The Wiley-Blackwell Handbook of Couples and Family Relationships - Patricia Noller 2012-02-20

The Wiley-Blackwell Handbook of Couples and Family Relationships presents original articles from leading experts that link research, policy, and practice together to reflect the most current knowledge of contemporary relationships. Offers interesting new perspectives on a range of relationship issues facing twenty-first century Western society. Helps those who work with couples and families facing with relationship issues. Includes practical suggestions for dealing with relationship problems. Explores diverse issues, including family structure versus functioning; attachment theory; divorce and family breakdown; communication and conflict; self regulation, partner regulation, and behavior change; care-giving and parenting; relationship education; and therapy and policy implications.

How to Invest in Structured Products - Andreas Bluemke 2009-09-15

This book is essential in understanding, investing and risk managing the holy grail of investments - structured products. The book begins by introducing structured products by way of a basic guide so that readers will be able to understand a payoff graphic, read a termsheet or assess a payoff formula, before moving on to the key asset classes and their peculiarities. Readers will then move on to the more advanced subjects such as structured products construction and behaviour during their lifetime. It also explains how to avoid important pitfalls in products across all asset classes, pitfalls that have led to huge losses over recent years, including detailed coverage of counterparty risk, the fall of Lehman Brothers and other key aspects of the financial crisis related to structured products. The second part of the book presents an original approach to implementing structured products in a portfolio. Key features include: A comprehensive list of factors an investor needs to take into consideration before investing. This makes it a great help to any buyer of structured products; Unbiased advice on product investments across several asset classes: equities, fixed income, foreign exchange and commodities; Guidance on how to implement structured products in a portfolio context; A comprehensive questionnaire that will help investors to define their own investment preferences, allowing for a greater precision when facing investment decisions; An original approach determining the typical distribution of returns for major product types, essential for product classification and optimal portfolio implementation purposes; Written in a fresh, clear and understandable style, with many figures illustrating the products and very little mathematics. This book will enable you to better comprehend the use of structured products in everyday banking, quickly analyzing a product, assessing which of your clients it suits, and recognizing its major pitfalls. You will be able to see the added value versus the cost of a product and if the payoff is compatible with the market expectations.

Business Intelligence For Dummies - Swain Scheps 2011-02-04

You're intelligent, right? So you've already figured out that Business Intelligence can be pretty valuable in making the right decisions about your business. But you've heard at least a dozen definitions of what it is, and heard of at least that many BI tools. Where do you start? Business Intelligence For Dummies makes BI understandable! It takes you step by step through the technologies and the alphabet soup, so you can choose the right technology and implement a successful BI environment. You'll see how the applications and technologies work together to access, analyze, and present data that you can use to make better decisions about your products, customers, competitors, and more. You'll find out how to: Understand the principles and practical elements of BI Determine what your business needs Compare different approaches to BI Build a solid BI architecture and roadmap Design, develop, and deploy your BI plan Relate BI to data warehousing, ERP, CRM, and e-commerce Analyze emerging trends and developing BI tools to see what else may be useful Whether you're the business owner or the person charged with developing and implementing a BI strategy, checking out Business Intelligence For Dummies is a good business decision.

Rethinking Positive Adolescent Female Sexual Development - Lisa M. Diamond 2006-07-18

This volume provides thoughtful and diverse perspectives on female adolescent sexuality. These perspectives integrate biological, cultural, and interpersonal influences on adolescent girls' sexuality, and highlight

the importance of using multiple methods to investigate sexual ideation and experience. Traditional portrayals cast adolescent females as sexual gatekeepers whose primary task is to fend off boys' sexual overtures and set aside their own sexual desires in order to reduce their risks for pregnancy and sexually transmitted diseases. Yet an increasing number of thoughtful and constructive critiques have challenged this perspective, arguing for more sensitive, in-depth, multimethod investigations into the positive meanings of sexuality for adolescent girls that will allow us to conceptualize (and, ideally, advocate for) healthy sexual-developmental trajectories. Collectively, authors of this volume take up this movement and chart exciting new directions for the next generation of developmental research on adolescent female sexuality. This is the 112th volume of *New Directions for Child and Adolescent Development*, a journal published quarterly by Jossey-Bass.

An Introduction to Masculinities - Jack S. Kahn 2009-03-30

In the last thirty years, there has been a tremendous growth in the academic inquiry to understand men in their experiences as men. This growth is largely due to growing awareness of the problems that people face in trying to understand what it means to be masculine. This text introduces students to the research, theories, and basic issues in the field of Men and Masculinities, highlighting debates about the definition, origin, and the crisis in masculinity. The author provides a framework for studying the field of masculinities incorporating feminist, social constructionist, and interdisciplinary perspectives. Written in an accessible style, *An Introduction to Masculinities* provides personal anecdotes and contemporary examples to make the theoretical concepts relevant to students' lives. The text also introduces students to leading contributors and experts whose work have informed the field. The author gives the reader a context and structure by which they can critically understand and evaluate information about men and masculinities. An Instructor's Manual is available at www.wiley.com/go/kahn Click here for more discussion and debate on the author's website: <http://jackkahn.com/> [Wiley disclaims all responsibility and liability for the content of any third-party websites that can be linked to from this website. The Wiley International Handbook of Service-Learning for Social Justice - Darren E. Lund 2018-10-30

A comprehensive guide to service-learning for social justice written by an international panel of experts *The Wiley International Handbook of Service-Learning for Social Justice* offers a review of recent trends in social justice that have been, until recently, marginalized in the field of service-learning. The authors offer a guide for establishing and nurturing social justice in a variety of service-learning programs, and show that incorporating the principles of social justice in service-learning can empower communities to resist and disrupt oppressive power structures, and work for solidarity with host and partner communities. With contributions from an international panel of experts, the Handbook contains a critique of the field's roots in charity; a review of the problematization of Whitenormativity, paired with the bolstering of diverse voices and perspectives; and information on the embrace of emotional elements including tension, ambiguity, and discomfort. This important resource: Considers the role of the community in service-learning and other community-engaged models of education and practice Explores the necessity of disruption and dissonance in service-learning Discusses a number of targeted issues that often arise in service-learning contexts Offers a practical guide to establishing and nurturing social justice at the heart of an international service-learning program Written for advanced undergraduate students, graduate students, scholars, and educators, *The Wiley International Handbook of Service-Learning for Social Justice* highlights social justice as a conflict-ridden struggle against inequality, xenophobia, and oppression, and offers practical suggestions for incorporating service-learning programs in various arenas.

The Wiley Blackwell Companion to Sociology - George Ritzer 2019-12-16

The new, updated edition of the authoritative and comprehensive survey of modern sociology *The Wiley Blackwell Companion to Sociology, Second Edition* is an authoritative survey of the major topics, current and emerging trends, and contemporary issues in the study of human social relationships and institutions. A collection of contributions from globally-recognized scholars and experts explore the theoretical and methodological foundations of sociology, new and established debates, and the most current research in the field. Broad in scope, this book covers a multitude of topics ranging from crime, urbanization, sexuality, and education to new questions surrounding big data, authoritarian capitalism, and the rise of nationalism. Since the first edition of the Companion was published, new developments have emerged and new problems have been created such as the omnipresence of social media, political and institutional upheaval, and the global refugee and immigration crises. This revised and updated second edition describes and explains social changes that have occurred in the past several years, both within the field of sociology and society as a whole. Previous material has been updated to reflect current research, while eleven new chapters address topics including feminist theory, debt and social change, and armed conflict and war. This comprehensive volume: Offers an engaging and accessible guide to the field of sociology, revised and updated for the second edition Presents wide-ranging, comprehensive coverage of the discipline Explores issues of contemporary relevance such as digital media and consumption Reflects state-of-the-art scholarship and contemporary debates New chapters for the second edition cover essential topics including feminist theory, armed conflict, big data, authoritarian capitalism, debt and social change, and the rise of nationalism *The Wiley Blackwell Companion to Sociology, Second Edition* is an invaluable resource for academics and graduate students, researchers, scholars, and educators in the discipline of sociology and allied fields such as anthropology, human geography, political science, and psychology.

The Wiley Blackwell Handbook of Bullying - Peter K. Smith 2021-08-10 Explore the latest research and theory on bullying with this international reference from leading voices in the field The two-volume Wiley-Blackwell Handbook of Bullying delivers a comprehensive exploration of a wide range of research on bullying, broadly defined. School bullying is dealt with at length, but there is also coverage of college and workplace bullying and bullying within sports settings, prisons, families, and elder care residential homes. Containing contributions from leading scholars on five continents, the book summarizes the latest theories, findings, developmental aspects, and interventions relevant to bullying in a variety of settings. With up-to-date information on rapidly developing topics like sibling bullying, cyberbullying, bias-based bullying, migration and bullying, dating violence, and economic evaluation of bullying prevention programs, *The Wiley-Blackwell Handbook of Bullying* offers readers a complete view of a wide array of bullying behaviors. The insightful and up-to-date information contained within the two volumes is destined to become the standard reference for bullying-related research and theory. Readers will benefit from: Fulsome material covering research and practice conventions in countries and regions including Europe, North America, South America, Australasia, Japan, South Korea, India, Mainland China and Hong Kong, the Arab countries, and sub-Saharan Africa A comprehensive discussion on the correlates and outcomes of taking part in bullying, as well as being a victim of bullying An exploration of a variety of strategies to deal with bullying incidents, including proactive, reactive, and peer support approaches An analysis of different kinds of bullying, faith-based bullying, and disablist bullying, including racist and ethnic bullying, sexist and sexual bullying, and homophobic and transphobic bullying Perfect for postgraduate students in programs dealing with bullying in virtually any conceivable context, *The Wiley-Blackwell Handbook of Bullying* will also earn a place in the libraries of researchers and practitioners in fields as diverse as psychology, sociology, social work, medicine, criminology, child care, and elder studies.

The Wiley Handbook on the Psychology of Violence - Carlos A. Cuevas 2016-01-21

The Wiley Handbook on the Psychology of Violence features a collection of original readings, from an international cast of experts, that explore all major issues relating to the psychology of violence and aggressive behaviors. Features original contributions from an interdisciplinary cast of scholars - leading experts in their fields of study Includes the latest violence research - and its implications for practice and policy Offers coverage of current issues relating to violence such as online violence and cybercriminal behavior Covers additional topics such as juvenile

violence, sexual violence, family violence, and various violence issues relating to underserved and/or understudied populations

Naked Feminism - Victoria Bateman 2023-02-17

Is it right that, despite the promises of feminism, women's bodies remain at the mercy of state, society and religion? Should a scantily clad woman, or a promiscuous one, be worth less than a fully covered woman, or a chaste one? Are being sexy and being smart really mutually exclusive? Can a woman be both body and brain? Victoria Bateman has confronted these questions with actions as well as words. She has appeared naked on national television, on stage, in art and at protests - using her body, as well as her brain, to deliver her message. In *Naked Feminism*, Bateman makes a compelling case for women's bodily freedom, and explains why the current puritanical revival is so dangerous for women. Illustrating the swinging pendulum of bodily modesty through the ages, she takes us on a journey from the ancient civilisations of Egypt and Babylon, through the birth of Christianity and Islam, to the lax morals of the medieval period and the bawdiness of Chaucer and Shakespeare; to the clampdowns of the Puritans and later the Victorians and, more recently, to the re-veiling of the Middle East and the purity pledges of modern-day America. She ends with a plea: feminists must unite to challenge the repression of the female body, as only then can women be truly free.

Sex Education: The Road Trip - Katy Birchall 2021-09-28

The only official Sex Education novel. When the screen binge is over, return to the world of Moordale with a brand-new story featuring the show's most popular characters. Maeve gets an unexpected call from her brother Sean. It's no surprise to her that he is in trouble again. But she's the only family he's got, so she must saddle up and ride to the rescue. Or at least, scrounge a lift from Aimee and drive there. . . . Otis and Eric insist they can help, and Maeve's mission becomes a summer holiday road trip. Sean's been partying with a group of decadent rich kids who have no accused him of a crime. The evidence against him is pretty damning. Trying to clear his name, Maeve and friends integrate themselves into the rich kids' circle--it's time to go undercover. Thanks to Eric's dance floor moves, Aimee's easy charm, and Otis's ability to offer good advice, they get to know the group. And they soon discover that Sean is not the only one with a motive for getting even with beautiful party girl Tabitha. This standalone YA/crossover story has everything fans love about the show: favorite characters with real emotional depth, no-holds-barred honesty about teenage relationships, brilliant humor, and a great new storyline, plus a compelling whodunit at its heart.

The Myth of Mars and Venus - Deborah Cameron 2008-09-11

Popular assumptions about gender and communication - famously summed up in the title of the massively influential 1992 bestseller *Men Are From Mars, Women Are From Venus* - can have unforeseen but far-reaching consequences in many spheres of life, from attitudes to the phenomenon of 'date-rape' to expectations of achievement at school, and potential discrimination in the work-place. In this wide-ranging and thoroughly readable book, Deborah Cameron, Rupert Murdoch Professor of Language and Communication at Oxford University and author of a number of leading texts in the field of language and gender studies, draws on over 30 years of scientific research to explain what we really know and to demonstrate how this is often very different from the accounts we are familiar with from recent popular writing. Ambitious in scope and exceptionally accessible, *The Myth of Mars and Venus* tells it like it is: widely accepted attitudes from the past and from other cultures are at heart related to assumptions about language and the place of men and women in society; and there is as much similarity and variation within each gender as between men and women, often associated with social roles and relationships. The author goes on to consider the influence of Darwinian theories of natural selection and the notion that girls and boys are socialized during childhood into different ways of using language, before addressing problems of 'miscommunication' surrounding, for example, sex and consent to sex, and women's relative lack of success in work and politics. Arguing that what linguistic differences there are between men and women are driven by the need to construct and project personal meaning and identity, Cameron concludes that we have an urgent need to think about gender in more complex ways than the prevailing myths and stereotypes allow. A compelling and insightful read for anyone with an interest in communication, language, and the sexes.

Sex Education: A Guide To Life - The Official Netflix Show Companion - Sex Education 2021-10-14

The official, no-nonsense sex syllabus and guide to life you always wanted. From the Netflix sensation SEX EDUCATION, with a foreword

from the show's creator, Laurie Nunn. Binged all of Sex Education Season 3 and missing Moordale already? Well, unlikely educator Otis Milburn and his beloved friends are back in this frank, funny and 100% official guide to life. With insight from your favourite characters, tips, takeaways and some enlightening diagrams, the guide covers everything you need to know - from understanding your anatomy, feeling confident about how you look and rejecting shame, to consent, sexuality and the minefield that is modern love. Both a perfect companion to the show and practical guide to navigating the real world, this guide answers all the questions we are too scared to ask, in the show's uniquely hilarious, fun and yet sensitive language that we have come to know and love. So dive in, and start talking, shouting and maybe even screaming about s-e-x! This book has been checked by experts including doctors, sex therapists and more. Recommended age 14+

The Wiley Blackwell Companion to Religion and Ecology - John Hart 2017-05-30

In the face of the current environmental crisis—which clearly has moral and spiritual dimensions—members of all the world's faiths have come to recognize the critical importance of religion's relationship to ecology. The Wiley Blackwell Companion to Religion and Ecology offers a comprehensive overview of the history and the latest developments in religious engagement with environmental issues throughout the world. Newly commissioned essays from noted scholars of diverse faiths and scientific traditions present the most cutting-edge thinking on religion's relationship to the environment. Initial readings explore the ways traditional concepts of nature in Christianity, Judaism, Islam, Buddhism, and other religious traditions have been shaped by the environmental crisis. Readings then address the changing nature of theology and religious thought in response to the challenges of protecting the environment. Various conceptual issues and themes that transcend individual traditions—climate change, bio-ethics, social justice, ecofeminism, and more—are then analyzed before a final section examines some of the immediate challenges we face in caring for the Earth while looking to the future of religious environmentalism. Timely and thought-provoking, Companion to Religion and Ecology offers illuminating insights into the role of religion in the ongoing struggle to secure the future well-being of our natural world. With a foreword by Ecumenical Patriarch Bartholomew I, and an Afterword by John Cobb

Filming's not as glamorous as it's cracked up to be.

The Maudsley Prescribing Guidelines in Psychiatry - David M.

Taylor 2018-07-16

The revised 13th edition of the essential reference for the prescribing of drugs for patients with mental health disorders The revised and updated 13th edition of The Maudsley Prescribing Guidelines in Psychiatry provides up-to-date information, expert guidance on prescribing practice in mental health, including drug choice, treatment of adverse effects and how to augment or switch medications. The text covers a wide range of topics including pharmacological interventions for schizophrenia, bipolar disorder, depression and anxiety, and many other less common conditions. There is advice on prescribing in children and adolescents, in substance misuse and in special patient groups. This world-renowned guide has been written in concise terms by an expert team of psychiatrists and specialist pharmacists. The Guidelines help with complex prescribing problems and include information on prescribing psychotropic medications outside their licensed indications as well as potential interactions with other medications and substances such as alcohol, tobacco and caffeine. In addition, each of the book's 165 sections features a full reference list so that evidence on which guidance is based can be readily accessed. This important text: Is the world's leading clinical resource for evidence-based prescribing in day-to-day clinical practice and for formulating prescribing policy Includes referenced information on topics such as transferring from one medication to another, prescribing psychotropic medications during pregnancy or breastfeeding, and treating patients with comorbid physical conditions, including impaired renal or hepatic function. Presents guidance on complex clinical problems that may not be encountered routinely Written for psychiatrists, neuropharmacologists, pharmacists and clinical psychologists as well as nurses and medical trainees, The Maudsley Prescribing Guidelines in Psychiatry are the established reference source for ensuring the safe and effective use of medications for patients presenting with mental health problems.

Genetic Counseling Practice - Bonnie S. LeRoy 2020-11-16

The second edition of Genetic Counseling Practice: Advanced Concepts and Skills, provides in-depth content regarding the advanced competencies for meeting patient needs across the changing landscape of genetic counseling practice. The content aligns with the Reciprocal Engagement Model (REM) of practice which integrates the biomedical knowledge and psychosocial aspects of genetic counseling. This edition has been revised and expanded to reflect advances made in the present-day field. Edited by a team two genetic counselors and a psychologist, the chapters offer a holistic picture of genetic counseling. Chapter authors are all recognized experts in the profession. The chapters are grounded in evidence-based practice and research. Each chapter includes learning activities to help readers apply concepts and skills. Featured topic areas include: Meeting the needs of culturally diverse patients Addressing challenging patient dynamics Working with children, adolescents and families Using emerging service delivery models for genetic counseling Engaging in self-reflective, deliberate practice Promoting genetic counselor professional development Genetic Counseling Practice is an indispensable guide to the complex and evolving field of genetic counseling, and this updated second edition will help practitioners and trainees alike navigate its most pressing and practical challenges with skill and care.

Wuthering Heights - Emily Bronte 2021-05-21

Emily Bronte was an English novelist & poet, who is best known for her only novel, "Wuthering Heights: She has written poems also such as - 'Poems by Currer, Ellis and Action Bell', 'A Death Scene', 'To a Wreath of Snow, and lots Many. 'Wuthering Heights' is a highly imaginative work of passion and hate. Author was interested in mysticism and used to enjoy her solitude outdoors. This novel consists of those elements. It is now considered a classic of English literature. It was published under the pseudonym - "Ellis Bell" The story is full of high creativity and very imaginative. It narrates revenge also. It revolves around the main character, Heathcliff. Wuthering Heights is his farmhouse. Heathcliff is a young orphan, who was brought by Earnshaw at Wuthering Heights, 30 years ago. Earnshaw loves him (Heathcliff) so much, even neglects his own children. After death of Earnshaw, his elder son Hindley becomes the new master of Wuthering Heights and he allows Heathcliff to stay there only as a servant. Catherine is in love with Heathcliff, but doesn't show due to her social statue. The story thus seems very interesting and it ends with sights of the ghosts of Catherine and Heathcliff. It consists of many ups and downs Readers will Surely going to enjoy the novel. It's Heartthrobing and it's very difficult to getup without reading the novel - fully.

A Companion to Reality Television - Laurie Ouellette 2016-12-19

International in scope and more comprehensive than existing collections, A Companion to Reality Television presents a complete guide to the study of reality, factual and nonfiction television entertainment, encompassing a wide range of formats and incorporating cutting-edge work in critical, social and political theory. Original in bringing cutting-edge work in critical, social and political theory into the conversation about reality TV Consolidates the latest, broadest range of scholarship on the politics of reality television and its vexed relationship to culture, society, identity, democracy, and "ordinary people" in the media Includes primetime reality entertainment as well as precursors such as daytime talk shows in the scope of discussion Contributions from a list of international, leading scholars in this field

Mercury Fur - Philip Ridley 2013-12-04

Challenging new play by the enfant terrible of dark, disturbing drama Elliot is panicking. The party that he and his brother Darren have been planning has been brought forward - to tonight. In a lawless, ravaged city, where memories of the past have been brutally erased, the boys and their team survive by realising their clients' darkest fantasies. But just how far are they prepared to go in trading humanity for information? As the light fades and events spiral out of control it becomes clear that on the success of the evening hangs not just their security, but their existence. The world is at its worst...let the party begin. Mercury Fur is a challenging new work containing some explicit scenes that may cause offence. Published to tie-in with the play's premier at the Drum Theatre, Plymouth and The Chololate Factory, London in February 2005, produced by Paines Plough. "Philip Ridley is a singular writer, a prolific polymath, probably a genius, and the creator of some of the most peculiar, grotesque and compelling British plays (and films) of the last several years" Time Out
