Texas Mother Demanding Answers After Her 6-Year-Old Son Was Sexually Assaulted On School Bus - Yahoo News

Metaphors of the Web 2.0 - Alexander Tokar 2009

This study is an attempt to semantically decompose the most popular metaphorical expressions associated with two particular Web 2.0 practices: social networks and folksonomies. What is a friend on a social networking Web site like MySpace and StudiVZ? Is it polite to poke strangers on Facebook and give them fives on hi5? How can we subscribe to RSS feeds, if we don't pay subscription fees? Do we really broadcast ourselves on our YouTube channels? These and other similar questions are dealt with from the perspective of the referential and the conceptual approaches to meaning, i.e., what these words stand for (referential/extensional approach) and which concepts they signify (conceptual/intensional approach). Thus, from the referential point of view, a friend on MySpace is only a hyperlink directing to a profile page of another MySpace user. But from the intensional point of view, a friend is a subscriber to the content generated by the profile owner.

Children, Adolescents, and the Media, An Issue of Pediatric Clinics - E-Book - Victor C. Strasburger 2012-09-13

Dr. Strasburger addresses a popular topic in mainstream media: What are the effects of the multitude of media that are available to our children and adolescents? His well-published authors try to answer this question with articles devoted to the following topics: Health Effects of Media on Children and Adolescents; What Every Pediatrician Needs to Know About Social Networking Sites; Should Babies Be Watching TV and Videos?; Internet Bullying; Creative and Prosocial Uses of Media; Videogames: Good or Bad?; The New Threat of Digital Advertising; Does Media Use Cause Obesity?; Media in the Classroom; Eating Disorders and the Media; and Setting Up an Adolescent Health Website.

Volume - Kenneth FitzGerald 2012-04-17

Volume—a word that refers to sound, collections, and the measurement of space—is a crucial characteristic of both graphic design and popular music. While expressing different aspects of these two pervasive cultural mediums, the term also introduces a discussion on their many links. *Volume: Writings on Graphic Design, Music, Art, and Culture* is a collection of both new and classic writings by frequent Emigre contributor and educator Kenneth FitzGerald that survey the discipline of graphic design in context with the parallel creative fields of contemporary music and art. The topics of the writings are diverse: the roles of class in design, design education, Lester Bangs and Creem magazine, pornography, album cover art, independent record labels, anonymity and imaginary creative identities, and design as cultural chaos-maker.

[Sexuality Education \[4 volumes\]](#) - Elizabeth Schroeder 2009-04-30

An exemplary team of professionals provides a comprehensive look at sex education, the heated debate over federal controls, current research and practice, programs, politics, legislation, and cultural and religious issues related to sex and sexuality education. In the groundbreaking *Sexuality Education: Past, Present, and Future*, the history, practices, and politics of sexuality education are explained. Respected educators, counselors, and therapists marshal both research and educated opinion to offer insights into exactly what is meant by "sex education," what the various approaches are, what "age appropriate" lessons are supported by most professionals, and the impact of government policies. Noting that the need for sexuality education has expanded to adults, from new parents to senior citizens, this unique work also takes readers into classrooms and makes them privy to conversations representing everyone from elementary school students to nursing home residents. These comments reveal the range of unanswered questions about sex—questions that are important for psychological, as well as physical health. In addition, the contributors explore ongoing issues in sexuality education, such as how to present "culturally competent" lessons that include consideration of race, ethnicity, gender, religion, and sexual orientation. The experts also examine sexuality education in other countries, the challenges those countries face, and their victories over unplanned pregnancy and STDs in the global effort to preserve sexual health.

Congress Investigates Sex - Cyrus Bass 1954

Erotika - Jayceon Voice 2018-08-05

Find Out What Goes Down In This Very Lusty Relationship Love Story! Today only, get this Amazon bestseller for just \$0.99. Regularly priced at \$4.99. Gender and Sexual Identity - Julie L. Nagoshi 2013-10-21

The first comprehensive presentation of an explicitly transgender theory. This theory goes beyond feminist and queer theory by incorporating the idea of fluid embodiment and lived experience in conceptualizing gender and sexual identity. Beyond developing a formulation of transgender theory that incorporates the socially constructed, embodied, and self-constructed aspects of identity in the narrative of lived experiences, the authors discuss the implications of this "trans-identity theory" for theory, research, and practice.

What's Next in Love and Sex - Elaine Hatfield 2020

"What's Next in Love and Sex is a comprehensive examination of contemporary academic findings relating to all matters of the mind, body, and heart in the modern world. Written by one of the pioneers of love and sex research, Dr. Hatfield, along with her colleagues Dr. Purvis and Dr. Rapson, this book uses contemporary scientific findings to provide an updated and relevant explanation for why we do the things we do when we're in love, searching for love, making love, or attempting to keep a faltering relationship together. No other book will give young people such an in-depth scientific understanding of contemporary love and sex while still providing a light-hearted, accessible, and entertaining read."--

Sexual Predators - Stephen Dean 2007

You've seen the news reports on TV. Grown men show up for sexual encounters with children and young teenagers-after "meeting" them on Internet Web sites or chat rooms. The kids don't understand the risks they're taking. But the grown men do. They live for the sleazy meetings, spending hours...or weeks...arranging the details. They are sexual predators. Parents, guardians and family members worry about how to protect their kids from these people. But the popularity of the Internet makes that protection difficult. Online safety isn't black and white. Bad people can use legitimate Web sites to recruit or "groom" victims; and the predators lie so smoothly that the kids don't realize what's happening until it's too late. This book uses actual transcripts from undercover investigations of sexual predators to give you practical knowledge of how these villains operate. It follows the experiences of real people-real children-so that you know what to look for in a child or an Internet "friend" to cut off "chats" before they lead to abuse. Book jacket.

Guarantee the Sex of Your Baby - Robin Elise Weiss 2006-12-21

GIRL OR BOY — THE CHOICE IS YOURS For the first time ever, you don't need to simply hope that your

next baby will be the daughter you always wanted or the son who balances your family. Guarantee the Sex of Your Baby tells how today's revolutionary medical techniques such as sperm sorting and Preimplantation Genetic Diagnosis (PGD) allow you to choose the sex of your next baby with 99.99% certainty. Guarantee the Sex of Your Baby guides you step by step through the maze of sex selection options and, in easy-to-understand terms, explains the high-tech medical procedures that empower you to have the baby of your dreams. Guarantee the Sex of Your Baby... •Reveals which high-tech procedures are most effective •Explains the pros and cons of low-tech approaches, including the Shettles Method •Exposes the myths and misnomers of sex selection •Tells how to find a fertility specialist who can help you •Includes vital information on preventing genetic disorders using PGD

Rational Rules - Shaun Nichols 2021-02-11

Rational Rules argues that moral learning can be understood in terms of general-purpose rational learning procedures. Nichols provides statistical learning accounts of some fundamental aspects of moral development, combining aspects of traditional empiricist and rationalist approaches.

Triangulating Methodological Approaches in Corpus Linguistic Research - Paul Baker 2016-06-10

Contemporary corpus linguists use a wide variety of methods to study discourse patterns. This volume provides a systematic comparison of various methodological approaches in corpus linguistics through a series of parallel empirical studies that use a single corpus dataset to answer the same overarching research question. Ten contributing experts each use a different method to address the same broadly framed research question: In what ways does language use in online Q+A forum responses differ across four world English varieties (India, Philippines, United Kingdom, and United States)? Contributions will be based on analysis of the same 400,000 word corpus from online Q+A forums, and contributors employ methodologies including corpus-based discourse analysis, audience perceptions, Multi-Dimensional analysis, pragmatic analysis, and keyword analysis. In their introductory and concluding chapters, the volume editors compare and contrast the findings from each method and assess the degree to which 'triangulating' multiple approaches may provide a more nuanced understanding of a research question, with the aim of identifying a set of complementary approaches which could arguably take into account analytical blind spots. Baker and Egbert also consider the importance of issues such as researcher subjectivity, type of annotation, the limitations and affordances of different corpus tools, the relative strengths of qualitative and quantitative approaches, and the value of considering data or information beyond the corpus. Rather than attempting to find the 'best' approach, the focus of the volume is on how different corpus linguistic methodologies may complement one another, and raises suggestions for further methodological studies which use triangulation to enrich corpus-related research.

Sex Crimes and Offenders - Mary Clifford 2022-05-02

Sex Crimes and Offenders emphasizes the need to focus on individual perpetrators while also stressing the importance of looking at the offender's social and cultural environments, as well as the social and political responses designed to hold perpetrators accountable and help support victims

Online Dating For Dummies - Judith Silverstein 2003-11-21

Chances are, you've heard about Internet dating from a friend, or an online banner ad has caught your eye. If you've given online dating a passing consideration, you may have some fears from all those graphic horror stories that jar your senses - and your sensibilities. Or you may think that meeting people via the Internet is only for the disenfranchised or socially unskilled. From their own experiences, 20 million people can tell you otherwise. Online Dating For Dummies will get you off the fence and on the Internet dating path - with the skill of a seasoned pro. Like your best friend, this fun reference will give you the straight scoop on Gearing up with the right computer hardware Overcoming preconceived notions of who is online Talking the online lingo Enjoying conversation in chat rooms Considering date site options Establishing your screen identity Facing the consequences of not posting a photo Internet dating is growing at double-digit rates every year, while other forms of finding a connection are flat or falling off. Internet dating, although far from perfect, is becoming the most effective and efficient method of getting introduced to a large number of available singles. Online Dating For Dummies shows you how to get your feet wet and how to dive in, making informed choices and exercising good judgment as you Sign up for a trial run on a dating site Try to describe yourself for your personal profile Initiate your first e-mail contact Make your first in-

person meeting memorable Identify frauds and players Figure out what not to do if you really want to meet someone Jumping into online dating with no preparation at all is possible - but not practical. If you follow the techniques in this friendly guide, your odds of meeting great potential matches will greatly improve, and you'll have far more fun in the process.

Sex and the Women - Heini Grünbaum 2015-11-21

Sex and the Women is a trilogy of short stories that gives an honest and uncensored insight of the simplicity, complexity, ugliness, and beauty of the male sexuality. An insight into what truly triggers the male's lust and feelings and an understanding of every man's continuing battle to stay true to himself and his sexuality in the ever-expanding modern world. For women, these stories are a particular opportunity to have a peek behind the embellished curtain and discover what they might never have truly understood about the male sexuality. For men, Sex and the Women is a mirror in which they can reflect and recognize themselves, confirm the normality of their sexuality and the feelings connected to it, whether they have ever been in doubt at any point of their life or not. We follow Kris, the author's alter ego, from his cradle to the grave, so to speak. Starting from his early childhood when he first discovers his sexuality and begins to fall in love with one lovely creature after another. Then comes the ever so difficult teenage years where a shy Kris is in a constant battle with himself and his horniness. In the beginning of his adulthood, he finally manages to get rid of his shyness and can begin to conquer every pussy imaginable in this world. Later in life, an older, much wiser Kris discovers the absurdity of how his sexuality has not only been controlling most of his life but also, unfortunately, has forced him to take an endless number of ever so bad decisions that he wishes he had never taken and easily could have lived without. But at the end of the day, the end of a lifetime, Kris only did what Mother Nature asked of him. Nothing more, maybe a little less: -)

Sex in Advertising - Tom Reichert 2014-04-04

Sex in Advertising: Perspectives on the Erotic Appeal is the first book to thoroughly tackle important issues about sex in advertising. What is it? Does it work? How does it affect individuals and society? Well-respected scholars and popular writers answer these questions as they address the following issues associated with sex in today's advertising environment: gender differences and representation, unintended social effects, subliminal embeds, appeals to the homosexual community, and new media. The book contains a blend of perspectives, including original experimental studies, interpretive and historical analyses, and cultural critiques. The definitive source on sex in advertising, this book: *is centralized around a singular theme: Understanding how sex in advertising appeals work and why they are so prevalent; *includes multiple perspectives to capture the richness of sexual appeals; *brings together viewpoints from both well-known scholars and writers; *provides a wealth of ideas and research questions for those interested in the topic; and *contains discussions of sex in advertising from its roots in the 1700s to online advertising today and beyond. The book is must reading for advertising and gender researchers, scholars, and students. Anyone interested in mass media, consumer psychology, and popular culture will find this book an essential resource.

Who Should You Have Sex With? - Mark Thompson 2010-10-01

How can you have a better sex life? It starts with sexual chemistry. Who Should You Have Sex With? reveals what factors go into explosive sexual chemistry and how to create that kind of red-hot bedroom connection. You will discover: Your own sexual style How to spot a partner who has a style that best meshes with yours How to expertly read the hidden desires of your current or future partner But these secrets aren't just for singles! For couples, this book shows how to reignite your sexual spark by: Understanding your partner's sexual fantasies and secret desires Trying out new roles both in and out of the bedroom Whether you're single or in a relationship, it's never too late to turn up the heat. And it's never too late to have a great sex life. "Dr. Thompson is a matchmaking genius."—Michael Georgeff, PhD, former director of the Stanford Artificial Intelligence Institute "Dr. Thompson is an Alfred Kinsey for the Internet age."—Philip Zimbardo, PhD, professor of psychology at Stanford University, former president of the American Psychological Association, bestselling author of The Lucifer Effect Written by Dr. Mark Thompson, an Internet pioneer who designed online matchmaking systems for Match.com and Yahoo!, this book is based on Dr. Thompson's wildly popular online tests on sex, attraction, and personality—which have been taken by over thirty million people worldwide.

College: What's the Point? - David B. Van Heemst 2011-10

In the compelling book *College: What's the Point? Embracing the Mystery of the Kingdom in a Postmodern World*, author David Van Heemst passionately and insightfully challenges Christian college students to abandon superficiality and apathy during their four years of college to instead go deep, ask the hard questions, and pursue a life of radical meaning. *College: What's the Point?* addresses the significant issues facing college students today such as identity, calling, academic integrity, relationships, and healthy sexuality to guide the reader in a thought-provoking journey of faith, reflection, and discovery. *College: What's the Point?* frames these difficult issues confronting college students in the context of biblical justice and God's redemptive purpose for the world, and speaks directly to the young adult desiring more than the status quo. The author invites students to use their time in college to grapple with the tough questions, to embrace the brokenness, and to participate in ushering in the Kingdom of God. Accessible and engaging, *College: What's the Point?* enables the reader to approach their college education with a deeper understanding of the impact of these years upon their life, their calling, and the world.

[Backpage.com's Knowing Facilitation of Online Sex Trafficking](#) - United States. Congress. Senate.

Committee on Homeland Security and Governmental Affairs. Permanent Subcommittee on Investigations 2017

Lesbian, Gay, Bisexual, and Transgender Healthcare - Kristen Eckstrand 2016-02-17

Written by experienced clinicians and edited by Vanderbilt Program for LGBTI Health faculty, this book contains up-to-date expertise from physicians renowned for their work in LGBT health. This important text fills an informational void about the practical health needs of LGBT patients in both the primary care and specialty settings remains, and serves as a guide for LGBT preventive and specialty medicine that can be utilized within undergraduate medical education, residency training, and medical practice. Beginning with a short review of LGBT populations and health disparities, it largely focuses on the application and implementation of LGBT best practices within all realms of medical care. In addition, the book offers recommendations for the integration of LGBT health into systems-based practice by addressing intake forms and electronic health records, as well as evidence-based emerging concerns in LGBT health. This is a must-have volume for medical students, residents, and practicing physicians from all medical specialties.
