*The Art of Confidence* Wendy Lee, 2016-11-29 “I suppose I did it because I wanted something to show for the thirty years—longer than I had lived in my homeland—that I had been here in America. Something that was properly appreciated, even if someone else got all the credit.” Liu Qingwu doesn’t set out to commit a crime. He only wants to sell a painting—something more substantial than the Impressionist knockoffs he flogs to tourists outside New York’s Metropolitan Museum of Art. But the lucrative commission he receives from a Chelsea art dealer is more complicated than he initially realizes. Liu has been hired to create not an homage to Andrew Cantrell’s modernist masterpiece, *Elegy*, but a forgery that will sell for millions. The painting will change the lives of everyone associated with it—Liu, a Chinese immigrant still reeling from his wife’s recent departure; Caroline, a gallery owner intent on saving her aunt’s legacy; Molly, her perceptive assistant; and Harold, a Taiwanese businessman with an ethical dilemma on his hands. Weaving together their stories with that of Cantrell and the inspiration for his masterpiece, Wendy Lee’s intricate, multilayered novel explores the unique fascination of great art and the lengths to which some are driven to create it—and to possess it.

*Commemoration and Oblivion in Royalist Print Culture, 1658-1667* Erin Peters, 2017-07-05 This book explores the measures taken by the newly re-installed monarchy and its supporters to address the drastic events of the previous two decades. Profoundly preoccupied with - and, indeed, anxious about - the uses and representations of the nation’s recent troubled past, the returning royalist regime heavily relied upon the dissemination, in popular print, of prescribed varieties of remembering and forgetting in order to actively shape the manner in which the Civil Wars, the Regicide, and the Interregnum were to be embedded in the nation’s collective memory. This study rests on a broad foundation of documentary evidence drawn from hundreds of widely distributed and affordable pamphlets and broadsheets that were intended to shape popular memories, and interpretations, of recent events. It thus makes a substantial original contribution to the fields of early modern memory studies and the history of the English Civil Wars and early Restoration.

*Contemporary Art and the Church* W. David O. Taylor, Taylor Worley, 2017-06-20 The church and the contemporary art world often find themselves in an uneasy relationship in which misunderstanding and mistrust abound. On one hand, the leaders of local congregations, seminaries, and other Christian ministries often don't know what to make of works by contemporary artists. Not only are these artists mostly unknown to church leaders, they and their work often lead them to regard the world of contemporary art with indifference, frustration, or even disdain. On the other hand, many artists lack any meaningful experience with the contemporary church and are mostly ignorant of its mission. Not infrequently, these artists regard religion as irrelevant to their work, are disinclined to trust the church and its leaders, and have experienced personal rejection from these communities. In response to this situation, the 2015 biennial conference of Christians in the Visual Arts (CIVA) facilitated a conversation between these two worlds. This volume gathers together essays and reflections by artists, theologians, and church leaders as they sought to explore misperceptions, create a hospitable space to learn from each other, and imagine the possibility of a renewed and mutually fruitful relationship. *Contemporary Art and the Church* seeks common ground for the common good of both the church and the contemporary art world. The *Studies in Theology and the Arts* series encourages Christians to thoughtfully engage with the relationship between their faith and artistic expression, with contributions from both theologians and artists on a range of artistic media including visual art, music, poetry, literature, film, and more.

*The Girl Who Drew Butterflies* Joyce Sidman, 2018-02-20 In this beautiful nonfiction biography, a Robert F. Sibert Medal winner, the Newbery Honor-winning author Joyce Sidman introduces readers to one of the first female entomologists and a woman who flouted convention in the pursuit of knowledge and her passion for insects. One of the first naturalists to observe live insects directly, Maria Sibylla Merian was also one of the first to document the metamorphosis of the butterfly. Richly illustrated throughout with full-color original paintings by Merian herself, *The Girl Who Drew Butterflies* will enthrall young scientists. Bugs, of all kinds, were considered to be “born of mud” and to be “beasts of the devil.” Why would anyone, let alone a girl, want to study and observe them? *The Girl Who Drew Butterflies* answers this question. **More Christ, More Me** Eunice Lee, 2021-10-15 Sometimes, the beliefs about God we take for granted need to be left behind. As a young adult, a conflict with her parents forced Eunice Lee to confront and choose between two incompatible

beliefs. On the one hand, obedience to God had always been synonymous with obedience to her parents. But on the other, God's authority was supreme, and now she felt God guiding her to act contrary to her parents' wishes. This collision left Eunice confused, depressed, and questioning what she knew about God. She fell into toxic, exhausting cycles while serving in the church, unable to understand why doing everything "right" left her depleted and guilt-ridden. Where was the abundant life God had promised? Little did she know how much her paradigm for faithful Christian living came from influences inconsistent with the voice of God—even within the church! Slowly, eventually, God led Eunice toward a more robust theology. She deconstructed faulty old narratives and built new ones that propelled her toward a healthier self, more balanced relationships, and a freeing faith—one more closely aligned with God's intentions. Eunice offers her story because she believes that God wants this for you too.

**Historical Painting Techniques, Materials, and Studio Practice** Arie Wallert, Erma Hermens, Marja Peek, 1995-08-24 Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled Historical Painting Techniques, Materials, and Studio Practice at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. "Bare Knees" Flapper Tim Lussier,2018-10-18 One of the most popular Hollywood child stars of the late 1910s, Virginia Lee Corbin was well known to fans worldwide. With her mother as her manager, Corbin retained her popularity as she grew older. She performed in vaudeville for a couple of years before continuing her film career. Corbin fit well into the flapper mold of the Jazz Age and appeared in many films throughout the 1920s. As she matured, her mother found it ever more difficult to control her. Corbin led a difficult life. After her mother's suicide attempt, she found that all the money she had earned was gone. Her marriage (at age 18) failed and she was eventually separated from her children. The flapper struggled to remain relevant in the sound era and was trying to make a comeback when she died at 31 in 1942.

The Artist Project Christopher Noey,Thomas P. Campbell,2017-09-19 Artists have long been stimulated and motivated by the work of those who came before them—sometimes, centuries before them. Interviews with 120 international contemporary artists discussing works from The Metropolitan Museum of Art's collection that spark their imagination shed new light on art-making, museums, and the creative process. Images of works from The Met collection appear alongside images of the contemporary artists' work, allowing readers to discover a rich web of visual connections that spans cultures and millennia.
