

The Joy Of Solo Sex

Liberating Minds - Norman G. Kester
1997-01-01

In this work, over 30 librarians (such as James V. Carmichael, Jr., Sanford Berman, Martha E. Stone, Gerald Perry, Barbara Gomez and Martha Cornog) address gay and lesbian issues facing the profession, and in some cases offer their own stories of understanding their sexuality and its implications on their professional lives. Some of the issues addressed are the need to uphold intellectual freedom, challenging the censorship of gay materials in libraries, AIDS material in the library, the information needs of gay and lesbian patrons, collection development, and confronting homophobia.

Either Civilized or Phobic - Abhijit Naskar
2017-05-31

"Love has no gender - compassion has no religion - character has no race." After giving the world three distinct works on humanism, one of twenty-first century's most influential thinkers Abhijit Naskar rises with his fourth humanizing work of egalitarianism, in the Humanism Series. Here once again in his philosophical hands Biological Sciences come to the termination of the society's primeval prejudice against Homosexuality. Following the line of his previous three books entitled Principia Humanitas, We Are All Black and The Bengal Tigress, the current book reinforces the global vision of rational thinking and one humanity in the psyche of the civilized society. "Either Civilized or Phobic" is a beautiful treatise on human sexuality with the focus being on homosexuality. Here Naskar enables us to delve deep into the neural realm of the human mind, to get acquainted with the development of the neurological circuits that shape a person's sexual identity. He reveals to us in his unique philosophical manner, how all the stigmas attached to same sex orientation are mere social constructs driven by ignorance and prejudice. Naskar calls upon the conscientious humans to rise against the evils of human character and reshape the norms of the society with nothing but humanism in their heart.

Summary of Alex Comfort's The Joy of Sex - Everest Media, 2022-04-05T22:59:00Z

Please note: This is a companion version & not the original book. Sample Book Insights: #1 There are four types of readers for this book. First, there are those who don't like it, find it disturbing, and would rather stay the way they are. Second, there are those who are with the idea but don't like our choice of techniques. Third, people will use our notes as a personal one-couple notebook from which they might get ideas. #2 The people we are addressing are the adventurous and uninhibited lovers who want to find the limits of their ability to enjoy sex. We take some things for granted, such as having intercourse naked and spending time over it. #3 The solo, by contrast, is when one partner is the player and the other the instrument. The aim of the player is to produce results on the other's pleasure experience as extensive, unexpected, and wild as his or her skill allows. The instrument does lose control, but this is not a problem if it ends in an uncontrollable ensemble. #4 There are only two rules in good sex, aside from the obvious one of not doing things that are dangerous or antisocial. One is: Don't do anything you don't enjoy, and the other is: Find out your partner's needs and don't balk at them if you can help it.
