Sir George Francis Hill

The Art and Architecture of Mantua Barbara Furlotti, Guido Rebecchini, 2008 This book celebrates the cultural riches of Mantua, one of Italy's most dazzling artistic cities. New photographs, most of which have been specially taken for this book following important restoration work, reveal superb detail and bring the city and its treasures to life. The rich cultural legacy of this fascinating city lives on in its beautifully restored frescoes and in the collections of some of the world's greatest museums. These priceless works of art appear together here with fresh impetus in the pages of this outstanding and important publication.--BOOK JACKET.

A Renaissance Tapestry Kate Simon, 1988-01-01 A sketch of the north Italian city of Mantua during the Renaissance by a superb author of travel books. Though small, Mantua played a crucial role in the tortuously complicated Renaissance politics. Focus is on the calculating Gonzaga family whose political astuteness, tangled network of marriage alliances, etc., kept it in power from 1329 to 1629. Simon interweaves condottiere, humanists, artists, and musicians, giving capsule biographies of famous figures. Despite some omissions in coverage, the text is splendid: Simon has an ear attuned to the apposite quote, an especially critical eye for the works of art that made the court of Mantua internationally famous. From Library Journal.

The Gonzaga of Mantua and Pisanello's Arthurian Frescoes Joanna Woods-Marsden, 1988 The unfinished frescoes by Antonio Pisanello in the Ducal Palace in Mantua have intrigued and puzzled art historians since their rediscovery in the 1960s. In the most extensive discussion in English of these important paintings, Joanna Woods-Marsden identifies the frescoes as a coherent cycle depicting an episode from the prose Lancelot, a thirteenth-century French romance. Dating the cycle c. 1447-48, she argues that it was commissioned by Lodovico Gonzaga, ruler of Mantua, and suggests that the work, located in an important reception-hall in the mid-fifteenth-century palace, documents its patron's political and social self-image and ambitions. Not only does the book consider Pisanello's pictorial style in the context of the values, pretensions, and illusions of the Gonzaga court, but it also constitutes a study of his artistic career, of the links between the cycle's pictorial design and the Lancelot's narrative structure, and of Pisanello's physical execution of the frescoes and sinopie.

Andrea Mantegna Padua and Mantua Keith Christiansen, Andrea Mantegna, 1994 This beautiful series lavishly illustrates the world's major fresco cycles from the early fourteenth through the seventeenth centuries. Each book also contains a

comprehensive text, a biography of the artist, a bibliography, and a glossary.

The Genius of Andrea Mantegna Keith Christiansen, Andrea Mantegna, 2009 Few artists have managed to imprint their personality so indelibly on posterity as Andrea Mantegna (c. 1430-1506). Before he reached the age of twenty, Mantegna was already being praised for his alto ingegno (exalted genius), and he became the court artist for the Gonzaga family in Mantua before he was thirty. Yet, this book argues, Mantegna was not simply a great painter. Together with Donatello, he was the defining genius of the 15th century: the measure of what an artist could be. His highly original and deeply personal vision, the descriptive richness of his pictures, and his biting, hypercritical but always exalted mind gave Mantegna's art an extraordinary edge and earned him a preeminent place in the Renaissance.

The Art of Looking Up Catherine McCormack, 2019-10-29 The Art of Looking Up surveys spectacular ceilings around the globe that have been graced by the brushes of great artists including Michelangelo, Marc Chagall and Cy Twombly. From the floating women and lotus flowers of the Senso-ji Temple in Japan, to the religious iconography that adorns places of worship from Vienna to Istanbul, all the way to bold displays like the Chihuly glass flora suspended from the lobby of the Bellagio Hotel in Las Vegas: this book takes you on a tour of the extraordinary artworks that demand an alternative viewpoint. History of art expert Catherine McCormack guides you through the stories behind the artworks - their conception, execution, and the artists that visualised them. In many cases, these artworks also make bold but controlled political, religious or cultural statements, revealing much about the society and times in which they were created. Divided by these social themes into four sections - Religion, Culture, Power and Politics - and pictured from various viewpoints in glorious colour photography, tour the astounding ceilings of these and more remarkable locations: Vatican Palace, Rome, Italy Blenheim Palace, Oxfordshire, UK Louvre Museum, Paris, France Dali Theatre-Museum, Figueres, Catalonia Museum of the Revolution, Havana, Cuba Capitol Building, Washington, DC, USA Four eight-page foldout sections showcase some of the world's most spectacular ceilings in exquisite detail. First and foremost, this is a visual feast, but also a desirable art book that challenges you to seek out fine art in more unusual places and question the statements they may be making.

Limbo and Other Essays Vernon Lee, 2015-07-07 Excerpt from Limbo and Other Essays: To Which Is Now Added Ariadne in Mantua It may seem curious to begin with Dante and pass on to the Children's Rabbits' House; but I require both to explain what it is I mean by Limbo; no such easy matter on trying. For this discourse is not about the Pious Pagans whom the poet found in honourable confinement at the Gate of Hell, nor of their neighbours the Unchristened Babies; but I am glad of Dante's authority for the existence of a place holding such creatures as have just missed a necessary rite, or come too soon for thorough salvation.
