The Joshua Effect P.S. Meronek, 2013-08-15 The rooftop reception on the skyscraper in lower Manhattan is an elegant affair right up until the moment the murders occur. With the lives of sixty-three of his friends and business associates snuffed out in one horrifying blink of an eye, the wealthy and enigmatic Jonathan Strickland boards a dangerous roller coaster ride of a lifetime in this clever, nail biting who-done-it. Following the nebulous clues left behind at the scene of the crime, Strickland finds himself kidnapped and taken to a clandestine meeting in the middle of the Syrian desert beneath the ancient ruins of one of the oldest civilizations known to man. The lines between good and evil blur as the suspect list narrows. Strickland races against time to find the invisible killers who have even more carnage in mind; they call their sinister plan the Joshua Effect. Strickland also struggles with the essence of a life thrown into question by the gnawing epiphany that he is losing the one thing which actually gives his existence meaning. All of his fantastic achievements pale when compared with the desire to possess the love of the one woman who can understand him - but who can never be with the man he is. As the clock ticks relentlessly forward to a catastrophe of truly Biblical proportions, the hunt for those responsible nears its climax. From a brazen gun battle among the rich and famous in the exotic streets of glamorous Miami Beach to the discovery of the secretive Catskills hideaway of a reclusive scientist in upstate New York, the thrilling ride never lets up. All the while the personal war

inside Strickland rages on. Who is he? More importantly, who will he end up becoming? For a man who thought he had everything, why does he suddenly find his life so empty? For Jonathan, the revelation that a life with nothing in it worth dying for isn't much worth living shakes the very core of his being. Then why does it feel so right? The Joshua Effect is a taut, suspense filled page turner with a stunner around every corner.

Rushes Josh Becker,2008-05-01 Josh Becker has been making movies since he was a teenager. His first film was made at age thirteen, and by 9th grade he was tackling Oedipus Rex with future cult-icon Bruce Campbell. Since then he has written and directed numerous short films, four feature films, several television movies and worked on successful tv shows. Whether you're a budding thespian, scriptwriter, director or you simply just love movies, you'll find insights, frustrations and answers to your questions in the experiences Josh has enjoyed and endured in his three and a half decades of filmmaking trenches. His supporting cast in these adventures include aforementioned Sam Raimi and frequent collaborator Bruce Campbell, as well as stars small and great like Anthony Quinn, Lucy Lawless, Rob Tapert, Renee O'Connor, Gary Jones, Scott Spiegel, Joe LoDuca, Rick Sandford, Mariah Carey, Stephen Baldwin, John Cassavetes and many, many others.

How to Grow a Mask Josh Sitter,2013-10 Do you ever wonder who is really behind the masks of the hacker group, Anonymous? Meet one of their members, Haardt Zongo, a modern day explorer and revolutionist. Raised in a strict religious background and subsequently assigned to a different type of seemingly organized religion, the corporate work structure, he eventually opts out. He travels south from his Canadian home hitchhiking through the Americas searching for the truth hidden in the masquerade of lies in the world around us. His journey takes him to some of the most beautiful locations in the world; however, his most beautiful discovery is seeing the possibility of a truly free world for everyone. Through self-reflection and dialogue with members of Anonymous, he becomes fueled by a vision of freedom from the slave and masters' structure that has programmed people for all time into believing that their confinements are their final realities. His journey is staged with unexpected obstacles, but knowledge, friendship, love and transformation became worthy rewards. His travels and involvement with Anonymous evolve this small town Canadian into a world citizen who dedicates his life to love and the development of a new vocabulary for change.
