In the Doghouse Mary Katherine Kamfonas,2013-04 In the Doghouse, based on a true story, is about a young man who comes to grips with the importance of the theme of giving over receiving. One morning he opens his front door to something that triggers his thoughts to his childhood. He remembers the day he disappeared and the universe turned upside down, a day when a dog made a difference. Read how the events of one afternoon in the life of a young boy shaped a powerful memory that returned years later to change the boy forever.

Meet Me in the Doghouse Bruce David Colen,1973 The story of how an ex-New York couple brought a rundown hillside house outside Hollywood and transformed it through ten years of dubious battle with man and nature into a private paradise and menagerie.

Doghouse ,2014-07-22 In the third novel in the “entertaining” (Library Journal) Gin & Tonic mystery series, the stakes are raised when Ginny Mallard and Teddy Tonica stumble on an underground dog fighting ring with bloody consequences. Even though she’s unlicensed as an investigator, the infamously nosy Ginny Mallard has begun to make a name for herself as an unofficial champion of the tongue-tied. When a mysterious stranger comes to her with landlord trouble, she convinces her bartender friend Teddy Tonica to help her once more. Soon, they realize they might have got themselves tied up in an underground dogfighting ring. With the help of Ginny’s pet shar-pei puppy and Tonica’s tabby cat, they have to figure out what’s going on before someone else gets hurt. Will twelve legs really be better than four?

Doghouse Roses Steve Earle,2002 With the publication of his first collection of short stories, Doghouse Roses, singer, songwriter, and activist Earle reflects the many facets of his life and his hard-fought struggles--the defeats, and the eventual triumphs he has experienced during a career spanning three decades.

Out of the Madhouse and Into The Doghouse Mary Markstrom,2019-11-17 If you love dogs like I do or if you're stuck in a soul-destroying job like I was and dreaming of down-sizing to a warmer climate then this book may be for you. I write of how I quit my stressful social work job in Glasgow and went to Spain where I ended up working with dogs. It isn't a, 'how to,' book about how to escape the rat-race. I made many mistakes and if I had to do it over I'd have planned it better but despite this I can say I have no regrets.Dogs are always happy to see you, wagging their tails and licking you. All I ever got from the people I tried to help in social work was drug and alcohol fueled abuse. I even had food and shoes thrown at me.After more

than two miserable decades I'd almost reached breaking point. I finally snapped when a false accusation was made against me at work. Feeling let down by unsupportive management I told the Social Work autocrats what they could do with their rotten job. I sold my flat and found myself homeless and unemployed for the first time in my life. It was scary and some people thought me mad. With the menopause snapping at my heels I took off blindly and, with no forward planning, I headed to Spain in a battered old caravan. I'd no idea what I'd do when I got there but whatever lay ahead had to be better than my former existence as a social worker. After many mis-adventures I ended up marrying a Swedish man called Olof and together we ran boarding kennels. I write, humorously I hope, of the many dogs I encountered, first in the rain drenched streets of Glasgow and then in the stunning sunshine of the Andalusian mountains. I first introduce you to Pluto, a starving mutt which I saved from a gang of stone throwing thugs in my home city. He was very grateful to be rescued but nearly scuppered my travel plans. In Spain you'll also meet meet Harry Hound-ini (Houdini), named after the famous escape artist of that name. He was our first boarder at the kennels and we needed eyes in the back of our heads to out-smart him as he masterminded one escape plan after another. The humans were just as interesting as the dogs. My traveling companion was Max, a multilingual, dope smoking musician with big 'Bambi, ' eyes who had a mysterious past. His eccentricities ensured that our journey was never dull. In Spain Max became embroiled with Miguel Mafia a shrewd misogynistic con man with ripe banana legs. Together they conspired to trick me out of my dream Spanish home. I invite you to laugh and cry with me as I recount my struggles to survive in a foreign land. I'd like to thank Chris, my long suffering husband for all his support and encouragement. I will donate ten per cent of the money I make from selling this book to a dog rescue charity.

Bartók and His World Peter Laki, 2020-10-06 Béla Bartók, who died in New York fifty years ago this September, is one of the most frequently performed twentieth-century composers. He is also the subject of a rapidly growing critical and analytical literature. Bartók was born in Hungary and made his home there for all but his last five years, when he resided in the United States. As a result, many aspects of his life and work have been accessible only to readers of Hungarian. The main goal of this volume is to provide English-speaking audiences with new insights into the life and reception of this musician, especially in Hungary. Part I begins with an essay by Leon Botstein that places Bartók in a large historical and cultural context. László Somfai reports on the catalog of Bartók's works that is currently in progress. Peter Laki shows the extremes of the composer's reception in Hungary, while Tibor Tallián surveys the often mixed reviews from the American years. The essays of Carl Leafstedt and Vera Lampert deal with his librettists Béla Balázs and Melchior Lengyel respectively. David Schneider addresses the artistic relationship between Bartók and Stravinsky. Most of the letters and interviews in Part II concern Bartók's travels and emigration as they reflected on his personal life and artistic evolution. Part III presents early critical assessments of Bartók's work as well as literary and poetic responses to his music and personality.

In the Doghouse? Becky Van Burkleo,2007-09 People who love dogs will find adventure, humor, and pathos in this family story. If every man needs one good woman and one good dog in his lifetime, Dad found both. Although the woman and their children appear throughout this book, the story focuses on the dog and her man. Julie was an undersized Llewellyn English setter, amiable of disposition, and freckled of face. Dad, an avid outdoorsman, doted on her shamelessly for seventeen years. They roamed the great outdoors, sharing adventures with game birds, varmints, white-water rivers, and hang-gliders. So inseparable were they, Mama once remarked, If that dog could cook and make love, I'd be out of a job! Julie would never have won a field trial, but she became a serious bird dog, hunting bobwhites and ruffed grouse in the Appalachians. Later, the game was valley and mountain quail in California. She learned not to chase rabbits and deer, but Dad was powerless over her ground-hog addiction. Upon encountering a woodchuck, her eyes would glow with the joy of combat, and she would attack with colors flying. In the field, it was all business, but the professional training fraternity would curl its collective lip to see Dad coddle his dogs around the house. With her second litter, Julie produced a handsome co-character, Pretty Boy. Julie perfected a guilt-inducing stare that paid off in shares of whatever snack was being consumed. She endeared herself to all with her dance of joy when an outing appeared imminent. Disapproval was expressed by a disdainful sneer. In her old age, arthritis overwhelmed her. Dad tirelessly medicated and massaged her, but finally had to accept t

Spiked Mark Arsenault, 2007-07-09 Reporter Eddie Bourque chases stories for the Lowell Empire, a second-class rag in a Massachusetts city of first-generation immigrants and bare-knuckled politicians. The talented and ambitious Eddie has one eye on finding a better job. However, when the dead junkie found floating in a mill canal is identified as his beat partner, he gives the story his full attention. That is, until he finds himself stonewalled by powerbrokers in Lowell law enforcement-- and at his own newspaper. Bent on finding his partner's killer, Eddie disobeys orders and follows a mysterious Cambodian woman into the city's poorest neighborhood-- with violent results. Battered, dumped in a canal and left for dead, Eddie survives an encounter with an invisible underworld, only to find himself entangled in an international plot of murder and revenge. It's do or die for Eddie as he struggles to stay one step ahead of ruthless hitmen, the city's self-serving power elite, and the curious police detective who always shows up when Eddie wishes she wouldn't. The story of a lifetime beckons, but the closer he comes to the truth, the greater the chance that the story-- and Eddie will be spiked.
