Map of Consciousness Explained David R. Hawkins, 2020-10-20 The Map of Consciousness Explained is an essential primer on the late Dr David R Hawkins's teachings on human consciousness and their associated energy fields Using muscle testing Dr Hawkins conducted more than 250 000 calibrations during 20 years of research to define a range of values attitudes and emotions that correspond to levels of consciousness This range of values along with a logarithmic scale of 1 to 1 000 became the Map of Consciousness which Dr Hawkins first wrote about in his New York Times bestseller Power vs Force In this book readers will gain an introduction and deeper understanding of the Map with visual charts and practical applications to help them heal recover and evolve to higher levels of consciousness and energy

Summary of David R. Hawkins's The Map of Consciousness Explained Everest Media, 2022-03-24T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Betty was 34 years old but she looked much older because she was thin and drawn She had developed a fear of muggers rapists and air pollution She was too afraid of talking about psychological matters to improve 2 The Map of Consciousness is a reference guide to the spectrum of consciousness charting the calibrated levels of energy It ranges from 1 to 1 000 where 1 indicates existence and 1 000 indicates the highest level that has ever graced the planet 3 The level of Courage which is the shift from negative to positive energy is the energy of integrity self honesty and real empowerment The levels below Courage are antilife whereas the levels above it are supportive of life 4 All living things react positively to what is life supporting and negatively to what is life threatening This is the fundamental mechanism of survival In humans the capacity to detect change and react appropriately is far more developed than in trees

Maps of Consciousness Ralph Metzner, 2023-09-19 A classic guide to expanding perception and consciousness development Explores six ancient yet timeless systems for exploring the mind the I Ching Tantra Tarot astrology alchemy and the yoga philosophy of Actualism Shares exercises from each system and illuminates the key stages in the journey of consciousness development Shows how each of these disciplines can help you become a fully aware and conscious participant in your own spiritual evolution In this highly acclaimed classic psychedelic elder Ralph Metzner presents a guide to six ancient systems once known only to the initiated few to expand awareness and free your consciousness from exterior limitations and cultural conditioning Metzner begins with the I Ching revered by the Chinese as the oldest and wisest book in the world He explains how it reveals change as the evolutionary constant and offers a hands on method of divination and guidance He explores the Hindu and Buddhist Tantras of medieval India ancient practices celebrating the union of male and female energies that transmute ordinary sense experience into ecstatic ritual worship He examines the Tarot revealing how the cards act as culture transcending mirrors bringing us through worlds of darkness and light in a complex journey He looks at the practice of alchemy explaining how it is a psychic chemistry of inner union through which we can transform planetary and cosmic energies He explores the esoteric aspects of astrology revealing the rhythmic cycles of the planets and how their phases may be experienced in terms of motion and emotion He then examines in depth the yoga philosophy of Actualism centered on the techniques of Agni Yoga which allow you to use your living inner fire to illuminate the shadow parts of consciousness and burn out that which obstructs the free flow of energy With a new foreword by UC Berkeley professor of neurobiology David E Presti and featuring all of the original diagrams this edition of Metzner's classic text shows how each of these disciplines can help the modern individual become a fully aware and conscious participant in their own spiritual evolution

Love and Pain, by Thaddeus Golas Thaddeus Golas, 2010-11-01 Of Love and Pain his new book American author Thaddeus Golas explained I wrote The Lazy Man's Guide to Enlightenment in language that any reader of English could understand making it as easy as possible Now in writing Love and Pain I decided to state the case as clearly as I could without regard to a general audience as though I was writing to a friend someone like myself Thaddeus Golas author of the metaphysical gem The Lazy Man's Guide to Enlightenment opens Pandora's Box once again to lead us through an uncompromising blueprint of consciousness Love and Pain is Golas most intense work as a writer philosopher and Cosmic Mapmaker This book is a true spiritual tool for the honest reader in search of answers Golas on Love and Pain Love and Pain is a necessary step beyond The Lazy Man's Guide to Enlightenment and perhaps a correction to it More must now be said about our adventures in this reality on Earth We need an explanation for the contrast between the blissful freedom of pure consciousness and the unwelcome pain and confusion of our human lives

Investigating Phenomenal Consciousness Max Velmans, 2000-01-01 How can one investigate phenomenal consciousness As in other areas of science the investigation of consciousness aims for a more precise knowledge of its phenomena and the discovery of general truths about their nature This requires the development of appropriate first person second person and third person methods This book introduces some of the creative ways in which these methods can be applied to different purposes e g to understanding the relation of consciousness to brain to examining or changing consciousness as such and to understanding the way consciousness is influenced by social clinical and therapeutic contexts To clarify the strengths and weaknesses of different methods and to demonstrate the interplay of methodology and epistemology the book also suggests a number of maps of the consciousness studies terrain that place different approaches to the study of consciousness into a broader interdisciplinary context Series A
