Boobs Ruth Daniell,2016 At turns heartbreaking and hilarious, BOOBS is a diverse collection of stories about the burdens, expectations and pleasures of having breasts. From the agony of puberty and angst of adolescence to the anxiety of aging, these stories and poems go beyond the usual images of breasts found in fashion magazines and movie posters, instead offering dynamic and honest portraits of desire, acceptance and the desire for acceptance. Surrounded by flat-chested co-workers in a male-dominated construction crew, a woman finds pleasure in admiring her body with the occasional glimpse in a window. A new mother in a new city overcomes a sense of isolation through her experience of breastfeeding her son. Breastfeeding plays a role in another's story when, after identifying as gender non-binary and relaxing into an ambivalent relationship to her breasts, she becomes a parent. In another story, a young woman makes the decision to undergo breast-reduction surgery and appreciates a new sense of ownership and love of her body. A survivor of sexual assault shares her story of shame and healing and how she simultaneously began to recognize she has more to offer the world than her body and began to really, truly love her big breasts. One writer declares that we should stand up for breasts ... playful and shameless as puppies. With startling and moving work from critically acclaimed writers including Lorna Crozier, Nancy Lee and Kate Braid, as well as new voices, these stories are passionate, determined, defiant and funny, and - perhaps most importantly - they look honestly and unflinchingly at both sadness and joy.

Play Like a Man Rose Marshack,2023-02-28 As a member of Poster Children, Rose Marshack took part in entwined revolutions. Marshack and other women seized a much-elevated profile in music during the indie rock breakthrough while the advent of new digital technologies transformed the recording and marketing of music. Touring in a van, meeting your

idols, juggling a programming job with music, keeping control and credibility, the perils of an independent record label (and the greater perils of a major)—Marshack chronicles the band’s day-to-day life and punctuates her account with excerpts from her tour reports and hard-learned lessons on how to rock, program, and teach while female. She also details the ways Poster Children applied punk’s DIY ethos to digital tech as a way to connect with fans via then-new media like pkids listservs, internet radio, and enhanced CDs. An inside look at a scene and a career, *Play Like a Man* is the evocative and humorous tale of one woman’s life in the trenches and online.

*To Love, Honor, and Vacuum* Sheila Wray Gregoire, 2014 Sheila speaks to both the heart and habits of the woman who is

wife and mother. The lessons in this book are biblical, doable, and affordable!--Margaret B. Buchanan From advertisements to mommy blogs to Pinterest, scenes of domestic bliss abound, painting a picture of perfection and expectation nearly impossible to live up to. Why can't you work a full-time job, stylishly clothe yourself and your children, plan a party for twelve with handmade decorations, keep your house sparkling clean without chemicals, and bake a gourmet meal in the same day? Everyone else is doing it! For many women, housework has become more than chores that need to be done; it is a symbol of identity. Sheila Wray Gregoire wants to stop that thinking in its tracks and help women back to a life of balance--for their sakes and for their families. She encourages women to shift their focus from housekeeping to relationships and shows them how to foster responsibility and respect in all family members. The second edition retains the helpful, concrete advice on everyday situations such as strategies for tackling chores and budgets and tips on effective communication, while incorporating the wisdom Sheila has gained through her interaction with thousands of readers of her blog and through her speaking ministry over the past ten years. Through the principles in *To Love, Honor, and Vacuum*, Gregoire promises readers they can grow and thrive in the midst of their hectic lives--even if their circumstances stay the same.

**The Chemistry Between Us** Larry Young PhD, Brian Alexander, 2012-09-13 How much control do we have over love? Much less than we like to think. All that mystery, all that poetry, all those complex behaviors surrounding human bonding leading to the most life-changing decisions we'll ever make, are unconsciously driven by a few molecules in our brains. How does love begin? How can two strangers come to the conclusion that it would not only be pleasant to share their lives, but that they must share them? How can a man say he loves his wife, yet still cheat on her? Why do others stay in relationships even after the romance fades? How is it possible to fall in love with the "wrong" person? How do people come to have a "type"? Physical attraction, jealousy, infidelity, mother-infant bonding—all the behaviors that so often leave us befuddled—are now being teased out of the fog of mystery thanks to today's social neuroscience. Larry Young, one of the world's leading experts in the field, and journalist Brian Alexander explain how those findings apply to you. Drawing on real human stories and research from labs around the world, *The Chemistry Between Us* is a bold attempt to create a "grand unified theory" of love. Some of the mind-blowing insights include: Love can get such a grip on us because it is, literally, an addiction. To a woman falling in love, a man is like her baby. Why it's false to say society makes gender, and how it's possible to have the body of one gender and the brain of another. Why some people are more likely to cheat than others. Why we sometimes truly can't resist temptation. Young and Alexander place their revelations into historical, political, and social contexts. In the process, they touch on everything from gay marriage to why single-mother households might not be good for society. *The Chemistry Between Us* offers powerful insights into love, sex, gender, sexual orientation, and family life that will prove to be enlightening, controversial, and thought provoking.

*Pretty Boobs of Women Living Next Door* Jrgen Prommersberger, 2016-07-03 A woman's breasts are the most eye-

catching feature of her sex per se. A man who claims, that he was looking a naked woman first in the eye, is surely lying. This illustrated book shows women who deal aggressively with their nakedness. They have no problems with showing their nudity in public. These exhibitionist ladies are mainly just ordinary women, who live next door to you and to me. Most of the images are not created in studios, they are quite simply snapshots. Their breasts are not as perfect as we know them from glossy magazines. And no... They are of course no plastic boobs, which are created with the help of doctors. You will see tits, as they were made by nature. Another point is, that nothing has been retouched with Photoshop. These women are just proud of their breasts as they are. For each of these women is important, that they are beautiful in their own special way. No matter if she has small breasts or large ones. Whether they are firm or whether they are hanging. In this picture book you will see women in their many different ages of their lives. From just grown-up teens to mature women beyond their 60ies. Even pregnant women are not afraid to present their naked body in front of the lens of the camera. And where do all these pictures came from? Many of the pictures were taken in public or in nature. They do not mind, if they can be seen by others. The site can be a snapshot from nude-area beaches or images from various nude-people events. Some of the pictures are made in studios and others from home, made by their loved ones. But all images have one thing in common. All these women are proudly presenting themselves naked or half-naked for our pleasure. Enjoy.....

**Mazurka for Two Dead Men** Camilo José Cela,2019-02-05 A New York Times Best Book of the Year Nobel Prize Laureate Mazurka for Two Dead Men, the culmination of Camilo José Cela's literary art, opens in 1936 at the beginning of the Spanish Civil War: Lionheart Gamuzo is savagely murdered. In 1939, as the war ends, his brother avenges his death. For both deaths, the blind accordion player Gaudencio plays the same mazurka. Set in backward rural Galicia, Cela's excellent novel portrays a reign of fools, and works like contrapuntal music, its themes calling and responding, alternately brutal, melancholy, funny, lyrical, and coarse.

**Man to Man** Andy Murcia,Bob Stewart,1990-03-01 Discusses the diagnoses and treatment of breast cancer, discusses nutrition and exercise, and includes advice on readjustment

**Men Trapped in Men's Bodies** Anne A. Lawrence,2012-12-09 There are few topics in sex research as compelling and confounding to researchers, clinicians, and the general public as that of transsexualism. Upending normative notions of gender, eroticism, and identity, it poses significant scientific and clinical challenges. The book addresses a fascinating and largely unexplored topic within the study of transsexualism: The feelings and desires of conventionally masculine men who are attracted to women yet want to become women themselves. Through a collection and discussion of vivid first-person narratives, the book provides an in-depth examination of these men's unusual propensity to be sexually aroused by the thought of themselves as women and how these men's sexual feelings influence their decisions to seek or undergo sex reassignment. These narratives about autogynephilia by autogynephilic male-to-female (MtF) transsexuals provide the first

comprehensive documentation of the erotic ideation that underlies the most common form of MtF transsexualism. The narratives provide empirical evidence for Blanchard's theory of MtF transsexual motivation, and thus are of interest to researchers and theorists studying the phenomenology of MtF transsexualism. The narratives are likely to be eye-opening to psychologists, psychiatrists, physicians, and other professionals who work with MtF transsexuals: Most clinicians probably do not fully appreciate the erotic underpinnings of their clients' condition. A better understanding of their clients' autogynephilic feelings and motivations would enable these professionals to provide more empathetic and effective clinical care.
