The Price of Redemption Pamela Kaye Tracy 2002

The Gospel of Matthew and Its Readers Howard Clarke 2003-08-07 The Gospel of Matthew and Its Readers is a biblical commentary with a difference. Howard Clarke first establishes contemporary scholarship's mainstream view of Matthew's Gospel, and then presents a sampling of the ways this text has been read, understood, and applied through two millennia. By referring forward to Matthew's readers (rather than back to the text's composers), the book exploits the tensions between what contemporary scholars understand to be the intent of the author of Matthew and the quite different, indeed often eccentric and bizarre ways this text has been understood, assimilated, and applied over the years. The commentary is a testament to the ambiguities and elasticity of the text and a cogent reminder that interpretations are not fixed, nor texts immutably relevant. And unlike other commentaries, this one gives space to those who have questioned, rejected, or even ridiculed Matthew's messages, since Bible-bashing, like Bible-thumping, is a historically significant part of the experience of reading the Bible.

Dante's Lyric Redemption Tristan Kay 2016-01-28 Dante's Lyric Redemption offers a re-examination of two strongly interrelated aspects of the poet's work: the role and value he ascribes to earthly love and his

relationship to the Romance lyric tradition of his time. It argues that an account of Dante's poetic journey that posits a stark division between earthly and divine love, and between the secular lyric poet and the Christian auctor, does little justice to his highly distinctive and often polemical handling of these categories. The book firstly contextualizes, traces, and accounts for Dante's intriguing commitment to love poetry, from the 'minor works' to the Commedia. It highlights his attempts, especially in his masterpiece, to overcome normative oppositions in formulating a uniquely redemptive vernacular poetics, one oriented towards the eternal while rooted in his affective, and indeed erotic, past. It then examines how this matter is at stake in Dante's treatment of three important lyric predecessors: Guittone d'Arezzo, Arnaut Daniel, and Folco of Marseilles. Through a detailed reading of Dante's engagement with these poets, the book illuminates his careful departure from a dualistic model of love and conversion and shows his erotic commitment to be at the heart of his claims to pre-eminence as a vernacular author.

The Single Dad's Redemption Roxanne Rustand "With the town's busiest sales weekend on the horizon, store owner Keeley North is desperate to find help. But if she can convince him to look beyond the mistakes of his past, Connor may get a second chance to have it all"--Page 4 of cover.
