Rape Of The Innocent - Juliann Whetsell Mitchell 2023-01-06
Written for mental health professionals, crisis hot line workers, educators and clergy, this resource discusses how to prevent and recognise child sexual abuse and what to do if abuse is suspected. The content covers many settings in which sexual abuse may occur, including the home, day care and group settings. A special section addresses abuse of minority children and those who are handicapped. The author has also included a glossary of terms relevant to the study and prevention of abuse.

Rape - Miranda A. H. Horvath
2013-01-11

Rape remains one of the most controversial issues within criminal justice and receives high profile coverage internationally. Despite the many changes there have been to the law, practice and procedure in the investigation of rape allegations, and support available for victims, victims are routinely blamed for their victimization. Only a very small number of perpetrators ever face prosecution, let alone conviction. This book aims to take stock of current thinking and research about rape and the way it is handled in practice within the criminal justice system, and to challenge some of the widely

Rape Of The Innocent Understanding And Preventing Child

held but inaccurate beliefs about rape. It brings together leading researchers in the field from psychology, sociology and law, considering new research and presenting new data from a strong theoretical and contextual base. The main focus of the book is on adult victims of rape, with chapters exploring such issues as rape and the media, the use of alcohol and drugs in rape, police decision making on rape cases, conviction patterns in rape trials, and interviewing victims of rape and sexual assault.

Adverse Childhood Experiences and Their Life-

Long Impact - Ami Rokach
2023-08-08

Adverse Childhood Experiences and Their Life-Long Impact explores how these experiences influence cognitive, behavioral and social experiences in adulthood. The book conceptualizes the types of violence, abuse, neglect, and/or trauma that factor into ACEs. It also explores the psychopathological outcomes of ACEs among children,

Sexual Abuse including neurodevelopmental and psychosocial mechanisms. By drawing on cross-cultural perspectives, the authors provide insight into the variations between the adversity and trauma children experience. Sections also cover preventive measures, risk factors and various forms of interventional treatment, making this book a core read for psychologists, physicians, social workers, educators and researchers in the field.

Provides a comprehensive framework for understanding adverse childhood experiences

Reviews the link between ACE and homelessness, substance abuse, and physical and/or sexual violence in adulthood

Highlights key components of cross-cultural perceptions on child abuse and neglect, including differences of gender
Explores options for prevention and intervention for those who experience adverse childhood experiences

My Piece of Sky - Mariella Furrer 2010-08-30

On 27 August 1994, Thea Pumbroek died in a room of a Holiday Inn in Amsterdam. She had appeared in a number of pornographic films and died from an overdose of drugs whilst being filmed in yet another pornographic movie.

Thea was 6 years old. In October 2005, in

Johannesburg, South Africa,

Michaela Ganchi was abducted, raped, sodomised and brutally

murdered. After trying unsuccessfully to kill Michaela by pounding her head with

rocks, 27-year-old Ronald Jones cut her throat with a broken bottle. The pathologist at the trial described the physical

trauma to the child's vagina and anus as so severe that there would have been lifelong

Rape Of The Innocent Understanding And Preventing Child

consequences had Michaela survived. Michaela was 6 years old. And the list of innocent children who have been sexually brutalised goes on and on Thankfully, not all children who are sexually abused are murdered, but all sexual crimes against children represent horrific abuses of power and expressions of brutality. The scars from sexual abuse are felt for the rest of a victims life and affect an individuals ability to grow to his or her potential. A part of me died many years ago. I have been mourning it my whole life Garth, a 39-year-old man, was sexually abused by several people from a very young age. By the time he was 13 he was doing drugs and taking money for sex. On April 23, 2008 he committed suicide in a police cell. Garths life story is a testimony to the damage that paedophiles inflict on children, for the rest of their lives. This project is a personal journey that began for Mariella Furrer over 30 years ago when she was molested by a stranger. Since then she has explored the world of child

Sexual Abuse

sexual abuse with her camera and a sound recorder, documenting both the brutality of child rape, the resilience of its young survivors, and the dedication of all the people working to protect them. Furrer chose to focus her attention on South Africa, as a metaphoric example for child abuse world wide. Dealing with an epidemic of child sexual abuse. South Africa has one of the highest incidents of child rape and child sexual abuse in the world. An estimated fifty child rapes are reported every day in the country, but child rights activists say that thousands more crimes go unreported and that because children are even less likely to report their abuse, they estimate that the real rate of child rape could be 20 times higher than the reported rate. In other western countries the figures are also staggering. In the U.S. approximately 150.00 to 200.000 children are being sexually abuse every year, and one out of 7 men will be sexually molested before the age of 18. In the U.K. 21% of

Rape Of The Innocent Understanding And Preventing Child

girls and 11% of boys are victims of child sexual abuse. In Spain 25% of women have been sexually abused in their childhood. Mariella Furrer has worked on this project, on and off, for almost seven years now, inspired by the strength of the young victims and their families, and the passion and perseverance of the policemen and childcare workers who toil around the clock to look after them. In this time, she has produced and gathered a large body of work consisting of photos, journals, in-depth recorded interviews, artwork and poetry. This book will give a voice to the countless children who have endured this ordeal, and give people a better understanding of what exactly it means to be sexually abused as a child.

SIECUS Report - 2000

International Review for the Sociology of Sport - 1997

Sex, Youth, and Sex Education

- David Campos 2002-04-23

An authoritative reference that discusses the history of sex

Sexual Abuse education and its ramifications in the United States.

Community and school officials, parents, and educators often stay to the wee hours of the night at PTA meetings arguing about sex education and sexual behavior among young people. While some groups preach abstinence and attempt to sign as many youngsters as possible to their rosters, it remains a fact that 50 percent of U.S. teenagers, beginning at age 15, are sexually active. Sex, Youth, and Sex Education is a wonderfully crafted resource that gives not only a statistical overview of sexual activity in schools, but also examines sex education, the scourge of sexual violence in schools, and sexuality among selected groups of youngsters. What emerges is a groundbreaking work for educators and students of sociology, psychology, and education. This work brings to light the fascinating—not to mention ubiquitous—world of sexuality among today's youth and its impact on parents, school personnel,

Rape Of The Innocent Understanding And Preventing Child

policymakers, and society.

Confronting Child and Adolescent Sexual Abuse -

Cynthia Crosson-Tower
2014-01-30

Confronting Child and Adolescent Sexual Abuse is the first text to examine the history, theory, treatment, and prevention of this complex phenomenon. With in-depth insights into the psychologies of victims, their families, and the perpetrators, this comprehensive text shows readers how to recognize the symptoms and impact of childhood sexual abuse, critically engage with the unique nature of each case, complete a thorough assessment, develop a treatment plan, and effectively intervene in critical situations. A national expert on child abuse and neglect and the author of numerous books and publications, Cynthia Crosson-Tower addresses a wide range of special topics and helps readers prepare for working in this challenging professional field. "This is sure to become the definitive 'classic' text in

Sexual Abuse

courses preparing students for

competent practice with sexually abused children and adolescents." —Barbara Nowak, Albany State University "This text opens with a history of sexual abuse, offers models for treatment and assessment and provides excellent insights into many of the major sexual abuse dynamics of our times. Finally we have a textbook that is very relevant for our times."

—Nancy DeCesare, Chestnut Hill College

Innocence Interrupted - Chidi Asika-Enahoro 2005-09

"A very insightful book for every parent and individual who is concerned about the predatory evil of sexual molestation in this modern time." -Dr. Emmanuel Junard, president, Get-Well Naturally, Inc. "Readers will be drawn to Innocence Interrupted because of the brilliant approach of the author in freeing the victims of sexual abuse from unwarranted guilt." -Loretta Mbadugha, PhD, Dillard University, New Orleans, Louisiana Innocence Interrupted presents a graphic

Rape Of The Innocent Understanding And Preventing Child Sexual Abuse

look into the mind of the molested child and explores the simple techniques sexual predators use to evade justice. Author Chidi Asika-Enahoro examines what everyone should know about sexual abuse and molestation. With its remarkable twist of gripping sexual consequences embedded within unintended family values, *Innocence Interrupted* explores the core of family structure to inspire parents to become more attentive to the needs of everyone at home. *Innocence Interrupted* is a refreshing attempt to expand human awareness and to encourage ultimate love and guilt-free existence. This awareness assures the safety of our youth and ensures that innocence is not interrupted.

Spoilsports - Celia

Brackenridge 2002-08-26

Sexual exploitation in sport is a problem that has beset both male and female athletes privately for decades but which has only recently emerged as a public issue. *Spoilsports* is the first comprehensive review of

this issue, integrating pioneering academic research, theoretical perspectives, and practical guidelines for performers, coaches, administrators and policy-makers. Key topics include: * 'moral panic' * children's rights * masculinity and power * making and implementing policy * leadership in sport. *Spoilsports* draws extensively on the personal experiences of athletes and those involved in sport. Challenging and controversial, this book represents an important step towards tackling a difficult issue. It is essential reading for coaches, athletes, parents, policy-makers and all those with a personal or professional interest in sport.

The Invisible Girl - Sandy Dixon 2008

Handbook of Children, Culture, and Violence -

Nancy E. Dowd 2006

This handbook provides a comprehensive, interdisciplinary examination of childhood violence that considers children as both

Rape Of The Innocent Understanding And Preventing Child

Sexual Abuse

consumers and perpetrators of violence, as well as victims of it.

Understanding and Preventing Community Violence - James F. Albrecht 2022-05-30

This book examines the contemporary rise in community violence across the United States and globally from sociological and criminological perspectives. It comprehensively investigates police response to criminal incidents, engagements with criminal suspects, use of force by law enforcement, and crime

control measures implemented or recommended to initiate effective crime control measures so that the unwanted rise of violence and serious crime can again be contained. The primary audience for the book will be upper level undergraduate and graduate level students, criminal justice and law enforcement practitioners, government policy makers, community advocates, and researchers in sociology, criminology, homeland security, criminal justice, public administration, and political science.
