

The Metaphysics Of The Love Of The Sexes

Heloise - William Neblett 2007

Explorations in Love and Sex - Irving Singer
2001

Beginning with a discussion of Kant, Schopenhauer, and others about the morality of sex and the morality of compassion, *Explorations in Love and Sex* offers a panoramic view of the philosophy of love from its beginnings in Plato up to the present. It examines the nature and limitations of sexual pluralism, and elaborates on Irving Singer's earlier ideas about appraisal and bestowal. The book's chapters are both philosophical and historical, and speak to general readers who wish to better understand the curious set of emotions called love.

Woman's Water, Man's Fire - Anusha Amen-Ra
2018-12-09

"This thought-provoking and brilliant work by author Anusha Amen-Ra explores in vivid detail vital information on: how to have a goal, a plan and grow your relationship; the connection between hormonal depletion and relationship failure; how to charge the Electro-Magnetic Field of Attraction; how to create the "Indefinite Honeymoon"; how to become ONE."--Back cover

Feminist Metaphysics - Charlotte Witt
2010-11-25

The present volume is an exciting new collection of original essays by outstanding feminist theorists including Sally Haslanger, Marilyn Frye and Linda Alcoff. *Feminist Metaphysics* is the first collection of articles addressing metaphysical issues from a feminist perspective. The essays cover central feminist topics including: the ontology of sex and gender, persons, identity and subjectivity, and the relations among experience, ideology and reality. Many of the papers combine cutting-edge feminist theory with contemporary metaphysics and the philosophy of language. The volume is also distinctive in including articles representing both analytic and continental perspectives on metaphysics. The essays are philosophically sophisticated and are

primarily intended for a professional audience of philosophers and feminist theorists.

The Metaphysics of the Sexual Love - Arthur Schopenhauer 2018-12-12

"Schopenhauer innovates by introducing the issue of sexuality into western philosophy. Of course, his assessment of it is not an encouraging one. For him, it embodies the will to life more strongly than any other urge or desire; hence it is responsible for the misery of the human condition more than anything else. Even the most elevated form of romantic love is nothing but a mental addition or justification for the natural need for sex and the species' desire to maintain itself. After succumbing to our sexual desires, he says, we realize that we have once again been deceived by the instinct of survival that seeks procreation through us. The lessening of sexual desire with age is thus to be welcomed as a liberation. Needless to say, Schopenhauer remained celibate throughout his life." Schopenhauer, *New world encyclopedia*.

The Metaphysics Of The Love Of The Sexes - Arthur Schopenhauer 2013-09-28

Is Love an Illusion ? What is the relationship between Love and Sexual Impulse ?

Schopenhauer gives us a new way of thinking about relationships between men and women.

Metaphysical Animals - Clare Mac Cumhaill
2022-02-03

WINNER OF THE HWA NON-FICTION CROWN
AN IRISH TIMES BOOK OF THE YEAR A NEW YORK TIMES BOOK REVIEW NOTABLE BOOK A FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD
Elizabeth Anscombe: defiantly brilliant, chain-smoking, trouser-wearing Catholic and (eventual) mother of seven.
Philippa Foot: pathologically discreet, quietly rebellious granddaughter of a US president.
Mary Midgley: witty scholar and careful observer of humans and animals alike.
Iris Murdoch: aspiring novelist and Francophile with the power to seduce (almost) anyone. Written with expertise and flair, *Metaphysical Animals* is a vivid portrait of the endeavours and

achievements of these four remarkable women. As undergraduates at Oxford during the Second World War, they shared ideas (as well as shoes, sofas and lovers). From the disorder and despair of war, they went on to breathe new life into philosophy, creating a radically fresh way of thinking about freedom, reality and human goodness that is there for us today. 'Evocative and sparkling' New York Times 'A triumph' Mail on Sunday

New Philosophies of Sex and Love - Sarah LaChance Adams 2016-11-30

Our amorous and erotic experiences do not simply bring us pleasure; they shape our very identities, our ways of relating to ourselves, each other and our shared world. This volume reflects on some of our most prevalent assumptions relating to identity, the body, monogamy, libido, sexual identity, seduction, fidelity, orgasm, and more. The book covers common conflicts and confusions and includes work by established scholars and innovative new thinkers.

Philosophically challenging but highly readable, the volume is ideal for a wide range of courses on love and sex, including those taught in philosophy and gender studies.

The Philosophy of Schopenhauer - Arthur Schopenhauer 1928

This volume ... includes in essence the masterpiece, *The World as Will and Idea* and all of the famous essay, *The Metaphysics of the love of the sexes*--Jacket.

Eros and the Mysteries of Love - Julius Evola 1991-04

A controversial philosopher and critic of modern Western civilization, Julius Evola (1898-1974) writes about the mystical and spiritual expression of sexual love. This in-depth study explores the sexual rites of sacred traditions, and shows how religion, mysticism, folklore, and mythology all contain erotic forms in which the deep potentialities of human beings are recognized.

Plato - Julia Annas 2009

"Julia Annas provides an incisive exploration of the many-sided and elusive genius whose wide-ranging, bold, and influential ideas continue to challenge, provoke, and inspire us today"--Page 4 of cover.

The Metaphysics of Love - Stella Sandford 2001-11-01

Emmanuel Levinas is best known for having reintroduced the question of ethics into the Continental philosophical tradition. In *The Metaphysics of Love*, however, Stella Sandford argues that an over-emphasis on ethics in the reception of Levinas's thought has covered over both the basis and the details of his philosophical project--a metaphysics which affirms the necessity to think of an unqualified transcendence as a first principle. Sandford's book is at the same time a powerful feminist critique of both Levinas's gendered philosophical categories and the attempt to reclaim aspects of this philosophy for feminist theory.

The Metaphysics of Sex ...in a Changing World! - Christopher Alan Anderson 2014-07-16

Is sex metaphysical? This is to say, does it have a purpose and a nature that is encoded in the very construct of the universe? These are the questions the author takes up in this day and age where most everything is up for grabs. This writing is not without an examination of sensitive issues and explicit terms. Think of it as a third way, if you will. It resides between the "fixed" identity of our declining religions and the "fluid" identity of the emerging L,G,B,T,Q movement. In that it presents to us all another choice. In the end, it is about a construct for sexual balance that any reader can understand and use as a guide for his or her life. Keywords: Metaphysics, Sex, Relationship, Procreation, Soul, Life, Birth, Love, Desire, Healing

Desire, Love, and Identity - Gary Foster 2017

An engaging and accessible introduction to the subject, this text explores love and sex as defining features of our identity. Through thirty-nine classic and contemporary articles, as well as original contributions written by emerging voices in the field, *Desire, Love, and Identity* covers a wide range of topics, such as sexual objectification, the ethics of sex work, love and sex online, friendship, polyamory, and BDSM.

The Metaphysics of Sexual Love - Arthur Schopenhauer 1986-10

The Philosophy of Sex - Alan Soble 2002

In the fourth edition of *The Philosophy of Sex*, distinguished philosophers and social critics confront a variety of issues, including prostitution, adultery, masturbation, homosexuality, and the different attitudes men

and women have about sex. The fourth edition includes an entirely new section on Kant and sex, as well as new essays by Michael E. Levin, Cheshire Calhoun, Irving Singer, Pat Califia, and Alan Soble. Visit our website for sample chapters!

Sex, Love, and Friendship - Adrienne Leigh McEvoy 2011-08

The joke is that all the prostitutes go on vacation when the philosophers come to town. The reason that the other conventioners do it; philosophers just talk about it. And talk about sex and love, and friendship is what the contributors to this volume do! They talk and argue, split hairs and clarify, all trying to advance our understanding of this most interesting practice of the human species. Some of the best minds on three continents, from four nations, and eighteen of the United States discuss such topics as adultery, commitment, cross dressing, gender politics, date rape, family, friendship, friends as lovers, gayness, love, marital pluralism, marriage, prostitution, religiously motivated anti-queer sentiments, same sex marriage, seduction, and self-respect. Rather than preach, participants probe our attitudes and practices involving these issues with the aim of better understanding the broad range of sexual practices of our species. The result is a collection of stimulating essays that can enliven class discussions as well as provide guidance for the sexually perplexed. The work is accessible to readers from high school through college and beyond.

Philosophy of Sex and Love - Alan Soble 2008-09

"This introductory textbook is an overview of the nature and the ethics of the many aspects of sex and love"--Provided by publisher.

Sexuality and the Metaphysics of Love -

Okwudili Ogbu 2004

Philosophy of Sex and Love - Patricia Marino 2019-03-13

Writing for non-specialists and students as well as for fellow philosophers, this book explores some basic issues surrounding sex and love in today's world, among them consent, objectification, non-monogamy, racial stereotyping, and the need to reconcile contemporary expectations about gender equality with our beliefs about how love works. Author Patricia Marino argues that we cannot fully understand these issues by focusing only on individual desires and choices. Instead, we need to examine the social contexts within which choices are made and acquire their meanings. That perspective, she argues, is especially needed today, when the values of individualism, self-expression, and self-interest permeate our lives. Marino asks how we can fit these values, which govern so many areas of contemporary life, with the generosity, caring, and selflessness we expect in love and sex. Key Features of *Philosophy of Sex and Love: An Opinionated Introduction* Offers a contemporary, problems-based approach to the subject, helping readers better understand and address current issues and controversial questions Includes coverage of sex and love as they intersect with topics like disability, race, medicine, and economics Considers not only the ethical, but also the broadly social and political dimensions of sex and love Includes a helpful introduction and conclusion in each chapter and is written throughout in a clear and straightforward style, with examples and signposts to help guide the student and general reader A comprehensive and up-to-date bibliography provides a valuable tool for anyone's further research
