

Sexual Portraits Photographs Of Radical Sexuality

Diary of a Thought Criminal

- Mark I. Chester 1996

Deviations - Gayle Rubin

2011-11-28

Collection of writings by Gayle S. Rubin, an American theorist and activist in feminist, lesbian and gay, queer, and sexuality studies since the 1970s.

Sexual Magic - Michael A. Rosen 1986

Mother Jones Magazine - 1994-05

Mother Jones is an award-winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues.

Archaeologies of Sexuality -

Robert A. Schmidt 2005-06-28

Status, age and gender have long been accepted aspects of

archaeological enquiry, yet it is only recently that archaeologists have started seriously to consider the role of sex and sexuality in their studies. *Archaeologies of Sexuality* is a timely and pioneering work. It presents a strong, diverse body of scholarship which draws on locations as varied as medieval England, the ancient Maya kingdoms, New Kingdom Egypt, prehistoric Europe, and convict-era Australia, demonstrating the challenges and rewards of integrating the study of sex and sexuality within archaeology. This volume, with contributions by many leading archaeologists, will serve both as an essential introduction and a valuable reference tool for students and academics.

Bad Girls and Dirty Pictures

- Alison Assiter 1993

For well over a decade, half-baked analysis and phony science have been used by some feminists to side-track the women's movement into puritanical campaigns against sexual material and imaginative sexual exploration. Many feminists would say that this widely publicised version of feminism is itself sexist, and that the increasingly vocal anti-pornography campaigns are founded on theoretical dead-ends that have allowed feminists to deviate drastically from the basic goals of women's liberation. *Bad Girls & Dirty Pictures* puts these anti-sex, anti-porn arguments under the microscope of a more thorough and considered feminist analysis. It examines the flaws in the research that purports to prove the harm of pornography and warns against the continuing use of censorship by politicians and the moral right, as well as exposing the dangers of anti-porn feminist arguments. Contributions from

a wide range of women, including sex workers and academics, remind us that pornography does not have a special place in our oppression, and that censorship must still be seen as dangerous enemy of women. *Bad Girls & Dirty Pictures* is a much-needed antidote to falsehoods, shabby thinking, and patronising sexism that have fuelled anti-pornography campaigns and misled the women's movement.

Mother Jones Magazine - 1993-11

Mother Jones is an award-winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues.

Exposure - 1991

Radical Eroticism - Rachel Middleman 2018-01-16

In the 1960s, the fascination with erotic art generated a wave of exhibitions and critical discussion on sexual freedom, visual pleasure, and the nude in contemporary art. *Radical Eroticism* examines the

importance of women's contributions in fundamentally reconfiguring representations of sexuality across several areas of advanced art—performance, pop, postminimalism, and beyond. This study shows that erotic art made by women was integral to the profound changes that took place in American art during the sixties, from the crumbling of modernist aesthetics and the expanding field of art practice to the emergence of the feminist art movement. Artists Carolee Schneemann, Martha Edelheit, Marjorie Strider, Hannah Wilke, and Anita Steckel created works that exemplify these innovative approaches to the erotic, exploring female sexual subjectivities and destabilizing assumptions about gender. Rachel Middleman reveals these artists' radical interventions in both aesthetic conventions and social norms.

Mapplethorpe and the Flower - Derek Conrad Murray
2022-12-29

"Vast tracts of criticism have been devoted to Robert

Mapplethorpe's infamous persona as a sexual outlaw and to his more notorious photographs, especially his S and M imagery. In 'Mapplethorpe and the Flower', Derek Conrad Murray refocuses this critical gaze and produces the first book-length examination of the artist's flower photographs.

Mapplethorpe was a dedicated and disciplined formalist, who was committed to identifying what was most beautiful about his subject and whose precise and controlled photography belied his permissive public image. In this book, Murray offers the exciting interpretation that the flower images represent the apogee of Mapplethorpe's marriage of formal sophistication with his own conceptual bravado. He thus allows for a provocative new reading of this fascinating artist, which challenges the myth that has grown around him."--Page 4 of cover.

The Concise Focal Encyclopedia of Photography - Michael R. Peres
2014-06-20

Defining photography is impossible. Revealing it is another matter, and that's what The Concise Focal Encyclopedia of Photography does, with each turn of the page. History: The technical origins and evolution of photography are half of the story. The other half consists of the ways that cultural forces have transformed photography into a constellation of practices more diverse than any other mode of representation. Photographers can tell a more in-depth story through a photo like Dorothea Lange's "Migrant Mother" than a journalist ever could with the written word alone. Major themes and practitioners: Over 25 entries, many with supporting illustrations, examine the figures, trends, and ideas that have contributed most heavily to the history and current state of photography. Contemporary issues: The issues influencing photography today are more complex than at any other time in its history. Questions of ethics, desire, perception, digitization, and

commercialization all vie for attention. Hear what the experts have to say about crucial issues such as whether or not the images we take today will last the test of time, and if so, how? When material is covered this skillfully, "concise is no compromise. The Concise Focal Encyclopedia of Photography is packed with useful information, compelling ideas, and - best of all - pure pleasure.

Mother Jones Magazine - 1993-11

Mother Jones is an award-winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues.

Becoming-woman - Camilla Griggers 1997

Griggers analyses contemporary articulations of the feminine in American cultural practices ranging from fashion to foeticide, and from Hollywood's production of feminine charismatic military leaders to pop-mediated lesbiანი sm. '

The Focal Encyclopedia of Photography - Michael R.

Peres 2013-05-29

This volume is a complete revision of the 1996 third edition, shares the ever-changing breadth of photographic topics with a special emphasis on digital imaging and contemporary issues. Produced by an international team of photographic and imaging experts with collaboration from the George Eastman House (the world's oldest photography museum), this fourth edition contains essays and photographic reproductions sharing information where photography and imaging serve a primary role, ranging from the atomic to the cosmic.

The Passionate Camera -

Deborah Bright 1998

This book brings together over 50 artists, scholars and critics to address a broad range of issues in photography and sexuality. Among the issues addressed by the contributors is the use and abuse of photographs in political

campaigns and direct activism.

Pornography and Sexual Representation - Joseph W.

Slade 2001

A three volume reference guide to the available literature concerning pornography and sexual representation in America.

Sexual Portraits - Michael A. Rosen 1988

The Advocate - 1994-09-20

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

The Advocate - 1994

Sexually Explicit Art, Feminist Theory, and Gender in the 1970s -

Christian Liclair 2022-05-31

Structured around sexual desire as the central analytical category, this monograph systematically approaches a heterogeneous array of artworks to purposefully examine the entanglements of art, feminist theory, gender,

Sexual Portraits Photographs Of Radical Sexuality

and sexuality. This book considers the potential of sexually explicit art to challenge a socially constructed conception of sexuality as well as gender, and explores the sexually explicit as a means to (re-)claim agency for marginalized subjectivities and to emancipate desire from within the patriarchal and heteronormative system. In distinct case studies, the

author focuses on works by four US-American artists - Robert Mapplethorpe, Joan Semmel, Betty Tompkins, and Tee A. Corinne - and situates them in relation to contemporaneous debates associated with the insurgent Sexual Liberation Movements of the 1970s. The book will be of interest to scholars working in art history, visual culture, and gender and sexuality studies.
