

Mantak Chia Healing Love Through The Tao

Mantak Chia, William U. Wei

Healing Love through the Tao Mantak Chia, 2005-07-15 A new edition of the bestseller • The first book to reveal in the West the Taoist techniques that enable women to cultivate and enhance their sexual energy • Reveals Taoist secrets for shortening menstruation, reducing cramps, and compressing more chi into the ovaries for greater sexual power • Teaches the practice of total body orgasm For thousands of years the sexual principles and techniques presented here were taught by Taoist masters in secret only to a small number of people (sworn to silence), in the royal courts and esoteric circles of China. This is the first book to make this ancient knowledge available to the West. The foundation of healing love is the cultivation, transformation, and circulation of sexual energy, known as jing. Jing energy is creative, generative energy that is vital for the development of chi (vital life-force energy) and shen (spiritual energy), which enables higher practices of spiritual development. Jing is produced in the sexual organs, and it is energy women lose continually through menstruation and child bearing. Mantak Chia teaches powerful techniques developed by Taoist masters for the conservation of jing and how it is used to revitalize women's physical, mental, and spiritual well-being. Among the many benefits conferred by these practices are a reduction in the discomfort caused by menstruation and the ability to attain full-body orgasm.

Healing Love Through the Tao Mantak Chia, 1986 For thousands of years the sexual principles and techniques presented in this book were taught by Taoist masters secretly in the royal courts and esoteric circles of China. This is the first book to make this ancient knowledge available to the West. Mantak Chia teaches powerful techniques to revitalize women's physical, mental, and spiritual well-being.

The Alchemy of Sexual Energy Mantak Chia, 2009-12-23 Taoist techniques for replenishing our internal energy with universal cosmic energy • Shows how to transform excess sexual energy (Ching Chi) into self-healing energy • Presents advanced Cosmic Healing Chi Kung practices, which gather the limitless resources of Cosmic Chi for healing • Explains how opening of the three tan tiens to the six directions allows personal consciousness to connect directly to higher sources of energy Taoists consider our sexual energy to be the creative force that we can use to regenerate the body's internal energy, but we must learn how to harness excess sexual energy and transform it into chi, or life-force energy. When we circulate the sexual energy in the Microcosmic Orbit--a continuous energy loop that runs up the spine and down the front of the body--we transform it into self-healing energy that can be stored in the organs and the three tan tiens: energy centers in the brain, the

heart center, and the lower abdomen. The Alchemy of Sexual Energy builds upon Microcosmic Orbit practices discussed in Healing Light of the Tao. The more we open the flow of our internal energy the more capable we are of connecting to the cosmic energy that exists outside ourselves in the universe. By learning to open the three tan tiens to the six directions, the Taoist practitioner combines mind power with extension of chi to draw cosmic energy into the body. This energy, too, can be stored in the three tan tiens and used as needed for healing. When we learn to flow in this way with the energy of the Tao, life ceases to be a struggle.

Taoist Secrets of Love Mantak Chia, Michael Winn, 1984 entered here make the process of linking sexual energy and transcendent states of consciousness accessible to the reader.

Taoist Shaman Mantak Chia, Kris Deva North, 2011-01-25 The shamanic roots of Taoist practice • Explains the principles of the Taoist Medicine Wheel, including the Five Elements, the animals of the Chinese zodiac, and the trigrams of the I Ching • Includes exercises from the “Wheel of Love” to access the Tao of Ecstasy • Contains illustrated teaching stories about the Eight Immortals Thousands of years ago the immortals known as the Shining Ones shipwrecked on the Chinese coast. Passing their shamanic practices--such as ecstatic flight and how to find power animals and spirit guides--on to the indigenous people, they also taught them the wisdom of the Medicine Wheel. From the Taoist Medicine Wheel came the principles of Yin and Yang, the Five Elements, the Eight Forces, the Chinese zodiac, and the I Ching. The Taoist Medicine Wheel can also be found at the foundation of traditional Chinese medicine and the esoteric sexual practices of Taoist Alchemy. In the Taoist Shaman, Master Mantak Chia and Kris Deva North explain the shamanic principles of the Taoist Medicine Wheel, how it is oriented on the Five Elements rather than the Four Directions, how it relates to the twelve animals of the Chinese zodiac and the trigrams of the I Ching, and how it aligns with the Eight Forces of the Pakua. Through illustrated teaching stories, the authors show how the energetic principles of each of the Eight Forces are reflected in the Eight Immortals. Revealing the wheel’s application to sacred sexuality, they offer exercises from the “Wheel of Love” to strengthen and deepen relationships as well as providing a means to access the Tao of Ecstasy.

Taoist Foreplay Mantak Chia, Kris Deva North, 2010-07-13 Sexual techniques and traditional Chinese medicine for increased pleasure • Reveals how to enhance relationships by harmonizing male and female energies • Includes easy-to-follow, illustrated acupressure massage routines • Shows how to maintain sexual health with prostate massage and jade egg exercises Taught to Chinese emperors, their wives, and their concubines for thousands of years, Taoist sexual techniques help lovers harmonize their cycles of pleasure and utilize the abundance of reproductive power that is otherwise wasted in non-procreative sex. Combining the study of sex with traditional Chinese medicine, these practices stimulate and sustain sexual desire through the meridians and pressure points and enhance relationships by harmonizing male (yang) and female (yin) energies. Using easy-to-follow illustrations, Taoist Foreplay guides lovers through simple acupressure massage routines

connecting all the points and channels that increase pleasure and spark arousal. It shows how to prolong peak moments, maintain sexual health through prostate massage and jade egg exercises, and sustain the intensity of first love through all the seasons of a maturing relationship. It also explains how to reveal and overcome incompatibility with the Taoist Zodiac. From foreplay to climax, these practices offer a way to keep the flame of sexual energy alive.

Sexual Reflexology Mantak Chia, William U. Wei, 2003-05-22 Moves reflexology beyond the realm of foot massage and into the realm of sexuality. • Offers acupressure methods to build intimacy and heighten sexual pleasure. • Helps couples find their sexual energy potential and physical compatibility. • Provides techniques to perform time-tested Taoist sexual-spiritual exercises. • By Mantak Chia, coauthor of *The Multi-Orgasmic Man*. The most powerful reflex points on the body are on the sexual organs. While the practice of reflexology is normally associated with massage of the feet, in *Sexual Reflexology* Mantak Chia gives applications for using the sexual reflex points in lovemaking, transforming sexual intercourse into a form of ecstatic acupressure. By combining the classic Taoist sexual texts with modern reflexology theory, the author provides a unique opportunity for couples to practice sexual intimacy as an act of healing. Mantak Chia shows how to evaluate a person's sexual energy potential as well as how the size and shape of the sexual organs determine a couple's compatibility. In addition to the specific ecstatic acupressure exercise instructions, he provides thoughtful commentary on ancient Taoist practices that reveal how we can all use our sexual essence to create healthy and loving relationships.

Healing Light of the Tao Mantak Chia, 2008-05-27 The guide to engaging and directing the three primordial forces of Earth, Heaven, and Higher Self to achieve enlightenment and immortality • Explains how to circulate the life force, or chi, by balancing yang (male) and yin (female) currents of bioenergy • Includes an overview of the complete Taoist body/mind/spirit system along with newly refined methods of activating the life force • The sequel to the classic *Awaken Healing Energy Through the Tao* In 1983, Mantak Chia introduced the “Microcosmic Orbit” to the West. Prior to that time, most of the Eastern energy practices transmitted to the West were incomplete, dealing only with the ascending yang/masculine channel, which shoots life-force energy up the spine. The Microcosmic Orbit showed practitioners how to establish the descending yin/feminine channel of the life-force energy loop. Within Taoist systems, cultivating feminine energy has always been seen as the key to gaining balance and wholeness. *Healing Light of the Tao* presents the more advanced methods of chi cultivation in the Microcosmic Orbit, offering a full understanding of Taoist spiritual theory through its comprehensive overview of the complete Taoist body/mind/spirit system. The book also includes more advanced meditation methods for absorbing the higher frequencies of Earth Force, Cosmic Force, and Universal Force (Heavenly chi) into the basic orbit. It establishes a spiritual science that not only emphasizes practical benefits to health, sexual vitality, and emotional balance, but also shows how changes made in the energy body can lead to physical rejuvenation that the Taoists called immortality.

The Healing Energy of Shared Consciousness Mantak Chia, 2011-02-23 How to connect with universal energy for

inner peace, happiness, and individual and global healing • How to transform the energy around us into positive loving energy • How to perform the World Link meditation to unite with global consciousness • How to fuse the observing mind, the conscious mind, and the mind of awareness Western science now recognizes the three “minds” associated with the three tan tiens of Taoism: the observing mind centered in the brain, the conscious mind centered in the heart, and the mind of awareness centered in the lower abdomen. By unifying the three minds--what in Chinese is called Yi--we can transform the energy around us into positive loving energy and be empowered to manifest our goals and dreams. This can lead to a more balanced, less negative way of life and offers a way to gain inner peace, wholeness, and happiness as well as the ability to heal yourself and others. In *The Healing Energy of Shared Consciousness*, Master Mantak Chia shows how to fuse the three minds and form the Protective Sacred Circle of Fire, which creates a seal around us allowing in only good energy and intentions. He explains step-by-step how to perform the World Link meditation to connect with global and universal energy for inner peace, happiness, and healing. Accessible even for those who have never worked with the Universal Healing Tao, this practice offers a way to unite people all over the world in a form of shared consciousness that amplifies collective loving energy to benefit the world.

Cosmic Fusion Mantak Chia, 2007-08-27 A guide to the advanced practice of Inner Alchemy, which brings the physical body into balance with the energy body • Presents the second level of Inner Alchemy practices that use the eight forces of the pakua (bagwa) to collect, gather, and condense chi in the body • Explains how to balance negative emotional energy with positive energy to detoxify, nourish, and integrate the physical and the energy body with the forces of nature • Shows how to collect and channel the greater energies of the stars and planets to create unity between what is above and below Cosmic Fusion is an advanced level of Inner Alchemy that teaches how to bring the physical body into balance with the energy body--a necessary prerequisite for the formation of the universal body, the pearl of compassion that is one with Original Creation and the Universal Tao. Cosmic Fusion works with the expression of the eight pakua (bagwa) of Chinese cosmology, through which all creation is divided and given form, nature, and definition. Cosmic Fusion exercises establish the spiritual body firmly in the lower abdomen, where chi energy is gathered and distributed to all parts of the body--and into all creation. The fully illustrated exercises in this book also show how to collect and channel the greater energies of the stars and planets. By “fusing” all these different energies together, a harmonious whole is created, a unity of what is above and below. As heavenly and earthly forces are brought into balance, the life perfectly suited to the practitioner manifests, allowing the spirit body to prepare to move into worlds beyond--and back.

Taoist Ways to Transform Stress Into Vitality Mantak Chia, 1985

Living in the Tao Mantak Chia, William U. Wei, 2009-10-13 Taoist techniques that can quiet your mind so you can discover your true self in the wisdom of the heart • Teaches that the Tao is the flow of nature, the effortless middle path of self-

discovery • Shows how to quiet the monkey mind (the ego) and listen within for your inner voice • Fosters a connection to the Tao through diet, exercise, livelihood, and sexuality Taoists say that we must learn to observe with the mind and think with the heart. In the West we get caught up in the “monkey mind” of our ego. We think we can control our individual destinies by swimming upstream against the current, but we are mistaken. When we learn to quiet the monkey mind with meditation practices, we are able to go beyond the linear thinking of the upper brain and connect to the multidimensional thinking of supreme consciousness in the heart center. In *Living in the Tao*, Master Mantak Chia and William Wei present techniques to help us learn to move beyond the limits of time and space to connect with the universal truth within--without striving. Living in the Tao is effortless. Just as a small seed grows into a mighty tree with a little water and a little sunshine every day, a few minutes of Taoist practice each day can transform your life into one of peace and joy.

The Inner Smile Mantak Chia, 2008-08-12 A guide to the foundational practice of “smiling to the organs” to promote deep relaxation and internal health • Presents exercises that dissolve the physical and mental tensions that can cause energy

blockages and unhealthy chi flow • Shows how to recognize illness at its inception on the organ level and how to balance the emotions to heal it The Inner Smile is a practice that focuses gratitude and joy on the internal organs to resolve the physical and mental tensions that can lead to illness. In Taoism negative emotions--anger, sadness, depression, fear, and worry--are seen as low-grade energy that causes chronic disease and steals our major life force by creating energy blockages. Master Mantak Chia shows that the internal awareness produced by the simple yet powerful Inner Smile meditation practice flushes the organs of poisonous negative energy that may be blocking chi energy flow in order to nourish the entire body. Just as a genuine outer smile transmits positive energy and has the power to warm and heal, an inner smile produces a high grade of energy that promotes powerful internal healing, deep relaxation, happiness, and longevity. Smiling to the organs and thanking them for the work they do helps to reawaken the intelligence of the body, which, once activated, can dissipate emotional imbalances and inner disharmony before serious illness manifests.
