If you are reading my book's description it's because maybe you are having trouble finding a girlfriend, isn't it? It's likely that among the photos you posted online there isn't one in which you look like Leonardo di Caprio and that you think physical appearance is the only way to impress woman. Or maybe your girlfriend never texts you until you do, and when she answers, hours later, it's with a simple or . Or perhaps you're one of those guys who's convinced he can get the attention of a beautiful girl by simply texting her “ Hi! ” or “ Hey! ”? I guess I must give you a hint then, pal: Women are different from men! And naturally, they think differently, they love differently! And this is because before loving with their body women always love with their mind... In my book, "Texting Women", I give you the right tips, quick and simple, to learn everything there is to know about texting a woman, and especially to understand how to get the timing right. In your opinion, what's every man's main goal when texting a woman he likes? Easy! That she always texts him back - the sooner the better - and eagerly! But clearly, to be able get there one must study the method and train hard - as if it were a physical activity - and put all of the following steps into practice: Mindset: work on yourself. Remember how as a child you were told to always be yourself? Well, forget that! Unless you want to die alone... The thing is, there is no "self". Which self? There can be many different selves, you can be whatever you want, you can improve: To manipulate girls, first you must be able to manipulate yourself. Skills: The main skill consists in figuring out who is the girl you're writing to, what she likes, what language frequencies she travels on. By doing that, you will be able to become the mirror in which she sees herself, and in you and in your texts she will recognize a part of herself and of her mind. Techniques: The right techniques allow you to seduce girls by doing nothing, you have to get to the point where, whatever you write them, they start answering with long messages, as if they were talking about themselves with a psychologist. This way girls feel like they're seducing themselves with their own mind and will increasingly feel the need to answer your texts. Secrets: once you have completed all the previous steps, you should not be in a hurry to meet or see them, enjoy the moment and let them stew in their own juice. Raise the conversation's level by talking about spicy stuff, that's when they'll go crazy, and that's how when you'll see them in person they will already be completely obsessed with you and they will be yours. In the end it's going to be you the one not texting them back.

Sassy Texts He Can't Ignore - Jake Fordham 2020-09-25

Did you know that men secretly use texting as a way to "pre-screen" a woman's romantic value? A woman's texting habits can reveal a lot about her self-worth, confidence, intelligence, and even her level of class and emotional maturity. Men have their own unique way of interpreting a woman's texts. Even though women mean well, they often do things when texting men that often times makes them appear too easy, too needy, too bossy, or too boring...even if these things aren't necessarily true about them. A great guy can easily get the wrong idea about you. And as these wrong ideas pile up inside his mind, it usually leads him to the one romance-killing thought: That he can do better than you. If you want to arouse the kind of long-term desire in a man that makes him eager to pursue you, you must take advantage of TEXTINGand use it to make subtle and seductive displays of your high-status, and thus, your high-value. In this book, I'll be revealing POWERFUL text messages that tap directly into the primal part of a man's brain... The moment you use these texts on a man, you will make his heart pound with hunger and excitement... As if you had put a hypnotic "love spell" on him. These magical texts work even if you don't think you're naturally beautiful, intelligent, or charming... because these messages are like discovering a magical dictionary of obsession... ..Where every word, phrase, and sentence will make his entire being feel infatuated for as long as you desire... So what are these magical texts and how do they work? In order for you to understand how it works, all you need to know just three simple facts about a man: #1 The key to making a man fall and STAY in love is his ATTENTION. The more you THINK about someone...The more ATTENTION you pay to them...And the more "in love" and infatuated you become with them. #2 There are certain PSYCHOLOGICAL TRIGGERS which GRAB a man's attention... These psychological triggers are extremely powerful... Because they tap directly into the primal system of a man's brain... #3 You Can Use These TRIGGERS to Hook a man's Attention You'll learn the texting habits of high-value women and gain access to a vast collection of irresistible, man-melting text messages that make men EAGER to text you back and desperate to see you again. And because this in-depth guide focuses on how men think (unlike most dating books for women), it will give you a distinct advantage over your peers when it comes to texting men. Here's what you're going to learn inside: How to use the "Disobedient Girl" text to get a man to finally ask you out, while making it seem like it was all HIS idea. What to do (and what NOT to do) if a guy suddenly stops texting you or starts responding to your texts less and less. How to get him to CALL YOU instead of texting all the time. The proper use of Emojis, without overdoing it (like most women do)
