Elaine Rose Glickman

Mishnah Sukkah Joshua Kulp, 2013 Dr. Joshua Kulp's commentary on Mishnah Sukkah is a user-friendly English commentary on one of the most interesting and still-relevant tractates. Each mishnah is explained in a simple, brief manner and is the perfect material for a study group or for those wishing to deepen their study of rabbinic literature.

2009, [Seder Seder](#) Presents a fascinating discussion and analysis of the historical development of each aspect of the Seder and explains how new Seder rituals were established and infused with meaning. Over 100 illuminations from Haggadot from the medieval and modern periods enhance the traditional Hebrew text and English commentary.

Reconstructing the Talmud Joshua Kulp, Jason Rogoff, 2019-11-13 The Babylonian Talmud (Bavli) is a symphony of hundreds of voices, including legal rulings, folklore, biblical interpretations, and rabbinic legends. Each of these voices was originally issued in a distinct generation but was only captured and frozen in time by the Talmud's editors, who lived during the fifth through seventh centuries C.E. *Reconstructing the Talmud* introduces the modern Talmud student to the techniques developed over the last century for uncovering how this literature developed. Opening with an extended introduction outlining the methods employed by scholars to engage in such analysis, *Reconstructing the Talmud* proceeds with nine examples concretely demonstrating how such methods are applied to actual passages from the Bavli. Sorting out the layers of the Bavli, understanding each layer within its cultural and historical context, and comparing it with earlier sources, reveals a dynamic world of change, debate, halakhic diversity and development far richer and more nuanced than that which is evident in the static and fixed text of the printed edition. *Reconstructing the Talmud* introduces the reader to the world of academic Talmudic research and opens new venues of exploration and understanding of one of the world's great literary treasures.

[Rage in the Belly](#) Luzia Sutter Rehmann, 2021-02-03 How is rage related to hunger? Hunger is a liminal experience, connected to powerlessness, shame, and violence. Hunger does not issue into speech. It cannot therefore be easily found in the biblical texts, written by (and about) people who knew hunger. It hides behind the words in these texts. Rage, conversely, finds expression; and in the texts, it can alert readers to hidden experiences of hunger. But rage is not just a response to the lack of food. It is also a transformative force, reaching towards a justice that is not yet real. The experience of hunger and the fear of famine often go hand in hand with anger--a rage that can bring whole populations to their feet. Luzia Sutter Rehmann develops a biblical hermeneutic that centers on the fire in the belly of the hungry, their rage that leads to protests and

uprisings. Her reading shows the poor or the many as those with whom Jesus cooperates and as subjects acting on their own initiative. The book also highlights key socio-historical information on the food situation of ancient Rome and Palestine: on poverty, political dependence and unrest, droughts, and famines.

The Oxford Annotated Mishnah Shaye J. D. Cohen, Robert Goldenberg, Hayim Lapin, 2022-06-30 The Mishnah is the foundational document of rabbinic law and, one could say, of rabbinic Judaism itself. It is overwhelmingly technical and focused on matters of practice, custom, and law. The Oxford Annotated Mishnah is the first annotated translation of this work, making the text accessible to all. With explanations of all technical terms and expressions, The Oxford Annotated Mishnah brings together an expert group of translators and annotators to assemble a version of the Mishnah that requires no specialist knowledge.

Mishnah Sukkah Joshua Kulp, 2013

Staying Human Harris Bor, 2021-11-17 Futurists speculate that we are heading towards a 'singularity,' where AI will outsmart human beings, and humanity will coalesce into a single, ever-expanding mind for which data is everything. The idea mirrors conceptions of God as everything, singular, and all-knowing. But is this idea of the singularity, or God, good for humanity? Oneness has its attractions. But what space does it leave for individuality and difference? In this book, British-Jewish theologian, Harris Bor, explores these questions by applying approaches to oneness and difference found in the thought of philosophers, Benedict Spinoza (1632-1677) and Martin Heidegger (1889-1976), to the challenges of religious belief and practice in the era of AI. What emerges is a dynamic religion of the everyday capable of balancing all aspects of being, while holding tight to a God who is both singular and wholly other, and which urges us, above all, to stay human.

The Jewish Pesach and the Origins of the Christian Easter Clemens Leonhard, 2012-02-14 The study assesses the main issues in the current debate about the early history of Pesach and Easter and provides new insights into the development of these two festivals. The author argues that the prescriptions of Exodus 12 provide the celebration of the Pesach in Jerusalem with an etiological background in order to connect the pilgrim festival with the story of the Exodus. The thesis that the Christian Easter evolved as a festival against a Jewish form of celebrating Pesach in the second century and that the development of Easter Sunday is dependent upon this custom is endorsed by the author's close study of relevant texts such as the Haggada of Pesach; the "Poem of the four nights" in the Palestinian Targum Tradition; the structure of the Easter vigil.

Rabbi Akiva Barry W. Holtz, 2017-03-14 A compelling and lucid account of the life and teachings of a founder of rabbinic Judaism and one of the most beloved heroes of Jewish history Born in the Land of Israel around the year 50 C.E., Rabbi Akiva was the greatest rabbi of his time and one of the most important influences on Judaism as we know it today. Traditional sources tell how he was raised in poverty and unschooled in religious tradition but began to learn the Torah as an adult. In

the aftermath of the destruction of Jerusalem by the Romans in 70 C.E., he helped shape a new direction for Judaism through his brilliance and his character. Mystic, legalist, theologian, and interpreter, he disputed with his colleagues in dramatic fashion yet was admired and beloved by his peers. Executed by Roman authorities for his insistence on teaching Torah in public, he became the exemplar of Jewish martyrdom. Drawing on the latest historical and literary scholarship, this book goes beyond older biographies, untangling a complex assortment of ancient sources to present a clear and nuanced portrait of Talmudic hero Rabbi Akiva.

Multireligious Reflections on Friendship Anne-Marie Ellithorpe, Laura Duhan-Kaplan, Hussam S. Timani, 2023-05-22
Multireligious Reflections on Friendship: Becoming Ourselves in Community presents a multi-religious discussion of spiritual and ethical formation through friendship. Contributors discuss the positive effects of friendship and some of the culturally diverse ways that friendships develop. Friends help us co-exist in diverse societies, live sustainably in our ecosystems, heal from trauma, develop inner virtues, engage wisely in social action, and connect with the divine. While friendship is a core human value, cultural traditions have used different tools to build friendships. For example, Indigenous communities emphasize reciprocity on the land; Jewish traditions encourage respect for study partners; Buddhist teachers suggest discernment in befriending; Christian texts speak of bringing God's love into community. The fifteen scholars contributing to this book draw on the teachings of six different global traditions: Indigenous, Hindu, Jewish, Buddhist, Islamic, and Christian. Each scholar applies the tools of their tradition—reciprocity, respect, discernment, love, and more—to discuss how we might become our best selves in community.

Hakol Kol Yaakov Robert A. Harris, Jonathan S. Milgram, 2021-02-08 *Hakol Kol Yaakov: The Joel Roth Jubilee Volume* contains twenty articles dedicated to Rabbi Joel Roth, written by colleagues and students. Some are academic articles in the general area of Talmud and Rabbinics, while others are rabbinic responsa that treat an issue of contemporary Jewish law. In his career, Joel Roth has been known as a scholar and teacher of Talmud par excellence, and, without question, as the preeminent decisor of Jewish law for the Conservative movement of his generation. In the meticulous style and approach of the Talmud scholarship of his generation, Roth painstakingly and precisely assayed the vast array of rabbinic legal sources, and proceeded to apply these in pedagogy, in scholarship and particularly in the production of contemporary legal responsa. The articles in this volume reflect the unique and integrated voice and vision that Joel Roth has brought to the American Jewish community.

What Is the Mishnah? Shaye J. D. Cohen, 2023-03-07 The Mishnah is the foundational document of rabbinic Judaism—all of rabbinic law, from ancient to modern times, is based on the Talmud, and the Talmud, in turn, is based on the Mishnah. But the Mishnah is also an elusive document; its sources and setting are obscure, as are its genre and purpose. In January 2021

the Harvard Center for Jewish Studies and the Julis-Rabinowitz Program on Jewish and Israeli Law of the Harvard Law School co-sponsored a conference devoted to the simple yet complicated question: “What is the Mishnah?” Leading scholars from the United States, Europe, and Israel assessed the state of the art in Mishnah studies; and the papers delivered at that conference form the basis of this collection. Learned yet accessible, *What Is the Mishnah?* gives readers a clear sense of current and future direction of Mishnah studies.

A More Perfect Union Adam Russell Taylor, 2021-09-14 America is at a pivotal crossroads. The soul of our nation is at stake and in peril. A new public narrative is needed to unite Americans around common values and to counter the increasing discord and acrimony in our politics and culture. The process of healing and creating a more perfect union in our nation must start now. The moral vision of Martin Luther King Jr.'s Beloved Community, which animated and galvanized the civil rights movement of the 1950s and 1960s, provides a hopeful way forward. In *A More Perfect Union*, Adam Russell Taylor, president of Sojourners, reimagines a contemporary version of the Beloved Community that will inspire and unite Americans across generations, geographic and class divides, racial and gender differences, faith traditions, and ideological leanings. In the Beloved Community, neither privilege nor punishment is tied to race, gender, religion, sexual orientation, or economic status, and everyone is able to realize their full potential and thrive. Building the Beloved Community requires living out a series of commitments, such as true equality, radical welcome, transformational interdependence, E Pluribus Unum (out of many, one), environmental stewardship, nonviolence, and economic equity. By building the Beloved Community we unify the country around a shared moral vision that transcends ideology and partisanship, tapping into our most sacred civic and religious values, enabling our nation to live up to its best ideals and realize a more perfect union.

45 Great Philosophers and What They Mean for Judaism Shmuly Yanklowitz, 2024-06-18 In this new forty-five-chapter series, Rabbi Shmuly explores forty-five of the most influential philosophers throughout history and how Jewish ideas might engage with each of the philosophers and their philosophical projects. At times, Judaism may need to reject harmful, foreign ideas. Other times, Judaism may need to adapt, integrate, and expand. There are many other approaches we'll see of how Jewish thought can engage with other philosophies as well. In this exciting new exploration, we learn about Jewish intellectual history and what it means for us today.

Jewish Studies on Premodern Periods Carl S. Ehrlich, Sara R. Horowitz, 2023-05-22 This volume examines new developments in the fields of premodern Jewish studies over the last thirty years. The essays in this volume, written by leading experts, are grouped into four overarching temporal areas: the First Temple, Second Temple, Rabbinic, and Medieval periods. These time periods are analyzed through four thematic methodological lenses: the social scientific (history and society), the textual (texts and literature), the material (art, architecture, and archaeology), and the philosophical (religion and thought). Some essays offer a comprehensive look at the state of the field, while others look at specific examples

illustrative of their temporal and thematic areas of inquiry. The volume presents a snapshot of the state of the field, encompassing new perspectives, directions, and methodologies, as well as the questions that will animate the field as it develops further. It will be of interest to scholars and students in the field, as well as to educated readers looking to understand the changing face of Jewish studies as a discipline advancing human knowledge

What is Good, and What God Demands Tzvi (Michael) Novick,2010-09-24 Drawing on the tools of philology, linguistics, and ethics, this book exposes a rich array of intersections among competing rhetorics of normativity in the earliest stratum (tannaitic) of rabbinic literature.

Animals and Animality in the Babylonian Talmud Beth A. Berkowitz,2018-04-19 This book offers new perspectives on animals and animality from the vantage point of the rabbis of the Babylonian Talmud.
