You can comfort a mourner. You can volunteer your time. You can make a difference. You can give of your self-a self that is infused with godliness."

Into the Fullness of the Void - Dov Elbaum 2013-11-15

A spiritual journey—both deeply personal and strikingly universal. One of Israel’s leading cultural figures, Dov Elbaum grew up in an ultra-Orthodox Jerusalem family, and was a prodigy who seemed destined for greatness in the world of Talmud study. But in his late teens, he abruptly broke away and set off into secular Israeli society. In this fascinating, courageous and compelling autobiography, Elbaum seeks to understand his decision and its consequences. With the structure of Kabbalah as his road map, Elbaum journeys into the deep recesses of his self and his soul. The ultimate goal of his journey is “the Void,” a Kabbalistic space that precedes God’s creation of the world, and a psychological state that precedes our formation as individuals. It is a space of great vulnerability but also of hope for rebirth and renewal. This is an intimate, honest, revealing work, both deeply personal and strikingly universal. The Hebrew edition was a bestseller and sold over 50,000 copies.

God of Becoming and Relationship - Rabbi Bradley Shavit Artson, DHL 2013

You no longer have to choose between what you know and what you believe—an accessible introduction to a theological game-changer. “I wrote this book for you if you want to be able to locate your life in a single, encompassing story, one that includes everything from the first moment the universe began until yesterday, a narrative that embraces deepest personal meaning, a yearning to love and be loved, a quest for social justice and compassion.” —from the Introduction Much of what you were told you should believe when you were younger forces you to choose between your spirit and your intellect, between science and religion, between morality and dogma: unchanging laws of nature vs. miracles that sound magical; a good God vs. the tragedies that strike all living creatures; a God who knows the future absolutely vs. an open future that you help to shape through your choices. This fascinating introduction to Process Theology from a Jewish perspective shows that these are false choices. Inspiring speaker, spiritual leader and philosopher Rabbi Bradley Shavit Artson presents an overview of what Process Theology is and what it can mean for your spiritual life. He explains how Process Theology can break you free from the strictures of ancient Greek and medieval European philosophy, allowing you to see all creation not as this or that, us or them, but as related patterns of energy through which we connect to everything. Armed with Process insights and tools, you can break free from outdated religious dichotomies and affirm that your religiosity, your spirit, your mind and your ethics all strengthen and refine each other.

The Spirituality of Welcoming - Ron Wolfson 2006

Synagogues should be effective and relevant centers of Jewish life but too often the focus is on programs not people, on revenue not relationships. The end result is frequently a corporate atmosphere where membership lacks commitment, core leadership and spiritual fulfillment. In this empowering, practical guide, Dr. Ron Wolfson shows you how to transform your synagogue congregation into a sacred community by focusing on strategies for successful change. Using a case-study format for creating an inviting spiritual center, Wolfson defines the welcoming congregation and the fundamental materials that are involved in building one. He addresses the services a welcoming congregation should provide, the themes the congregation should focus on, and the standards that a vital spiritual community should uphold. Tapping into his experiences as co-developer of Synagogue 2000, the transdenominational project designed to envision and implement the ideal synagogue of the spirit for the twenty-first century, Wolfson also provides essential problem-solving tools that you can use to alleviate roadblocks along the way.
