**The Silent War** Frank Furedi,1998 Traces the history of Western colonial racist ideology and its role in subjugating non-Western peoples, analyzing the changing perception of racism in the West and how the use of race has altered during the course of the 20th century. Looks at WWII as the critical turning point in racist ideology, arguing that the defeat of Nazism left the West uneasy with its own racist past. Assesses how this was redefined in the postwar period, and demonstrates that Western nations were initially unwilling to accept criticism of their past. **Manga Cultures and the Female Gaze** Kathryn Hemmann,2020-03-31 The female gaze is used by writers and readers to examine narratives from a perspective that sees women as subjects instead of objects, and the application of a female gaze to male-dominated discourses can open new avenues of interpretation. This book explores how female manga artists have encouraged the female gaze within their work and how female readers have challenged the male gaze pervasive in many

forms of popular media. Each of the chapters offers a close reading of influential manga and fancomics to illustrate the female gaze as a mode of resistant reading and creative empowerment. By employing a female gaze, professional and amateur creators are able to shape and interpret texts in a manner that emphasizes the role of female characters while challenging and reconfiguring gendered themes and issues.

*Danger's Hour* Maxwell Taylor Kennedy, 2009-11-03 Drawing on years of research and firsthand interviews with both American and Japanese survivors, Maxwell Taylor Kennedy draws a gripping portrait of men bravely serving their countries in war and the advent of a terrifying new weapon, suicide bombing, that nearly halted the most powerful nation in the world. In the closing months of World War II, Americans found themselves facing a new weapon: kamikazes--the first men to use airplanes as suicide weapons. By the beginning of 1945, facing imminent invasion, Japan turned to its most idealistic young men and demanded of them the greatest sacrifice. On May 11, 1945, days after Germany's surrender, the USS Bunker Hill--with thousands of crewmen and the most sophisticated naval technology available--was 70 miles off the coast of Okinawa when pilot Kiyoshi Ogawa flew his plane into the ship, killing 393 Americans in the worst suicide attack against America until September 11.--From publisher description.

**Affinity: Chaos** Springs\_Halo,2021-03-05 \*\*\*\*\* Grey, elemental affinity, zero The Elder announced the result loudly On hearing this, it was like a bolt of lightning struck Grey, he stood there dumbfounded and just stared at the Elder. Shocked voices could be heard from the people and there was some which were also filled with scorn. Grey stood dazed amidst all the noises without any reactions. One word was constantly reverberating in his head, 'How?'. 'Why, why did this happen to me?' Grey asked himself over and over again \*\*\*\*\* Unbeknownst to Grey, something greater lies in wait in his body.... \*\*\*\*\* Check out the book, leave a review after reading, and also your powerstones. Hope you enjoy this, and Thanks for reading ^\_^ P.S: When I started this book I had zero writing experience, so the first chapters aren't that great, although, my writing quality has improved over time. Also, English isn't my first language, so there are some instances where my choice of words are not good enough for what I'm trying to portray. A heads up, the book will be using a medieval setting. My world building is not the best, but it gets better over time, so bear with me on the early chapters! P.S: Cover art not mine I just edited it. If you're the owner and want me to take it down you can notify me.

*Silence Is My Mother Tongue* Sulaiman Addonia,2020-09-08 A sensuous, textured novel of life in a refugee camp, long-listed for the Orwell Prize for Political Fiction On a hill overlooking a refugee camp in Sudan, a young man strings up bedsheets that, in an act of imaginative resilience, will serve as a screen in his silent cinema. From the cinema he can see all the comings and goings in the camp, especially those of two new arrivals: a girl named Saba, and her mute brother, Hagos. For these siblings, adapting to life in the camp is not easy. Saba mourns the future she lost when she was forced to abandon school, while Hagos, scorned for his inability to speak, must live vicariously through his sister. Both resist societal expectations by seeking to redefine love, sex, and gender roles in their lives, and when a businessman opens a shop and befriends Hagos, they cast off those pressures and make an unconventional choice. With this cast of complex, beautifully drawn characters, Sulaiman Addonia details the textures and rhythms of everyday life in a refugee camp, and questions what it means to be an individual when one has lost all that makes a home or a future. Intimate and subversive, *Silence Is My Mother Tongue* dissects the ways society wages war on women and explores the stories we must tell to survive in a broken, inhospitable environment.
