Theology and Survival Movies Ioan Buteanu,2023-03-03 This book provides an innovative analysis of the survival movie genre from an Orthodox Christian anthropological perspective. Grounded in the Orthodox tradition, the approach builds from the first chapter of Genesis where man is described as made in the 'image' and after the 'likeness' of God. It offers a nuanced theological exploration of the concept of the survival movie and examines a number of significant cinematic creations, illustrating how issues of survival intersect romantic, Western, science fiction and war films. The author reflects on how survival movies offer a path for the study of human nature given they depict people in crisis situations where they may reveal their true characters. As well as discussing the role of a 'limit situation' as a narrative element, the book highlights the spiritual aspect of survival and points to the common hope in survival movies for something more than biological survival. It is valuable reading for scholars working in the field of religion and film.

How To Survive (Almost) Anything Ollie Ollerton,2023-05-25 THE MODERN-DAY SURVIVAL BIBLE FROM EX-SPECIAL FORCES SOLDIER AND NUMBER ONE BESTSELLING AUTHOR OLLIE OLLERTON Do you know how to thrive, not just survive? In *How to Survive (Almost) Anything*, former Special Forces soldier Ollie Ollerton passes on all the specialist skills, knowledge and mindset learnt over the course of a life that has experienced some of the world's toughest conditions and most hostile situations: whether that's fending off a wild animal at 10 years-old, serving in the elite Special Forces, or mountaineering in the ice-capped Himalayas. This essential guide meticulously teaches you how to prepare your instincts, ready your mentality and hone your survival skills so that you have the tools and know-how to survive whatever comes next.

Cinematic Journeys in Latin America Richard Francaviglia,2023-08-30 This book critically examines how movies that feature real or imagined explorers and expeditions creatively feature the geography of Latin America. It focuses on how locales are scripted into film plots and artistically depicted, and demonstrates that place is as important as any character in a film, especially in this genre. Nineteen key films are analyzed. Some, like Aguirre, the Wrath of God, Fitzcarraldo, The Other Conquest, Embrace of the Serpent, and The Lost City of Z are based on the exploits of real explorers. Others are fictional, including Apocalypto, Indiana Jones and the Kingdom of the Crystal Skull, and Dora and the Lost City of Gold. The author also discusses the evolution of exploration-discovery films, including trends that will likely be found in forthcoming movies.

Survivors David Long,2016-10-25 Winner of the Best Book With Facts Blue Peter Book Award 2017. Amazing real-life stories about extreme survival.Beautifully presented in a large, paperback format, and fully illustrated in colour throughout, this wonderful anthology is a treat for all the family. Be shocked and amazed by these incredible real-life stories of extreme survival, including . . .The Man Who Sucked Blood from a Shark, a sailor who survived for 133 days on a raft in the Atlantic when his ship was torpedoed, using shark's blood in place of fresh water. The Girl Who Fell From the Sky, a teenager who fell 2 miles from an aeroplane and trekked through the Amazon jungle to safety. The Woman Who Froze to Death - Yet Lived, a woman who was trapped under freezing water for so long her heart stopped. Four hours later, medics managed to warm her blood enough to revive her. Combining classic tales such as Ernest Shackleton's Antarctic voyage, as well as more modern exploits such as the adventurer who inspired the movie 127 Hours, these astonishing stories will be retold by young readers to all of their friends.'A gorgeously presented hardback book, full of incredible real-life stories of extreme survival . . . Ultimately an inspirational book, beautifully illustrated.' Angels and Urchins'True-story fans will love this.' Queer Jewish Lives Between Central Europe and Mandatory Palestine Andreas Kraß,Moshe Sluhovsky,Yuval Yonay,2021-12-31 When queer Jewish people migrated from Central Europe to the Middle East in the first half of the 20th century, they contributed to the creation of a new queer culture and community in Palestine. This volume offers the first collection of studies on queer Jewish lives between Central Europe and Mandatory Palestine. While the first section of the book presents queer geographies, including Germany, Austria, Poland and Palestine, the second section introduces queer biographies between Europe and Palestine including the sexologist Magnus Hirschfeld (1868-1935), the writer Hugo Marcus

(1880-1966), and the artist Annie Neumann (1906-1955).

Jungle ,2019 Young Israeli Yossi Ghinsberg (Daniel Radcliffe, Swiss Army Man, Harry Potter) leaves a safe future behind to chase an improbable dream in the mysterious depths of the Amazon rainforest For a year he journeys on the path well-travelled, but when he and two new fellow adventurers, Kevin Gale (Alex Russell, Unbroken) and Marcus Stamm (Joel Jackson, Peter Allen: Not the Boy Next Door), meet the darkly charismatic Karl Ruchprecter (Thomas Kretschmann, Avengers: Age of Ultron), and follow him into the jungle, what begins as the realisation of a dream soon turns into a harrowing psychological test of faith and fortitude. Based on the true-life international best-selling memoir by Yossi Ghinsberg, this gut-churning tale of survival is worthy of placement next to the highly impressive likes of Into The Wild, Deliverance, Wild, 127 Hours, and Alive. In a career-best performance, Daniel Radcliffe is superb as Ghinsberg, a young man travelling the world in the early 1980s, against the better wishes of his strict parents. A survival film that marches to the delirious beat of its own hallucinogenic drum, Jungle bows inventively before the bad guy to end all bad guys: Mother Nature.

Lost in the Jungle Yossi Ghinsberg,2008-07-07 Four travellers set off into the Amazon rainforest on an expedition to find a hidden tribe. But what begins as the adventure of a lifetime quickly becomes a struggle for survival when they get lost in the jungle. It's a story of friendship and a terrifying true account that you won't be able to put down.

Back from Tuichi Yossi Ghinsberg,1993 A riveting adventure story about four men and their trip down the uncharted waters of the Tuichi River and of one man's fight for survival in the rainforests of the Amazonian jungle.

Jungle Yossi Ghinsberg,2016-07-14 Four travellers meet in Bolivia and set off into the Amazon rainforest on an expedition to explore places tourists only dream of seeing. But what begins as the adventure of a lifetime quickly becomes a struggle for

American English File 3e Level 4 Student Book Christina Latham-Koenig, Clive Oxenden, Jerry Lambert, 2020-07-28 American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University.

Jungle (Movie Tie-In Edition) Yossi Ghinsberg, 2017-10-17 Four travelers meet in Bolivia and set off into the heart of the Amazon rainforest, but what begins as a dream adventure quickly deteriorates into a dangerous nightmare, and after weeks of wandering in the dense undergrowth, the four backpackers split up into two groups. But when a terrible rafting accident separates him from his partner, Yossi is forced to survive for weeks alone against one of the wildest backdrops on the planet. Stranded without a knife, map, or survival training, he must improvise shelter and forage for wild fruit to survive. As his feet begin to rot during raging storms, as he loses all sense of direction, and as he begins to lose all hope, he wonders whether he will make it out of the jungle alive. The basis of an upcoming motion picture starring Daniel Radcliffe, Jungle is the story of friendship and the teachings of nature, and a terrifying true account that you won't be able to put down.
