The Giant Joshua by Maurine Whipple Maurine Whipple,1941

New York Court of Appeals. Records and Briefs. New York (State). Court of Appeals.,1876 Volume contains: 67 NY 253 (Schuyler v. Hayward) 67 NY 260 (Cummins v. Agri. Ins. Co.) 67 NY 264 (Estes v. Wilcox) 67 NY 267 (Jutte v. Hughes) 67 NY 274 (Bennitt v. Lycoming Co. Mut. Ins. Co.) 67 NY 278 (Pennie v. Cont. L. I. Co.) 67 NY 280 (Mitchell v. Vermont C. M. Co.) 67 NY 283 (Maher v. Hibernian Ins. Co.) 67 NY 594 (Cook v. St. Paul's Ch. Havana)

Rogue Wave Hadley Hoover,2013-04-01 Twin sisters, Fayleen and R'Lou Whipple, were 28-year-old maiden teachers with dreams and schemes when their lives took a dizzy turn. With their year-old nephew, Cory, thrust upon them, the sisters faced a future far different than what either had planned or wanted. Like rogue waves devastate anyone who disregards the ocean's power, a sleeper wave swept across the Whipple's world. With lies exposed and love left raw, the Whipple family wondered Why? even as they floundered along the way to love and trust, healing and forgiveness.

The Whipple Museum of the History of Science Joshua Nall,Liba Taub,Frances Willmoth,2019-08-22 A window into cultures of scientific practice drawing on the collection of the Whipple Museum of the History of Science. This title is also available as Open Access on Cambridge Core.

"Swell Suffering" Veda Tebbs Hale,2011-05-01 2012 Best Biography Award, Mormon History Association Maurine Whipple, author of what some critics consider Mormonism greatest novel, *The Giant Joshua*, is an enigma. Her prize-winning novel has never been out of print, and its portrayal of the founding of St. George draws on her own family history to produce its unforgettable and candid portrait of plural marriage's challenges along with its winsome, gallant, and sparkling heroine Clory McIntyre. Yet Maurine's life is full of contradictions and unanswered questions. Why did she never finish her projected trilogy after writing what she considered to be its first volume? Why, when she considered herself an outcast from St. George society, did she never leave it for longer than a few months? What happened to her dreams of romantic love, marriage, and a family? Given the on-going popularity of *The Giant Joshua* and at least three attempts to put the story on the screen, why has a movie never been made? For extended periods of her life, she was paralyzed by personal suffering, yet did her greatest creative achievement emerge from that pain? Veda Tebbs Hale, a personal friend of the paradoxical novelist, answers these questions with sympathy and tact, nailing each insight down with thorough research in Whipple's vast but under-utilized

collected papers. By her mastery of Whipple's letters, diaries, exhaustive oral histories, and draft after draft of unrealized dreams, Veda Hale bring a novelist's life into focus. Exasperating, dazzlingly creative, courageous, brave, frequently misguided, Maurine Whipple emerges in this biography as an unforgettable character in her own right.

Outside America Dan Moos, 2005 A new study of those excluded from the national narrative of the West. Dan Moos challenges both traditional and revisionist perspectives in his exploration of the role of the mythology of the American West in the creation of a national identity. While Moos concurs with contemporary scholars who note that the myths of the American West depended in part upon the exclusion of certain groups - African Americans, Native Americans, and Mormons - he notes that many scholars, in their eagerness to identify and validate such excluded positions, have given short shrift to the cultural power of the myths they seek to debunk. That cultural power was such, Moos notes, that these disenfranchised groups themselves sought to harness it to their own ends through the active appropriation of the terms of those myths in advocating for their own inclusion in the national narrative. that, because the construction of American culture was never designed to accommodate these outsiders, their writings display a division between their imagined place in the narrative of the nation and their effacement within the real West marked by intolerance and inequality.

A Genealogy of the Rand Family in the United States , 1898

Packrat Middens Julio L. Betancourt, Thomas R. Van Devender, Paul S. Martin, 2016-01-15 Over the past thirty years, late Quaternary environments in the arid interior of western North America have been revealed by a unique source of fossils: well-preserved fragments of plants and animals accumulated locally by packrats and quite often encased, amberlike, in large masses of crystallized urine. These packrat middens are ubiquitous in caves and rock crevices throughout the arid West, where they can lie preserved for tens of thousands of years. More than a thousand of these deposits have been dated and analyzed, and middens have supplanted pollen records as a touchstone for studying vegetation dynamics and climatic change in radiocarbon time (the last 40,000 years). Now, similar deposits made by other mammals like hyraxes are being reported from other parts of the world. This book brings together the findings and views of many of the researchers investigating fossil middens in the United States, Mexico, Africa, the Middle East, and Australia. The contributions serve to open a forum

for methodological concerns, update the fossil record of various geographic regions, introduce new applications, and display the vast potential for fossil midden analysis in arid regions worldwide. The findings presented here will serve to foster regional research and to promote general studies devoted to global climate change. Included in the text are more than two hundred charts, photographs, and maps.

Heads of Families at the First Census of the United States Taken in the Year 1790 United States. Bureau of the Census,1908

The Great Basin Donald Grayson,2011-04-18 Covering a large swath of the American West, the Great Basin, centered in Nevada and including parts of California, Utah, and Oregon, is named for the unusual fact that none of its rivers or streams flow into the sea. This fascinating illustrated journey through deep time is the definitive environmental and human history of this beautiful and little traveled region, home to Death Valley, the Great Salt Lake, Lake Tahoe, and the Bonneville Salt Flats. Donald K. Grayson synthesizes what we now know about the past 25,000 years in the Great Basin—its climate, lakes, glaciers, plants, animals, and peoples—based on information gleaned from the region’s exquisite natural archives in such repositories as lake cores, packrat middens, tree rings, and archaeological sites. A perfect guide for students, scholars, travelers, and general readers alike, the book weaves together history, archaeology, botany, geology, biogeography, and other disciplines into one compelling panorama across a truly unique American landscape.

History of Montclair Township, State of New Jersey Henry Whittemore,1894

History of Grafton, Worcester County, Massachusetts Frederick Clifton Pierce,1879

ALS William Whipple,Joshua Bracket,1776 Tells of war preparation in the colonies since the late acts of Parliament (Justifying the Pirates in seizing & destroying American Property ...) will cause a final separation ... Expects assistance from France, and that Russia will not help Britain.
