

Man Green

Nina Lyon

The Book of the Green Man Ronald Johnson, 1967

The Green Man Kingsley Amis, 2013-05-07 The owner of a haunted country inn contends with death, fatherhood, romantic woes, and alcoholism in this humorous and “rattling good ghost story” from a Booker Prize-winning author (The New York Times) Maurice Allington has reached middle age and is haunted by death. As he says, “I honestly can’t see why everybody who isn’t a child, everybody who’s theoretically old enough to have understood what death means, doesn’t spend all his time thinking about it. It’s a pretty arresting thought.” He also happens to own and run a country inn that is haunted. The Green Man opens as Maurice’s father drops dead (had he seen something in the room?) and continues as friends and family convene for the funeral. Maurice’s problems are many and increasing: How to deal with his own declining health? How to reach out to a teenage daughter who watches TV all the time? How to get his best friend’s wife in the sack? How to find another drink? (And another.) And then there is always death. The Green Man is a ghost story that hits a live nerve, a very black comedy with an uncannily happy ending: in other words, Kingsley Amis at his best.

The Green Man Kingsley Amis, 2011-09-30 Like all good coaching inns, The Green Man is said to boast a resident ghost: Dr Thomas Underhill, a notorious seventeenth-century practitioner of black arts and sexual deviancy. However, the landlord, Maurice Allington, is the sole witness to the renaissance of the malevolent Underhill. Led by an anxious desire to vindicate his sanity, Allington strives to uncover the key to Underhill's satanic powers. All while the skeletons in Allington's own cupboard rattle to get out.

Fat Man to Green Man Ira Rainey, 2013-12-09 Despite believing he was bionic as a child, Ira Rainey was far from an elite athlete with superhuman running abilities like the ones he read about in books. He was in fact an overweight and unfit slacker who felt a bit sorry for himself because he had sore feet. Sure he ran a bit, but he also sat around a lot and ate and drank too much. Why? Because he could, and because he was a delusional optimist who thought everything would always be just fine. That was until a friend was diagnosed with terminal cancer and given months to live. It was an event that would push Ira to tackle his apathy towards life and take on the challenge of becoming an ultramarathon runner, pushing himself to go further than he had ever gone before. Award winning, Fat Man to Green Man: From Unfit to Ultramarathon is a warm and humorous account of one man’s quest to uncover his true super powers as he journeys from fat to fit, and taking in

everything that came between the two. It is a story of fields and friendships; mud and maps; but more importantly learning how to push yourself to achieve what you would never believe you could - and how to deal with the consequences. Fat Man to Green Man won the silver award for running books in The 2014 Running Awards, an award voted for by runners. Ira Rainey, with Fat Man to Green Man, was also a shortlisted finalist for New Writer of the Year in The British Sports Book Awards 2014. "Ira Rainey's lifestyle transformation is an extraordinary example of what can be accomplished with passion and conviction. Fat Man to Green Man is an inspirational story of how the seemingly impossible can come true. A must-read for anyone looking to make a positive change." - Dean Karnazes - World-renowned endurance athlete and NY Times bestselling author "Rainey is proof that ultradistance races can be completed by middle-aged mortals and not just extreme endurance athletes with a penchant for pain." - Men's Fitness Magazine "The ending? It's not what you will expect, but it will see you re-appraise everything in life you thought was certain. We think you will be inspired and, like us, are certain you may lose a few tears before you reach it." - Running Fitness Magazine "It's an inspirational tale of Ira's battle with inner demons and ill health...I felt as if I was right beside him..." - Trail Running Magazine "So many things are covered here, the back to back training runs, the speed work (I was actually a bit intimidated by how fast he can knock out a 5K), the nutrition and weight loss and dealing with injury and recovery. He discovered that he was not bionic but overall he was very capable of running long distances and recalling the tales very vividly."- James Adams - Ultramarathon runner and author of Running and Stuff "At times laugh out loud funny, at others quite poignant (the parts where Ira faces the impending loss of a dear friend are especially touching) this book is a fun take on one man's journey to becoming an ultra runner, and finding himself in the process." - UltrarunnerPodcast "Dean Karnazes taught us about what it takes to be at the very top of ultra running, wowing us in the process while Ira, inspired by Dean, gives us an insight of ultra running that the rest of us could aspire to." - The Running Stories

A Little Book of the Green Man ,1998 Who is the green man who stares down enigmatically for the corbels and capitals of churches across Europe? He has been linked to Robin Hood, Pan, the Oak King and the Holly King. For such a blatantly Pagan image to have persisted in Christian churches all over Europe surely implies a tremendous power and significance.

The Green Man Ronald William Millar,1997-08-01

The Negro Motorist Green Book Victor H. Green, The Negro Motorist Green Book was a groundbreaking guide that provided African American travelers with crucial information on safe places to stay, eat, and visit during the era of segregation in the United States. This essential resource, originally published from 1936 to 1966, offered a lifeline to black motorists navigating a deeply divided nation, helping them avoid the dangers and indignities of racism on the road. More than just a travel guide, The Negro Motorist Green Book stands as a powerful symbol of resilience and resistance in the face of oppression, offering a poignant glimpse into the challenges and triumphs of the African American experience in the 20th

century.

Green Man William Anderson,1990 The Green movement and the women's movement have picked up on the scientific Gaia hypothesis, which suggests that the planet Earth is a single living organism. The next stage of the ecological revolution begins with the reawakening of the male counterpart of the Goddess, the Green Man, and archetype found in folklore and religious art from the earliest times, and especially linked with Christian origins of modern science. Long suppressed, the archetype emerges now to challenge us to heal our relationship with nature.

Little Green Man Simon Armitage,2005-11-01 Thirty-something, out of work, separated from his wife and alienated from his autistic son, Barney retreats into the fantasy world of his past. He harks back to the do-or-dare days with his mates, Winkie, Pompus, Stubbs and Tony Football. Nearly twenty years later, rummaging in the attic, Barney unearths a priceless possession, one that reunites his old circle of friends. As the men get involved in the re-creation of their childhood game - this time with very grown-up stakes - jealousies, rivalries and enmities test their friendship to breaking-point and even threaten their lives. Now, everyone is willing to do or die for the little green man...except this time it's for keeps.

In the Shadow of Green Man Reginald Haslett-marroquin,2017-01-01

The Green Man Kathleen Basford,1998 Delightful, oft-reprinted guide to the foliate heads so common in medieval sculpture. This was the first-ever monograph dedicated to the Green Man.

Becoming a Visible Man Jamison Green,2004 A transsexual activist offers insights into the challenges of gender dysphoria. Born with a female body, and in a lesbian parent relationship prior to sex reassignment surgery, the author explores how we know our sex and discusses the complexities of the answer for those whose sex and gender are mismatched, examining medical options, psychosocial and legal implications, and media representations of transpeople.

The Green Man in Britain Fran Doel,Geoff Doel,2001-05-31 The Green Man has many facets, many dimensions. He peers through his leaf mask in hundreds of church misericords and stone carvings. His innate link with the changing seasons and fertility is revealed in the medieval poem Sir Gawain and the Green Knight and in summer folk customs such as Jack in the Green, the Castleton Garland and the Burry Man. Perhaps he even lurks in the legendary hero of the Greenwood, Robin Hood. The Authors have been running summer schools and courses on the Green Man for many years, and in this fascinating study they discuss his significance in medieval times and explore the modern development of the concept of the Green Man. The book also contains a detailed gazetteer of over 200 sites, featuring almost 1000 carvings (many photographed by Felicity Howlett).

The Land of the Green Man Carolyne Larrington,2017-12-15 Beyond its housing estates and identikit high streets there is another Britain. This is the Britain of mist-drenched forests and unpredictable sea-frets: of wraith-like fog banks, druidic mistletoe and peculiar creatures that lurk, half-unseen, in the undergrowth, tantalising and teasing just at the

periphery of human vision. How have the remarkably persistent folkloric traditions of the British Isles formed and been formed by the psyches of those who inhabit them? In this sparkling new history, Carolyne Larrington explores the diverse ways in which a myriad of fantastical beings has moulded the nation's cultural history. Fairies, elves and goblins here tread purposefully, sometimes malignly, over an eerie landscape that also conceals brownies, selkies, trows, knockers, boggarts, land-wights, Jack o'Lanterns, Barguests, the sinister Nuckleavee and Black Shuck: terrifying hell-hound of the Norfolk coast with eyes of burning coal. Ranging from Shetland to Jersey and from Ireland to East Anglia, while evoking the Wild Hunt, the ghostly bells of Lyonesse and the dread fenlands haunted by Grendel, this is a book that will captivate all those who long for the wild places: the mountains and chasms where giants lie in wait

Uprooted Nina Lyon, 2016-03-01 Who, or what, is the Green Man, and why is this medieval image so present in our precarious modern times? An encounter with the Green Man at an ancient Herefordshire church in the wake of catastrophic weather leads Nina Lyon into an exploration of how the foliate heads of Norman stonemasons have evolved into today's cult symbols. The Green Man's association with the pantheistic beliefs of Celtic Christianity and with contemporary neo-paganism, with the shamanic traditions of the Anglo-Saxons and as a figurehead for ecological movements, sees various paths crossing into a picture that reveals the hidden meanings of twenty-first-century Britain. Against a shifting backdrop of mountains, forests, rivers and stone circles, a cult of the Green Man emerges, manifesting itself in unexpected ways. Priests and philosophers, artists and shamans, morris dancers, folklorists and musicians offer stories about what the Green Man might mean and how he came into being. Meanwhile, in the woods, strange things are happening, from an overgrown Welsh railway line to leafy London suburbia. *Uprooted* is a timely, beautifully written and joyfully provocative account of this most enduring and recognisable of Britain's folk images.

Green Man Running Georgina Hammick, 2002 The appealing second novel from the critically acclaimed author of *The Arizona Game*. This is the story of a man in flight from his past, in thrall to his job and in despair about his life. Dexter Bucknell, farmer's son and freelance copy-editor, is trying to persuade his live-in girlfriend, Moy, to marry him and be a mother to his two young sons. While Moy escapes daily to her studio to work on her stained glass, Dexter is left at home to juggle work and debts and domestic chores. Complicating their lives are Dexter's ex-wife, his mother, Moy's schizophrenic brother and the unavoidable decision Dexter has to confront about his future. The novel makes you laugh and cry as it follows mood-swinging Dexter through a week of what he likes to call "the situation tragedy of my life."

How the Man in Green Saved Pahang, and Possibly the World Joshua Kam, 2020 Winner of the 2020 Epigram Books Fiction Prize When a renegade prophet vanishes in a cloud of pigeons in Kuala Lumpur, chorister and first witness Gabriel finds himself press-ganged into a wild road trip down the Malaysian coast. Meanwhile, in a sleepy town by the sea, Lydia traces the links between her late grandaunt's eccentric lover and her involvement in the Communist Emergency. As Lydia

and Gabriel enter a shadowy mythology of serpents, Sufi saints and plainclothes gods, they must grapple with the theologies and histories they once trusted, in a country more perilously punk than they'd ever conceived of. Reader Reviews: A dizzying tale of saints, heists, maybe-queens. —The Straits Times Quite the debut, accomplished, deft, unabashed and exuberant. —Asian Review of Books Author Joshua Kam's debut book brings Asian mythology to the forefront. —The Sun Daily Malaysian author blurs myths and truths as you escape on a wild road trip ... This whimsical, rollercoaster ride of a book also carries a tale of old and new Malaysia colliding, with various figures from local history, politics and folklore coming together in an epic quest for the soul of the nation. —newsday24.com In essence, (the novel) acts as a love letter to Malaysian folklore and history, showcasing an impressive degree of representation and imagination that never feels shoehorned into the narrative. —Bakchormeeboy What a trip! This 21st-century adventure quest with an Islamic saint also brings us on a madcap tour through a multitude of Malaysian mythologies— Malay epics, Taoist pantheons, WW2/Emergency/Merdeka heroics, and more. Even more vitally, it gives us hope amidst the dire news of our era— political corruption, environmental devastation and bigotry—reassuring us that the human/divine spirit still flourishes in the late-capitalist tropics, and is ultimately destined to triumph over evil. An absolute delight, and truly, deliciously Malaysian." —Ng Yi-Sheng, award-winning author of Lion City "Borgesian, even Manichean in spirit, with almost reverent borrowings from Nusantara mythologies to Abrahamic religiosity, this novel is a wild ride from start to finish, riffing on Malayan history, politics and folklore in a surprisingly redemptive arc, while remaining deeply interrogative about what it means to keep true to goodness in the ever-changing face of evil." —Cyril Wong, two-time Singapore Literature Prize-winning author of This Side of Heaven

The Spirit of the Green Man Mary Neasham,2007-11-29 New understanding of this potent archetype of fecundity, The Green Man. Today, the need for connection to The Green Man has never been stronger. The pollution on our planet has rendered him, paradoxically, even more influential to the future of humankind. Though shrouded in mystery, he speaks directly to anyone who wants to hear him. The reader is shown how to meet and interact with the spirit of The Green Man through * practical work * green awareness * magic * meditation This book fulfills a contemporary need for oneness to the Greenwood and nature.
