Negro with a Hat Colin Grant,2008-03-17 New in paperback, this groundbreaking biography captures the full sweep and epic dimensions of Marcus Garvey's life, the dazzling triumphs and the dreary exile. As Grant shows, Garvey was a man of contradictions: a self-educated, poetry-writing aesthete and unabashed propagandist, an admirer of Lenin, and a dandy given to elaborate public displays. Above all, he was a shrewd promoter whose use of pageantry evoked a lost African civilization and fired the imagination of his followers. Negro With a Hat restores Garvey to his place as one of the founders of black nationalism and a key figure of the 20th century. A searching, vivid, and (as the title suggests) complex account of Garvey's short but consequential life. --Steve Hahn, The New Republic The story of Marcus Garvey, the charismatic and tireless black leader who had a meteoric rise and fall in the late 1910s and early '20s, makes for enthralling reading, and Garvey has found an engaging and objective biographer in Colin Grant.... Grant's book is not all politics, ideology, money and lawsuits. It is also an engrossing social history.... Negro With a Hat is an achievement on a scale Garvey might have appreciated. --New York Times Book Review Dazzling, definitive biography of the controversial activist who led the 1920s 'Back to Africa' movement.... Grant's learned passion for his subject shimmers on every page. A riveting and well-wrought volume that places Garvey solidly in the pantheon of important 20th-century black leaders. --Kirkus Reviews (Starred Review) This splendid book is certain to become the definitive biography. Garvey was a dreamer and a doer; Grant captures the fascination of both. -- Publishers Weekly (Starred Review) Grant's strength lies in his ability to re-create political moods and offer compelling sketches of colorful individuals and their organizations.... An engaging and readable introduction to a complicated and contentious historical actor who, in his time, possessed a unique capacity to inspire devotion and hatred, adulation and fear. - -Chicago Tribune A monumental, nuanced and broadly sympathetic portrait. --Financial Times

Negro with a Hat: Marcus Garvey Colin Grant,2010-10-31 Discover the definitive biography of Marcus Garvey 'Grant is an accomplished storyteller and writes with an elegance leavened by wit and cynicism that makes this book eminently

readable' Guardian At one time during the first half of the twentieth century, Marcus Garvey was the most famous black man on the planet. Hailed as both the 'black Moses' and merely 'a Negro with a hat', he masterminded the first International Convention of the Negro Peoples of the World, began the Universal Negro Improvement Association and captivated audiences with his powerful speeches and audacious 'Back to Africa' programme. But he was to end his life in penury, ignominy and friendless exile, after serving jail time in both the US and Jamaica. With masterful skill, wit and compassion, Colin Grant chronicles Garvey's extraordinary life, the failed business ventures, his misguided negotiations with the Ku Klux Klan, the two wives and the premature obituaries that contributed to his lonely, tragic death. This is the dramatic cautionary tale of a man who articulated the submerged thoughts of an awakening people. 'Engrossing...Writing in a concise, expressive style...drawing on gargantuan research ...Grant show's Garvey's heady triumphs and crushing disappointments, his complexity and his paradoxes' Independent on Sunday

Marcus Garvey Charles River Charles River Editors,2018-10-19 *Includes pictures *Includes online resources and a bibliography for further reading After the Civil War, the fight for civil rights spawned a multitude of heroic African-American activists, but it is remembered in large part for the work of a few iconic African-American men of stature. Much like their later counterparts, Reverend Martin Luther King, Jr. and Malcolm X, the debate between gradual integration through temporary accommodation and overtly insistent activism was led by Booker T. Washington and W. E. B. Du Bois. Through the last years of the 19th century, Washington's gentler approach of enhancing black prospects through vocational education, largely accomplished with white permission and funds, seemed the popular choice. His legacy can be sensed in King's subsequent willingness to extend an olive branch to white Americans in a sense of unity, although Washington's propensity for accommodation held no place in King's ministry. Ultimately, however, the vision that oversaw the creation of the Tuskegee Institute faded in the early 20th century as black intellectualism and stiffening resolve came to the fore. This side's greatest proponent, William Edward Burghardt Du Bois, still stands among the greatest and most controversial minds of any black leader in his country. The first African-American to receive a doctorate from Harvard University, Du Bois rose to become one of the most important social thinkers of his time in a 70-year career of combined scholarship, teaching, and activism. The third and most improbable approach toward American civil rights for black citizens blended the beliefs of Washington and Du Bois, and it was spearheaded by global activist Marcus Aurelius Garvey. The Jamaican began his career as an activist with a devotion to Washington's path, but he subsequently leaned to the alternative, and beyond. Beyond the worldview of both colleagues, Marcus Garvey's bigger-than-life scheme was to establish a black-owned and managed shipping line to transport much of America's black population back to Africa. Repatriation of black residents to the African continent had been proposed and debated before, even by Abraham Lincoln, but Garvey's second and equally prodigious vision proposed that once the African diaspora returned to its homeland, an immense empire would assume rule over the continent, housing black cultures from around the globe. This realization of racial segregation would be a boon to black and white societies, at peace but thriving in distinctly separate cultures and economies from the white world. No other black

leader wielded such an epic influence on African societies as Garvey, the gregarious visionary who would never set foot on the African continent in his lifetime, but despite this, he was one of the few notable names from the West known to Africans. Garvey very nearly accomplished the impossible while fending off the American federal government's attempts to frame him on any charge that would disarm his vast army of devotees. Booker T. Washington's legacy is based on the continuing success of Tuskegee, and Du Bois co-founded the NAACP and left volumes of brilliant writing and exhortations to black America, but only Garvey inspired the first important nationalist movement of African-Americans in North America. Central to the many Pan-African Congresses, he founded the Universal Negro Improvement Association, the African Communities League, and the Black Star Shipping Line. Despite being Caribbean-born, Garvey made his headquarters in New York City, and at the peak of his influence was considered the most powerful man in Harlem. In his uplifting speeches on the subject of black pride, his exhortations cast him as the father of the modern Black is Beautiful movement. Through his work, Garvey commanded the ear of the masses, millions in number.

Black Moses E. David Cronon, 1960-03-15 In the early twentieth century, Marcus Garvey sowed the seeds of a new black pride and determination. Attacked by the black intelligentsia and ridiculed by the white press, this Jamaican immigrant astonished all with his black nationalist rhetoric. In just four years, he built the Universal Negro Improvement Association (UNIA), the largest and most powerful all-black organization the nation had ever seen. With hundreds of branches, throughout the United States, the UNIA represented Garvey's greatest accomplishment and, ironically, the source of his public disgrace. *Black Moses* brings this controversial figure to life and recovers the significance of his life and work. "Those who are interested in the revolutionary aspects of the twentieth century in America should not miss Cronon's book. It makes exciting reading."—*The Nation* "A very readable, factual, and well-documented biography of Marcus Garvey."—*The Crisis*, NAACP "In a short, swiftly moving, penetrating biography, Mr. Cronon has made the first real attempt to narrate the Garvey story. From the Jamaican's traumatic race experiences on the West Indian island to dizzy success and inglorious failure on the mainland, the major outlines are here etched with sympathy, understanding, and insight."—*Mississippi Valley Historical Review* (Now the *Journal of American History*). "Good reading for all serious history students."—*Jet* "A vivid, detailed, and sound portrait of a man and his dreams."—*Political Science Quarterly*

The Marcus Garvey and Universal Negro Improvement Association Papers, Vol. I Marcus Garvey, 2023-09-01 Marcus Mosiah Garvey (1887- 1940) led an extraordinary mass movement of black social protest. His Universal Negro Improvement Association and his back to African program of racial nationalism introduced many ideas that emerged again during the Black Power years of the 1960s: pride in black roots, pride in black physical features and African culture, and rejection of assimilation into white America. Yet the charismatic black Jamaican who roared his credo before huge audiences on the street corners of Harlem remains an enigma. His image as an honest idealist urging blacks to build their own nation has been

clouded by accusations that he was a con man who, in the name of black pride, perpetrated one of history's greatest swindles. The Marcus Garvey And Universal Negro Improvement Association Papers clarifies the Garvey phenomenon. This is the first volume in a monumental ten-volume survey of thirty thousand archival documents and original manuscripts from widely separated sources, brought together by editor Robert A. Hill to provide a compelling picture of the evolution, spread, and influence of the UNIA. Letters, pamphlets, vital records, intelligence reports, newspaper articles, speeches, legal records, and diplomatic dispatches are enhanced by Hill's descriptive source notes, explanatory footnotes, and comprehensive introduction. Of the over three hundred items included in Volume I, only very few have ever been published or reprinted before. Volume I begins with the earliest mentions in 1826 of the Garvey family in Jamaica's slave records, and closes with Garvey's triumphant address at Carnegie Hall on August 25, 1919. The information is fascinating and often startling, tracing Garvey's early career in Jamaica, Central America, Europe, and the United States, and detailing the first stirrings of what was to become an international mass movement. Hill presents complete documentation of the first official surveillance of the UNIA, which prepared the way for the beginning of the criminal and civil litigation that engulfed Garvey and his movement, as American and European governments reacted to the perceived threat with repressive policies. The documents also record the internal structure and political splits during the early years of the UNIA, and provide the financial history of Garvey's controversial Black Star Line steamship venture, one of the schemes that ultimately led to the financial collapse of his movement. The first volume and the following five focus on America, the seventh and eighth on Africa, and the last two on the Caribbean. The information Hill has compiled goes far beyond preoccupation with a single intriguing historical figure to document the growth and demise of a mass social phenomenon, an Afro-American protest movement with strong links to African and Caribbean nationalism in the first decades of the twentieth century.

Race First Tony Martin, 1986 A classic study of the Garvey movement, this is, the most thoroughly researched book on Garvey's ideas by a historian of black nationalism.,.
