Books for the Teen Age, 1993 - New York Public Library, NY. 1993

This document continues a 64-year tradition by listing books for adolescents, arranged by subjects that teenagers have asked about in library visits. The browsing list contains approximately 1,250 books, about 350 of which are new listings, marked for the reader's convenience. Approximately 100 sections contain the entries, grouped into the following broader sections: (1) The Creative Spirit; (2) Science; (3) Here/Now; (4) One World; and (5) Action and Adventure. For each of these

New titles on Vietnam and the Acquired Immune Deficiency Syndrome (AIDS) are of particular interest. All of the books have been read and selected by librarians in young adult services. (SLD)
