Solutions For Anti-Black Misandry, Flat Blackness, and Black Male Death T. Hasan Johnson,2023-08-15 This book deconstructs stereotypes about Black men through the exploration of their vulnerability, drawing attention to their demographic-specific issues and needs that are so rarely articulated. Since the Black Power era, many Black men have responded with a Black identity affirming sensibility that sought to advance the cause of Black people. However, Black males have a need for race and gender-specific vocabulary that explains their experience with specificity, including concepts such as Black Masculinism, anti-Black misandry, and Black Andromortality, which seek to explain the experiences of Black males

from the context of their lived experiences. Drawing upon empirical data, this volume offers policy solutions that challenge the institutional prejudices against Black males and the disproportionately high rates of death they face. Solutions are proposed to the outlined challenges and chapters span topics such as social and family-based solutions, health, small business support, law, and policy. This book will be essential reading for researchers, professionals, and anyone interested in masculinity, gender studies, and Black Male Studies.

Crimes of the Centuries [3 volumes] [3 volumes] Steven Chermak Ph.D.,Frankie Y. Bailey,2016-01-25 This multivolume resource is the most extensive reference of its kind, offering a comprehensive summary of the misdeeds, perpetrators, and victims involved in the most memorable crime events in American history. This unique reference features the most famous crimes and trials in the United States since colonial times. Three comprehensive volumes focus on the most notorious and historically significant crimes that have influenced America's justice system, including the life and wrongdoing of Lizzie Borden, the bombing of the Sixteenth Street Baptist Church, the killing spree and execution of Ted Bundy, and the Columbine High School shootings. Organized by case, the work includes a chronology of major unlawful deeds, fascinating primary source documents, dozens of sidebars with case trivia and little-known facts, and an overview of crimes that have shaped criminal justice in the United States over several centuries. Each of the 500 entries provides information about the crime, the perpetrators, and those affected by the misconduct, along with a short bibliography to extend learning opportunities. The set addresses a breadth of famous trials across American history, including the Salem witch trials, the conviction of Sacco and Vanzetti, and the prosecution of O. J. Simpson.

Arguments and Arguing Thomas A. Hollihan,Kevin T. Baaske,2022-05-06 Arguing is a fundamental human activity; it is a process of making sense of the world and negotiating understandings with others. Arguing can be—and often is—healthy for both relationships and societies. The values of the community are shaped through people sharing their opinions, offering reasons in support of their beliefs, and deliberating. Hollihan and Baaske present techniques for effective analysis, logical reasoning, and socially constructive argumentation. They illustrate their discussions of theory and practice with multiple engaging examples. The book focuses on narrative—argument as a story backed by evidence to evaluate courses of action or to resolve conflicts. A chapter on visual argumentation highlights the power of visual elements in arguments. Effective arguing requires a sensitivity to the demands of different argumentative contexts. Readers will become familiar with the elements of argument essential for politics, the law, debate, business, and relationships. Narrative arguments are rational

arguments. Learning about the narrative reasoning process helps us tell more convincing, credible, and compassionate stories—and to become better critics of the stories we hear.

Eye of the Hurricane Rubin "Hurricane" Carter, Ken Klonsky, Nelson Mandela, 2011-01-01 Onetime seemingly unstoppable boxing champion, victim of a false conviction for a triple homicide, and spokesperson for the wrongfully incarcerated, Rubin "Hurricane" Carter is a controversial twentieth century icon. In this moving narrative, Dr. Carter tells of the metaphoric and physical prisons he has survived: his poverty-stricken childhood, his troubled adolescence and early adulthood, his 19-year imprisonment with 10 years in solitary confinement, and the knowledge that his life was forever altered by injustice. A spiritual as well as factual autobiography, his is not a comfortable story or a comfortable philosophy, but he offers hope for those who have none, and his words are a call to action for those who abhor injustice. *Eye of the Hurricane* may well change the way we view crime and punishment in the twenty-first century.
