Created By-- Steven Priggé 2005 As entertaining as it is enlightening, Created by presents a stellar cast of 21 show creators who candidly talk about writing and selling hit television series: J.J. Abrams (Alias, Lost); Alan Ball (Six Feet Under); Yvette Lee Bowser (Living Single, Half & Half); Mark Brazill (That '70s Show); Ilene Chaiken (The L Word); Larry David (Seinfeld, Curb Your Enthusiasm); Tom Fontana (Oz); Tracy Gamble (8 Simple Rules); Dave Hackel (Becker); Barbara Hall (Joan of Arcadia); Brenda Hampton (7th Heaven, Fat Actress); Bill Lawrence (Scrubs); Dennis Leoni (Resurrection Blvd.); Max Mutchnick and David Kohan (Will & Grace); Tracy Newman and Jonathan Stark (According to Jim); Josh Schwartz (The O.C.); Shawn Ryan (The Shield); Amy Sherman-Palladino (Gilmore Girls); Joss Whedon (Buffy the Vampire Slayer, Angel). They discuss influences: writing spec scripts; first jobs in TV; getting an agent; mentors; being staffed as a writer; the pitch; writing a pilot; putting yourself in the characters you create; rewriting; producing a pilot; marketing; hiring a writing staff; making a show last; TV writing vs. film writing; drama vs. sitcom; cable vs. network TV; what show creators look for in a writer; writers block; luck and much more. This is a lively, well-written must-have book for all screenwriters and television writers -- wannabes, novices, and professionals -- as well as all avid TV fans.

Flying Through Life Richard Moody 2021-11-05 *Flying Through Life: From Fighter Pilot to Peace Activist* By: Richard Moody Towards the end of his career as a fighter pilot with the Royal Navy, Richard Moody became an ardent Peace Activist and Quaker. This book is the story of his conversion. In today's world of militarization and slaughter, Richard's diametric experiences have made him a uniquely compelling voice in the fight for peace. Through his story, Richard hopes readers will learn that peace through diplomacy is vital for the survival of societies worldwide.

Normal People: The Scripts Sally Rooney 2021-11-09 Delve deeper into the Emmy- and Golden Globe-nominated Hulu series based on Sally Rooney's bestselling novel with this must-have collection of the Normal People scripts, featuring behind-the-scenes photos and an introduction by director Lenny Abrahamson. "You know, I did used to think that I could read your mind at times." "In bed you mean." "Yeah. And afterwards but I dunno maybe that's normal." "It's not." Connell and Marianne grow up in the same small town in the west of Ireland, but the similarities end there. In school, Connell is popular. Marianne is a loner. But when the two strike up a conversation, something life-changing begins. With an introduction by director Lenny Abrahamson and featuring iconic images from the show, Normal People: The Scripts contains the complete screenplays of the acclaimed Emmy- and Golden Globe-nominated television drama that The New York Times called "an unusually thoughtful and moving depiction of young people's emotional lives."

Condom Nation Alexandra M. Lord 2009 This history of the U.S. Public Health Service's efforts to educate Americans about sex makes clear why federally funded sex education has been haphazard, ad hoc, and often ineffectual. Since launching its first sex ed program during World War I, the Public Health Service has dominated federal sex education efforts. Alexandra M. Lord draws on medical research, news reports, the expansive records of the Public Health Service, and interviews with former surgeons general to examine these efforts, from early initiatives through the administration of George W. Bush. Giving equal voice to many groups in America—middle class, working class, black, white, urban, rural, Christian and non-Christian, scientist and theologian—Lord explores how federal officials struggled to create sex education programs that balanced cultural and public health concerns. She details how the Public Health Service left an indelible mark on federally and privately funded sex education programs through partnerships and initiatives with community organizations, public schools, foundations, corporations, and religious groups. In the process, Lord explains how tensions among these organizations and local, state, and federal officials often exacerbated existing controversies about sexual behavior. She also discusses why the Public Health Service's promotional tactics sometimes inadvertently fueled public fears about the federal government's goals in promoting, or not promoting, sex education. This thoroughly documented and compelling history of the U.S. Public Health Service's involvement in sex education provides new insights into one of the most contested subjects in America.

Ethics in Media Communications Louis A. Day 1991 * Uses the case study method as a way to stimulate involvement in the material; these cases have been developed not as propaganda or vague examples but with student reasoning processes in mind.* Begins with an overview of ethical theory & values formation; outlines a systematic approach to making ethical choices and defending those choices; then provides opportunity to apply these choices.* Each issue chapter introduces an issue with an overview followed by several cases, the background of which is developed for students; students are then left to analyze the cases using the theoretical background developed at the chapter opening and the systematic reasoning model used in Ch 3.* Covers such issues as: targeting special audiences; morally offensive content; triviality, and sensationalism; etc.

Sex Education Research William J. Taverner 2023-02-20 Curated by the chief editor of the American Journal of Sexuality Education, this book presents engaging and accessible chapters that capture current and essential research findings from leaders in the sexuality education field. William J. Taverner brings together an impressive array of contributors to help sexuality professionals remain up-to-date on the most relevant issues in sex education today. Covering a spectrum of hot sexuality education topics, including abstinence, gender, innovative programs, pleasure, the politics of sexuality education, porn literacy, sexual orientation, and more, each chapter describes key findings on a particular topic, their significance, their practical application, and how these new developments have arrived. The book includes chapters that address individuals across all age ranges, from children to older adults, as well as sexuality education and training programs for specialized professions, such as nurses and school-based health occupations. Practical and clear, this book identifies priorities and trends in the field, addresses marginalized audiences and overlooked topics, and hopes to encourage important discussions to come. Sex Education Research: A Look Between the Sheets provides a wide range of occupations and academic disciplines with a foundation of research essential to their work, such as public health professionals and students of human sexuality, gender studies, biology, psychology, sociology, as well as community educators, school nurses and health teachers, and administrative leaders affiliated with sexuality education programs at community-based organizations.

Script Tease Eric Nicol 2010-05-05 Why write in the first place, other than your grocery list? Eric Nicol believes it's the second-most satisfying thing you can do lying down. But it's not enough to want to write. You must need to write. Now, after more than seventy years of scribbling - he wrote for the school newspaper at Lord Byng High School in Vancouver, British Columbia - Eric holds forth on dangling participles, punctuation, and literary jargon. What's more, he answers the burning question: "How much should creative writers depend on editors to correct their grammar?" Then Eric provides a wide selection of essays to demonstrate how it's done. These include a dramatic demonstration of the chutzpah of a big Tom wild turkey and its harem on a B.C. Gulf Island, the discovery that Eric's one-way-view window in the bathroom has been installed incorrectly, the trials and tribulations of computers and the creative process, and a riposte to the query, "Are nipples really necessary on guys?" Pure Nicol. Minted in Canada. Priceless!

Childhood experiences of separation and divorce Kay-Flowers, Sue 2019-03-13 Using innovative, participatory research methods, this book offers new insights into the issues surrounding parental separation or divorce from the unique perspective, and retrospectives, of young adults. As they look back on their childhood, their views provide valuable insights into how children experience and accommodate their parents' separation. Drawing on the qualitative research findings, Kay-Flowers develops a new framework to provide a useful analytical tool for academics and practitioners working with children and families to make sense of young people's experiences and puts forward suggestions for improving support for children in the future.

The Palgrave Handbook of Sexuality Education Louisa Allen 2016-11-09 This authoritative, state-of-the-art Handbook provides an authoritative overview of issues within sexuality education, coupled with groundbreaking discussion of emerging and unconventional insights in the field. With 32 contributions from 12 countries it definitively traces the landscape of issues, theories and practices in sexuality education globally. These rich and multidisciplinary essays are written by renowned critical sexualities studies experts and rising stars in this area and grouped under four main areas: Global Assemblages of Sexuality Education Sexualities Education in Schools Sexual Cultures, Entertainment Media and Communication Technologies Re-animating What Else Sexuality Education Research Can Do, Be and Become Importantly, this Handbook does not equate sexuality education with safer sex education nor understand this subject as confined to school based programmes. Instead, sexuality education is understood more broadly and to occur in spaces as diverse as community settings and entertainment media, and via communication technologies. It is an essential and comprehensive reference resource for academics, students and researchers of sexuality education that both demarcates the field and stimulates critical discussion of its edges. Chapter 2 is available open access under a CC BY 4.0 license via link.springer.com.

To Start You Talking 1945

The Influence of the Mother-Daughter Relationship on Mexican-Origin Adolescent Girls' Sexual Agency Kali Saposnick Van Campen 2013 Mexican-origin adolescent girls have some of the highest rates of unplanned teen pregnancy and births in the United States. Family ecological and feminist perspectives indicate that gender and sexual socialization processes contribute to girls' ability to promote their sexual health, yet little is known about how Mexican-origin girls develop sexual agency. In this culture, mothers are a primary socializing agent about sexuality in the family, and this study examined how mother-daughter sexual communication fostered or inhibited girls' sexual agency. The narrative method "scaffolded interviewing" was used to facilitate open talk about sexuality. Interviews were conducted with 25 girls ages 15-17 and separate interviews with mothers in a southwestern city, with a pilot study first conducted to refine the interview script. Mothers and daughters were asked reciprocal questions about what girls learned about sexuality from mothers and other contexts. The Listening Guide, a voice-based relational approach, was used to interpret the data. Analysis suggested that girls whose mothers provided more open and comprehensive sexual communication, and talked to them before puberty, felt more agentic to assert their needs for sexual safety. Girls who had infrequent, content-limited communication with mothers felt less able to manage fear-based school sex education messages and peer sexual exposure. Analysis of concordance between mothers' and daughters' narratives showed that different perceptions of what constitutes sex talk and sexual autonomy inhibited daughters' disclosure to mothers about sexual concerns. These findings suggest that mother-daughter relationships are critical for sexual health promotion. Implications for educators, practitioners, and families are discussed.

Freaks, Geeks, and Dawson's Creek Thea Glassman 2023-06-27 The untold stories of seven revolutionary teen shows (The Fresh Prince of Bel-Air, My So-Called Life, Dawson's Creek, Freaks and Geeks, The O.C., Friday Night Lights, and Glee) that shaped the course of modern television and our pop cultural landscape forever. The modern television landscape is defined by influential and ambitious shows for and about teenagers. Groundbreaking series like Euphoria, Sex Education, and Pen15 dominate awards season and lead the way when it comes to progressive, diverse, and creative storytelling. So how did we get here from Beverly Hills, 90210? In *Freaks, Geeks, and Dawson's Creek*, entertainment journalist Thea Glassman takes readers behind the scenes of seven of the most culturally significant series of the last three decades, drawing on dozens of new interviews with showrunners, cast, crewmembers, and more. These shows not only launched the careers of such superstars as Will Smith, Michael B. Jordan, Claire Danes, and Seth Rogen, but they also took young people seriously, proving that teen TV could be smart, revolutionary, and "important"—and stay firmly entrenched in pop culture long after it finished airing. And while many critics insist that prestige dramas like *The Sopranos* and *Mad Men* paved the way for television, some of the most groundbreaking work was actually happening inside the fictional hallways of high schools across America in teen shows whose impact remains visible on our screens today.

All I Ever Wanted Kathy Valentine 2020-04-09 At twenty-one, Kathy Valentine was at the Whisky in Los Angeles when she met a guitarist from a fledgling band called the Go-Go's—and the band needed a bassist. The Go-Go's became the first multi-platinum-selling, all-female band to play instruments themselves, write their own songs, and have a number one album. Their debut, *Beauty and the Beat*, spent six weeks at the top of the Billboard 200 and featured the hit songs "We Got the Beat" and "Our Lips Are Sealed." The record's success brought the pressures of a relentless workload and schedule culminating in a wild, hazy, substance-fueled tour that took the band from the club circuit to arenas, where fans, promoters, and crew were more than ready to keep the party going. For Valentine, the band's success was the fulfillment of a lifelong dream—but it's only part of her story. *All I Ever Wanted* traces the path that took her from her childhood in Texas—where she all but raised herself—to the height of rock 'n' roll stardom, devastation after the collapse of the band that had come to define her, and the quest to regain her sense of self after its end. Valentine also speaks candidly about the lasting effects of parental betrayal, abortion, rape, and her struggles with drugs and alcohol—and the music that saved her every step of the way. Populated with vivid portraits of Valentine's interactions during the 1980s with musicians and actors from the Police and Rod Stewart to John Belushi and Rob Lowe, *All I*

Ever Wanted is a deeply personal reflection on a life spent in music.

Changing Health Behaviour Rutter, Jill 2002-01-01 For many years, social cognition models have been at the forefront of research into predicting and explaining health behaviours. Until recently, there have been few attempts to go beyond prediction and understanding to intervention - but now the position has changed, and a number of excellent interventions have been set up. The purpose of this book is to bring them together in one volume.

Idiot Laura Clery 2020-12-01 From nationally bestselling author, YouTube star, and Facebook Video sensation Laura Clery comes a collection of comedic essays that paint “an honest, complicated portrait of how your life can change” (SheKnows). Laura Clery makes a living by sharing inappropriate comedy sketches with millions of strangers on the internet. She writes songs about her anatomy, talks trash about her one-eyed rescue pug, and sexually harasses her husband, Stephen. And it pays the bills! Now, in her first-ever book, Laura recounts how she went from being a dangerously impulsive, broke, unemployable, suicidal, cocaine-addicted narcissist, crippled by fear and hopping from one toxic romance to the next...to a more-happy-than-not, somewhat rational, meditating, vegan yogi with good credit, a great marriage, a fantastic career, and four unfortunate-looking rescue animals. Still, above all, Laura remains an amazingly talented, adorable, and vulnerable, self-described...Idiot. With her signature brand of offbeat, no-holds-barred humor, *Idiot* introduces you to a wildly original—and undeniably relatable—new voice.

If I Could Change My Race Guensie Greycy 2016-08-01 Twenty people from all around the world answer the following question: If you could change your race/nationality, what would you choose and why? In this book, you get to read the honest reflections of people from different countries, races, ages, and demographics. The answers to this question are not what most would expect. Read perspectives on race and nationality from people who live in the United States, India, the United Kingdom, Brazil, and Guyana, just to name a few. This book sparks an important conversation about assimilation, racism, and cultural rejection on a global perspective. You will learn a lot about the way people view their own race, such as whether it is a gift or a curse.
