Atomic Blonde Barry Lowe,2016-04-28 Born Joan Lucille Olander in a small South Dakota town, Mamie Van Doren rose to Blonde Bombshell status in Hollywood when she signed with Universal Pictures in 1953, right on the heels of Marilyn Monroe. This comprehensive biography explores Van Doren's early life and career, spanning from her start as a bit player in Howard Hughes' Jet Pilot to her significant role as the last surviving member of Hollywood's famous Three M's: Mamie Van Doren, Marilyn Monroe, and Jayne Mansfield. A complete filmography lists Van Doren's roles in film and television. Entries include a plot synopsis, cast and crew details, and in many instances recent and contemporary reviews.

White Rat Gayl Jones,2024-02-06 The acclaimed author's first collection of stories "Gayl Jones's work represents a watershed in American literature. From a literary standpoint, her form is impeccable . . . and as a Black woman writer, her truth-telling, filled with beauty, tragedy, humor, and incisiveness, is unmatched." —Imani Perry Gayl Jones has been described as one of the great literary writers of the 20th century and was recently a finalist for both the Pulitzer Prize and The National Book Award. This collection of short fiction was her third book, originally edited and published by Toni Morrison in 1977, and is reissued now alongside her second collection, BUTTER, in paperback for the first time. The collection contains twelve provocative tales that explore the emotional and mental terrain of a diverse cast of characters, from the innocent to the insane. In each, Jones displays her unflinching ability to dive into the most treacherous of psyches and circumstances: the title story examines the identity and relationship conundrums of a black man who can pass for white, earning him the name "White Rat" as an infant; "The Women" follows a girl whose mother brings a line of female lovers to live in their home; "Jevata" details eighteen-year-old Freddy's relationship with the fifty-year-old title character; "The Coke Factory" tracks the thoughts of a mentally handicapped adolescent abandoned by his mother; and "Asylum" focuses on a woman having a nervous breakdown, trying to protect her dignity and her private parts as she enters an institution. In

uncompromising prose, and dialect that veers from northern, educated tongues to down-home southern colloquialisms, Jones illuminates lives that society ignores, moving them to center stage.

Once They Were Angels Rob Goldman, 2006 *Once They Were Angels* details the baseball team's rich 44-year history through fresh perspectives from the players who defined the franchise: Bo Belinsky, Jim Fregosi, Nolan Ryan, Rod Carew, Don Baylor, Reggie Jackson, Jim Abbott and many others. The book ends where it begins ? with Scott Spiezio reliving his dramatic home run in the seventh inning of Game Six of the 2002 World Series. Like any great franchise worth remembering, *Once They Were Angels* will form an indelible stamp in the hearts and minds of Angels fans both young and old.

Cocaine Fiends and Reefer Madness Michael Starks, 1982 From the very beginning, filmmakers have struggled to free themselves from censorship and manipulation by special-interest groups, and this struggle is clearly evident in the history of drug films. *Cocaine Fiends and Reefer Madness* is an exhaustive exploration of the history of the depiction of psychoactive drugs in motion pictures from Thomas Edison's *Opium Smoker* (1894) to *Cocaine Cowboys* (1978), Included are over 400 silent and 1,000 sound films as well as nearly 500 drug-abuse films, 85 experimental films, and 135 television programs. More than 150 stills, most never before published and many extremely rare, illustrate the text. Arranged chronologically as well as by drug type and often by country, this book shows that, far from being a recent phenomenon, drug films were made in nearly every country and period that produced a significant body of films. Visit Edison's first film studio, reflect on the filmic consequences of Cocteau's opium addiction with Kenneth Anger's early experiences with magic mushrooms, see Charles Laughton smuggling cocaine inside a statute of the Buddha, and watch Douglas Fairbanks, Sr., consuming vast quantities of opium and cocaine in a World War I Sherlock Holmes parody.

Movies on TV, 1988-1989 Steven H. Scheuer, Robert J. Pardi, 1987 Alphabetical listings and a 4-star rating system make for quick and easy decision-making, while thoughtful, professional reviews guide consumers to optimal viewing pleasure. Expanded and updated with over 14,000 listings.

Lights, Camera, Sound Tracks Martin Charles Strong, Brendon Griffin, 2008 *Lights, Camera, Soundtrack* surveys over 50 years of rock 'n' roll movies, musicals and performance films. It identifies the top guns involved in each film, provides a storyline, rates the film and reviews its soundtrack. From pop and rock musicals, like the classic Elvis Presley vehicle *Jailhouse Rock* and the recent Tenacious D showpiece *The Pick of Destiny*, to performance films like *Woodstock* and *Dig!*, and the bootylicious films of the Blaxploitation genre, all manner of rock and popular music films are here. It also includes the films whose soundtracks made a massive impact on their success, such as *Trainspotting*, *Reservoir Dogs*, and *The Crow*. And a section is dedicated to the rock and pop luminaries who have written film scores, such as Peter Gabriel, Nick Cave, and Ry Cooder.--BOOK JACKET.

Cinema Sex Sirens Lee Pfeiffer, Dave Worrall, 2011-11-29 With an introduction by Sir Roger Moore, *Cinema Sex Sirens* centres around a select number of actresses, from cinematic legends to some whose names are barely known by the general public who capitalised on their natural beauty during this era. Each chapter focuses on one actress, with a biography, commentary, complete filmography and full colour photos, rare international movie poster artwork and magazine covers. Actresses featured include Sophia Loren, Raquel Welch, Brigitte Bardot, Elizabeth Taylor, Ursula Andress and Gina Lollobrigida

Rebels Leerom Medovoi, 2005-11-23 Holden Caulfield, the beat writers, Elvis Presley, Chuck Berry, and James Dean—these and other avatars of youthful rebellion were much more than entertainment. As Leerom Medovoi shows, they were often embraced and hotly debated at the dawn of the Cold War era because they stood for dissent and defiance at a time when the ideological production of the United States as leader of the “free world” required emancipatory figures who could represent America’s geopolitical claims. Medovoi argues that the “bad boy” became a guarantor of the country’s anti-authoritarian, democratic self-image: a kindred spirit to the freedom-seeking nations of the rapidly decolonizing third world and a counterpoint to the repressive conformity attributed to both the Soviet Union abroad and America’s burgeoning suburbs at home. Alongside the young rebel, the contemporary concept of identity emerged in the 1950s. It was in that decade that “identity” was first used to define collective selves in the politicized manner that is recognizable today: in terms such as “national identity” and “racial identity.” Medovoi traces the rapid absorption of identity themes across many facets of postwar American culture, including beat literature, the young adult novel, the Hollywood teen film, early rock ‘n’ roll, black drama, and “bad girl” narratives. He demonstrates that youth culture especially began to exhibit telltale motifs of teen, racial, sexual, gender, and generational revolt that would burst into political prominence during the ensuing decades, bequeathing to the progressive wing of contemporary American political culture a potent but ambiguous legacy of identity politics.

All listings are coded to identify the source, with many indicating the specific dealer who provided the information.

Confessions of a Cineplex Heckler Joe Queenan, 2000 A laugh-out-loud collection of reviews, rants and ravings from America's cynic-laureate. In the winter of 1998, armed only with a stopwatch, Queenan risked death as he plunged fully dressed into the icy waters of the Atlantic, in an attempt to prove that Leonardo DiCaprio could not possibly have lasted as

long and talked as much as he does at the end of Titanic. It is this cavalier disregard for life and limb that has made him our most beloved, heavily medicated film critic. This wickedly funny book sees Queenan back in the movie theatre, heckling the stars, directors, producers - and audiences - that define today's film industry. With his keen eye for fraud and pomposity, Queenan takes on such lofty subjects as *The Remains of the Dazed* (an informed discussion of the Merchant Ivory duo's oeuvre) and *Hair Force* (a treatise on movie stars with 'hideous, hilarious, or otherwise highly disruptive hairstyles'). And not to be missed - his plunge down a flight of stairs in a wheelchair to see if Mel Gibson's antics in *Conspiracy Theory* can be duplicated.
