

Schwuler Osten Homosexuelle Maanner In Der Ddr

Von »Staatsfeinden« zu »Überbleibseln der kapitalistischen Ordnung« - Alexander Zinn 2021-12-06

In der NS-Zeit wurden Homosexuelle zu »Staatsfeinden« erklärt. Ihre Verfolgung wurde massiv verschärft und zielte nicht mehr nur auf bestimmte sexuelle Handlungen, sondern auf die »Ausmerzung« der Homosexualität schlechthin. Nach 1945 hofften viele auf ein Ende der Verfolgung, doch sowohl in West- wie auch in Ostdeutschland wurde sie schon bald wieder intensiviert. Die DDR diskreditierte Homosexuelle nun als »Überbleibsel der kapitalistischen Gesellschaftsordnung«. Sie setzte bei der Bekämpfung der Homosexualität nicht mehr nur auf das Strafrecht, sondern zunehmend auch auf Erziehungsmaßnahmen. Mit Sachsen untersucht die Studie die regionalen Auswirkungen dieser Politik in einem Flächenland und fragt nach Unterschieden zu anderen Regionen. During the Nazi era, homosexuals were declared "enemies of the state". Their persecution was massively intensified and was no longer aimed only at specific sexual acts, but at the "eradication" of homosexuality per se. After 1945, many hoped for an end to the persecution, but it was soon intensified again in both West and East Germany. The GDR now discredited homosexuals as "remnants of the capitalist social order." In contrast to the Nazi regime, however, it no longer relied solely on criminal law to combat homosexuality, but increasingly also on educational measures. Using Saxony as a case study, the study examines the regional effects of this policy in a German state and asks about differences to other regions.

Lesben und Schwule in der DDR - 2008

A Companion to German Cinema - Terri Ginsberg 2012-02-13

A Companion to German Cinema A Companion to German Cinema regards the shifting terrain of

German filmmaking and film studies against their larger social contexts with twenty-two newly commissioned essays by well-established and younger scholars in the field. While several of these focus on classic topics such as Weimar cinema, Fifties cinema, New German Cinema and its legacy, and Holocaust film, the collection is distinguished by its focus on new developments and the innovative light they may shed on earlier practices. A Companion to German Cinema includes essays on Berlin Film, Neue Heimat Film, New Comedy, post-Wall documentaries, the post-Wende RAF genre, and Rabenmutter imagery, as well as on the persistently overlooked and under-theorized Indianerfilme, post-AIDS documentaries, sexploitation films, and new multicultural and transnational films produced in Germany under the auspices of the European Union. Organized into three "movements" representing the significance of these developments for their aesthetic theorization, A Companion to German Cinema challenges its readers to address critical gaps in the field with the aim of opening it further onto new terrains of intellectual engagement.

"Warme Brüder" im Kalten Krieg - Teresa Tammer 2023-06-19

Die Schwulenbewegung in der DDR der 1970er und 1980er Jahre war in Ursprung und Entwicklung immer ostdeutsch und deutsch-deutsch zugleich. Teresa Tammer beschreibt die Bedeutung der Teilung Deutschlands insbesondere für den Schwulenaktivismus in der DDR, aber auch in West-Berlin und der Bundesrepublik seit Anfang der 1970er Jahre; sie analysiert eingehend die Selbstbehauptungsstrategien der Ostdeutschen, zu denen Selbstdarstellungen, Aneignungen, Positionierungen und Forderungen gegenüber unterschiedlichen Adressaten gehörten. Zudem untersucht sie die Netzwerke und Transfers zwischen ost- und westdeutschen

Schwulenaktivisten. Die Akteure in der DDR mussten stets balancieren zwischen Anpassung und Auflehnung sowie zwischen verschiedenen Zugehörigkeiten, etwa zur DDR und einer transnationalen Bewegung oder zwischen Staat und Kirche. Teresa Tammer erzählt eine multiperspektivische Geschichte der DDR-Schwulenbewegung, die eingebettet ist in die deutsch-deutsche Geschichte, aber auch in transnationale und globale Prozesse, und die über den Mauerfall hinausreicht.

Schwuler Osten - Kurt Starke 1994

Homosexualität in der DDR - Katja Schaffrath
2011-08-08

Studienarbeit aus dem Jahr 2008 im Fachbereich Soziologie - Beziehungen und Familie, Note: 1,3, Technische Universität Chemnitz (Institut für Europäische Studien), Veranstaltung: Geschlechterverhältnisse in Ostmitteleuropa, Sprache: Deutsch, Abstract: „Homosexuelle hat es zu allen Zeiten und in allen Ländern der Erde, gleich welcher Gesellschaftsordnung, [...] gegeben. [...] die flüchtigen oder innigen Beziehungen zwischen zwei Menschen gleichen Geschlechts [...] - sie werden auch in naher Zukunft bleiben.“ Schon seit Menschengedenken erfuhren Homosexuelle Diskriminierung, Unterdrückung und andere Benachteiligungen, wenn sie sich dazu bekannten. Vor allem durch die Ausrottungs- und Verfolgungspolitik der Nationalsozialisten fand sie ihren grausamen Höhepunkt in der Geschichte. Diese Arbeit wird sich überwiegend mit dieser Minderheit in der DDR, in der Folgezeit des Nationalsozialismus, auseinandersetzen.

Edinburgh German Yearbook 10 - Leanne Dawson 2018

Contributions exploring the representation and reality of LGBTQ+ individuals and issues in historical and contemporary German-speaking culture.

Sex, Thugs and Rock 'n' Roll - Mark Fenemore 2007

Living on the frontline of the Cold War, young people in East Germany were subject to a number of competing influences: the culture of their parents, the new official culture taught in schools, and new youth cultures. Fenemore presents an account of what it was like in the 1950s and 1960s.

Verqueere Wissenschaft? - Ursula Ferdinand
1998

Love in the Time of Communism - Josie McLellan
2011-09

This pioneering study explores the surprising extent and limits of the GDR's forgotten sexual revolution.

The Body of the People - Jens Richard Giersdorf 2013-05-15

The Body of the People is the first comprehensive study of dance and choreography in East Germany. More than twenty years after the fall of the Berlin Wall, Jens Richard Giersdorf investigates a national dance history in the German Democratic Republic, from its founding as a Communist state that supplanted the Soviet zone of occupation in 1949 through the aftermath of its collapse forty years later, examining complex themes of nationhood, ideology, resistance, and diaspora through an innovative mix of archival research, critical theory, personal narrative, and performance analysis. Giersdorf looks closely at uniquely East German dance forms—including mass exercise events, national folk dances, Marxist-Leninist visions staged by the dance ensemble of the armed forces, the vast amateur dance culture, East Germany's version of Tanztheater, and socialist alternatives to rock 'n' roll—to demonstrate how dance was used both as a form of corporeal utopia and of embodied socialist propaganda and indoctrination. The Body of the People also explores the artists working in the shadow of official culture who used dance and movement to critique and resist state power, notably Charlotte von Mahlsdorf, Arila Siegert, and Fine Kwiatkowski. Giersdorf considers a myriad of embodied responses to the Communist state even after reunification, analyzing the embodiment of the fall of the Berlin Wall in the works of Jo Fabian and Sasha Waltz, and the diasporic traces of East German culture abroad, exemplified by the Chilean choreographer Patricio Bunster.

Gender and Germanness - Patricia Herminghouse 1997

The contributors to this volume pursue the standards of the cultural debate in German history, literature, visual arts and language over a period of 300 years in sections devoted to

history and the canon, visual culture, language and power.

Ost-Berlin - Jürgen Danyel 2019-03

Two Cultures of Rights - Manfred Berg
2002-03-11

This collection addresses key issues in the historical struggle for civil rights, political rights and social rights in the United States and Germany from the late nineteenth century to the present. Using a cross-national comparative approach, this book presents national case studies that explore the similarities and differences of conceptualizing rights on both sides of the Atlantic. This book analyses the struggle for these rights by individuals and groups and how this struggle became an essential feature not only in political discourse but also in social and political practice and culture in both Germany and the United States. More specifically, the book examines the different ways rights have been denied due to race, ethnicity, gender and sexual orientation. Considerable attention is given to the impact of Nazism and the struggle for social rights during and after World War II.

Schwule Lebenswelten im Osten - Rainer Herr 1999

In der Auswertung weist die Studie auf die im Osten höhere Bedeutung der persönlichen Kommunikation hin. Hier liegt ein möglicher Ansatz zur verstärkten Präventionsarbeit. Diese sei nötig, weil bei vielen Schwulen in den neuen Bundesländern auch 10 Jahre nach der Wende noch die Meinung vorherrsche, die Ansteckungsgefahr durch "Wessis" sei höher als jene durch "Ossis". Andererseits soll klarer gemacht werden, was HIV-Tests wirklich nützen: Die "Ossis" gehen - wie einst zu DDR-Zeiten gelernt - immer noch regelmässiger zum Test und glauben damit verantwortungsvoll zu handeln. Gleichzeitig benutzen sie aber Kondome weniger konsequent als "Wessis". René Hornung, Presseladen, St. Gallen (Februar 2000).

Konformitäten und Konfrontationen - Rainer Marbach 2017-04-01

Schwule und Lesben in der DDR waren von Beginn an mit einer liberaleren Gesetzgebung konfrontiert als ihre Brüder und Schwestern in der BRD. Bedrohlich war ihre Lage dennoch,

eine öffentliche Debatte über ihre Situation oder eigene Organisationen blieben lange unerwünscht. Und doch regten sich schon früh und vereinzelt Fürsprecher der sexuellen Minderheiten, entwickelten sich trotz eines enormen Anpassungsdrucks innerhalb einer uniformen Gesellschaft schon vor dem Aufbruch in den 1980er Jahren eigene Handlungsspielräume. Im Zentrum dieses Bands stehen die Erfahrungen und Rückwirkungen schwuler Selbstbehauptung in den 1970er und 1980er Jahren: Abgerundet wird er durch Rückblenden in die 1950er und 1960er Jahre sowie durch Betrachtungen über dieses abgeschlossene Kapitel der Geschichte aus heutiger Perspektive.

Männer mit "Makel" - Bernhard Gotto
2016-12-05

Die Nachkriegszeit gilt als Phase der "Remaskulinisierung". Gesellschaftlich akzeptierte Vorstellungen von Männlichkeit, die auf Leistungskraft, Gemeinschaftsorientierung und Heterosexualität fußten, setzten Männer, die "anders" waren, unter Konformitätsdruck. Aber wie wirkten sich die Selbstbehauptungsversuche von Kriegsversehrten, Obdachlosen oder Homosexuellen auf das vorherrschende Männlichkeitsideal aus? Dieser Sammelband beleuchtet die Erfahrungsgeschichte der Männer mit "Makel" und differenziert die oft apostrophierte These einer "Krise der Männlichkeit" in den 1950er und 1960er Jahren. Erkennbar werden so Antriebskräfte und Hemmnisse der Individualisierung und Pluralisierung von Lebensentwürfen in der jungen Bundesrepublik.

What Remains? - Joyce Marie Mushaben
2023-03-11

This book tells the story of the German Democratic Republic from "the inside out," using the lens of generational change to deconstruct an intriguing array of social identities that had little to do with the "official GDR" version authoritarian rulers regularly sought to impose on their citizens. The author compares the "identities" of five societal subgroups (GDR writers and intellectuals; pastors and dissidents; women; youth; and working-class men), exploring the policies defining their lives and status before/during/after the 1989 Wende, as

well as the diverging “exit, voice and loyalty” dilemmas encountered by each. The “dialectical” components treated in this work center on the extent to which eastern identities were lost, found and reconfigured across three generations, from 1949 to 1989, from 1990 to 2005, then up to 2020. It explores how the existence of a separate East German state and the socialization processes imposed on each subculture has not only complicated the search for national unity since 1990 but also -- perhaps more controversially—invoked new challenges directly related to ongoing East-West structural disparities since unification and the treatment of eastern Germans by often more privileged western Germans.

Encyclopedia of Lesbian and Gay Histories

and Cultures - George Haggerty 2003-09-02

Beginning in 1869, when the study of homosexuality can be said to have begun with

the establishment of sexology, this Encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours. While gays and lesbians have shared many aspects of life, their histories and cultures developed in profoundly different ways. To reflect this crucial fact, the Encyclopedia has been prepared in two separate volumes assuring that both histories receive full, unbiased attention and that a broad range of human experience is covered. Written by some of the most famous names in the field, as well as new researchers this is intended as a reference for students and scholars in all areas of study, as well as the general public.

Dissonant Lives - Mary Fulbrook 2011-06-09

Examines ways in which Germans of different generations lived through the violent eruptions and rapid regime changes of the 20th century, revealing striking generational patterns.
