I Love Jesus, But I Want to Die Sarah J. Robinson, 2021-05-11 A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.

Sexual Justice Alexandra Brodsky, 2021-08-24 A pathbreaking work for the next stage of the #MeToo movement, showing how we can address sexual harms with fairness to both victims and the accused, and exposing the sexism that shapes today's contentious debates about due process Over the past few years, a remarkable number of sexual harassment victims have come forward with their stories, demanding consequences for their assailants and broad societal change. Each prominent allegation, however, has also set off a wave of questions – some posed in good faith, some distinctly not – about the rights of the accused. The national conversation has grown polarized, inflamed by a public narrative that wrongly presents feminism and fair process as warring interests. *Sexual Justice* is an intervention, pointing the way to common ground. Drawing on core principles of civil rights law, and the personal experiences of victims and the accused, Alexandra Brodsky details how schools, workplaces, and other institutions can – indeed, must – address sexual harms in ways fair to all. She shows why these allegations cannot be left to police and prosecutors alone, and outlines the key principles of fair proceedings outside the courts. Brodsky explains how contemporary debates continue the long, sexist history of “rape exceptionalism,” in which

sexual allegations are treated as uniquely suspect. And she calls on readers to resist the anti-feminist backlash that hijacks the rhetoric of due process to protect male impunity. Vivid and eye-opening, at once intellectually rigorous and profoundly empathetic, *Sexual Justice* clears up common misunderstandings about sexual harassment, traces the forgotten histories that underlie our current predicament, and illuminates the way to a more just world.

The Death of Expertise Tom Nichols, 2024 In the early 1990s, a small group of AIDS denialists, including a University of California professor named Peter Duesberg, argued against virtually the entire medical establishment's consensus that the human immunodeficiency virus (HIV) was the cause of Acquired Immune Deficiency Syndrome. Science thrives on such counterintuitive challenges, but there was no evidence for Duesberg's beliefs, which turned out to be baseless. Once researchers found HIV, doctors and public health officials were able to save countless lives through measures aimed at

preventing its transmission--

Cycling and Cinema Bruce Bennett,2019-04-30 A unique exploration of the history of the bicycle in cinema, from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films. Cycling and Cinema explores the history of the bicycle in cinema from the late nineteenth century through to the present day. In this new book from Goldsmiths Press, Bruce Bennett examines a wide variety of films from around the world, ranging from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films, to consider the complex, shifting cultural significance of the bicycle. The bicycle is an everyday technology, but in examining the ways in which bicycles are used in films, Bennett reveals the rich social and cultural importance of this apparently unremarkable machine. The cinematic bicycles discussed in this book have various functions. They are the source of absurd comedy in silent films, and the vehicles that allow their owners to work in sports films and social realist cinema. They are a means of independence and escape for children in melodramas and kids' films, and the tools that offer political agency and freedom to women, as depicted in films from around the world. In recounting the cinematic history of the bicycle, Bennett reminds us that this machine is not just a practical means of transport or a child's toy, but the vehicle for a wide range of meanings concerning individual identity, social class, nationhood and belonging, family, gender, and sexuality and pleasure. As this book shows, two hundred years on from its invention, the bicycle is a revolutionary technology that retains the power to transform the world.

Become a Problem-Solving Crime Analyst Ronald Clarke, John E. Eck, 2014-06-03 Crime analysis has become an increasingly important part of policing and crime prevention, and thousands of specialist crime analysts are now employed by police forces worldwide. This is the first book to set out the principles and practice of crime analysis, and is designed to be used both by crime analysts themselves, by those responsible for the training of crime analysts and teaching its principles, and those teaching this subject as part of broader policing and criminal justice courses. The particular focus of this book is on the adoption of a problem solving approach, showing how crime analysis can be used and developed to support a problem oriented policing approach - based on the idea that the police should concentrate on identifying patterns of crime and anticipating crimes rather than just reacting to crimes once they have been committed. In his foreword to this book, Nick Ross, presenter of BBC Crime Watch, argues passionately that crime analysts are 'the new face of policing', and have a crucial part to play in the increasingly sophisticated police response to crime and its approach to crime prevention - 'You are the brains, the expert, the specialist, the boffin.'

Ours to Hack and to Own Trebor Scholz, Nathan Schneider, 2017-01-12 Real democracy and the Internet are not mutually exclusive. Here, for the first time in one volume, are some of the most cogent thinkers and doers on the subject of the cooptation of the Internet, and how we can resist and reverse the process. The activists who have put together Ours to Hack and to Own argue for a new kind of online economy: platform cooperativism, which combines the rich heritage of cooperatives with the promise of 21st-century technologies, free from monopoly, exploitation, and surveillance. The on-demand economy is reversing the rights and protections workers fought for centuries to win. Ordinary Internet users, meanwhile, retain little control over their personal data. While promising to be the great equalizers, online platforms have often exacerbated social inequalities. Can the Internet be owned and governed differently? What if Uber drivers set up their own platform, or if a city's residents controlled their own version of Airbnb? This book shows that another kind of Internet is

possible—and that, in a new generation of online platforms, it is already taking shape. Included in this volume are contributions from Michel Bauwens, Yochai Benkler, Francesca Bria, Susie Cagle, Miriam Cherry, Ra Criscitiello, John Duda, Marina Gorbis, Karen Gregory, Seda Gürses, Steven Hill, Dmytri Kleiner, Vasilis Kostakis, Brendan Martin, Micky Metts, Kristy Milland, Mayo Fuster Morell, Jessica Gordon Nembhard, Rachel O'Dwyer, Janelle Orsi, Michael Peck, Carmen Rojas, Douglas Rushkoff, Saskia Sassen, Juliet Schor, Palak Shah, Tom Slee, Danny Spitzberg, Arun Sundararajan, Astra Taylor, Cameron Tonkinwise, McKenzie Wark, and Caroline Woolard.
