Illuminati 2 Henry Makow,2010-04-28 THE EMERGING NEW WORLD ORDER A depraved satanic cult called the Illuminati is waging a covert war against humanity. This is the key to understanding mankind's tragic history and current predicament. For more than a thousand years, Cabalist money lenders have conspired to usurp power from church and aristocracy, according to a plan detailed in The Protocols of the Elders of Zion. This plan does not represent Jews, but only a small cabal of bankers who organized in Masonic secret societies. They intermarried with prominent Gentiles and formed a vast occult and criminal underground. They are stealthily constructing a totalitarian world government. Taking God's place, secularism is a transition step to their Satanism. They involve nations in needless wars and enthrall the masses with porn, violence, trivia and toys. They attack our sources of identity and love - God (religion); family (gender); country and race - in order to stymie and dehumanize us. Sounds incredible, but after reading some of these 90 short essays, you'll nod in agreement. Their goal is to control your mind. If you know the truth, they can't.

Illuminati3: Satanic Possession: There Is Only One Conspiracy Henry Makow Ph. D.,2014-04 From the Introduction: What passes as spontaneous social change is in fact an organized process of satanic possession. This development is not an isolated or recent phenomenon. Western society is based on a rebellion against God and the natural and moral order. The so-called Enlightenment refers to Lucifer as the light giver. It was an assertion of the Illuminati's determination to reject Reality -- the Creator's Design - and construct an artificial reality more conducive to their interests and perversions. This is what the Cabalist bankers mean by remaking the world or changing the world. There is no way to sugarcoat this. Satanist (Cabalist) Jews and Freemasons are waging a covert war against God and man and are close to achieving victory. Many Jews and Freemasons have been a subversive force throughout history - the real reason for anti Semitism. Of course, the majority of Jews (and Christians) aren't aware of this process of satanic possession. We have all succumbed to it. Passing as secularism and humanism, Satanism is the secret religion of the West.

Cruel Hoax Henry Makow,2007 Feminism, our official gender ideology, masquerades as a movement for women's rights. In reality, feminism is a cruel hoax, telling women their natural biological instincts are socially constructed to oppress them. Feminism is elite social engineering designed to neuter both sexes. It makes women less fit for marriage and motherhood, and men unable to lead and sacrifice for family. The Rockefellers and Rothschilds created feminism to poison male-female

relations (divide and conquer.) Their objective is totalitarian world government. Why? These bankers create money out of nothing and think they are God. Cruel Hoax shows the connection between feminism, Communism and 9-11. It examines male-female relations and how we can take back our heterosexuality.

Admiral Hyman Rickover Marc Wortman,2022-02-15 A riveting exploration of the brilliant, combative, and controversial "Father of the Nuclear Navy" "A superb and even-handed treatment of a complex, brilliant, and driven admiral who inspired both awe and loathing across the Navy he fundamentally reshaped."—Admiral James Stavridis, former Supreme Commander, NATO, and author of 2034 Known as the "Father of the Nuclear Navy," Admiral Hyman George Rickover (1899-1986) remains an almost mythical figure in the United States Navy. A brilliant engineer with a ferocious will and combative personality, he oversaw the invention of the world's first practical nuclear power reactor. As important as the transition from sail to steam, his development of nuclear-propelled submarines and ships transformed naval power and Cold War strategy. They still influence world affairs today. His disdain for naval regulations, indifference to the chain of command, and harsh, insulting language earned him enemies in the navy, but his achievements won him powerful friends in Congress and the White House. A Jew born in a Polish shtetl, Rickover ultimately became the longest-serving U.S. military officer in history. In this exciting new biography, historian Marc Wortman explores the constant conflict Rickover faced and provoked, tracing how he revolutionized the navy and Cold War strategy.

The Dialogue in Hell Between Machiavelli and Montesquieu Maurice Joly,2003 Joly's (1831-78) Dialogue aux enfers entre Machiavel et Montesquieu is the major source of one of the world's most infamous and damaging forgeries, The Protocols of the Elders of Zion. That, however, was concocted some two decades after he died, and American political scientist Waggoner points to Joly's own text for evidence that he was not anti-semitic and was an intransigent enemy of the kind of tyranny the forgery served during the 1930s. He translates the text and discusses Joly's intentions in writing it and his contribution to the understanding of modern politics. Annotation copyrighted by Book News, Inc., Portland, OR.

Phoenix Rising Donald G. Lett,2008-02 In an age when the supply of gasoline to feed this modern American society has become both more expensive and more scarce questions are being pondered. Inquires like, How can a modern society scale back its dependence on gasoline as a motive source?' Are there genuine alternative power sources?' Are they the answer to a growing crisis?' Recent announcements of hybrids like those from Honda, Toyota, and Ford have really brought attention to this issue. Hybrids that use both gasoline engines and electric motors. Really, though, alternative power sources have been around for as long as the automobile has been. The battle between and among the steam car, the electric and the gas car was fought out in the first couple of decades of the twentieth century. This book explores the ins and outs of that battle. A

struggle from which the gasoline car emerged completely victorious. To such an extent that steam cars and electric cars virtually disappeared from the scene for many decades. We will look over all three alternatives, exploring their advantages and disadvantages. We will also look over the obstacles to the steamers and the electrics. Barriers that still exist to a certain extent. Handicaps that caused their disappearance in the first place.

Sexualizing Power in Naturalism Irene Gammel, 1994 Presenting a revisionary reading of German, Canadian, and American texts such as Fanny Essler, Settlers of the Marsh, and Sister Carrie, Gammel (English, U. of Prince Edward Island) attributes to naturalism, a predominantly male genre, the appropriation of a disruptive female sexuality not so much to liberate it from Victorian repression as to contain it within the male boundaries of naturalism. A Brief History of the Future Jacques Attali, 2011-07-01 What will planet Earth be like in twenty years? At mid-century? In the year 2100? Prescient and convincing, this book is a must-read for anyone concerned about the future. Never has the world offered more promise for the future and been more fraught with dangers. Attali anticipates an unraveling of American hegemony as transnational corporations sever the ties linking free enterprise to democracy. World tensions will be primed for horrific warfare for resources and dominance. The ultimate question is: Will we leave our children and grandchildren a world that is not only viable but better, or in this nuclear world bequeath to them a planet that will be a living hell? Either way, he warns, the time to act is now.

The Illuminati Jim Marrs, 2017-05-22 A deep dive into the origins, history, members, and workings of the Illuminati from a well-known and respected expert. Chilling initiations. Big banks and money manipulations. Possible links to the Rockefellers, Rothschilds, Adamases, and Bushes. Reviewing the evidence, documents, and connections, *The Illuminati: The Secret Society That Hijacked the World* by award-winning journalist and author Jim Marrs shines a light on the history, workings, continuing influence, and pernicious and hidden power of this secret order. Surveying experts—from those who dismiss the Illuminati as a short-lived group of little consequence to skeptics who dare question the government's accounts and pronouncements—Marrs cuts through the wild speculation and the attempts to silence critical thinkers to tell the true story of this secret cabal. Gnosticism, mystery schools, the Roshaniya, Knights Templar, assassins, Rosicrucians, Skull and Bones, Knights of Malta, whistle blowers, the revolutions in France, Russia, and America, and the structure, symbols, and theology of the Illuminati are all covered. Marrs takes a broad look at the group and their workings, investigating their origin as “The Ancient and Illuminated Seers of Bavaria,” the depiction on the United States one-dollar bill of an all-seeing eye and pyramid on the reverse of the Great Seal of the United States, and the Protocols—or procedures—for usurping national governments and gaining world domination, as well as the Illuminati symbolism found in today's international corporate logos. Wealth, power, and intrigue come together in this in-depth exposé on the Illuminati, their history, connections to influential people,

and their place in modern America. The Illuminati lifts the cloaks of secrecy protecting the powerful.

Metals and Related Substances in Drinking Water comprises the proceedings of COST Action 637 - METEAU, held in Kristianstad, Sweden, October 13-15, 2010. This book collates the understanding of the various factors which control metals and related substances in drinking water with an aim to minimize environmental impacts. Metals and Related Substances in Drinking Water: Provides an overview of knowledge on metals and related substances in drinking water. Promotes good practice in controlling metals and related substances in drinking water. Helps to determining the environmental and socio-economic impacts of control measures through public participation Introduces the importance of mineral balance in drinking water especially when choosing treatment methods Shares practitioner experience. The proceedings of this international conference contain many state-of-the-art presentations by leading researchers from across the world. They are of interest to water sector practitioners, regulators, researchers and engineers.

The Greatest Lie on Earth (Expanded Edition) Edward Hendrie, 2018-09-12 This book reveals the mother of all conspiracies. It sets forth biblical proof and irrefutable evidence that will cause the scales to fall from your eyes and reveal that the world you thought existed is a myth. The most universally accepted scientific belief today is that the earth is a globe, spinning on its axis at a speed of approximately 1,000 miles per hour at the equator, while at the same time it is orbiting the sun at approximately 66,600 miles per hour. All of this is happening as the sun, in turn, is supposed to be hurtling through the Milky Way galaxy at approximately 500,000 miles per hour. The Milky Way galaxy, itself, is alleged to be racing through space at a speed ranging from 300,000 to 1,340,000 miles per hour. What most people are not told is that the purported spinning, orbiting, and speeding through space has never been proven. In fact, every scientific experiment that has ever been performed to determine the motion of the earth has proven that the earth is stationary. Yet, textbooks ignore the scientific proof that contradicts the myth of a spinning and orbiting globe. Christian schools have been hoodwinked into teaching heliocentrism, despite the clear teaching in the bible that the earth is not a sphere and does not move. This book reveals the

evil forces behind the heliocentric deception, and why scientists and the Christian churches have gone along with it.

Bloody Zion Edward Hendrie, 2012 Jesus told Pontius Pilate: My kingdom is not of this world. John 18:36. God has a spiritual Zion that is in a heavenly Jerusalem. Hebrews 12:22; Revelation 21:10. Jesus Christ is the chief corner stone laid by God in Zion. 1 Peter 2:6. Those who believe in Jesus Christ are living stones in the spiritual house of God. 1 Peter 2:5; Ephesians 2:20-22. Believers are in Jesus and Jesus is in believers. John 14:20; 17:20-23. All who are elected by God to believe in Jesus Christ are part of the heavenly Zion, without regard to whether they are Jews or Gentiles. Romans 10:12. Satan is a great adversary of God, who has created his own mystery religions. During the Babylonian captivity (2 Chronicles 36:20), an occult society of Jews replaced God's commands with Satan's Babylonian dogma. Their new religion became Judaism. Jesus explained the corruption of the Judaic religion: Howbeit in vain do they worship me, teaching for doctrines the commandments of men. Mark 7:7. Jesus revealed the Satanic origin of Judaism when he stated: Ye are of your father the devil, and the lusts of your father ye will do. John 8:44. Babylonian Judaism remains the religion of the Jews today. Satan has infected many nominal Christian denominations with his Babylonian occultism, which has given rise to Christian Zionism. Christian Zionism advocates a counterfeit, earthly Zion, within which fleshly Jews take primacy over the spiritual church of Jesus Christ. This book exposes Christian Zionism as a false gospel and subversive political movement that sustains Israel's war against God and man.

Perfectibilists Terry Melanson, 2011-12-01 Presenting an advanced and authoritative perspective, this definitive study chronicles the rise and fall of the Order of the Illuminati, a mysterious Enlightenment-era guild surrounded by myth. Describing this enigmatic community in meticulous detail, more than 1,000 endnotes are included, citing scholars, professors, and academics. Contemporary accounts and the original documents of the Illuminati themselves are covered as well. Copiously illustrated and featuring biographies of more than 400 confirmed members, this survey brings to light a 200-year-old mystery.

The Cabal of Moloch and Saturn Cosmology David Klooz, 2023-11-15 This book is a short description of how Zionist zealots have planned and implemented messianic protocols since 3,000 BCE by writing a bible that stole creation myths from the Babylonian Enuma Elish and the Egyptian Book of the Dead and by stealing the sacred stones of the Egyptian Ark of the Great Pyramid under the leadership of Akhenaten (Moses) and fleeing to Palestine where they, once again, took over the land occupied by the Canaanites and called it Israel. Archeologic and genetic data support that both Jews and Palestinians came from ancient Canaanites, who extensively mixed with Egyptians, Mesopotamian, and Anatolian peoples in ancient times. Thus, Palestinian-Jewish rivalry is based solely on cultural and religious, but not in genetic differences. Does anyone really believe that the storm God El, then Baal, then combined with Yahweh wrote the bible and decided that Jews would be the chosen people. Since the Spring of 2020, when mandated Covid-19 vaccines began, excess deaths have increased

dramatically across the globe to about 20%, while unknown causes of death have increased significantly. The numerous lockdowns (stay at home of the workforce), fear campaigns, COVID-19 policy mandates imposed on approximately 193 member states of the United Nations have also contributed to undermining and destabilizing the very fabric of civil society and its institutions including education, culture and the arts, social gatherings, sports, entertainment; all public sector activities including physical and social infrastructure, social services, law enforcement; all major private sector activities which characterize national, regional and local economies including small, medium and large corporate enterprises, family farms, industry, wholesale and retail trade, the urban services economy, transport companies, airlines, hotel chains; the structures of the global economy including international commodity trade, investment, import and export relations between countries, while the entire landscape of the global economy has been shattered. Each culture has a 'Creation Myth' that is contained in their own understanding of those cataclysm events that occurred between 10,500 BCE and 685 BCE. The West has primarily used the myth in the Judeo-Christian bible. However, you would think in the year 2020 people would understand that the bible is fiction and has significant reasons for concern, such as the following: the similarities of stories; obvious rehashing of numerous previous character; unavoidable contradictions; significant moral problems, including rape, murder and incest, and an abundance of nagging questions. Unless you are mindless, one can easily understand that a book like this can be used mainly for control, but in some hands it can be used to create a self-fulfilling prophecy. The Bible Is Really the Story of Creation of the Solar System. The Bible was initially stories that were written down and cobbled together and tales told verbally by their descendants over thousands of years that tried to explain the birth of the present Solar System, and what the survivors witnessed. It began in about 10,500 BCE and ended about 685 BCE. Millions of years ago, our Earth and was created by an expulsion of plasma from its brown dwarf star, now known as the Planet Saturn. Mars was also created from a plasma expulsion from the brown dwarf, when it came under electrical stress in the plasma Universe. Saturn, as a brown dwarf, with the Earth and Mars within its plasma glow mode, had an atmosphere of salt, hydrocarbons and water that misted down on both planets for millions or billions of years, providing its oceans and oil pockets. Brown dwarfs are known to be the best home for the development of life since the glow mode provides one warm temperature with no seasons and promotes growth under its ultraviolet and infrared atmosphere. It has recently been discovered that Saturn is the only planet with the same molecular type of water as Earth. Our Earth does not wobble around its pole, as is currently believed, every 25,920 years due to solar-lunar forces acting on the Earth. It was known long ago by the Ancients that the so called change in some stars 'precessing' against the sky was caused by the path of our sun and planets and other stars travelling and revolving around electric Birkeland Current filaments that circle around certain stars; the star Arcturus, the star Alcyone and the star Sirius. The revolution of our current Sun with Sirus occurs every 25,000 years, with the Arcturus filament stream every 550,000 years and with Alcyone, and the Pleiades star system, every 26-27 million years. This last

cycle is important since it corresponds to the same 26-27 million year extinction cycle of our Earth. It is believed that Earth's extinction level events occurred as the Saturnian System with Earth and Mars within its orbit crossed the position of our current Sun and its planets every 26-27 million years, resulting in the mass extinctions. The biology of Earth is such a complete accident, and so utterly unlikely that it will probably not have ever been duplicated anywhere, at anytime, among the billions of other star systems. But here on Earth, all of it, especially the rise of complex species since the Cambrian, 560 million years ago, can be attributed to a series of cataclysmic plasma strikes by Saturn, each of a very long duration: biologists claim 10,000 years for the extinction events. At about 10,500 BCE, the Earth, at that time a planet of the Sun, made an electric field contact with Saturn, causing 1500 years of darkness on Earth. The period of darkness is recognized by many of the world's creation myths and was recorded in the illustrated graphic books of Mesoamerica, references to which are made in the Colonial period documents. Climatologically, the period is identified today as the Younger Dryas, when for some 1500 years Earth got as cold as it had ever been. Over the next 7000 years the orbit of Earth, apparently equal to the orbit of Saturn at that time, but below Saturn, progressively moved laterally to have the Earth's orbital path eventually travel below the centre of Saturn. Thus, between 10,500 BCE and 3147 BCE, earth was part of a strange configuration of stacked planets, a condition which provided long summers and a mild climate in the northern hemisphere. Planets, dominated by the giant form of Saturn, stood above the north horizon and close to Earth but measured in millions of miles and were taken by humans to be the Gods who supported them and for whose benefit they labored at agriculture and conducted trade. In 4070 BCE, Saturn dropped its coma. This had been the 'chaos before creation', which had lasted some 7,000 years and had obscured Saturn and its companion satellites. Saturn went Nova, and switched to arc mode. In a mass expulsion Saturn produced its rings and a new satellite, Venus. Saturn lit up more brilliantly than the Sun. For humans of Earth, who had not clearly seen the real Sun for thousands of years because of the shadow of the Younger Dryas, followed by the obscurity of the enclosing plasmasphere of Saturn, this was the creation, the start of time, and the first showing of the land and its resident Gods, the satellites of Saturn. Saturn was universally called the Sun throughout the world at this time. In 3147 BCE, as Mars began the oscillate between Venus and Earth this configuration of standing planets became unstable and broke apart, with the three large planets moving away from the Sun, while Earth, Venus and Mars were released to their overlapping inner orbits. The breakup produced a stupendous flood waters, which had been held at the south polar region due to gravitational attraction of Saturn for some 7,000 years. The water held at the South Pole was due to the lifting up of the Earth's crust in the Arctic, and the sinking toward the Earth's interior in Antarctica. This was the end of the 'Golden Age'. When the Solar System re-arrangement was complete it formed the basis of all religions, myths and mystery schools.

End of Oblivion: The Great Deceit and Why We Need to Reclaim Our Spiritual Evolution Aleksandar

Ostojic, 2019-08-08 End of Oblivion: The Great Deceit and Why We Need to Reclaim Our Spiritual Evolution is an informal

overview of the current state of humanity and the world, and delves into how our perceptions of reality have been drastically distorted to the point where the majority of the population cannot perceive distortion any longer. Deceit is present in every area of our lives, but beneath these secular manifestations, deeper metaphysical undercurrents are interlacing with our spiritual, evolutionary direction. Armed with a wealth of factual evidence as well as personal observations, the author puts forth a compelling explanation as to who is really behind this great deceit and offers choices on how to break free for those curious enough to ponder. It is time to remove our blindfolds, to consciously choose our path, and to reclaim the true purpose of our being - our spiritual evolution. The book reflects on the Law of One material.

The hidden world part 2 John Baselmans,2015-05-24 Through these two books I want to show you as much as possible the completely blueprint where I've worked on for years. It's my library, a collection from which I work, and the many documents that I now use as evidence. This book is a collection of quotations from many books, magazines, newspapers, internet documents and reports from others. Therefore I see this book as a manual / reference book for those interested. It's important to me that finally there is a book where everything that is concealed for us for centuries, is at a glance. What you do with the information and how much it is worth to you to know these things is up to you. Here I simply put those pieces that in my eyes came closest to the truth, and which fitted together like a puzzle. The past has big secrets which still are carefully concealed in the present. By putting the many citations and articles at a glance we see a strong message: Wake up people.
