The Wiley Handbook of What Works with Sexual Offenders - Jean Proulx 2020-08-24

From a rehabilitation series—what works for those who've sexually offended The Wiley Handbook of What Works with Sexual Offenders is an important addition to the What Works in Offender Rehabilitation handbook series. This handbook specifically looks at the topics of sexual offender theory, assessment, rehabilitation, prevention, policy, and risk management. Current assessment frameworks and intervention programmes are evaluated, with consideration of treatment efficacy. The handbook provides professionals with an evidence-based approach to the management and rehabilitation of individuals who have sexually offended, while presenting ideas on the prevention of sexual abuse. Concepts and theory behind sexual offender rehabilitation are presented with a focus on how this information can be applied in the development of real-world policies that seek to reduce re-offending. The Wiley Handbook of What Works with Sexual Offenders also includes discussions from renowned international researchers and clinicians on the empirical findings of treatment effectiveness. Presents theory, research, policy, and practice related to sexual offenses Addresses a full range of topics, such as sexual aggression, structured risk assessment, sexual offenders with intellectual disabilities, and pharmacological treatment of sexual offenders Discusses how conceptual and theoretical material can be used in establishing policy and practice As an important reference work, this rehabilitation handbook offers material for practitioners, including probation officers, social workers and psychologists. Each handbook within the What Works in Offender Rehabilitation series studies current theory, policy, and practice related to a type of offending.

McGeorge Law Review - 1998

The Oxford Handbook of Sex Offences and Sex

Offenders - Teela Sanders 2017

Provides comprehensive, even-handed analysis of the myriad of topics related to sex offenses, including pornography, sex trafficking, criminal justice responses, and the role of social media in sex crimes. Extending beyond the existing scholarly research on the topic, this volume teases out the key debates, controversies, and challenges involved in addressing sex crimes.

Computer Forensics - Marie-Helen Maras 2014-02-17

Updated to include the most current events and information on cyberterrorism, the second edition of Computer Forensics: Cybercriminals, Laws, and Evidence continues to balance technicality and legal analysis as it enters into the world of cybercrime by exploring what it is, how it is investigated, and the regulatory laws around the collection and use of electronic evidence. Students are introduced to the technology involved in computer forensic investigations and the technical and legal difficulties involved in searching, extracting, maintaining, and storing electronic evidence, while simultaneously looking at the legal implications of such investigations and the rules of legal procedure relevant to electronic evidence. Significant and current computer forensic developments are examined, as well as the implications for a variety of fields including computer science, security, criminology, law, public policy, and administration.

Rent-to-Sell - Wendy Patton 2009

"With Rent-to-Sell, Wendy Patton offers a timeless, proven solution to getting your house sold so you can move on to your next opportunity. It's a strategic must-read for sellers seeking creative options and the real estate agents that support them. Gary Keller New York Times best-selling author of SHIFT: How Top Real Estate Agents Tackle Tough Times "Wendy Patton hit the nail on the head with this one. Wendy covers every aspect from preparing your house for sale to the nitty-gritty paperwork. Wendy is truly a remarkable lady who is more

qualified than anyone to teach on this subject. In fact, I would tell you that YOU'RE CRAZY if you don't read this book because it is the most detailed book I have ever seen on the subject...period! Than Merrill Real Estate Investor, Founder of FortuneBuilders.com and Star of A&E's "Flip this House" "Ta daaa... a real "how to" book that covers the creative methods of selling with tremendous detail from "A to Z". It is a survival manual for the Real Estate Professional and the seller." Kathleen Sanchez Associate Broker/Owner Coldwell Banker Sholtz "Wow, talk about timing! This book must be read now by anyone trying to sell their home or any real estate agent that wants to serve their clients more effectively." David Lindahl Real Estate Investment Expert (ReMentor.com) Best Selling Author of Emerging Real Estate Markets and Multi Family Millions and www.rementor.com

Sexual Violence - Elizabeth L. Jeglic 2016-10-24
The purpose of this edited volume is to examine the disconnect in the sexual violence prevention field between legislation, research and practice. The work is focused primarily on United States policies and initiatives, with key case studies internationally. Contributions show that current policies are mainly based on repeat offenders: residence restrictions, registration and notification statutes, and post-sentence initiatives. While these initiatives address public fears, they are not evidence-based and do not necessarily reduce offending. Research shows that post-sentence policies may destabilize offenders and limit their ability to reintegrate with society at a critical period, therefore increasing the chances of recidivism. Furthermore, the majority of sex crimes (95%) are committed by first time offenders. This innovative book is divided into two parts juxtaposing what is currently being done legislatively with what the research evidence suggests would be best practice.

The Truth about Clergy Sexual Abuse - Bill Donohue 2021-10-05

This work unpacks the history and root causes of the clergy sex abuse scandals in the United States. Building on decades of data and research, author Bill Donohue, who holds a doctorate in sociology, tells the story from a fresh angle and calls us to rethink our

assumptions about the Church's handling of these horrific abuses. The Truth about Clergy Sexual Abuse challenges many myths about the scandals, demonstrating that the abuse of minors is a problem that haunts virtually every institution—religious and secular—where adults interact with young people. The work also provides compelling evidence of the great progress that the Church has made in preventing abuse, contrary to public perceptions. Indeed, the media, Hollywood, and activist lawyers have poisoned the public mind with tales of old cases, giving the impression that nothing has changed. Donohue investigates at length the central role that homosexuality played in the scandal. While homosexuality does not cause sexual abuse, the prevalence of emotional and sexual immaturity among homosexual clergy explains why they committed most of the molestation. Indeed, all of the educational institutions of the Catholic Church, including the seminaries, have been affected by the sexual revolution that began in the 1960s, and this book explores the pernicious effects of dissent from Catholic sexual morality.

Quickies: The Handbook of Brief Sex Therapy (Third Edition) - Douglas Flemons 2018-01-09
Effective, brief techniques for therapists to support their clients in having satisfying sex lives. Quickies demonstrates that the best sex therapy is often the briefest, presenting readers with a refreshing array of time-efficient, client-focused approaches to sexual problems. The third edition includes new chapters on the impact of the Internet in relationships, infidelity, and same-sex and transgender affirming therapy.

No Easy Answers - 2007

No Easy Answers is the first comprehensive study of US sex offender registration, community notification and residency restriction laws, their public safety impact, and the effect they have on former offenders and their families. It concludes the laws are poorly crafted and misguided, failing to protect children from sex crimes but making it nearly impossible for former offenders to rebuild their lives. In many states, everyone convicted of a sex crime must register and the requirement can last for life. The requirements are overbroad in scope and overlong in duration. As a result, there are more

than 600,000 registered sex offenders, including individuals convicted of sexual sex between teenagers, prostitution, and public urination, as well as those who committed their only offenses decades ago. Unfettered public access to online sex offender registries exposes registrants to harassment, ostracism, and even violence, with little evidence that this form of community notification protects anyone from sexual violence. Residency restrictions prohibit former offenders from living within a designated distance (anywhere from 500 to 2,500 feet) from places where children gather. The restrictions have the effect of banishing former offenders from entire towns, forcing them to live far from home, families, jobs, and treatment, and hindering law-enforcement supervision. The restrictions may have no impact on the likelihood of recidivism. Sex offender laws reflect public concern that children are at grave risk of sexual abuse by strangers who are repeat offenders. The real risks children face are quite different: statistics demonstrate that most sexual abuse of children is committed by family members or persons known and often trusted by the victim, and by someone who has not previously been convicted of a sex offense. The laws also reflect the widely shared but erroneous belief that sex offenders continually repeat their offenses. Authoritative studies, however, indicate that three out of four adult offenders do not reoffend.

Uplink - 2004

Punishing Disease - Trevor Hoppe 2018

From the very beginning of the epidemic, AIDS was linked to punishment. Calls to punish people living with HIV—mostly stigmatized minorities—began before doctors had even settled on a name for the disease. Punitive attitudes toward AIDS prompted lawmakers around the country to introduce legislation aimed at criminalizing the behaviors of people living with HIV. *Punishing Disease* explains how this happened—and its consequences. With the door to criminalizing sickness now open, what other ailments will follow? As lawmakers move to tack on additional diseases such as hepatitis and meningitis to existing law, the question is more than academic.

Sex Crimes and Offenders - Mary Clifford

2022-05-02

Sex Crimes and Offenders emphasizes the need to focus on individual perpetrators while also stressing the importance of looking at the offender's social and cultural environments, as well as the social and political responses designed to hold perpetrators accountable and help support victims

Official Florida Statutes - Florida 2014

Sex Offender Registration and Public Notification Improved, Some Aspects of the Process Could be Streamlined - Florida.

Office of Program Policy Analysis and Government Accountability 2008

Sex Offender Registration and Community Notification Laws - Wayne Logan 2021-06-17

This volume is the first comprehensive empirical examination of the premises and effects of sex offender registration and notification laws.

The Juvenile Sex Offender - Howard E.

Barbaree 2008-06-19

From leading scientists and practitioners, this authoritative work examines what is known about the nature and development of juvenile sexual offending, the consequences for both victims and perpetrators, and approaches to assessment, intervention, and relapse prevention. Pathways of normal sexual development are described, and the biological, social, and psychological processes that lead to sexual conduct problems are investigated. The book explores how juvenile offenders are dealt with in the mental health and criminal justice systems, reviews available psychological and pharmacological treatment approaches, and provides research-based recommendations for improving existing practices.

Sentencing Sex Offenders - Facts On File, Incorporated 2008

Covers the main points surrounding legal precedent, constitutionality and options for punishment of sex offenders. Sidebars include important court cases, relevant laws, and history of the issues.

Congressional Record - United States. Congress

National Conference on Sex Offender Registries - 1998

This document presents the proceedings of the
