Lucky Cow Mark Pett 2005-04-01 "Sacred cows make the best hamburger." --Mark Twain Virtually every American, regardless of social status, eats fast food. Cartoonist Mark Pett's Lucky Cow strip embodies the spirit of America's love-hate affair with fast-food joints and the traits they have in common: * High turnover: Two Lucky Cow employees argue over who has seniority; the one who was hired at 9:30 that morning eventually wins. * Uniformity: A Lucky Cow employee boasts that a customer can visit any of the restaurant's franchises and they are all the same--right down to the lackluster customer service. * Cleanliness (or lack of it): People's shoes adhere to the sticky floors, and an employee's skin absorbs so much of the restaurant's grease that water rolls right off it. * Food quality: The response to a customer's query about the Lucky Cluck Chicken Nuggets being organic is met with, "Well, they're made from organs." To help ensure that Lucky Cow would feel authentic, cartoonist Mark Pett worked at McDonald's for a month, experiencing fast-food "culture" for himself and interviewing his coworkers about their lives in the business. So it really is "funny because it's true."

A Bicycle Made For Two Mary Jayne Baker 2022-02-03 Escape to the unspoilt Yorkshire Dales countryside and meet a hilarious community of colourful characters. A feel-good romance for lovers of Jenny Colgan, Fiona Gibson and Sue Moorcroft, this is the perfect antidote to fight the winter blues. The Purple Bicycle Stacey David 2019-04-03 One of the first true freedoms you experience as a kid growing up is your first bike. It becomes your transportation to explore the world... or at least the local neighborhood! All the kids in my neighborhood had bikes, and we roamed like packs of unwashed hooligans with torn jeans and bloody knees. We stuffed playing cards in our spokes and chewed on black licorice sticks as we rode around looking for the next jumping contest to break out. It was magic! But to a kid, a bike is more than transportation, it becomes an extension of your personality. Everybody's bike was as unique as the person who rode them. Stingrays, 10 speeds, mountain bikes, BMX, cruisers... everybody had something a little different, and they all had their strengths and weaknesses. This is where the idea for the PURPLE BICYCLE came from. Just as a bike might wish it had the abilities of a different make or model, so might a person tend to overlook how truly unique God has created each one us and long for someone else's gifts and talents, color, or ethnicity because they seem better than ours. It's a simple story, but one we all need to be reminded of from time to time.

Cinelli Lodovico Pignatti Morano 2012 A beautifully illustrated survey of more than sixty-five years of work by one of the most pioneering and influential names in bicycle design. Since Cino Cinelli began making frames in Italy in the 1940s, Cinelli has set the standards for bicycle and component design. Cinelli has led the evolution of professional cycling and defined the ideal of the classic bicycle: from the classic Supercorsa racing frame to the cutting-edge MASH fixed-gear pursuit bikes ubiquitous on the urban riding scene from innovations such as the first plastic racing saddles to the controversial Spinaci handlebars, banned from competition; and from timeless components, such as the Alter stem, to iconic meetings of art and design such as Keith Haring's treatment of the hour record-setting Laser. With contributions by legendary riders such as Felice Gimondi and Gilberto Simoni, and by collaborators, from artists like Mike Giant to designers such as San Francisco's graphic impresario Benny Gold, and featuring a conversation between fashion designer Sir Paul Smith and Cinelli president Antonio Colombo, Cinelli is the definitive look at how beauty and technology can meet in this simplest form of design.

Born to Ride Larissa Theule 2019-03-12 Louise Belinda Bellflower lives in Rochester, New York, in 1896. She spends her days playing with her brother, Joe. But Joe gets to ride a bicycle, and Louise Belinda doesn't. In fact, Joe issues a solemn warning: If girls ride bikes, their faces will get so scrunched up, eyes bulging from the effort of balancing, that they'll get stuck that way FOREVER! Louise Belinda is appalled by this nonsense, so she strikes out to discover the truth about this so-called "bicycle face." Set against the backdrop of the women's suffrage movement, *Born to Ride* is the story of one girl's courageous quest to prove that she can do everything the boys can do, while capturing the universal freedom and accomplishment children experience when riding a bike.

In this simple yet emotionally rich "guide," a father takes his daughter through all the steps in the process—from choosing the perfect bicycle to that triumphant first successful ride. Tillie the Terrible Swede Sue Stauffacher 2012-11-28 When Tillie Anderson came to America, all she had was a needle. So she got herself a job in a tailor shop and waited for a dream to find her. One day, a man sped by on a bicycle. She was told "bicycles aren't for ladies," but from then on, Tillie dreamed of riding—not graceful figure eights, but speedy, scorching, racy riding! And she knew that couldn't be done in a fancy lady's dress. . . . With arduous training and her (shocking!) new clothes, Tillie became the women's bicycle-riding champion of the world. Sue Stauffacher's lively text and Sarah McMenemy's charming illustrations capture the energy of America's bicycle craze and tell the story of one woman who wouldn't let society's expectations stop her from achieving her dream.
