This is a step-by-step guide for dominants who want to train their submissives the right way. Submissive training is only effective when you have the right techniques to do it. So if you are a master or dominant who is currently in a BDSM relationship, you can get helpful tips from this eBook. If you simply want to know more about dominant-submissive relationship, this is the best solution for you. Know and identify your desires and get the pleasure that you always deserve from this rare connection. Owning and helping a consensual slave is not that easy because you need knowledge in training them to act like one. The rules should be strictly implemented once the submissive agree to the contract. However, there will be punishments when a rule is broken intentionally or not. This is why it's very important that you educate your consensual slave with all the necessary details as they will be held responsible for every act that they do. The terms consensual, sane and safe are actually the keystones of carefully practicing such lifestyle.

[Conquer Me](#) - Kacie Cunningham 2011-03-28

Submissive women have needs just like anybody else. But how can a

woman get her needs met when she's relinquished her power to her dominant partner? With warmth, wisdom and a down-to-earth approach, experienced submissive Kacie Cunningham analyzes the realities of the dominant-submissive lifestyle and suggests ways in which both partners can experience the greatest possible growth and pleasure. At the heart of the book is an emotion Kacie has dubbed "Conquer Me" -- which she defines as "the submissive's internal demand for a show of strength." Without a clear understanding of "conquer me," both submissive and dominant may find themselves at odds -- either fighting unhappily, or watching the passion ebb from their relationship. This book explains this unique need and how to get it met -- essential knowledge for any submissive or couple who wants to get the most out of their D/s lifestyle.

The Dominant Wife Rulebook - Mistress Jessica 2013-08-13

What you will find that follows this introduction is a set of rules and information that you can adhere to in your Dominant / submissive relationship or not. If you purchased the actual book rather than the E-book, you will find each page has the rule listed and a check box for "Yes" and "No" so that you may start off slowly implementing new rules when either an infraction of that particular rule is encountered and needs to be dealt with by agreeing to adhere to the new rule, or say when the submissive has too many minor infractions and because of that a new rule needs to be added to the submissive list of rules they will need to adhere to. Kind of like you do something bad then you have a new rule in your life. It can be quite a lot of fun, just sitting down and reading a rule and each time a new rule is added the submissive life can change dramatically because of it. How you implement the rules or not, is entirely up to you, these are just guidelines, things that we have found have been fun and work well in our relationship, feel free to alter or change a rule to fit your own situations. We have even included a number of pages for you to add your own specific rules that you may have that is not included in our own rules. What you have in the end is pretty much an owner's manual for your submissive husband, what better fun can there be for a submissive husband to know that in his house is a book of rules that he must follow else he may be punished by his Dominant wife.

I personally like to leave the book lying around the house just so my submissive husband can see it and know that it is there.

Submissive Training - Elizabeth Cramer 2013

Nothing will prepare you for a life of submission in the same way as your formal training. Submissive training isn't just a "good idea" when it comes to creating a BDSM relationship. It is essential. "Submissive Training: 23 Things You Must Know About How To Be A Submissive" is designed to help you know what to expect when you go through training with a new Dom. Every couple is unique and every Dom may have different ways of teaching you the systems of service he prefers. However, these are the basics all trained subs and slaves learn and employ in daily life. Rushing into a relationship or service contract with a Dom without training puts the future of your time together at risk. All of the arguments, resistance, misunderstandings and hurt feelings that go with a new submissive's experiences can be eradicated by a period designated for learning, listening, trial and error. Even if you have been with a previous Dom you will need to go through an abbreviated training time to ensure your patterns and understandings match one another. Training is a way to "get in the same rhythm" and find the perfect groove. If you are a Dom, this guide is the perfect gift to give to your new sub. If you are a sub, this guide will teach you how to go through your submissive training. As you go through these things on the journey to become the woman you were made to be, you will be tested but you will also be proud, joyful and, perhaps for the first time in your life, you will be at peace.

Control Your Submissive Boy - Raven Michaels Lockhart 2009-06

The purpose of this book is to serve as a launching point for new ideas to spice up your sex life and/or love life, and hopefully to take you in interesting new directions

that make your life more...fulfilled.

What Submissives Want to Know - Kate Kinsey 2018-02-23

Kate Kinsey, best-selling author of "How to be a Healthy and Happy Submissive," has been an author, educator and collared submissive in the kinky world for more than 15 years. Kinsey answers 39 questions from real submissives, both newbie and experienced, that encompass the most common problems faced by those who choose the submissive path. Kinsey offers down-to-earth, non-judgmental advice on questions including: Do I need to be trained? Can I build my own dominant? What if my husband wants me to be his mistress? What if I only want to serve non-sexually? Do I have to let a dominant demean me? What should I look for in a dominant's profile? How much should I share in my online profile? Are there counselors for kinky folk? What do I wear to a high-protocol dinner? What if I'm not a skinny Minnie? is it normal to feel so needy? Should a dominant ask me for money? "What Submissives Want to Know" builds on the foundation set out in "How to be a Healthy and Happy Submissive" with a deeper dive into real-life situations and the complexities of Dominant/submissive relationships. "Even if a particular question doesn't seem to reflect your relationship," Kinsey says, "there are elements to every question that resonate with the submissive heart, and help you better understand the kind of submissive you want to be." *Bdsm* - Maxwell Diamond 2018-11-21

A different, and important, take on the common "How to train your Submissive" BDSM books. Are you an unsatisfied Submissive? Do you want more out of your BDSM relationship? Is your Dominant misbehaving? Do you want to enter into the realm of sexual Submission and do you want to know how to get the most out of it? You've come to the right place!BDSM is a common occurrence that is practiced by

millions of people under different parameters. Many people are first introduced to the concept of BDSM, kinks and fetishes through films, television or social media. This often leads people to having a skewed understanding of the lifestyle, BDSM community and BDSM practices. Many people believe that BDSM is in some way perverted or outside the realms of 'normal' adult sexual activity. This is not the case however as BDSM can take many different forms. The media often portrays BDSM practitioners as untrustworthy and abusive - this could not be further from the truth. The media portrayal of BDSM often leads people to feel ashamed which leads them to not pursue their BDSM desires. It is perfectly normal and healthy to want to be a Dominant or a Submissive within a BDSM relationship. It is commonly believed that the relationship between a Submissive and their Dominant has elements of nonconsensual action and that the Submissive will be, constantly or occasionally, forced to act out sexual scenarios and sexually behave in ways they do not desire. It is commonly believed that the Submissive has no power in the relationship and no say on how they are treated. This false idea will be challenged, explained and explored within this book. Within this book you will find a brief overview of what BDSM actually is and how you can apply it into your relationships. This book also aims to shine a light on many of the common misconceptions held about BDSM,

Submissives and Dominants. "BDSM: How To Train Your Dominant: A Submissive's Guide To Training Their Dom Without Ruining The Power Dynamic Of Their BDSM Relationship," by Maxwell Diamond is an essential gift for any Submissive wanting to take their BDSM relationship to the next level. This book can also give a Dominant a good understanding of a Submissive. This book includes sections on: - Consent - Pain vs. Pleasure - Submission - Domination - Who holds the Power in a BDSM relationship - Guidelines on keeping a BDSM relationship productive, safe and satisfying - Much more A perfect Christmas present for anyone into BDSM, naughty sex, kinks, fetishes and Submission.
