Sexual Deviance and Society - Meredith G. F. Worthen 2016-06-10

In a society where sexualized media has become background noise, we are frequently discouraged from frank and open discussions about sex and offered few tools for understanding sexual behaviors and sexualities that are perceived as being out of the norm. This book encourages readers to establish new ways of thinking about stigmatized peoples and behaviors, and to think critically about gender, sex, sexuality and sex crimes. *Sexual Deviance and Society* uses sociological theories of crime, deviance, gender and sexuality to construct a framework for understanding sexual deviance. This book is divided into four units: Unit I, *Sociology of Deviance and Sexuality*, lays the foundation for understanding sex and sexuality through sociological frameworks of deviance. Unit II, *Sexual Deviance*, provides an in depth dialogue to its readers about the sociological constructions of sexual deviance with a critical focus on contemporary and historical conceptualizations. Unit III, *Deviant Sexual Acts*, explores a variety of deviant sexual acts in detail, including sex in public, fetishes, and sex work. Unit IV, *Sex Crimes and Criminals*, examines rape and sexual assault, sex crimes against children, and societal responses to sex offenders and their treatment within the criminal justice system. Utilizing an integrative approach that creates a dialogue between the subjects of gender, criminology and deviance, this book is a key resource for students interested in crime and deviance, gender and sexuality, and the sociology of deviance.

Introduction to Sarah Shahi - Gilad James, PhD

Sarah Shahi is an American actress and former NFL cheerleader. She was born on January 10, 1980, in Euless, Texas, to an Iranian father and Spanish mother. Shahi grew up in a conservative Muslim household and attended Trinity High School where she was a member of the school's cheerleading team. After high school, Shahi studied English and Theatre at Southern Methodist University in Dallas. She started her career as an NFL cheerleader for the Dallas Cowboys from 1999 to 2000. Shahi then moved to Los Angeles to pursue her acting career and landed her first role in the television series "Alias" in 2001. She has since appeared in various television shows and movies, including "The L Word," "Fairly

Legal," "Person of Interest," "Chicago Fire," "Reverie," and "Dolly Parton's Heartstrings." Shahi has also received critical acclaim for her lead role in the crime drama series "The Rookie," where she plays the character of Jessica Russo.

44 Chapters About 4 Men - BB Easton 2019-11-19

One woman's secret journal completely changes her marriage in this hilarious and biting memoir—the inspiration for the Netflix Original Series *SEX/LIFE*. School psychologists aren't supposed to write books about sex. Doing so would be considered "unethical" and "a fireable offense." Lucky for you, ethics was never my strong suit. *Sex/Life: 44 Chapters About 4 Men* is a laugh-out-loud funny and brutally honest look at female sexuality, as told through the razor-sharp lens of domesticated bad girl BB Easton. No one and nothing is off limits as BB revisits the ex-boyfriends—a sadistic tattoo artist, a punk rock parolee, and a heavy metal bass player—that led her to finally find true love with a straight-laced, drop-dead-gorgeous . . . accountant. After settling down and starting a family with her perfectly vanilla "husbot," Ken, BB finds herself longing for the reckless passion she had in her youth. She begins to write about these escapades in a secret journal, just for fun, but when Ken starts to act out the words on the pages, BB realizes that she might have stumbled upon the holy grail of behavior modification techniques. The psychological dance that ensues is nothing short of hilarious as BB wields her journal like a blowtorch, trying to light a fire under her cold, distant partner. Sometimes it works, sometimes it doesn't, but in the end, BB learns that the man she was trying so hard to change was perfect for her all along.

Fandom At The Crossroads - Katherine Larsen 2011-11-15

Fandom At The Crossroads: Celebration, Shame and Fan/Producer Relationships is an in-depth exploration of the reciprocal relationship between a groundbreaking cult television show and its equally groundbreaking fandom. For the past six years the authors have inhabited the close-knit fan communities of the television show *Supernatural*, engaging in criticism and celebration, reading and writing fanfiction, and attending fan conventions. Their close relationships

within the community allow an intimate behind-the-scenes examination of fan psychology, passion, motivation, and shame. The authors also speak directly to the creative side in order to understand what fuels the passionate reciprocal relationship Supernatural has with its fans, and to interrogate the reality of fans' fears and shame. As they go behind the scenes and onto the sets to talk with Supernatural's showrunners, writers, and actors, the authors struggle to negotiate a hybrid identity as "aca-fans". Fangirls one moment, "legitimate" researchers the next, the boundaries often blur. Their repeated breaking of the fan/creative side boundary is mirrored in Supernatural's reputation for fourth wall breaking, which has attracted journalistic coverage everywhere from Entertainment Weekly to the New York Times. Written with humor and irreverence, *Stalking Fandom* combines an innovative theorizing of fandom and popular culture, which will be useful in a variety of courses, with a behind-the-scenes story that anyone who's ever been a fan or wondered why others are fans will find fascinating.

Science Fiction Culture - Camille Bacon-Smith 2000

"[An] inside look at this wonderfully strange universe."--

A Companion to Media Fandom and Fan Studies - Paul Booth 2018-05-01

A Companion to Media Fandom and Fan Studies offers scholars and fans an accessible and engaging resource for understanding the rapidly expanding field of fan studies. International in scope and written by a team that includes many major scholars, this volume features over thirty especially-commissioned essays on a variety of topics, which together provide an unparalleled overview of this fast-growing field. Separated into five sections—Histories, Genealogies, Methodologies; Fan Practices; Fandom and Cultural Studies; Digital Fandom; and The Future of Fan Studies—the book synthesizes literature surrounding important theories, debates, and issues within the field of fan studies. It also traces and explains the social, historical, political, commercial, ethical, and creative dimensions of fandom and fan studies. Exploring both the historical and the contemporary fan situation, the volume presents fandom and fan studies as models of 21st century production and consumption, and identifies the emergent trends in this unique field of study.

Johnnie JungleGuts Collected Writing - John Martin 2017-10-21

Disco Divas - Sherrie A. Inness 2003-01-13

The 1970s tend to be allocated a slender role in American cultural and social history. The essays in *Disco Divas* reveal that the 1970s, far from being an era of cultural stasis, were a time of great social change, particularly for women.

Fandom - Francesca Davis DiPiazza 2018-02-01

Have you ever finished a book or TV series and wished for more? Created stories, art, or videos based on a game? Dressed up as your favorite character? If so, you've entered fandom. Fan writers expand and mix up stories, like sending the Star Trek crew to Hogwarts. Cosplayers sew Star Wars and Sailor Moon costumes, and fan filmmakers make music video tributes. Fans also enrich invented worlds with greater diversity, creating female and multiracial avatars for games peopled only with white male characters. Tour fandom's history and meet fan writers, video-makers, artists, costumers, and gamers who celebrate the things they love and shape fan communities online and in real life.

Teen Fandom and Geek Programming - Carrie Rogers-Whitehead 2018-05-30

This concise volume covers major fandom and program themes, as well as real-world event, club, and program ideas to help librarians provide this type of programming to their communities. Use the tips and how-to knowledge in this practical guide to get more teens into your library!

Fandom, the Next Generation - Bridget Kies 2022-08-17

This collection is the first to offer a close study of fan generations, which are defined not only by fans' ages, but by their entry point into a canon or their personal politics. The contributors further the conversation about how generational fandom is influenced by and, in turn, influences technologies, industry practices, and social and political changes. As reboot culture continues, as franchises continue expanding over time, and as new technologies enable easier access to older media, *Fandom, the Next Generation* offers a necessary investigation into transgenerational fandoms and intergenerational fan relationships.

Boys' Love, Cosplay, and Androgynous Idols - Maud Lavin

2017-06-01

Chinese-speaking popular cultures have never been so queer in this digital, globalist age. The title of this pioneering volume, *Boys' Love, Cosplay, and Androgynous Idols: Queer Fan Cultures in Mainland China, Hong Kong, and Taiwan* already gives an idea of the colorful, multifaceted realms the fans inhabit today. Contributors to this collection situate the proliferation of (often online) queer representations, productions, fantasies, and desires as a reaction against the norms in discourses surrounding nation-states, linguistics, geopolitics, genders, and sexualities. Moving beyond the easy polarities between general resistance and capitulation, *Queer Fan Cultures* explores the fans' diverse strategies in negotiating with cultural strictures and media censorship. It further outlines the performance of subjectivity, identity, and agency that cyberspace offers to female fans. Presenting a wide array of concrete case studies of queer fandoms in Chinese-speaking contexts, the essays in this volume challenge long-established Western-centric and Japanese-focused fan scholarship by highlighting the significance and specificities of Sinophone queer fan cultures and practices in a globalized world. The geographic organization of the chapters illuminates cultural differences and the other competing forces shaping geocultural intersections among fandoms based in Mainland China, Hong Kong, and Taiwan. "This important collection complicates our understanding of fan practices, showing how national and regional

factors play an important role in how media texts and identities are understood. It also shows how the Chinese-speaking world is home to dense and often conflicting modes of audience reception of cultural texts deriving from Sinophone, Japanese, and Western contexts." —Mark McLelland, University of Wollongong "An exciting anthology by a talented group of emergent scholars whose vibrant studies offer fresh insights on the diverse practices and transregional flows of queer fandom in the Chinese-speaking world. Local in its specificity and transnational in its scope, this book highlights the creativity of queer fan practices while critically locating them within the political and social structures that produce them." —Helen Hok-Sze Leung, Simon Fraser University

Life by Association: Getting Furry - Joseph Santiago 2012-10-01

This is the true story about discovering the Furry Community in Rhode Island with the help of a guide who shares her experiences and the stories of others from across the US. Their lives create a rich and informative scene about different relationship forms, sexual expression today, personal identity, coming out in society, and how each of us is seeking others that share our values and beliefs. This is the second book in the World Voice series called "Life By Association". In this series we will learn and share in the diversity of stories and ideas in our world that will inspire us, entertain us, and surprise us, with the realization that these are stories drawn from experience within our own communities.

Exploiting Fandom - Mel Stanfill 2019-02-15

As more and more fans rush online to share their thoughts on their favorite shows or video games, they might feel like the process of providing feedback is empowering. However, as fan studies scholar Mel Stanfill argues, these industry invitations for fan participation indicate not greater fan power but rather greater fan usefulness. Stanfill's argument, controversial to some in the field, compares the "domestication of fandom" to the domestication of livestock, contending that, just as livestock are bred bigger and more docile as they are domesticated, so, too, are fans as the entertainment industry seeks to cultivate a fan base that is both more useful and more controllable. By bringing industry studies and fan studies into the conversation, Stanfill

looks closely at just who exactly the industry considers "proper fans" in terms of race, gender, age, and sexuality, and interrogates how digital media have influenced consumption, ultimately finding that the invitation to participate is really an incitement to consume in circumscribed, industry-useful ways.

Killer Fandom: Fan Studies and the Celebrity Serial Killer - Judith May Fathallah 2023-11-06

Killer Fandom is the first long-form treatment of serial killer fandom. Fan studies have mostly ignored this most moralized form of fandom, as a stigmatized Bad Other in implicit tension with the field's successful campaign to recuperate the broader fan category. Yet serial killer fandom, as Judith May Fathallah shows in the book, can be usefully studied with many of the field's leading analytic frameworks. After tracing the pre-digital history of fans, mediated celebrity, and killers, Fathallah examines contemporary fandom through the lens of textual poaching, affective community, subcultural capital, and play. With close readings of fan posts, comments, and mashups on Tumblr, TikTok, and YouTube, alongside documentaries, podcasts, and a thriving "murderabilia" industry, Killer Fandom argues that this fan culture is, in many ways, hard to distinguish from more "mainstream" fandoms. Fan creations around Aileen Wuornos, Jeffrey Dahmer, Ted Bundy, and Richard Ramirez, among others, demonstrate a complex and shifting stance toward their objects—marked by parodic humor and irony in many cases. Killer Fandom ultimately questions—given our crime-and violence-saturated media culture—whether it makes sense to set Dahmer and Wuornos "fans" apart from the rest of us.

Cult Film as a Guide to Life - I.Q. Hunter 2016-09-08

Cult Film as a Guide to Life investigates the world and experience of cult films, from well-loved classics to the worst movies ever made. Including comprehensive studies of cult phenomena such as trash films, exploitation versions, cult adaptations, and case studies of movies as different as Showgirls, Room 237 and The Lord of the G-Strings, this lively, provocative and original book shows why cult films may just be the perfect guide to making sense of the contemporary world. Using his

expertise in two fields, I.Q. Hunter also explores the important overlap between cult film and adaptation studies. He argues that adaptation studies could learn a great deal from cult and fan studies about the importance of audiences' emotional investment not only in texts but also in the relationships between them, and how such bonds of caring are structured over time. The book's emergent theme is cult film as lived experience. With reference mostly to American cinema, Hunter explores how cultists, with their powerful emotional investment in films, care for them over time and across numerous intertexts in relationships of memory, nostalgia and anticipation.

Women Negotiating Feminism and Science Fiction Fandom - Neta Yodovich 2022-08-03

This book follows the ways in which women negotiate and navigate between their feminist identities and their belonging to science fiction fandoms that at times disregard or dismiss them. It explores frictions and discords, including those between feminist women fans and other members in their communities, and between the fan and the object of her fandom. This book examines the intersection of fandom and feminism through the lenses of gender, ethnicity and age, and provides an in-depth and intersectional perspective on fan communities and the layered discrimination and marginalization enfolded in them. Based on 40 in-depth interviews with women fans of Star Wars and Doctor Who, this book highlights the different aspects of a feminist woman fan's identity: becoming, being, belonging, representing, and reconciling. Each chapter in this book unravels the complexity, ambivalence, and contradictions between feminism and fandom, and reveals the tactics women develop to overcome and harmonize them.

The Fandom of the Operator - Robert Rankin 2002

Gary Cheese is 19 and works for British Telecom as an operator. His hobbies include watching TV, walking his dog, going down to the pub, and attempting to re-animate the dead.

Introduction to Wikipedia - Gilad James, PhD

Wikipedia is a free, online encyclopedia that provides knowledge and information on various topics. The website was launched in 2001 and is

now one of the most popular sources of information on the web, with millions of articles written in multiple languages. Wikipedia is entirely written by volunteers worldwide who have a passion for sharing information, and it is constantly updated to keep up with the latest information and research. To ensure accuracy, Wikipedia has certain policies regarding the sourcing of information, which means only reliable sources can be used for content. This helps to avoid misinformation and ensures that the information is trustworthy. Additionally, Wikipedia's open contribution model allows anyone to add, edit or remove information, making it an ever-evolving source of knowledge and information. Overall, Wikipedia is an excellent resource for anyone who wants accurate information on diverse topics.

Post-Object Fandom - Rebecca Williams 2015-01-29

Fandom is generally viewed as an integral part of everyday life which

impacts upon how we form emotional bonds with ourselves and others in a modern, mediated world. Whilst it is inevitable for television series to draw to a close, the reactions of fans have rarely been considered. Williams explores this everyday occurrence through close analysis of television fans to examine how they respond to, discuss, and work through their feelings when shows finish airing. Through a range of case studies, including *The West Wing* (NBC, 2000-2006), *Lost* (ABC 2004-2010), *Buffy the Vampire Slayer* (1997-2003), *Doctor Who* (BBC 1963-1989; 2005-), *The X-Files* (FOX, 1993-2002), *Firefly* (FOX, 2002) and *Sex and the City* (HBO, 1998-2004), Williams considers how fans prepare for the final episodes of shows, how they talk about this experience with fellow fans, and how, through re-viewing, discussion and other fan practices, they seek to maintain their fandom after the show's cessation.
