with meaning Tips to invest in education, family, and your own physical and mental health And much more! Don't wait until the last moment to live life to the fullest!

Summary of Jordan Grumet's Taking Stock Everest Media,2022-08-29T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 I was raised to believe that I would become a doctor like my father, and that walking in his footsteps would magically fix the mistake of his death. But as I got older, I began to realize that I wasn't living the dream I thought I was. #2 I had spent years pursuing a career as a physician, and while I was happy, I was also burned out and unhappy. I had no idea what to do with my life. I had tried everything to avoid the conclusion that I had chosen unwisely, but I couldn't anymore. #3 I realized that I was free. I had saved enough money to support myself for the rest of my life without worrying about what I did for a living. I had embraced the mantra of frugality, saving, and investing wisely. #4 I began to rebuild my sense of self brick by brick. I asked myself some uncomfortable questions, such as who I was outside of being a doctor, what made my life feel purposeful, and what I wanted to accomplish on this earth before I died.

I Am Your Doctor Jordan Grumet,Jordan Grumet M D,2015-02-17 What is it like to be your primary care physician? How do day-to-day pressures, concerns and unfolding developments impact the one who looks after your health and wellbeing? What does your doctor feel about the responsibilities and nagging questions that are an integral part of every waking hour? What is it like to know that each routine decision is potentially life-altering to your care? Who cares about your future medical care? Jordan Grumet's writing builds an insider's level of understanding. His unique delivery is simple and eloquently

succinct. His potential audience is at a critical juncture in medical-political development, particularly in the United States, and his impactful prose is already vitally felt by a growing number of readers. The timing is optimal for Jordan's writing to be published as a widely accessible collection of stories and essays. Reverent dedication to quality diagnostic care permeates his writing and motivates Jordan to share from the head and heart. Each new essay challenges his readers to think and feel, taking on the varying perspectives of his challenging, endearing and beloved patients, and of family members of the ill or dying. Jordan's words deepen our understanding of the unwelcome, or sometimes welcome, arrival of Death. Jordan opines from experience, while he illustrates doctor-patient relations; doctor-colleague conduct and cooperation; and the impact that exponentially increasing forms, restrictions, technology and time commitment have on the delivery of quality care to patients. You and I and all of those in the medical system feel the impact of this government- and insurance-driven regulatory environment. More and more physicians are shutting down, opting out or simply struggling to juggle the burden of imposed digital and paper requirements, while their expertise is in medicine. Quality medical care, based on face-to-face doctor-patient relationship building, is lagging as a result. Jordan Grumet delivers this news powerfully and persuasively. His ability to do so is both timely and important. Married with two children, he sometimes includes family members in descriptions of his daily life and medical practice. In one essay, Jordan relates how his son's birth reawakens a depth of feeling that he previously guarded tightly as protection from the emotional impact of his work. In story after short story, Jordan reveals to us just how he is able to channel a full range of emotions, healthily and consciously, into his daily interactions. To whom does Jordan's writing appeal? Doctors, nurses and ancillary support workers all relate strongly to his descriptions of the front lines of medical care. Lay people who care about the future of their own medical needs, and all who've felt the benefits of kindly delivered care, resonate with his words. These various reading audiences either nod knowingly, based on their own similar experiences, or burst into tears as they get it that a physician is called to devote such an ample measure of body, heart and soul to their compassionate care. Humility. Naked self-assessment. Doubt. Surety. Wonder. Devotion. A peek inside.

Five Moments Jordan Grumet M D,2017-03 *Five Moments* moves readers with profound insights presented in a captivating storytelling approach. The book's author, Jordan Grumet, is an excellent doctor; he is also a warm and caring human being who hears and sees what others may miss. His stories speak from the heart, with lessons both straightforward and profound. Though each can be read in just a few minutes, the perceptive reader might take many times as long to contemplate the meaning, underlying truth and essence built into each story.

The Purpose Code Jordan Grumet,2025-01-07 How to unlock meaning, maximize happiness, and leave a lasting legacy

Taking Stock Jordan Grumet,2022-08-02 Written by a hospice doctor with a unique front-row seat to the regrets of his dying patients, this book will remind you to take stock of life now, before it is too late. The goal of financial independence is

to have the economic fuel to live a full life and avoid regret. Taking Stock is your guide to taking control of your finances and investing in yourself. Don't wait until the last moment to live life to the fullest!

Psychosocial Care of Cancer Survivors Cheryl Krauter, 2018 Currently there is a crisis occurring in healthcare involving clinician burnout, emotional exhaustion, lack of inspiration, and loss of personal meaning. For clinicians caring for cancer survivors, these feelings are aggravated by facing the largely unknown realm of survivorship and the issues it brings to patients and clinicians alike. As the number of cancer survivors grows, psychosocial oncology clinicians are increasingly called upon to work with the long-term aftermath of a cancer diagnosis, which requires the capacity to address the emotional and psychosocial issues that are not part of a traditional medical education. Clinicians have plenty of textbooks, but fewer hands-on, interactive guides that teach these kinds of experiential lessons that can be used in their day-to-day work lives. This accessible workbook offers a way to think about these important ideas while providing a structure to implement humanistic clinical practices. Clinical skills, communication tools, empathy as a learned capacity, cultural humility, reflective and mindful exercises designed to increase relationship skills—all of these depend upon this mode of experiential learning, as it teaches useful practices and solutions in order to increase the efficacy and satisfaction of clinical work with cancer survivors and their communities. *Psychosocial Care of Cancer Survivors: A Clinician's Guide and Workbook for Providing Wholehearted Care* is a clinical resource for healthcare practitioners that presents person-centered care as an antidote to the distress both patients and clinicians face in cancer survivorship. It addresses questions of how to bring a humanistic approach and quality attention to the growing needs of patients in the post-treatment phase of a cancer diagnosis. As a workbook, it's both a guide and an applicable resource for daily clinical practice. It provides a needed structure for clinicians to help them reconnect with the meaningful aspects of their work. Designed for busy psychosocial oncology clinicians who may feel disconnected but don't fully understand why, this workbook addresses the need for a humanistic and pragmatic approach to the psychosocial issues that arise in their work with patients. Based on personal interviews with clinicians, written feedback from clinicians, and research describing the formidable demands facing professionals working in cancer healthcare, as well as the dangers of burnout, this is highly practical, interactive guide addresses the emotional and psychological concerns of both patient and clinician. This workbook will be a much-needed resource for humanizing cancer survivorship care. The book is presented in two parts: - Part I focuses on skillful means for providing humanistic patient care. - Part II offers clinicians pragmatic structures and methods they can start using with patients right away, and provides a humanistic clinical framework that benefits them both personally and professionally. Clinicians will gain: - Clinical skills vital to forming healing clinical relationships: - Communication tools to enhance effective collaboration, such as personal and professional boundaries, the essentials of a healing relationship, stages of the clinical interview, collegial collaboration. - Exercises designed for personal reflection and the implementation of the abovementioned clinical skills and communication

tools. - Useful practices and solutions to increase the efficacy and satisfaction of their work. Written from the perspective of a clinician-survivor, Psychosocial Care of Cancer Survivors is about the healing power of relationship for both patient and practitioner as they negotiate the complex world of cancer survivorship.

F.I.R.E. For Dummies Jackie Cummings Koski,2024-04-30 Take control of creating your own financial independence and the option to retire early on your terms The Financial Independence, Retire Early (F.I.R.E.) movement has inspired many to optimize their finances and retire sooner than they ever imagined. This creates the time freedom and happiness you want years, or even decades, before the traditional age. F.I.R.E. For Dummies shows you how to make financial freedom and early retirement a reality. With the easy-to-follow steps in this guide, you can set yourself up to follow your big dreams without worry of money being an obstacle. Decrease debts, taxes and expenses while increasing earnings, savings and investing, is what gets you on the road toward building your wealth. You'll learn how to maximize this process and speed up your time to financial independence and retiring early. Discover why the Financial Independence, Retire Early (F.I.R.E.) movement has grown so rapidly Get concrete instructions and advice for retiring earlier or putting yourself in the powerful position to leave your job on your terms Plan and organize your finances in a way that doesn't make you feel reliant on a job to financially thrive Overcome the common obstacles for retiring early like losing social connections, filling your time, strict rules around accessing retirement accounts early or health insurance Learn from someone that has achieved F.I.R.E. and helps light the way for you on your own journey This is the perfect Dummies guide for anyone looking to move from the basics of their finances to reaching F.I.R.E. and enjoying the time freedom it creates. Regardless of where you currently are with your money or career, now is the right time to get started.

Journey's End Victoria Brewster,Julie Saeger Nierenberg,2017-07-20 In *Journey's End*, many and varied collaborators write about death, dying, and the end of life. We attempt to describe real life issues and circumstances, and we discuss ways to proactively deal with them. Useful training, resource, and reference material is also included. Death, dying, and end of life are topics many prefer to avoid. This book suggests that we benefit from having frank discussions, living life to the fullest, and planning for our own journey's end, whenever that may be. Everyone who is born eventually will die, whether or not we want to embrace that fact. **** Though few of us know when we will die, we and our family or friends can be well prepared. We can have discussions and create written directives for what we want, if we are unable to verbally state them ourselves. Do we want life support? Do we want interventions that may or may not have any benefit to our quality of life if we are in the hospital or in an accident? Do we want to be involved in planning our funeral, memorial, or celebration of life? The submissions within are from professionals in the field of death and bereavement support and from laypeople, all of whom share stories of dying family members, friends, clients, and patients. Julie and Victoria, the coauthors of this book, also share stories from their personal and professional experiences. *Journey's End* is a broadly comprehensive book about death, dying,

and the end of life.

The Hacker Mindset Garrett Gee, 2024-06-11 USA TODAY BESTSELLER For the countless people feeling trapped in their jobs and whose talents aren't being fully utilized, this book offers a wake-up call to break free from the constraints of ordinary employment and achieve true financial freedom. When boy genius Garrett Gee started working for the federal government at age 15, he figured fame and fortune were only a stone's throw away. Despite impressive credentials and enormous potential in the world of computer hacking, Gee found himself years later as just another salaried employee. He soon realized that though he was a hacker at work, he was a slacker when it came to leading his own life. But as soon as he applied his meticulous hacker mindset to his personal life, everything changed—and success rolled in quickly. Those who feel unfulfilled and stuck in the system, unable to realize their dreams as their careers merely bump along, can use this same hacker mindset in any situation or industry to overcome obstacles and identify the quickest path to true success—a success they can define for themselves. Drawing on decades of experience in cybersecurity, Gee outlines our innate hacker abilities in the face of society's best efforts to brainwash us to be slackers, and he offers readers practical advice alongside the six principles of the hacker mindset: Be on Offense Reverse Engineering Living Off the Land Risk Social Engineering Pivot For anyone seeking to ascend the corporate ladder, leave their job to start their own business, or obtain greater freedom in their life, *The Hacker Mindset* is an essential guide to hacking established systems in any sphere and unlocking one's fullest potential.

Doctor Andrew Bomback, 2018-09-20 *Object Lessons* is a series of short, beautifully designed books about the hidden lives of ordinary things. A 3-year-old asks her physician father about his job, and his inability to provide a succinct and accurate answer inspires a critical look at the profession of modern medicine. In sorting through how patients, insurance companies, advertising agencies, filmmakers, and comedians misconstrue a doctor's role, Andrew Bomback, M.D., realizes that even doctors struggle to define their profession. As the author attempts to unravel how much of doctoring is role-playing, artifice, and bluffing, he examines the career of his father, a legendary pediatrician on the verge of retirement, and the health of his infant son, who is suffering from a vague assortment of gastrointestinal symptoms. At turns serious, comedic, analytical, and confessional, *Doctor* offers an unflinching look at what it means to be a physician today. *Object Lessons* is published in partnership with an essay series in *The Atlantic*.

The Task Force Quarterly, 1996

MicroSkills Adaira Landry, Resa E. Lewiss, 2024-04-16 The promise of this book is simple: if you buy this book on Friday, you will be better at your job by Monday. *MicroSkills* is built on one core, easy-to-learn principle: every big goal, complicated task, healthy habit, and, yes, even what we think of as character traits, can be broken down into small, learnable, skills that can be practiced, and incorporated real-time. We call these: *MicroSkills*. As award winning physicians, educators, and

mentors we hear the gamut of challenges with navigating the workplace. And when we learn a lesson we often wish we had learned it earlier. MicroSkills is packed with the privileged information that you want delivered to you as efficiently as possible. In MicroSkills you will learn How to build your career without breaking yourself How to manage your task list to get work done How to build and maintain your professional reputation How to become a subject matter expert How to grow and nurture your network How to become a better communicator and so much more... MicroSkills is the gift we wish we had received early in our careers.

Buy This, Not That Sam Dogen, 2022-07-19 SPEND YOUR WAY TO FREEDOM LIKE A TRUE FINANCIAL SAMURAI Sam Dogen, creator of the Financial Samurai blog, knows that you need to spend money to make money. He's taught over 90 million readers how to invest wisely in all facets of life, from education to parenting to relationships to side hustles, even choosing where to work and play. Now, in his Wall Street Journal bestseller, *Buy This, Not That*, the Financial Samurai takes the guesswork out of financial planning and shows you exactly what to buy, how much to spend, and how to optimize every dollar you earn so you can maximize wealth building and live life on your terms. The good news? You don't need to be a millionaire or a genius to achieve financial freedom. It's about making the most of your money, now and forever—and it's never too late to get started. You'll learn: — The Financial Samurai's 70/30 framework for optimal financial decision-making — What is "good debt" and "bad debt," and the right way to pay down debt or invest — Strategies and tips for building passive income streams that work for your goals and risk tolerance — How to invest in real estate, even if you can't afford to buy property — Rules for spending—from coffee and cars to mortgages and marriage — And so much more!

The White Coat Investor James M. Dahle, 2014-01 Written by a practicing emergency physician, *The White Coat Investor* is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a Backdoor Roth IRA and Stealth IRA to boost your

retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place. - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research. - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books This book should be in every career counselor's office and delivered with every medical degree. - Rick Van Ness, Author of Common Sense Investing The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk. - Joe Jones, DO Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis. - Dennis Bethel, MD An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust. - Greg E Wilde, M.D Scroll up, click the buy button, and get started today!

Phase Transitions in Materials Brent Fultz,2014-08-14 A clear, concise and rigorous textbook covering phase transitions in the context of advances in electronic structure and statistical mechanics.

The Golden Albatross: How To Determine If Your Pension Is Worth It Grumpus Maximus,2020-06-06 I don't love this job anymore, but should I stay for the pension? This gut-wrenching question is common for many people working in pensionable careers. But how much is your pension worth? And, is staying worth it? Since 2017, Grumpus Maximus has researched and written about this critical decision point, which he calls The Golden Albatross. Having served 20 years in the U.S. Military, he too struggled with the same questions, and now he helps others learn from his mistakes. If your job offers a pension, then this book is a must-read. Easily learn how to calculate your pension's objective value and weigh it against the subjective benefits of leaving for more fulfilling work. When done, you will agree, it was worth it.

Spectacles of Truth in Classical Greek Philosophy Andrea Wilson Nightingale,2004-08-12 In fourth-century Greece (BCE), the debate over the nature of philosophy generated a novel claim: that the highest form of wisdom is theoria, the rational 'vision' of metaphysical truths (the 'spectator theory of knowledge'). This 2004 book offers an original analysis of the construction of 'theoretical' philosophy in fourth-century Greece. In the effort to conceptualise and legitimise theoretical philosophy, the philosophers turned to a venerable cultural practice: theoria (state pilgrimage). In this practice, an individual journeyed abroad as an official witness of sacralized spectacles. This book examines the philosophic appropriation and transformation of theoria, and analyses the competing conceptions of theoretical wisdom in fourth-century philosophy. By

tracing the link between traditional and philosophic theoria, this book locates the creation of theoretical philosophy in its historical context, analysing theoria as a cultural and an intellectual practice. It develops a new, interdisciplinary approach, drawing on philosophy, history and literary studies.

How to Be a Better Person Kate Hanley, 2018-01-02 This fun, enlightening book features 401 everyday activities to help you become a better person and make a positive impact on the people around you. How to Be a Better Person is a unique and practical guide that can help you easily turn your good intentions into meaningful actions. Each activity serves as a daily inspiration for you to make a positive impact in your home, community, and relationships. With exercises designed to foster cheerfulness, kindness, generosity, gratitude, acceptance and inclusion, integrity, and honesty, you can learn how easy it is to be the person you've always wanted to be.
