English Journey, Or, The Road to Milton Keynes Beryl Bainbridge,1997 The author retains the style of J.B. Priestly while retracing the steps of his 1933 English Journey to capture the changes that half a century has brought to their native land

The Coast Road Paul Gogarty,2007-06-28 Winner of the 'Travel Narrative Book of the Year' in 2005 by the British Guild of Travel Writers (BGTW), 'The Coast Road' presents an idiosyncratic and illuminating snapshot of England and what it is to be English today. In this travelogue, award-winning writer Paul Gogarty travels 3,000 miles in a motorhome, exploring intimate coastal communities and ruminating on the future of the English coast. All points of the compass are covered; after an unsettling benediction at Dover's Eastern Docks he travels to Derek Jarman's Dungeness; to rakish Brighton and Madame Rosina's Bournemouth; the mudflats and Arabian sands of the north-west, where he joins a roomful of George Formbys in Blackpool; the now infamous Morcambe Bay; Billy Butlin's Skegness; and a parachuting vicar. The journey comes full circle in the secret creeks of East Anglia. 'The Coast Road' is a warm-hearted tribute to England's coastline written by a romantic spirit who beautifully captures both the idiosyncrasies of the nation and the euphoria of the open road. 'The Coast Road' was also the recent winner of the British Guild of Travel Writers Best Narrative Travel Book Award.

The Road of Bones Jeremy Poolman,2011-02-03 The Road of Bones is the story of Russia's greatest road. For over 200 years, the route of the Vladimirk Road has been at the centre of the nation's history, having witnessed everything from the

first human footsteps to the rise of Putin and his oil-rich oligarchy. Tsars, wars, famine and wealth: all have crossed and travelled this road, but no-one has ever told its story. In pursuit of the sights, sounds and voices both past and present, Jeremy Poolman travels the Vladimirka. Both epic and intimate, *The Road of Bones* is a record of his travels - but much more. It looks into the hearts and reveals the histories of those whose lives have been changed by what is known by many as simply *The Greatest of Roads*. This is a book about life and about death and about the strength of will it takes to celebrate the former while living in the shadow of the latter. Anecdotal and epic, *The Road of Bones* follows the author's journey along this road, into the past and back again. The book takes as its compass both the voices of history and those of today and draws a map of the cities and steppes of the Russian people's battered but ultimately indefatigable spirit.

Triumphant Journey Road Doris Cole,2020-09-08 Dorothy's journey did not start until after the storm. When did you realize that your journey of life had started? Adam and Eve's journey started once they had bitten the apple. I am like you, traveling through this journey called 'Life'. We as individuals do not just want to survive but thrive, not just to be ordinary but extraordinary and not merely journeying but to know it is a triumphant one. You may ask how the journey through life be or can be a triumphant one, especially with the situations and circumstances I have and still am facing. No matter where you are on this journey called Life, no matter what you have gone through and still may be going through know that you are not alone. God will both bring people into our life as well as remove people from your life in relationship to His purpose and plan and to show us that our life was, is and will be a Triumphant Journey.

Many Roads, One Journey Charlotte Davis Kasl,Charlotte Sophia Kasl,1992 Studies the impact of recovery programs on individual lives and explains how to adapt the principles of the Twelve-Step process to personal needs.

China Road Rob Gifford,2007 National Public Radio's Beijing bureau chief takes a journey along Route 312--China's equivalent of America's Route 66--to give readers an up-close-and-personal look at the country's people and awe-inspiring future.

The Road Cormac McCarthy,2019-03-07 The post-apocalyptic modern classic with an introduction by novelist John Banville. In a burned-out America, a father and his young son walk under a darkened sky, heading slowly for the coast. They have no idea what, if anything, awaits them there. The landscape is destroyed, nothing moves save the ash on the wind and cruel, lawless men stalk the roadside, lying in wait. Attempting to survive in this brave new world, the young boy and his protector have nothing but a pistol to defend themselves. They must keep walking. Winner of the Pulitzer Prize for Fiction, *The Road* is an incandescent novel, the story of a remarkable and profoundly moving journey. In this unflinching study of the best and worst of humankind, Cormac McCarthy boldly divines a future without hope, but one in which, miraculously, this young family finds tenderness. An exemplar of post-apocalyptic writing, *The Road* is a true modern classic, a masterful, moving and increasingly prescient novel. This edition is part of the Picador Collection, a series of the best in contemporary

literature, inaugurated in Picador's 50th Anniversary year.

On the Road, 2005 The road we step out onto connects us to the world. Each day, around the globe, millions of journeys are made across cities, countries and continents. Some journeys are made by choice. We take to the streets to demonstrate our political convictions, celebrate our common rituals, or test the physical limits of our bodies. Other journeys are made by necessity. We flee war zones, we migrate in search of a better life. Or on an everyday level, we join neighbors and strangers to head off to the day's work. This book is a stunning collection of images from Reuters, the world's largest international news agency, on the universal theme of the journey. Across the globe every day, Reuters photographers are there to capture the defining moments. Through these extraordinary pictures we can explore the nature of the journeys undertaken by us all, and rediscover our common humanity. Reuters is the world's largest international news agency with more than 2300 journalists, camera-men, and photographers in 130 countries. With every twist and turn of events around the globe, our photographers are there to capture the human side of the story.

A Road Running Southward Dan Chapman, 2022-05-26 Engaging hybrid - part lyrical travelogue, part investigative journalism and part jeremiad, all shot through with droll humor. --The Atlanta Journal Constitution In 1867, John Muir set out on foot to explore the botanical wonders of the South, from Kentucky to Florida. One hundred and fifty years later, veteran Atlanta reporter Dan Chapman recreated Muir's journey to see for himself how nature has fared since Muir's time. He uses humor, keen observation, and a deep love of place to celebrate the South's natural riches. But he laments the long-simmering struggles over misused resources and seeks to discover how Southerners might balance surging population growth with protecting the natural beauty Muir found so special. *A Road Running Southward* is part travelogue, part environmental *cri de coeur*--a passionate appeal to save one of the loveliest and most biodiverse regions of the world by understanding what we have to lose if we do nothing.

Memory Road Trip Krista Marson, 2021-09-07 MEMORY ROAD TRIP is a compendium of travel stories ranging from the sublime to the surreal as told by a money-strapped traveler who gallivanted around the globe on a proverbial shoestring. The journey down memory road is a heartfelt excursion into the past that takes armchair explorers on an odyssey of life, love, and loneliness. The circuitous path is full of philosophical nooks and crannies, and many stories get told from the bottom of a psychological well. Readers will join this intrepid Gen X-er as she gets herself locked inside a cathedral, lost in the desert, and held up at machete point by Zapatista rebels. Her passion for nature, art, history, and architecture gush across the page, along with her contagious curiosity in life and her pragmatic acceptance of death. Many of her stories speak to the angst that simmers inside all of us as we confront the many absurdities that exist in this world. People have always told this adventurer that she needed to write her travel stories down. She always thought that she'd have forever to write them, but now she knows that forever is not as long as she thought it was.

The Road to Le Tholonet Monty Don,2013-04-25 This is not a book about French Gardens. It is the story of a man travelling round France visiting a few selected French gardens on the way. Owners, intrigues, affairs, marriages, feuds, thwarted ambitions and desires, the largely unnamed ordinary gardeners, wars, plots and natural disasters run through every garden older than a generation or two and fill every corner of the grander historical ones. Families marry. Gardeners are poached. Political allegiances forged and shattered. The human trail crosses from garden to garden. They sit in their surrounding landscape, not as isolated islands but attached umbilically to it, sharing the geology, the weather, food, climate, local folklore, accent and cultural identity. Wines must be drunk and food tasted. Recipes found and compared. The perfect tarte-tartin pursued. None of these things can be ignored or separated from the shape and size of parterre, fountain, herbaceous border or pottager. So this is a book filled with stories and information, some of it about French gardens and gardening, but most of it about what makes France unlike anywhere else. From historical gardens like Versailles, Vaux le Vicomte and Courances to the kitchen gardens of the Michelin chef Alain Passard. There will be grand potagers like Villandry and La Priere D'Orsan and allotments and back gardens spotted on the way. Monty also celebrates the obvious French associations of food and wine and finds gardens dedicated to vegetables, herbs and fruit. It is a book that any visitor to France, whether gardeners or not, will want to read both as a guide and an inspiration. It is a portal to get under the French cultural skin and to understand the country, in all its huge variety and disparity, a little better.

A Drive Through England James John Hissey,1885

The Yankee Road: Tracing the Journey of the New England Tribe That Created Modern America James D. McNiven,2015-03-14 Who is a Yankee and where did the term come from? Though shrouded in myth and routinely used as a substitute for American, the achievements of the Yankees have influenced nearly every facet of our modern way of life. Join author Jim McNiven as he explores the emergence and influence of Yankee culture while traversing an old transcontinental highway reaching from the Atlantic to the Pacific -- US 20, which he nicknames The Yankee Road. *The Yankee Road: Tracing*

the Journey of the New England Tribe that Created Modern America combines fascinating history with a travel narrative, taking the reader on a journey through the places Yankees and their descendants settled as they expanded westward. Using a physical road to connect locations important to the Yankee cultural road, McNiven takes us on twenty-two side trips into individual stories, introducing readers to the origins of such large-scale and diverse ideas as conservation, public education, telegraphy, mass production, religion, and labor reform. See familiar places and stories in a Yankee light, such as the fight for women's rights in Seneca Falls and Walden Pond that Thoreau made famous. Learn about less familiar venues like Route 128's technology companies that led to the creation of the computer industry (and incidentally, the Internet), and to the Worcester suburb of Shrewsbury, where two old women changed the world by making possible the birth control pill. McNiven's first tour goes as far west as the Pennsylvania-New York border, with more stories to come. As we travel The Yankee Road, we will meet some of the men and women who made these ideas happen. Harry Truman once said, I like roads. I like to move. This is a road book. Come on along.

American Journey: On the Road with Henry Ford, Thomas Edison, and John Burroughs Wes Davis, 2023-06-06
The epic road trips—and surprising friendship—of John Burroughs, nineteenth-century naturalist, and Henry Ford and Thomas Edison, inventors of the modern age. In 1913, an unlikely friendship blossomed between Henry Ford and famed naturalist John Burroughs. When their mutual interest in Ralph Waldo Emerson led them to set out in one of Ford's Model Ts to explore the Transcendentalist's New England, the trip would prove to be the first of many excursions that would take Ford and Burroughs, together with an enthusiastic Thomas Edison, across America. Their road trips—increasingly ambitious in scope—transported members of the group to the 1915 Panama-Pacific International Exposition in San Francisco, the Adirondacks of New York, and the Green Mountains of Vermont, finally paving the way for a grand 1918 expedition through southern Appalachia. In many ways, their timing could not have been worse. With war raging in Europe and an influenza pandemic that had already claimed thousands of lives abroad beginning to plague the United States, it was an inopportune moment for travel. Nevertheless, each of the men who embarked on the 1918 journey would subsequently point to it as the most memorable vacation of their lives. These travels profoundly influenced the way Ford, Edison, and Burroughs viewed the world, nudging their work in new directions through a transformative decade in American history. In *American Journey*, Wes Davis re-creates these landmark adventures, through which one of the great naturalists of the nineteenth century helped the men who invented the modern age reconnect with the natural world—and reimagine the world they were creating.
