

Love Sense The Revolutionary New Science Of Romantic Relationships

A Primer for Emotionally Focused Individual Therapy (EFIT) - Susan M. Johnson 2021-09-28

From best-selling author, Susan M. Johnson, with over 1 million books sold worldwide! This essential text from the leading authority on Emotionally Focused Therapy, Susan M. Johnson, and colleague, T. Leanne Campbell, applies the key interventions of EFT to work with individuals, providing an overview and clinical guide to treating clients with depression, anxiety, and traumatic stress. Designed for therapists at all levels of expertise, Johnson and Campbell focus on introducing clinicians to EFIT interventions, techniques, and change processes

in a highly accessible and practical format. The book begins by summarizing attachment theory and science - the theoretical basis of this model - together with the experiential approach to change in psychotherapy. Chapters describe the three stages of EFIT, macro-interventions, such as the EFIT Tango, and various micro-interventions through clinical exercises, case studies, and transcripts to demonstrate this model in practice with individuals, highlighting the unique benefits of EFT as a cross-modality approach for treating emotional disorders. With exercises interwoven throughout the text, this book is built to accompany in-person and online

Love Sense The Revolutionary New Science Of Romantic Relationships

training, helping the practicing clinician offer targeted and empirically tested interventions that not only alleviate symptoms of distress but expand the client's emotional balance, agency, and sense of self. As the next major extension of the EFT approach, this book will appeal to therapists already working with couples and families as well as those just beginning their professional journey. Psychotherapists, psychologists, counselors, social workers, and mental health workers will also find this book invaluable.

A General Theory of Love - Thomas Lewis

2007-12-18

This original and lucid account of the complexities of love and its essential role in human well-being draws on the latest scientific research. Three eminent psychiatrists tackle the difficult task of reconciling what artists and thinkers have known for thousands of years about the human heart with what has only recently been learned about the primitive

functions of the human brain. A General Theory of Love demonstrates that our nervous systems are not self-contained: from earliest childhood, our brains actually link with those of the people close to us, in a silent rhythm that alters the very structure of our brains, establishes life-long emotional patterns, and makes us, in large part, who we are. Explaining how relationships function, how parents shape their child's developing self, how psychotherapy really works, and how our society dangerously flouts essential emotional laws, this is a work of rare passion and eloquence that will forever change the way you think about human intimacy.

Take Back Your Marriage - William Joseph Doherty 2013-07-24

All couples walk to the altar dreaming of happily-ever-after, but many forces in our society work against healthy lifelong commitment. Renowned family therapist William J. Doherty reveals how cracks can develop in even a rock-solid marriage, and what steps you

Love Sense The Revolutionary New Science Of Romantic Relationships

can take to keep your love strong. Learn ways to break free of common traps like confusing desires with needs, comparing your spouse to your fantasies of other relationships, or becoming overtime parents instead of full-time partners. You'll get suggestions for creating relationship rituals--from mundane to celebratory, sexy to silly--that build closeness and connection every day. The updated second edition incorporates Dr. Doherty's ongoing experience counseling couples, plus the latest information on marriage and health, how divorce affects kids, the impact of new technologies on family life, and more. Winner--Best Self-Help Book, ForeWord Magazine's Book of the Year Awards

Love Sense - Susan M. Johnson 2014-07-01

In this book the author presents a revolutionary new understanding of why and how we love, based on cutting-edge research. Every day, we hear of relationships failing and questions of whether humans are meant to be monogamous.

This book presents new scientific evidence that tells us that humans are meant to mate for life. The author explains that romantic love is an attachment bond, just like that between mother and child, and shows us how to develop our "love sense", our ability to develop long-lasting relationships. Love is not the least bit illogical or random, but actually an ordered and wise recipe for survival. The book covers the three stages of a relationship and how to best weather them; the intelligence of emotions and the logic of love; the physical and psychological benefits of secure love; and much more. -- Provided by publisher.

An Emotionally Focused Workbook for Couples - Veronica Kallos-Lilly 2021-12-20

The second edition of this essential and newly updated workbook is intended for use with couples who want to enhance their emotional connection or overcome their relationship distress. It closely follows the course of EFT treatment and allows clinicians to easily integrate guided reading, reflection, and

Love Sense The Revolutionary New Science Of Romantic Relationships

discussion into the therapeutic process. Incorporating new developments in EFT and decades of research in the field of attachment, Veronica Kallos-Lilly and Jennifer Fitzgerald include chapters that explore concepts such as attachment bonds, the three cycles of relationship distress, how to make sense of emotions, relationship hurts and more. The workbook follows the familiar and accessible format of the first edition, Read, Reflect, and Discuss, and weaves fresh, illustrative examples throughout, with updated content considering the impact of gender, culture, and sexual orientation on relationship dynamics. Added reflections on these topics and an expanded section on sexuality dispels constraining popular myths and frees partners up to express themselves more openly. This book is essential reading for partners looking for helpful steps to improve the quality of their romantic relationships as well as marriage and family therapists, couple therapists and clinicians

training in EFT to use with their clients.

Perfect Love, Imperfect Relationships - John Welwood 2005-12-27

While most of us have moments of loving freely and openly, it is often hard to sustain this where it matters most—in our intimate relationships. Why if love is so great and powerful are human relationships so challenging and difficult? If love is the source of happiness and joy, why is it so hard to open to it fully and let it govern our lives? In this book, John Welwood addresses these questions and shows us how to overcome the most fundamental obstacle that keeps us from experiencing love's full flowering in our lives. Perfect Love, Imperfect Relationships begins by showing how all our relational problems arise out of a universal, core wounding around love that affects not only our personal relationships but the quality of life in our world as a whole. This wounding shows up as a pervasive mood of unlove—a deep sense that we are not intrinsically lovable just as we are. And

Love Sense The Revolutionary New Science Of Romantic Relationships

this shuts down our capacity to trust, so that even though we may hunger for love, we have difficulty opening to it and letting it circulate freely through us. This book takes the reader on a powerful journey of healing and transformation that involves learning to embrace our humanness and appreciate the imperfections of our relationships as trail-markers along the path to great love. It sets forth a process for releasing deep-seated grievances we hold against others for not loving us better and against ourselves for not being better loved. And it shows how our longing to be loved can magnetize the great love that will free us from looking to others to find ourselves. Written with penetrating realism and a fresh, lyrical style that honors the subtlety and richness of our relationship to love itself, this revolutionary book offers profound and practical guidance for healing our lives as well as our embattled world.

Created for Connection - Kenneth Sanderfer
2016-10-04

"Whoever does not love does not know God, because God is love." -- 1 John 4:8 Are you looking to enrich a healthy relationship, revitalize a tired one, or rescue one gone awry? Do you yearn to grow closer to God, and to further incorporate Him and His teachings into your marriage? We all want a lifetime of love, support, and faith. But sometimes we need a little help. Enter Dr. Sue Johnson, developer of Emotionally Focused Therapy (EFT) and "the best couple therapist in the world," according to bestselling relationship expert Dr. John Gottman. In *Created For Connection*, Dr. Johnson and Kenneth Sanderfer, a leading EFT practitioner in the Christian community, share Johnson's groundbreaking and remarkably successful program for creating stronger, more secure relationships not only between partners, but between us and God. The message of *Created For Connection* is simple: Forget about learning how to argue better, analyzing your early childhood, or making grand romantic gestures.

Love Sense The Revolutionary New Science Of Romantic Relationships

Instead, get to the emotional underpinnings of your relationship by recognizing that you are attached to and dependent on your partner in much the same way that a child is on a parent, and we are on the Heavenly Father, for nurturing, soothing, and protection. The way to enhance or save our relationships with each other and with God is to be open, attuned, responsive, and to reestablish safe emotional connection. Filled with Bible verses, inspiring real-life stories, and guidance, *Created For Connection* will ensure a lifetime of love.

Love Me, Don't Leave Me - Michelle Skeen
2014-09-01

Everyone thrives on love, comfort, and the safety of family, friends, and community. But if you are denied these basic comforts early in life, whether through a lack of physical affection or emotional bonding, you may develop intense fears of abandonment that can last well into adulthood—fears so powerful that they can actually cause you to push people away. If you

suffer from fears of abandonment, you may have underlying feelings of anger, shame, fear, anxiety, depression, and grief. These emotions are intense and painful, and when they surface they can lead to a number of negative behaviors, such as jealousy, clinging, and emotional blackmail. In *Love Me, Don't Leave Me*, therapist Michelle Skeen combines acceptance and commitment therapy (ACT), schema therapy, and dialectical behavioral therapy (DBT) to help you identify the root of your fears. In this book you'll learn how schema coping behaviors—deeply entrenched and automatic behaviors rooted in childhood experiences and fears—can take over and cause you to inadvertently sabotage your relationships. By recognizing these coping behaviors and understanding their cause, you will not only gain powerful insights into your own mind, but also into the minds of those around you. If you are ready to break the self-fulfilling cycle of mistrust, clinginess, and heartbreak and start

Love Sense The Revolutionary New Science Of Romantic Relationships

building lasting, trusting relationships, this book will be your guide.

Love Sense - Dr. Sue Johnson 2013-12-31

The bestselling author of *Hold Me Tight* presents a revolutionary new understanding of why and how we love, based on cutting-edge research. Every day, we hear of relationships failing and questions of whether humans are meant to be monogamous. *Love Sense* presents new scientific evidence that tells us that humans are meant to mate for life. Dr. Johnson explains that romantic love is an attachment bond, just like that between mother and child, and shows us how to develop our "love sense" -- our ability to develop long-lasting relationships. Love is not the least bit illogical or random, but actually an ordered and wise recipe for survival. *Love Sense* covers the three stages of a relationship and how to best weather them; the intelligence of emotions and the logic of love; the physical and psychological benefits of secure love; and much more. Based on groundbreaking research, *Love*

Sense will change the way we think about love.

The Practice of Emotionally Focused Couple Therapy - Susan M. Johnson 2012-02-24

Since its original publication in 1996, this volume has been a helpful guide to therapists in the practice of emotionally focused therapy. This second edition addresses the many changes in the field of couples therapy, including updated research results linked to clinical intervention and new information on using EFT to address depression and PTSD. A new section covers the growth of couples therapy as a field and its overall relevance to the mental health field, accompanied by coverage of how recent research into the nature of marital distress is consonant with EFT. Other new features are a section on EFT and feminism, as well as a section on cultural competence for the EFT therapist. Written by a leading authority on emotionally focused couples and marital therapy, this second edition is an up-to-date reference on all aspects of EFT and its uses for

Love Sense The Revolutionary New Science Of Romantic Relationships

mental health professionals.

Hold Me Tight - Sue Johnson 2011-02-03

Developed by Dr Sue Johnson over 20 years ago and practised all over the world, EFT has been heralded by Time magazine and the New York Times as the couple therapy with the highest rate of success. Couples who use EFT see a 75 per cent success rate. The therapy programme focuses on the emotional connection of every relationship by de-escalating conflict, creating a safe emotional connection, and strengthening bonds between partners. In HOLD ME TIGHT, EFT pioneer Dr Sue Johnson presents her highly effective therapy model to the general public for the first time. Through case studies from her practice, illuminating advice and practical exercises, couples will learn how to nurture their relationships and ensure a lifetime of love.

[Attachment Theory in Practice](#) - Susan M.

Johnson 2019

Drawing on cutting-edge research on adult attachment--and providing an innovative

roadmap for clinical practice--Susan M. Johnson argues that psychotherapy is most effective when it focuses on the healing power of emotional connection. The primary developer of emotionally focused therapy (EFT) for couples, Johnson now extends her attachment-based approach to individuals and families. The volume shows how EFT aligns perfectly with attachment theory as it provides proven techniques for treating anxiety, depression, and relationship problems. Each modality (individual, couple, and family therapy) is covered in paired chapters that respectively introduce key concepts and present an in-depth case example. Special features include instructive end-of-chapter exercises and reflection questions.

The Love Secret - Sue Johnson 2014-01-16

We are in danger of being swept away on a tide of pessimism about love and relationships. Endless cynical stories of affairs by politicians, athletes and celebrities fill the media. The dominant message is that creating a rewarding

Love Sense The Revolutionary New Science Of Romantic Relationships

and enduring romantic relationship is impossible. In *The Love Secret* Dr Sue Johnson draws on the very latest scientific studies on attachment theory, including her own research, to show that this just isn't the case. The Big News is that we are naturally monogamous, bonding animals. A lasting, loving relationship is completely within our reach. In *The Love Secret* you will discover how the brain works when you are in a stable, caring relationship and how you can use this groundbreaking knowledge to achieve such positive results in your own life.

The Four Noble Truths of Love - Susan Piver
2018-06-01

"Susan Piver consistently offers what so many of us seek: A generous, caring, loving teacher, someone with an open heart and a clear mind, eager to help us find our own way forward."

—Seth Godin, author of *Linchpin* Broken hearts, resentment, affairs, divorce. Why is it so hard to make relationships work? New York Times bestselling author and mindfulness expert Susan

Piver applies classic Buddhist wisdom to modern romance, including her own long-term relationship, to show that ancient philosophies have timeless—and unexpected—wisdom on how to love. *The Four Noble Truths of Love* will challenge the expectations you have about dating, sex, and romance, liberating you from the habits, traumas, and expectations that have been holding back your relationships. This mindful approach toward love will help you open your heart fearlessly, deepen communications with your partner, increase your compassion and resilience, and lead you toward a path of true happiness. You have nothing to lose and everything to gain: expansive, real love for yourself and others.

[Emotionally Focused Couple Therapy with Trauma Survivors](#) - Susan M. Johnson
2011-11-03

This book provides a theoretical framework and an innovative model of intervention for distressed couples whose relationships are

Love Sense The Revolutionary New Science Of Romantic Relationships

affected by the echoes of trauma. Combining attachment theory, trauma research, and emotionally focused therapeutic techniques, Susan M. Johnson guides the clinician in modifying the interactional patterns that maintain traumatic stress and fostering positive, healing relationships among survivors and their partners. In-depth case material brings to life the process of assessment and treatment with couples coping with the impact of different kinds of trauma, including childhood abuse, serious illness, and combat experiences. The concluding chapter features valuable advice on therapist self-care.

Love Sense - Dr. Sue Johnson 2013-12-31

The bestselling author of *Hold Me Tight* presents a revolutionary new understanding of why and how we love, based on cutting-edge research. Every day, we hear of relationships failing and questions of whether humans are meant to be monogamous. *LOVE SENSE* presents new scientific evidence that tells us that humans are

meant to mate for life. Dr. Johnson explains that romantic love is an attachment bond, just like that between mother and child, and shows us how to develop our "love sense"--our ability to develop long-lasting relationships. Love is not the least bit illogical or random, but actually an ordered and wise recipe for survival. *LOVE SENSE* covers the three stages of a relationship and how to best weather them; the intelligence of emotions and the logic of love; the physical and psychological benefits of secure love; and much more. Based on groundbreaking research, *LOVE SENSE* will change the way we think about love.

The Psychology of Love and Hate in Intimate Relationships - Katherine Aumer
2016-06-23

Social psychology has made great advancements in understanding how our romantic relationships function and to some extent, dissolve. However, the social and behavioral sciences in much of western scholarship often focus exclusively on

Love Sense The Revolutionary New Science Of Romantic Relationships

the more positive aspects of intimate relationships--and less so on more controversial or unconventional aspects. The goal of this volume is to explore and illuminate some of these underrepresented aspects: aspects such as non-monogamy, female orgasm, sadism, and hate, that often function alongside love in intimate relationships. Ultimately, by looking at intimate relationships in this way, the volume contributes to and advocates for a more holistic and comprehensive view of intimate relationships. Throughout the volume, contributors from social, clinical, and evolutionary psychology cover love and hate from a variety of (sometimes opposing) perspectives. The first section, covers love and the changing landscape of intimate relationships. Its chapters review the current literature and research of understudied topics like non-monogamy, female orgasm, sexual fantasies, and the viewpoint of love as something other than positive. The second section explores

hate and how hate can operate in intimate relationships--for example, the appearance of sadistic behavior and debates the nature of hate as either a motivation or emotion. The volume concludes, by looking at ways in which the appearance of hate in relationships can be dealt with and overcome successfully. Taken together, these two sections reflect the full variety of experiences within intimate relationships. With the aim of exploring how love and hate can-and frequently do-work together, *The Psychology of Love and Hate in Intimate Relationships* is a fascinating psychological exploration of intimate relationships in modern times. It is an invaluable resource to academics and students specializing in psychology, gender, and sociology, including clinicians and therapists, and all those interested in increasing our knowledge of intimate relationships.

Becoming Attached - Robert Karen 1998

The Science of Happily Ever After - Ty Tashiro

2014

Examines the science behind choosing a mate and reveals actionable tips for finding love, in an exploration that draws on research from such fields as demography, sociology, and psychology.

Rekindling Desire - Barry McCarthy

2013-12-17

For over a decade Rekindling Desire has helped to restore and restructure sexuality in thousands of lives. This expanded edition continues the exploration of inhibited sexual desire and no-sex relationships by the author, who brings decades of knowledge and the expertise that comes from having treated almost 3,000 couples for sexual

problems. Contained within are suggested strategies and exercises that help develop communication and sexual skills, as well as interesting case studies that open the doors to couples' sexual frustrations. The shame, embarrassment, and hesitancy that individuals feel with themselves, and the resentment and blame they can feel towards their sexual partners, are explored and put into context. Whether you are married, cohabitating, or dating, or if you are 25, 45, or 75, reading this book will help renew your sexual desire and put you on the path towards healthy, pleasure-oriented sexuality.
