Sex Drive Bella Ellwood-Clayton 2012 For many women an active sex life is on the bottom of their 'must have' list. What's happened to their sexual urges? Is it a medical issue, or a matter of competing priorities? One of Australia's leading sexual anthropologists investigates. Is women's sexual desire in the Western world at an all time low? When it comes to women's priorities, is sex on top? Lack of libido is women's most common sexual problem and once in a secure relationship, women's sex drive begins to plummet. Exploring what our libido is and why it is being depleted, sexual anthropologist Dr Bella Ellwood-Clayton argues that women don't want sex because they don't feel sexy. At a time when women's libidos are being threatened by the wider forces of media, marketing and medication and our increasingly pressured lives, who can blame them? With increasing numbers of women with low libido being diagnosed as 'sexually dysfunctional', the race to create a 'pink Viagra' is on. But do we have unrealistic expectations about our sex drive? Who defines what is normal and abnormal? And could 'low libido' in fact be the natural order of things? Provocative, authoritative and engaging, *Sex Drive: In pursuit of female desire* is both fascinating reading and a book that is creating passionate debate.

"I've been trying to lose weight and kick some bad habits off and on over the past few years. This is the first book that really motivated me to change. It isn't just bland advice, it really motivated me to want to be a masculine man! I'm finally losing weight!" - Tyler Lexington "I didn't realize how much what I eat and do makes me the man I am. Every action causes hormonal changes that make me more or less of a man. This book scared the shit out of me. It made me realize I have to stop being a lazy ass zombie and I made me commit to fighting like a warrior to be as much of a man as I can be." - Mark Pilsner "I've always had body image issues. I think it was my negative mindset that forced me to keep eating crap. It fueled my negative personality. I tricked myself into thinking I was unlovable. It was pathetic. After reading this book I realized my masculinity is my responsibility. I took the advice and noticed I was starting to look and feel better. I've even started dating a very cute girl. It's nice to finally feel a little happier." - Matt Svenungson. "I am really overweight and was worried going to the gym would be embarrassing. I read a few books on testosterone as I desperately want to get rid of my man boobs. This is probably the best book as its info is all backed up by scientific studies but also is full of great motivational reminders that convince me to do the right thing. Whenever I consider bitching out of a workout session or eating junk food a few of the quotable lines of this book flash in my head and I am more willing to make the correct choice." - Chuck Kaneda "Don't give up on being a man. Every guy should read this book and feel motivated to change their life for the better." -

Alpha Sex Drive Secrets Radu Belasco 2012-05-24 If you're a man interested in safely, naturally and quickly rekindling the surging sex drive you had in your youth... or if you are suffering from ED (erectile dysfunction) or just don't find yourself in "the mood" for sex anymore... then this new book can change that -- fast. The book is called: "Alpha Sex Drive Secrets" And it contains 101 ways to reclaim the sex drive you had as a young man... even if everything else you've tried has failed. Best part: There are no dangerous drugs to gag down. And no creams, pills or other "gimmicks" to waste time with. These are 100% natural and inexpensive (most are free) ways to reclaim the raging sex drive you once had. Some of the secrets inside include: * The ancient sex food that is so potent, priests were forbidden to eat it! (And how to get it today in any supermarket.) * The secret supplement that causes wet dreams. (There's no guarantee this will work for everyone, but if it does... watch out!) * What the Holy Bible says about increasing your desire to have sex. (Hint: If you are a man who likes breasts then you will love this!) * Casanova's bizarre sex drive drink. (Casanova was perhaps the most famous lover in history. Here's how he kept his sex drive strong... and how YOU can, too...) * Little-known "mind tricks" you can use on yourself to rekindle a snuffed out sex drive almost instantly. * The one nutrient almost everyone with low sex drive is missing (and the

good news is it's dirt cheap and VERY easy to find). * The FIRST thing you get checked out if your libido is lagging. (Almost nobody thinks this could be the problem, but in today's high-tech world, it's often the MAIN cause!) * Ways to naturally boost testosterone in your body starting right away. (Healthy testosterone is essential for having a healthy sex drive, here's what to do...) * The "natural Viagra" that works almost as well as the drug -- and without any of the side effects. * How Ronald Reagan and Bob Hope kept their energy levels high and lived so long. (And how it can increase your desire to have sex again.) * A special way of doing pushups that can recharge your sex drive almost overnight. * How to "trick" your sex drive into working again! * Why farmers tend to have low sex drive (and how to make sure you don't make the same mistake they do no matter what your occupation). * Yoda's sex drive "booster." * How your chair could be stealing your sex drive right out from under you! (This one tip alone could solve all kinds of sexual and urinary problems. See chapter 52.) * How to regain a lost libido simply by turning off your cell phone! * George Costanza's weird (but highly effective) sex drive system. * A secret way to sleep with your wife that's almost guaranteed to get you back in the mood in no time flat! * Why your pets could be dampening your sex drive without you even realizing it. * How ancient Samurai kept themselves (and their libidos) in tip-top shape without doing a lick of exercise or even moving their bodies. * And much, much more...Bottom line?It's a simple matter of common sense and biology we men are propelled by our sex drives. Take away a man's sex drive, and you take away his birthright.You also take away his drive to succeed.His ability to father offspring.And yes, his very manhood.Well, guess what?This book can make sure that NEVER happens to you.If you are currently suffering from low sex drive (or NO sex drive), tell your wife to brace herself -- because daddy's going to be wanting him some lovin' real soon.Grab your copy today and be back in "action" as early as tomorrow!
