Judi Dench John Miller, 2006

*And Furthermore* Judi Dench, 2010-10-14 The SUNDAY TIMES bestselling memoir of Britain's best-loved actress, Dame Judi Dench. 'She's been one of our favourite actresses for five decades, and now ...AND FURTHERMORE gives an insight into her sensational career and how she coped after losing her husband to cancer in 2001' GOOD HOUSEKEEPING 'Vivid and engaging' WOMAN & HOME 'The most popular as well as the greatest actress of her age' THE LADY From the moment Judi Dench appeared as a teenager in the York Mystery Plays it was clear that acting would be her career. Trained at London's Central School of Speech and Drama it was her performance in her twenties as Juliet in Franco Zeffirelli's memorable Old Vic production that turned her into a star. In the theatre since she has played every classic role from Titania to Cleopatra. She first became a household name via television, thanks initially to a sitcom, A FINE ROMANCE, in which she played alongside the actor Michael Williams, whom she married in 1971. She has since made nine series of another sitcom, AS TIME GOES BY (with Geoffrey Palmer), as well as plays and classic serials such as CRANFORD. In the cinema her films have ranged from LADIES IN LAVENDER (opposite Maggie Smith) through NOTES ON A SCANDAL with Cate Blanchett to SHAKESPEARE IN LOVE, in which she played Queen Elizabeth, a role which gained her a Hollywood Oscar. But it is her role as 'M' in seven James Bond films that has gained her worldwide recognition. This book is, however, much more than a career record. Her marriage to Michael Williams, their daughter, and her impish sense of humour contribute vividly to her account of more than half a century as Britain's best-loved actress.

**Dame Judi Dench: A Biography** Claire Shefchik, 2012-07-30 ABOUT THE BOOK Who Is Judi Dench? Judi Dench appeared onscreen for just eight minutes in the 1998 film *Shakespeare in Love*, but it was enough to earn her an Academy Award. Dench has an incredible ability to command viewers' attention in a way few actresses can match. And though her acclaimed performances as Queen Elizabeth I in *Shakespeare in Love* and Queen Victoria in 1997's *Mrs. Brown* has endowed her with a rightful reputation for portraying royalty, the fact is, Dench is a far more versatile and surprising performer than she is credited for. Dench began her acting career at the Old Vic and the Royal Shakespeare Company, playing all of the major ingenue roles, including Ophelia and Juliet, where one critic praised her "extraordinary agility of body and mind." Her popularity in theatre launched her into British television sitcoms in the '80s, including *A Fine Romance*, in which she co-

starred with her late husband, actor Michael Williams. In the '90s, she starred alongside Geoffrey Palmer in the nostalgic series *As Time Goes By*, which also became a particular hit with American audiences. Her contributions to entertainment and the arts were enough for Queen Elizabeth II to name her a Dame Commander of the British Empire in 1988. It is surprising, despite her long acting resume, that she didn't achieve national and international fame until the 1990s, when she was already in her sixties. A series of film roles, including a recurring character as British Secret Service head "M" in the James Bond films, cemented her as a fan favorite and made her many directors' go-to choice to play formidable, aristocratic women. These roles would go on to include the 2002 adaptation of Oscar Wilde's comedy of manners *The Importance of Being Earnest*, portraying meddling aunt Lady Bracknell. In 2005, there was *Mrs. Henderson Presents*' Laura Henderson, the wealthy widow whose tableaux of nude girls at the Windmill Theatre remained open during the Blitz, and Lady Catherine de Bourgh, trying to keep Elizabeth Bennet and Mr. Darcy apart in the big-screen adaptation of *Pride and Prejudice*. Richard Eyre, who directed Dench as the aging writer Iris Murdoch in the 2001 biopic *Iris* is taken with her ability to "turn a whole line on a syllable, according to BBC News. Actor Ian McKellen has praised her "blazing sincerity and honesty." In a Hollywood all too often obsessed with youth, Dench stands as proof that not only is an actress's career not over once she reaches middle age, it may only be beginning. In 1999, at the age of 65, Dench returned to Broadway for the first time in forty years. She earned a Tony after Eyre directed her in *Amy's View*. When Dench appeared as Lilli La Fleur in Rob Marshall's 2009 film adaptation of Maury Yeston's Broadway hit *Nine*, casual fans were surprised by her musical acumen, though it proved to be only another talent on her versatile repertoire. As far back as 1968, she played Sally Bowles in the original West End production of *Cabaret*, and TalkTalk biographer Dominic Wills describes her as a "hugely emotive singer," having "devastated" audiences with her version of "Send in the Clowns" from Stephen Sondheim's *A Little Night Music*. In the '90s, Dench took her place alongside former co-stars Maggie Smith (*Downton Abbey*, *The Best Exotic Marigold Hotel*) and Helen Mirren (*Gosford Park*, *The Queen*), both of whom, like Dench, got their starts at the Old Vic and Royal Shakespeare Company, as a class of British actresses who, though of an older generation, still continue to appear in exciting, relevant, and critically-acclaimed roles... ..buy the book to continue reading!
