La Femme de Gilles - Madeleine Bourdouxhe 2016-11-15

"A haunting, slim novel which has the mesmeric inevitability of a classical tragedy." --Independent on Sunday La Femme de Gilles tells the story of a fatal love triangle—written on the eve of World War II. Set among the dusty lanes and rolling valleys of rural 1930s Belgium, La Femme de Gilles is the tale of a young mother, Elisa, whose world is overturned when she discovers that her husband, Gilles, has fallen in love with her younger sister, Victorine. Devastated, Elisa unravels. As controlled as Elena Ferrante's *The Days of Abandonment* and as propulsive as Jenny Offill's *Dept. of Speculation*, La Femme de Gilles is a hauntingly contemporary story of desperation and lust and obsession, from an essential early-feminist writer. Just after her novel was first published in 1937, Madeleine Bourdouxhe disassociated herself from her publisher (which had been taken over by the Nazis) and spent most of World War II in Brussels, actively working for the resistance. Though she continued to write, her work was largely overlooked by history . . . until now.

Arturo's Island - Elsa Morante 1991-01

The Border Trilogy - Cormac McCarthy 2018-07-12

With an introduction by novelist Rachel Kushner In the vanishing world of the Old West, two cowboys begin an epic adventure, and their own coming-of-age stories. In *All the Pretty Horses*, John Grady Cole's search for a future takes him across the Mexican border to a job as a ranch hand and an ill-fated romance. *The Crossing* is the story of sixteen-year-old Billy Parham, who sets off on a perilous journey across the mountains of Mexico, accompanied only by a lone wolf. Eventually the two come together in *Cities of the Plain*, in a stunning tale of loyalty and love. A true classic of American literature, *The Border Trilogy* is Cormac McCarthy's award-winning requiem for the American frontier. Beautiful and brutal, filled equally with sorrow and humour, it is a powerful story of two friends growing up in a world where blood and violence are conditions of life.

The Lying Life of Adults - Elena Ferrante 2021-09-21

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post * O, The Oprah Magazine * TIME Magazine * NPR * Financial Times * New York Post * Kirkus Reviews * Harper's Bazaar AN INSTANT NEW YORK TIMES BESTSELLER * A NATIONAL INDIE BESTSELLER In this powerful novel set in a divided Naples by Elena Ferrante, the New York Times best-selling author of *My Brilliant Friend*, fourteen-year-old Giovanna is searching for her reflection in two kindred cities that fear and detest one another: Naples of the heights, which wears a mask of refinement, and Naples of the depths, a place of excess and vulgarity, where her guide is the unforgettable Aunt Vittoria. With this new novel about the passage from childhood to adolescence to adulthood, Ferrante gives her readers another gripping, highly addictive, Neapolitan story. "Another spellbinding coming-of-age tale from a master."--People Magazine

Mozart's Sister - Rita Charbonnier 2007-10-09

Maria Anna Walburga Ignatia Mozart, affectionately called Nannerl by her family, could play the piano with an otherworldly skill from the time she was a child, when her tiny hands seemed too small to encompass a fifth. At the tender age of five, she gave her first public performance, amazing the assembled gentlemen and ladies with the beautiful music she created. But her moment of glory was cut short, for even as her father carried her around to receive their praise, her mother began laboring to bring a second child into the world. After hours of her mother's pained cries and agonized shouts, which rang in Nannerl's ears like a terrifying symphony, the child was born. They named him Wolfgang. Nannerl loved him instantly. As they grew, Wolfgang and his sister became inseparable, creating a fantasy world together and playing

music the likes of which no one had ever heard. They were two sides of a single person, opposite in temperament—he lighthearted and charismatic, she shy and retiring—but equal in talent. Yet it was Wolfgang who carried their father's dreams of glory. And as the siblings matured, Nannerl's prodigious talent was brushed aside by her father. Instead of playing alongside her brother in the world's great cities, she was forced to stop performing and become a provincial piano teacher to support Wolfgang's career. Nannerl might have accepted this life in her brother's shadow but for the appearance of a potential suitor who reawakened her passion for life, for love, for music—and who threatened to upset the delicate balance that kept the Mozart family in harmony. Mozart's Sister draws you into the lush palaces and salons of eighteenth-century Europe and into the fascinating life of a woman who ultimately found a way to express her own genius.

His loss of innocence has come at a price, and once again the border beckons with its desolate beauty and cruel promise. Lost love. Gli amori che si perdonano nel blu. Crush soul series - Fabiola Danese 2017

The Assistant - Bernard Malamud 2014-04-03

Time magazine's 'All-Time list of 100 Novels' Frank Alpine, a drifter fleeing from his past, runs straight into struggling Brooklyn grocer Morris Bober. Seeing a chance to atone for past sins, Frank becomes Bober's assistant and keeps shop when the owner takes ill. But it is Bober's daughter, Helen, who gives Frank a real reason to stay around, even as he begins to steal from the store. Widely considered as one of the

great American-Jewish novels, The Assistant is a classic look at the social and racial divides of a country still in its infancy, and a stunning evocation of the immigrant experience - of cramped circumstances and great expectations.

Italian Futurist Poetry - Willard Bohn 2005-01-01

Italian Futurist Poetry contains more than 100 poems (both Italian and English versions) by sixty-one poets from across Italy.

The Years of Alienation in Italy - Alessandra Diazi 2019-06-11

The Years of Alienation in Italy offers an interdisciplinary overview of the socio-political, psychological, philosophical, and cultural meanings that the notion of alienation took on in Italy between the 1960s and the 1970s. It addresses alienation as a social condition of estrangement caused by the capitalist system, a pathological state of the mind and an ontological condition of subjectivity. Contributors to the edited volume explore the pervasive influence this multifarious concept had on literature, cinema, architecture, and photography in Italy. The collection also theoretically reassesses the notion of alienation from a novel perspective, employing Italy as a paradigmatic case study in its pioneering role in the revolution of mental health care and factory work during these two decades.

The House of Others - Silvio D'Arzo 1995

The illegitimate son of a fortune teller, Ezio Comparoni (1920-52) never knew his father, rarely left his home town, and admitted no one to his home. His deliberate obscurity was compounded by his use of many pseudonyms, including Silvio d'Arzo, under which he wrote the remarkable novella and three stories collected in The House of Others. The novella The House of Others is among the rare perfect works of twentieth century fiction. In a desolate mountain village an old woman visits the parish priest, ostensibly to ask about dissolving a marriage. Gradually, as she probes for information on "special cases"--cases in which what is obviously wrong can also be irrefutably right--it becomes clear her true question is whether or not she might take her own life. The question is metaphysical, involving not only the woman's life but the priest's; and to it he has no answer.

Jules Et Jim - Henri Pierre Roché 2011

In free-spirited Paris, Jules and Jim live a carefree, bohemian existence. They write in cafés, travel when the mood takes them, and share the women they love without jealousy. Like Lucie, flawless, an abbess, and Odile, impulsive, mischievous, almost feral. But it is Kate - with a smile the two friends have determined to follow always, but capricious enough to jump in the Seine from spite - who steals their hearts most thoroughly. Henri-Pierre Roché was in his mid-seventies when he wrote this, his autobiographical debut novel. The inspiration for the legendary film, it captures perfectly with excitement and great humour the tenderness of three people in love with each other and with life. With an Afterword by François Truffaut With a new Introduction by Agnes Catherine Poirier 'A perfect hymn to love and perhaps to life.' François Truffaut *Schwann Spectrum* - 2001

Pretty Little Dreams - Jennifer Miller 2014-02

There is a place in all of us where our deepest secrets lie in wait for their moment to surface, and surface they will. After living through a real live nightmare, Olivia wants nothing but to forget. Forget and move on. But how do you forget something that has stained your soul and forces you to lie to your loved ones? Even if your intentions are to spare them the horrors of the truth? Luke knows Olivia is not as recovered as she would have him believe. He can see the pain she tries to keep hidden behind her eyes, and knows she has not told him everything. But how do you save someone who won't let you in? Where shame holds Olivia captive, Luke suffers through the guilt of not protecting the one person he loves more than anything. Can two people who have suffered so dearly find a way to come together or will they risk the dreams they have placed in each other's hearts? Can love find a way where forgiveness cannot?
