[The Other Side of Desire - Daniel Bergner](#)

2009-03-05

Jacob is a man with an overwhelming attraction to female feet. The Baroness is a clothing designer and evangelical sadist. Roy is a wedding band singer entranced by his step daughter. Ron and Laura are simply in love - only Laura lost both her legs in a car accident, and Ron is beguiled by a beauty many would be blind to. How do we deal with desire? Our own, and the desires of others? How do we comprehend desires that are extreme, or unacceptable? And how do those who have them, live with them? In A Map of Desire Daniel Bergner takes us on a journey into human passion suffered, endured, and celebrated. Desire is a sometimes anarchic, sometimes ecstatic, sometimes destructive, sometimes

redeeming, and always powerful

force. Immersing himself in it through the people whose lives he follows and the scientists he spends time with who are trying to understand it, slowly he exposes and illuminates layers of our humanity.

Queer - William S. Burroughs 2022

„Una dintre cele mai zguduitoare confesiuni scrise vreodată." Allen Ginsberg Scris între anii 1951 și 1953, dar publicat abia în 1985,

legendarul roman al lui Burroughs este o enigmă

— atât un autoportret plin de cruzime, cât și un roman politic mușcător, cea mai realistă poveste de dragoste a autorului, dar și un montaj de scene fantastice comicgrotesci. Plasat în Mexico City, la începutul anilor 1950, *Queer* îl are în centru pe William Lee și căutarea deznădăjduită a intimității și a ostoirii dorinței prin toate barurile ce alcătuiesc scena expiaților americani din capitala mexicană. *Queer* este și cronica pasiunii homosexuale a personajului principal pentru tânărul Eugene Allerton, desfășurată într-un Mexico City desprins parcă dintr-un tablou suprarealist. Textul introductiv al romanului, o teribilă confesiune insuflată de evenimentul care l-a determinat să devină scriitor — împușcarea accidentală a soției sale, Joan Vollmer —, este fundamental pentru identificarea multora dintre resorturile operei lui Burroughs. „Șocând încă o dată pe toată lumea, Burroughs a scris un studiu profund și plin de sensibilitate despre dragostea neîmpărtășită. Romanul acesta umanizează retroactiv întreaga sa operă.” Martin Amis „În *Queer* se întâlnesc multe dintre temele, tehnicile narative și personajele lui Burroughs. Prin intermediul acestui roman înțelegem umorul negru, energia violentă și viziunea tulburătoare a unui scriitor care și-a croit drum în conștiința noastră, cucerindu-și un loc definitiv în istoria literară.” *The New York Times Book Review*

The Handmaid's Tale - Margaret Atwood
 2016-08-04

NOW A SMASH-HIT CHANNEL 4 TV SERIES 'It isn't running away they're afraid of. We wouldn't get far. It's those other escapes, the ones you

can open in yourself, given a cutting edge' Offred is a Handmaid. She has only one function: to breed. If she refuses to play her part she will, like all dissenters, be hanged at the wall or sent out to die slowly of radiation sickness. She may walk daily to the market and utter demure words to other Handmaid's, but her role is fixed, her freedom a forgotten concept. Offred remembers her old life - love, family, a job, access to the news. It has all been taken away. But even a repressive state cannot obliterate desire. Includes exclusive content: In The 'Backstory' you can read Margaret Atwood's account of how she came to write this landmark dystopian novel 'Compulsively readable' *Daily Telegraph*
America's Women - Gail Collins 2009-10-13
 Rich in detail, filled with fascinating characters, and panoramic in its sweep, this magnificent, comprehensive work tells for the first time the complete story of the American woman from the Pilgrims to the 21st-century In this sweeping cultural history, Gail Collins explores the transformations, victories, and tragedies of women in America over the past 300 years. As she traces the role of females from their arrival on the Mayflower through the 19th century to the feminist movement of the 1970s and today, she demonstrates a boomerang pattern of participation and retreat. In some periods, women were expected to work in the fields and behind the barricades—to colonize the nation, pioneer the West, and run the defense industries of World War II. In the decades between, economic forces and cultural attitudes shunted them back into the home, confining them to the role of moral beacon and domestic goddess. Told chronologically through the compelling true stories of individuals whose lives, linked together, provide a complete picture of the American woman's experience, *Untitled* is a landmark work and major contribution for us all.
Scared Selfless - Michelle Stevens, PhD
 2017-03-21

“A riveting memoir that takes readers on a roller coaster ride from the depths of hell to triumphant success.”—Dave Pelzer, author of *A Child Called "It"* Michelle Stevens has a photo of the exact moment her childhood was stolen from her: She's only eight years old, posing for her mother's boyfriend, Gary Lundquist—an elementary school teacher, neighborhood

stalwart, and brutal pedophile. Later that night, Gary locks Michelle in a cage, tortures her repeatedly, and uses her to quench his voracious and deviant sexual whims. Little does she know that this will become her new reality for the next six years. Michelle can also pinpoint the moment she reconstituted the splintered pieces of her life: She's in cap and gown, receiving her PhD in psychology—and the university's award for best dissertation. The distance between these two points is the improbable journey from torture, loss, and mental illness to healing, recovery, and triumph that is Michelle's powerful memoir, *Scared Selfless*. Michelle suffered from post-traumatic stress disorder, anxiety, and depression, and made multiple suicide attempts. She also developed multiple personalities. There was "Chelsey," the rebellious teenager; "Viscous," a tween with homicidal rage; and "Sarah," a sweet little girl who brought her teddy bear on a first date. In this harrowing tale, Michelle, who was inspired to help others heal by becoming a psychotherapist, sheds light on the all-too-real threat of child sexual abuse, its subsequent psychological effects, and the best methods for victims to overcome their ordeals and, ultimately, thrive. *Scared Selfless* is both an examination of the extraordinary feats of the mind that are possible in the face of horrific trauma as well as Michelle's courageous testament to their power.

Bitter Tastes - Donna M. Campbell 2016

Challenging the conventional understandings of literary naturalism defined primarily through its male writers, Donna M. Campbell examines the ways in which American women writers wrote naturalistic fiction and redefined its principles for their own purposes. *Bitter Tastes* looks at examples from Edith Wharton, Kate Chopin, Willa Cather, Ellen Glasgow, and others and positions their work within the naturalistic canon that arose near the turn of the twentieth century. Campbell further places these women writers in a broader context by tracing their relationship to early film, which, like naturalism, claimed the ability to represent elemental social truths through a documentary method. Women had a significant presence in early film and constituted 40 percent of scenario writers—in

many cases they also served as directors and producers. Campbell explores the features of naturalism that assumed special prominence in women's writing and early film and how the work of these early naturalists diverged from that of their male counterparts in important ways.

Alicia's Slave Training - Mistress Mistress Evelyn 2016-12-10

When Alicia Green responds to an underground BDSM forum advertisement to be the live-in slave and personal assistant to a Mr. Anthony Graham, she finds herself outside her comfort zone. Will the wealthy Mr. Graham be the real life version of the fantasy man she dreamed of, or will his sadistic side break her and shatter her hopes? Perhaps it will be the other applicants, also living in Mr. Graham's castle, that will ultimately determine Alicia's fate. Then again, they may offer her the insights she needs to persevere. One thing is for certain; slave training is not for the weak-willed - and Alicia is about to discover that.

Laura's Evolution - J. G. Leathers 2011-03-02

Laura's desire for total subjugation runs deep, and when she meets Master Bernard, she believes she's found the man she's always dreamed of and slave life she desires. The two marry and begin their life together in a luxurious house that's discreetly located on 50 private acres, behind a high surrounding wall. Though they experience the usual up and downs of a new marriage, Laura settles in well to her unique lifestyle as her husband's slave. However, toward the end of the second year, a decision is made to fit her with a full range of

purpose-designed bondage jewellery and custom-made restraints. Though excited to see her bondage fantasies fully realized, she has no clue that nearly all of the elaborate decorations her master orders cannot be removed! With specific plans in mind, Master Bernard takes Laura's transformation slowly: a physical exam, dental impressions, repeated piercings, even surgery to remove her floating ribs in order to better accommodate the strict corsetry he envisions. The experience is deeply arousing, though it's troubling too. She's dreamed of such extremes since puberty, but she has no idea how far her master plans to take their mutual fantasy, until it's too late to change her mind. She's fitted with a collar, ankle and wrist cuffs, and bands around her arms and legs. More restraints and odd devices follow as her subjugation becomes more intense and more invasive. She can barely even move! Soon she's living in a locked cell far from her husband's bed, where every physical requirement is taken care of by the master's elaborate gadgetry, including her sexual release. As the weeks go by, she sees little of the man she married and far more of the governess he hired to attend to her

physical needs. With so little outside stimulation and no access to the natural world her days and weeks just blend into one. And still, she has yet to learn the ultimate truth of her incarceration and her master's plan for his future and hers.

Lives Out of Letters - Robert N. Hudspeth 2004

Though the efficacy of literary biography has been widely contested by academic theorists, attention to the lives of authors remains an enduring fact of our literary history. Dedicated to Robert N. Hudspeth, editor of the *Letters of Margaret Fuller and the Correspondence of Henry David Thoreau*, the eleven essays in this collection address from a practitioner's perspective the relationship between American literary biography, documentation, and interpretation.
