Instructor's Manual for Taking Sides - Elizabeth L. Paul 2000

GenderSpeak: Personal Effectiveness in Gender Communication - Diana Ivy 2004

Designed for a junior or senior course, this comprehensive text focuses on gender's impact on communication. Engaging and timely topics addressed in it range from the "nature vs. nurture" debate to the effects of media on gender communication and personal relationships.

The End of Gender - Debra Soh 2021-08-31

"International sex researcher, neuroscientist, and frequent contributor to The Globe and Mail (Toronto) Debra Soh [discusses what she sees as] gender myths in this ... examination of the many facets of gender identity"--

Taking Sides - Elizabeth L. Paul 2002

This debate-style reader is designed to introduce students to controversies in gender studies. The readings, which represent the arguments of leading sociologists and social commentators, reflect a variety of viewpoints and have been selected for their liveliness and substance and because of their value in a debate framework. Taking Sides actively develops critical thinking skills by requiring students to analyze opposing viewpoints and reach considered judgements.

Taking Sides - Jacquelyn W. White 2007

This debate-style reader is designed to introduce students to controversies in gender studies. The readings, which represent the arguments of leading psychologists and other social commentators, reflect a variety of viewpoints and have been selected for their liveliness and substance and because of their value in a debate framework. Students will be exposed to a rich, exciting, and emotionally and politically charged body of theory, research, and practice. TAKING SIDES: GENDER, containing 20 issues organized into six parts, presents hotly debated issues in contemporary scholarly and public discourse. Students will actively develop critical thinking skills by analyzing opposing viewpoints and reach considered judgments. The issues will challenge students to consider what is sex, what is gender, and when is either relevant, and why. They will discover that what might appear to be binary, biologically based distinction is so much more. An Instructor's Manual accompanies the book. For each issue, the following have been provided: a synopsis of each author's position on the issue, teaching suggestions, and multiple-choice and essay questions. The teaching hints consist of suggestions for generating class discussion around the themes raised by the clashing essays.

Historical and Archaeological Perspectives on Gender Transformations - Suzanne M. Spencer-Wood 2012-12-09

In many facets of Western culture, including archaeology, there remains a legacy of perceiving gender divisions as natural, innate, and biological in origin. This belief follows that men are naturally pre-disposed to public, intellectual pursuits, while women are innately designed to care for the home and take care of children. In the interpretation of material culture, accepted notions of gender roles are often applied to new findings: the dichotomy between the domestic sphere of women and the public sphere of men can color interpretations of new materials. In this innovative volume, the contributors focus explicitly on analyzing the materiality of historic changes in the domestic sphere around the world. Combining a global scope with great temporal depth, chapters in the volume explore how gender ideologies, identities, relationships, power dynamics, and practices were materially changed in the past, thus showing how they could be changed in the future.

Gender Trouble - Judith Butler 2011-09-22

Since its initial publication in 1990, this book has become a key work of contemporary feminist theory, and an essential work for anyone interested in the study of gender, queer theory, or the politics of sexuality in culture. This is the text where the author began to advance the ideas that would go on to take life as "performativity theory," as well as some of the first articulations of the possibility for subversive gender practices. Overall, this book offers a powerful critique of heteronormativity and of the function of gender in the modern world.

Taking Sides - Elizabeth L. Paul 2002

This debate-style reader is designed to introduce students to controversies in gender studies. The readings,

which represent the arguments of leading sociologists and social commentators, reflect a variety of viewpoints and have been selected for their liveliness and substance and because of their value in a debate framework. Taking Sides actively develops critical thinking skills by requiring students to analyze opposing viewpoints and reach considered judgements.

Taking Sides - Robert T. Francoeur 1998

[The book] is a debate-style reader designed to introduce students to controversies in human sexuality. The readings, which represent the arguments of leading social commentators, educators, and sexologists, reflect a variety of viewpoints and have been selected for their liveliness and substance and because of their value in a debate framework. -Back cover. [The editor has] gathered 38 lively and thoughtful statements by articulate advocates on opposite sides of a variety of sexuality-related questions. -Pref. *Sexual and Gender Diagnoses of the Diagnostic and Statistical Manual (DSM)* - Dan Karasic 2014-05-01 Get the latest on the controversies of the sexual and gender diagnoses contained in the current DSM The revision of the Diagnostic and Statistical Manual (DSM) is an ongoing process, and changes in criteria or terminology can have significant implications for diagnosis and treatment. Sexual and Gender Diagnoses of the Diagnostic and Statistical Manual (DSM): A Reevaluation provides a range of viewpoints from noted authorities on gender and sexuality issues presently included in the DSM. Arguments for or against revisions of various gender and sexual diagnoses are presented-some may have repercussions regarding insurance reimbursement and patient access to care. This book is certain to raise questions for mental health professionals interested in how cultural influences affect psychiatric diagnoses. Sexual and Gender Diagnoses of the Diagnostic and Statistical Manual (DSM) reviews those controversial gender issues previously seen as being a disorder. The book critically evaluates the medical, psychotherapeutic, and civil rights issues in the diagnosis, assessment, and treatment of GID in children, adolescents, and adults, and presents evidence and debates for its exclusion from the next DSM. Arguments for and against removal of paraphilias from the DSM are explored in detail. Finally, sexual pain criteria for diagnoses are examined, reviewing the latest studies that support or criticize the view that dyspareunia and vaginismus may be better classified as a pain disorder. Sexual and Gender Diagnoses of the Diagnostic and Statistical Manual (DSM) presents controversial debate from experts such as: Robert Spitzer, MD Charles Moser, MD, and Peggy J. Kleinplatz, PhD Walter O. Bockting, PhD, and Randall Ehrbar, PsyD Kelley Winters, PhD Arlene Istar Lev, CSW-R, CASAC Paul Jay Fink, MD and other respected authorities! Sexual and Gender Diagnoses of the Diagnostic and Statistical Manual (DSM) is thought-provoking, enlightening reading for psychiatrists, psychologists, mental health workers, epidemiologists, researchers, educators, and students.

Taking Sides: Clashing Views in Gender - Jacquelyn White 2008-03-06

This debate-style reader is designed to introduce students to controversies in gender studies. The readings, which represent the arguments of leading psychologists and other social commentators, reflect a variety of viewpoints and have been selected for their liveliness and substance and because of their value in a debate framework. Students will be exposed to a rich, exciting, and emotionally and politically charged body of theory, research, and practice. TAKING SIDES: GENDER, containing 20 issues organized into six parts, presents hotly debated issues in contemporary scholarly and public discourse. Students will actively develop critical thinking skills by analyzing opposing viewpoints and reach considered judgments. The issues will challenge students to consider what is sex, what is gender, and when is either relevant, and why. They will discover that what might appear to be binary, biologically based distinction is so much more. An Instructor's Resource Guide (available online only) accompanies the book. For each issue, the following have been provided: a synopsis of each author's position on the issue, teaching suggestions, and multiple-choice and essay questions. The teaching hints consist of suggestions for generating class discussion around the themes raised by the clashing essays.

Power and Gender - Rosemarie Skaine 1996-01-01

Most Americans were shocked when Anita Hill charged U.S. Supreme Court nominee Clarence Thomas with sexual harassment. Not surprisingly, the nation was divided on the Senate hearings on the matter--some believed Hill, others, Thomas. Perhaps the most important result of the hearings was to open the eyes of a majority of the public to the issue of sexual harassment and to begin a dialog on the issue. This work first defines sexual harassment, including operational, sociological and legal definitions, and then provides

a history of the issue in the United States and a theoretical framework of why harassment occurs. This is followed by a look at the legal dimension of the problem, with a discussion of pertinent federal and state laws and Equal Employment Opportunity Commission (EEOC) decisions. The incidence and settings (e.g., workplace, housing, religious institutions) are next examined, followed by chapters on sexual harassment in the government, the military, and in education. The book concludes with discussions of strategies for the victims and for employers.

Sexuality and Gender - William R.G. Loader 2021-03-15

This volume brings together essays on the theme of sexuality and gender by William R. G. Loader, one of the leading specialists in the field, arising from his extensive investigation of early Jewish and Christian literature about such issues as marriage, adultery, divorce, celibacy, gender roles, and incest

Human Sexuality - Anne Bolin 2009-09-10

Human Sexuality: Biological, Psychological, and Cultural Perspectives is a unique textbook that provides a complete analysis of this crucial aspect of life around the world. Utilizing viewpoints across cultural and national boundaries, and deftly weaving evolutionary and psychological perspectives, Bolin and Whelehan go beyond the traditional evolution and primatology to address cross-cultural and contemporary issues, as well as anthropological contributions and psycho-social perspectives. Taking into account the evolution of human anatomy, sexual behavior, attitudes, and beliefs, this far-reaching text goes beyond what is found in traditional books to present a wide diversity of beliefs, attitudes, and behaviors found globally. In addition to providing a rich array of photographs, illustrations, tables, and a glossary of terms, this extraordinary textbook explores: pregnancy and childbirth as a bio-cultural experience life-course issues related to gender identity, sexual orientations, behaviors, and lifestyles socioeconomic, political, historical, and ecological influences on sexual behavior early childhood sexuality, puberty and adolescence birth control, fertility, conception, and sexual differentiation HIV infection, AIDS, AIDS globalization and sex work Fusing biological, socio-psychological, and cultural influences to offer new perspectives on understanding human sexuality, its development over millions of years of evolution, and how sexuality is embedded in specific socio-cultural contexts, this is the text for educators and students who wish to understand human sexuality in all of its richness and complexity.

Handbook of Psychology and Sexual Orientation - Charlotte J. Patterson, Ph.D. 2013

The first authoritative summary of its kind in this area, the Handbook of Psychology and Sexual Orientation is the primary resource for the many researchers, including a new generation of investigators, who are continuing to advance understanding in this field. The volume editors along with other leading experts, contribute an extraordinary review of contemporary psychological research and theory on sexual orientation in their specific fields of work.

Textbook Specific. Accompanys: 9780072489255 .

Exploring the Dimensions of Human Sexuality - Jerrold S. Greenberg 2014

The Gender Communication Connection - Teri Kwal Gamble 2014-12-18

The authors explore the many ways that gender and communication intersect and affect each other. Every chapter encourages a consideration of how gender attitudes and practices, past and current, influence personal notions of what it means not only to be female and male, but feminine and masculine. The second edition of this student friendly and accessible text is filled with contemporary examples, activities, and exercises to help students put theoretical concepts into practice.

Gender and Sexual Dissidence on Catalan and Spanish Television Series - Silvia Grassi 2016-09-23

Taking as a starting point an interpretation of the television medium as an Ideological State Apparatus, this book examines how gender roles and non-heteronormative sexualities are constructed in Spanish and Catalan television series. In the first part, which focuses on the construction of gender roles in Catalan soap operas, it applies the analytical paradigms founded by Anglo-Saxon feminist scholars for the content of soap operas to a corpus of material which has rarely been analysed through this perspective. In the second part, which focuses on the construction of non-heteronormative sexualities in Spanish and Catalan television series, the book challenges the rhetoric of "normalisation" and the "essentialist" paradigms which have so far dominated the examination of the construction of sexuality in television series. As such, this book addresses the role performed by television in the construction of meanings which surround gender issues and non-heteronormative sexualities. This is a timely exercise because gender studies and studies of sexual dissidence are fairly recent fields in Spanish and Catalan academia and television has been largely disregarded, especially as far as the analysis of characters and storylines is concerned. As a result, this book represents a major contribution to these fields in the Spanish and Catalan contexts.

Taking Sides: Clashing Views in Gender - Elizabeth Schroeder 2017-03-22

The Taking Sides Collection on McGraw-Hill Create® includes current controversial issues in a debate-style format designed to stimulate student interest and develop critical thinking skills. This Collection contains a multitude of current and classic issues to enhance and customize your course. You can browse the entire Taking Sides Collection on Create or you can search by topic, author, or keywords. Each Taking Sides issue is thoughtfully framed with Learning Outcomes, an Issue Summary, an Introduction, and an "Exploring the Issue" section featuring Critical Thinking and Reflection, Is There Common Ground?, Additional Resources, and Internet References.
