The Secret Magic of Music - Ida Lichter
2016-03

Great music has the power to transform.

Understanding and appreciating classical music can enlighten, uplift, and educate not only the intellect but the soul. In *The Secret Magic of Music*, classical music devotee and psychiatrist Ida Lichter uncovers a more accessible side of music. By providing the performers' insights, Lichter provides a special look into how great music can bring happiness and spiritual meaning to its listeners.

Discover UK Shoegaze and Dream Pop -
Vernon Joynson 2023-10-20

Discover UK Shoegaze and Dream Pop is an excellent comprehensive guide to the development of both genres in the UK. It includes detailed discographies, personnel details, biographies, analysis of their music and, where applicable, rarity ratings for all the 80s

and 90s acts featured. You'll recognise some names but several less well known acts are included too. There's also a detailed postscript section on the re-emergence of Shoegaze and Dream Pop in the UK in the 21st century and the bands involved in it. This book is the latest in a quartet of books Vernon has written about UK music commencing with the Two Volume *Tapestry of Delights* (2014), *A Sharp Shock To The System* (2019) and *The Britpop Bible* (2022). These three previous titles appeared in print but in view of the cost of living crisis *Discover UK Shoegaze and Dream Pop* has been published digitally to reduce the retail price and make it affordable for more of you. You will discover a lot about UK Shoegaze and Dream Pop from this book, which is profusely illustrated throughout. There is nothing similar out there!

Billboard - 1997-08-23

platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Afterlife as Afterimage - Steve Jones 2005

The mass media make it possible for fame to be enhanced and transformed posthumously. What does it mean to fans when a celebrity dies, and how can death change the way that celebrities are perceived and celebrated? How do we mourn and remember? What can different forms of communication reveal about the role of media in our lives? Through a provocative look at the lives and legacy of popular musicians from Elvis to Tupac and from Louis Prima to John Lennon, *Afterlife as Afterimage* analyzes the process of posthumous fame to give us new insights into the consequences of mediation, and it illuminates the complex nature of fandom, community formation, and identity construction.

Sound of the Crowd: a Discography of the '80s (Fourth Edition) - Steve Binnie 2018-11-05

SOUND OF THE CROWD: A DISCOGRAPHY OF THE '80s is the ultimate record collector's guide to the 1980s. In the era of multi-formatting, picture discs, coloured vinyl, multiple remixes, funny shaped records and tiny CDs you could lose down the back of the sofa, this book lists every format of every single, EP and album released in the UK in the 1980s by over 140 of the decade's biggest acts, from ABBA to Paul Young. This fourth edition has been fully revised and expanded to include even more acts than ever before, with additional sections to cover Band Aid-style charity congregations and compilation albums from the early '80s K-Tel efforts through to the Now That's What I Call Music series and its competitors. Compiled by Steve Binnie, editor of the '80s music website Sound of the Crowd and writer, producer and co-host of the unconventional '80s chart show Off The Chart, broadcast weekly on Mad Wasp Radio.

The Encyclopedia of Popular Music - Colin Larkin 2011-05-27

This text presents a comprehensive and up-to-date reference work on popular music, from the early 20th century to the present day.

Bootleg! The Rise And Fall Of The Secret Recording Industry - Clinton Heylin 2010-03-04

An absorbing account of the record industry's worst nightmare. In the summer of 1969, Great White Wonder, a collection of unreleased Bob Dylan recordings appeared in Los Angeles. It was the first rock bootleg and it spawned an entire industry dedicated to making unofficial recordings available to true fans. Bootleg! tells

the whole fascinating saga, from its underground infancy through the CD 'protection gap' era, when its legal status threatened the major labels' monopoly, to the explosion of trading via Napster and Gnutella on MP-3 files. Clinton Heylin provides a highly readable account of the busts, the defeats and victories in court; the personalities - many interviewed for the first time for this book. This classic history has now been updated and revised to include today's digital era and the emergence of a whole new bootleg culture.

Billboard - 1996-08-24

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform.
