Malcolm X and Documentary Film Representation Saër Maty Bâ, 2006

The Grey Lady Nadine Doolittle, 2016-04-25 Secrets, lies and hidden hates.... Hester Warnock fell in love with the charismatic Malcolm Driver in 1974 while at his farm-turned-commune, an affair that ended abruptly when a young pregnant girl was found drowned in the lake. Thirty-five years later, now a successful magazine publisher, Hester is invited back to the scene of the crime to participate in a documentary of Malcolm's life and times as the bestselling author of *Spirit Driver*. The documentary never gets off the ground. In the middle of a fierce rainstorm, she finds Malcolm hanging from a tree. Hester holds a clue that proves her ex-lover's death wasn't suicide but her guilty past begins to haunt her. As she unravels the secrets of seven suspects, Hester draws closer to the truth about herself. Set in Quebec, Canada, *The Grey Lady* combines traditional murder mystery with psychological crime fiction. For fans of Liane Moriarty, Ruth Rendell and P.D. James. As with any good mystery, virtually everyone has something to hide ... tightly written and perfectly paced, we feel we are being swept along by the story like a fallen branch in a fast-flowing river of spring runoff. MONTREAL REVIEW OF BOOKS

Biography, 2000

New Challenges for Documentary Alan Rosenthal, John Corner, 2005-05-13 Publisher Description

Noise and Spirit Anthony B. Pinn, 2003-11 Rap music is often seen as a Black secular response to pressing issues of our time. Yet, like spirituals, the blues, and gospel music, rap has deep connections to African American religious traditions. *Noise and Spirit* explores the diverse religious dimensions of rap stemming from Islam (including the Nation of Islam and Five Percent Nation), Rastafarianism, and Humanism, as well as Christianity. The volume examines rap's dialogue with religious traditions, from the ways in which Islamic rap music is used as a method of religious and political instruction to the uses of both the blues and Black women's rap for considering the distinction between God and the Devil. The first section explores rap's association with more easily recognizable religious traditions and communities such as Christianity and Islam. The next presents discussions of rap and important spiritual considerations, including on the topic of death. The final unit wrestles with ways to theologize about the relationship between the sacred and the profane in rap.

The Great Cholesterol Con Dr Malcolm Kendrick, 2008-07-07 Statins are widely prescribed to lower blood cholesterol levels and claim to offer unparalleled protection against heart disease. Believed to be completely safe and capable of

preventing a whole series of other conditions, they are the most profitable drug in the history of medicine. In this groundbreaking book, GP Malcolm Kendrick exposes the truth behind the hype. He will change the way we think about cholesterol forever. Rubbishing the diet-heart hypothesis, in which clinical trials 'prove' that high cholesterol causes heart disease and a high-fat diet leads to heart disease, Kendrick lambastes a powerful pharmaceutical industry and unquestioning medical profession, who, he claims, perpetuate the madcap concepts of 'good' and 'bad' cholesterol and cholesterol levels to convince millions of people to unnecessarily spend billions of pounds on statins. Clearly and comprehensively debunking assumptions on what constitute a healthy lifestyle and diet, *The Great Cholesterol Con* is the accessible, indispensable and absorbing case against statins and for a more common-sense approach to heart disease and general wellbeing. No more over-hyped miracle drugs; no more garlic, red wine, anti-oxidants, fruit or vegetables; even a vegetarian diet is rejected in this controversial yet authoritative critique of how we have been misled over how food and drugs affect our coronary health. Here, for the first time, is the invaluable guide for anyone who thought there was a miracle cure for heart disease, *The Great Cholesterol Con* is a fascinating breakthrough that will set dynamite under the whole area.

The Cove Malcolm Richards, 2021-05-18 The smallest towns have the darkest secrets... When Carrie's son, Cal, vanished from the Cornish town of Devil's Cove, she thought she'd lost him for good. Seven years later, a teenager has been found washed up on the beach. It's Carrie's son. And he's alive. No longer the sweet boy she remembers, Cal is deeply troubled, wildly unpredictable, and a growing danger to everyone around him. Now, Carrie must unravel the mystery of what happened to her son before it's too late. Because a serial killer is stalking the streets of Devil's Cove. And another young child is missing... Set against the wild backdrop of Cornwall, *The Cove* is the first part of a nail-biting trilogy about a mother's fight to save her son from the grip of evil.

Robert Franklin Williams Speaks: A Documentary History Ronald J. Stephens, 2024-07-16 Williams was a compassionate man. He was an intelligent American citizen and Korean war veteran, who claimed his right of American citizenship. Acutely aware of the broken promises of the US government, he remained fully invested in the rights, privileges, and responsibilities the Constitution guaranteed all of its citizens. As many of his contemporaries now confess, Williams's strength and appeal, as explained by his second son, John Williams, was his uncompromising stance and determination to act on the American dream he imagined for social, economic, and political equality for African Americans. The skills he acquired as a journalist and propaganda specialist were key to his political development, evolution, and transnational collaborations with Cuba and China, which he used to challenge domestic policies in the United States, were way beyond the imagination of his supporters in the United States. Williams ultimately used these strengths, strategies, and collaborations to deliver liberating messages of freedom, resistance, and social and economic equality on behalf of the rights of African Americans. Williams significantly contributed to the Black freedom struggle and should not be forgotten. *Robert Franklin Williams Speaks: A Documentary*

History includes a collection of interviews, speeches, and writings by and about Williams as an internationalist, pragmatist, and civil and human rights champion.

Bureau of Missing Persons Roger J. Porter, 2011-05-06 A devoted reader of autobiographies and memoirs, Roger J. Porter has observed in recent years a surprising number of memoirs by adult children whose fathers have led secret lives. Some of the fathers had second families; some had secret religious lives; others have been criminals, liars, or con men. Struck by the intensely human drama of secrecy and deception played out for all to see, Porter explores the phenomenon in great depth. In *Bureau of Missing Persons* he examines a large number of these works—eighteen in all—placing them in a wide literary and cultural context and considering the ethical quandaries writers face when they reveal secrets so long and closely held. Among the books Porter treats are Paul Auster's *The Invention of Solitude*, Alison Bechdel's graphic memoir *Fun Home*, Essie Mae Washington-Williams's *Dear Senator* (on her father, Strom Thurmond), Bliss Broyard's *One Drop*, Mary Gordon's *The Shadow Man*, and Geoffrey Wolff's *The Duke of Deception*. He also discusses Nathaniel Kahn's documentary film, *My Architect*. These narratives inevitably look inward to the writer as well as outward to the parent. The autobiographical children are compelled, if not consumed, by a desire to know. They become detectives, piecing together clues to fill memory voids, assembling material and archival evidence, public and private documents, letters, photographs, and iconic physical objects to track down the parent.

And the Sea Will Tell Vincent Bugliosi, 2011-02-07 Grips you by the throat from beginning to end.—Cleveland Plain Dealer ALONE WITH HER NEW HUSBAND on a tiny Pacific atoll, a young woman, combing the beach, finds an odd aluminum container washed up out of the lagoon, and beside it on the sand something glitters: a gold tooth in a scorched human skull. The investigation that follows uncovers an extraordinarily complex and puzzling true-crime story. Only Vincent Bugliosi, who recounted his successful prosecution of mass murderer Charles Manson in the bestseller *Helter Skelter*, was able to draw together the hundreds of conflicting details of the mystery and reconstruct what really happened when four people found hell in a tropical paradise. *And the Sea Will Tell* reconstructs the events and subsequent trial of a riveting true murder mystery, and probes into the dark heart of a serpentine scenario of death.

The Autobiography of Malcolm X Malcolm X, Alex Haley, 1965 Malcolm X's blazing, legendary autobiography, completed shortly before his assassination in 1965, depicts a remarkable life: a child born into rage and despair, who turned to street-hustling and cocaine in the Harlem ghetto, followed by prison, where he converted to the Black Muslims and honed the energy and brilliance that made him one of the most important political figures of his time - and an icon in ours. It also charts the spiritual journey that took him beyond militancy, and led to his murder, a powerful story of transformation, redemption and betrayal. Vilified by his critics as an anti-white demagogue, Malcolm X gave a voice to unheard African-Americans, bringing them pride, hope and fearlessness, and remains an inspirational and controversial figure today.

Under the Volcano Malcolm Lowry,1984 Geoffrey Firmin, a former British consul, has come to Quauhnahuac, Mexico. His debilitating malaise is drinking, an activity that has overshadowed his life. On the most fateful day of the consul's life--the Day of the Dead, 1938--his wife, Yvonne, arrives in Quauhnahuac, inspired by a vision of life together away from Mexico and the circumstances that have driven their relationship to the brink of collapse. She is determined to rescue Firmin and their failing marriage, but her mission is further complicated by the presence of Hugh, the consul's half brother, and Jacques, a childhood friend. The events of this one significant day unfold against an unforgettable backdrop of a Mexico at once magical and diabolical. Under the Volcano remains one of literature's most powerful and lyrical statements on the human condition, and a brilliant portrayal of one man's constant struggle against the elemental forces that threaten to destroy him.

A Wilderness of Error Errol Morris,2014-01-22 Soon to be an FX Docuseries from Emmy® Award-Winning Producer Marc Smerling (The Jinx) featuring the author Errol Morris! Academy Award-winning filmmaker Errol Morris examines one of the most notorious and mysterious murder trials of the twentieth century In this profoundly original meditation on truth and the justice system, Errol Morris—a former private detective and director of The Thin Blue Line—delves deeply into the infamous Jeffrey MacDonald murder case. MacDonald, whose pregnant wife and two young daughters were brutally murdered in 1970, was convicted of the killings in 1979 and remains in prison today. The culmination of an investigation spanning over twenty years and a masterly reinvention of the true-crime thriller, A Wilderness of Error is a shocking book because it shows that everything we have been told about the case is deeply unreliable and that crucial elements of case against MacDonald are simply not true.

Dirty Work: Ian Rankin and John Rebus Book-By-Book Ray Dexter,Nadine Carr,2015-09-18 The unauthorised and ambitiously definitive guide to Ian Rankin and John Rebus, now including EVEN DOGS IN THE WILD! In 1987 Ian Rankin published the first John Rebus book; even he didn't know what he was unleashing. Nearly thirty years later Rankin and Rebus are the kings of crime fiction, but they are more than that. The books are cultural history of Scotland too. This is the all-purpose handbook to the John Rebus universe. Contained in this volume is everything you could reasonably want to know about the books, their creation and the characters within them, from the birth of the character to the old man staring retirement in the face. The book will answer such questions as: why is Rankin obsessed with Saabs? Why doesn't Siobhan Clarke age but perhaps more importantly it will get to the heart of why we all love John Rebus so much.

A Tidy Ending Joanna Cannon,2022-08-02 A NICE, NORMAL HOUSE ... Linda has lived in a quiet neighborhood ever since fleeing the dark events of her childhood in Wales. Now she sits in her kitchen, wondering if this is all there is--pushing the vacuum around and cooking fish sticks for supper is a far cry from the glamorous lifestyle she sees in the glossy catalogues coming through the mail slot addressed to the previous occupant, Rebecca. A NICE, NORMAL HUSBAND? Terry

isn't perfect--he picks his teeth, tracks dirt through the house, and spends most of his time in front of the TV. But that seems fairly standard--until he starts keeping odd hours at work, at around the same time young women in the town start to go missing ... A NICE, NORMAL LIFE... If Linda could track down and befriend Rebecca, maybe some of that enviable lifestyle would rub off on her. But the grass isn't always greener: you can't change who you really are, and criminals can hide behind closed doors--

Is Marie right to fear this strange man?

The Black Widower Charles Lavery,2012 In The Black Widower, award-winning journalist Charles Lavery examines the life and crimes of Malcolm Webster, the Scottish nurse who killed for money and attempted to cover his tracks with drugs and fire.

The Journalist And The Murderer Janet Malcolm,2011-12-01 'Every journalist who is not too stupid or too full of himself to notice what is going on knows that what he does is morally indefensible' In equal measure famous and infamous, Janet Malcolm's book charts the true story of a lawsuit between Jeffrey MacDonald, a convicted murderer, and Joe McGinniss, the author of a book about the crime. Lauded as one of the Modern Libraries 100 Best Works of Nonfiction, The Journalist and the Murderer is fascinating and controversial, a contemporary classic of reportage.
