Tattooed warriors are climbing out of the secret depths to claim their soul mates and save their race! Determined warlord Torun cannot wait to claim Lucy, who mistook him for a shipwreck survivor and pulled his injured body from the ocean. All his instincts tell him she is his soul

mate. Now she must join with him and give him a child. Lucy can't believe the words coming out of this dominant male. He insists her destiny is to become a mermaid queen and mother to his future children. The one thing "destiny" forgot to mention was that Lucy's a broke divorcee who can't even have a child. It's really too bad, because his gorgeous lips are all too kissable, and she'd love to see his iridescent gold tattoos moving as he flexed those broad, hard pectorals under the water... But Torun's in more danger than a bump on the head, and Lucy is the only one who can save him. Their choices will either save the entire race of mermen, or destroy it forever. Dive in to the first novel in the bestselling Lords of Atlantis series. This complete novel with a happy ending features steamy shifter love scenes, underwater gun fights, and a giant female octopus named Mr. Huggles. One-click now to fall in love with these warriors of the sea!
