*The Message on My Arm* HERMANELI TORREVILLAS,2014-09-26 This new book sheds light on the existence of Extraterrestrial Beings. Author H. Torrevillas, M.D., invites readers to embark on a fascinating journey to unlock some of lifes greatest mysteries. The author shares his many encounters that made him lean towards the study of intuitive feelings as well as psychic phenomena that relate to the mystifying world of the unknown. From the cradle to the grave, our parents, peers, institutions and society form our values and behavior, but this process has been hijacked. This book opens our minds to the fact that, unknown to us, for generations, we have allowed dictators, power brokers and corporate puppeteers to profit from our ignorance and enslavement. From the anvil of compulsory schooling to media and entertainment, we are being kept in bondage to ideas that shape our actions. But the author is optimistic that we can overcome negative forces that control our minds and those of our leaders. He had been in a quandary in his early years regarding paranormal happenings in his life. Rather than ignore them as skeptics are inclined to do, Dr/ Torrevillas regarded them as significant in his life.

**Go-Go Live** Natalie Hopkinson,2012-05-22 Go-go is the conga drum-inflected black popular music that emerged in Washington, D.C., during the 1970s. The guitarist Chuck Brown, the Godfather of Go-Go, created the music by mixing sounds borrowed from church and the blues with the funk and flavor that he picked up playing for a local Latino band. Born in the inner city, amid the charred ruins of the 1968 race riots, go-go generated a distinct culture and an economy of independent, almost exclusively black-owned businesses that sold tickets to shows and recordings of live go-gos. At the peak of its popularity, in the 1980s, go-go could be heard around the capital every night of the week, on college campuses and in crumbling historic theaters, hole-in-the-wall nightclubs, backyards, and city parks. Go-Go Live is a social history of black Washington told through its go-go music and culture. Encompassing dance moves, nightclubs, and fashion, as well as the voices of artists, fans, business owners, and politicians, Natalie Hopkinson's Washington-based narrative reflects the broader

history of race in urban America in the second half of the twentieth century and the early twenty-first. In the 1990s, the middle class that had left the city for the suburbs in the postwar years began to return. Gentrification drove up property values and pushed go-go into D.C.'s suburbs. The Chocolate City is in decline, but its heart, D.C.'s distinctive go-go musical culture, continues to beat. On any given night, there's live go-go in the D.C. metro area.

*Past Shock* Jack Barranger, 1998-11 Alvin Toffler once coined the term future shock when people are overwhelmed by the future. *Past Shock* suggests that events from thousands of years ago strongly impact humanity today. It reveals why religion was created, what organized religion won't tell you, the reality of the slave chip programming that we all have, what really happened in the Garden of Eden, what the Tower of Babel was and why we were stopped from building it, how we were conditioned by gods to remain spiritually ignorant, and much more. Exposes the pretender gods advanced beings who were not divine, but had advanced knowledge of scientific principles, including genetic engineering. Our advanced science of today has begun to unravel their secrets. Learn how to overcome the slave chip conditioning and begin living life as it was meant to be, as a spiritually fulfilled being.
