This book helps you reclaim your marriage by learning how to: - Communicate effectively without assumptions and misinterpretations - Resolve conflict by avoiding fighting or escalation - Maintain attraction, intimacy, and sex - Prioritize one another and work as a team - Gain the tools to stop the fighting, disrespect, jabs, and low blows - Create new routines and reinvigorate the stale parts of your relationship

**How to Date and Attract the Woman You Love: Meet Your Perfect Girl and Make Her Want You** - Richard Harry 2013-08

So you want to be the special guy that almost every girl will find irresistible. You're fed up with the fact that you're having such a hard time trying to impress a girl only for you to end up rejected at the end of the day. Your main questions usually circles around what you have against what other guys have. Why is it so easy for other males to attract the opposite sex, but almost impossible when you do it? Even when you're trying your best, you realize that you're getting nowhere. Well, that's what this book is going to do for you. It's going to give you a makeover that begins in your mind. By the end of the book, you're going to be different and you're going to feel different from how you were before. Best of all, you're going to like it and you wouldn't want to change back.

*The Guyde* - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines

or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things

that turned my life around for the better. I hope it does the same for you.
