

Why Do I Run Away From Relationships

STRONG IN THE STORM Mutea Rukwaru 2017-12-20 Marriage is one of the oldest institutions in the world. It is an institution bedeviled with a lot of challenges. It is ironical that you are given a marriage certificate without having graduated. You don't even graduate in the college of marriage. There are no leaves, half terms or holidays. Marriage is a relationship and all relationships have disagreements. How successful relationships are has a lot to do with how those disagreements are handled. Most of the problems encountered in marriage is due to the fantasy we have about marriage life. From the moment Romeo sets his eyes on Juliet to the fairy-tale climax when Cinderella captures her prince, young people are taught that falling in love is the one and only essential requirement for marriage. If you wish to make your marriage work, then the love between you can't simply be based on feelings. That's because feelings change like moods. If romance were the sole factor determining the duration of a union, most marriages would end in less than a year. Love must be both a feeling and a decision. Most marital relationships are weakened by the issues of sex, money, identity and extended family members. In today's world time is becoming elusive. Remember a time a husband and wife devote to one another determines the quality of their relationship. The stresses of life whether they are financial, parental, family related or work related can negatively impact on marriage and lead to unnecessary arguments. Spouses who don't prioritize their time together get caught in the trap of drifting away from one another due to the pressures of life. As time goes on and children get older and jobs become demanding you may not realize that your needs are changing and you dread change. With time you will find that by investing in your marriage and spending time with one another, you will limit the number of disagreements you have. Your sexual life will improve and you are

less likely to be involved in extramarital affairs. The quality of your marriage is the single most important factor in raising healthy, well-adjusted children. Husbands and wives who love and respect each other raise children who have healthy values, self-esteem and good relationship skills. Wives should not neglect their husbands. Remember your husband was there before your children were born and he'll be there long after your children have moved on in life. If you show contempt toward your husband, your daughter will treat her husband that way and your son will expect his wife to have contempt for him. Your husband needs to occupy the number one spot in your heart. You cannot place your children or extended family ahead of him in your heart. If you don't put him first, not only will that injure him, but it will destroy your relationship and eventually make him run away and this will harm the lives of your children. Oftentimes men feel like they only get their wife's attention after everyone else the kids, the pets and the women have had their needs met. He gets what's left over after everyone else is taken care off. It is also important to note that happily married spouses are satisfied with their sexual relationships. A spouse who makes you feel important, who is kind, gentle, exciting and good with children and who is sexually satisfying and prone to sexual experimentation most powerfully influences your marital satisfaction. You can add zest to your love life by enhancing appeal as a spouse by having more intimate conversations and by showing more consideration and non sexual affection. Then add some novelty and creativity to your lovemaking. Sex is so critical in marriage and any relationship at marriage level devoid of it is at risk. Sex can heal illnesses and alleviate depression. From a man's perspective, there are not many things more important than sex. Sex not only fulfils a physical need in men and women but it also fulfils a psychological need. In reference to men sex heals a man the same way food, sleep and medicine can heal an injured sick body. Men are intensely physical and so the physical act of sex plays a big

role in their lives. Women enjoy sex nearly as much as men do—they just don't obsess it quite as much. It is of interest to note that if a man's wife is not interested in him physically for whatever reason, of which probably it isn't necessarily her fault, and some young girls come along who shows an interest in him as a man, many men are easily swayed into having these needs fulfilled. Some of it may be due to ego, but much of that need involves the fact that a man cannot feel truly loved if he is not having his physical needs met. When both men and women are satisfied sexually they will all be having satisfied marriage lives. Sex is such a great power in the world. But it is women who have tremendous sexual power. What does this power look like? What are the dynamics of sex? Why do spouses stray? Is it a matter of life and death? What are the complex reasons behind extramarital sex? Is sex so critical that without proper handling families will degenerate to the primordial times where "sexual punalua" ("sexual communism") was the practice? Take an exciting walk through "strong in the storm" to find answers to this life's maze. When you unearth the mystery of this labyrinth, then you will be in a position to advice colleagues, friends and those in the byways of orchestra of life how to paddle this tricky canoe. In a nutshell, a husband and wife should sail the seas of life in the same boat, rowing together, trimming the sails together and making sure the whole operation runs smoothly together, but ironically many spouses are actually in two different boats. Yet the two won't truly become one until they do get into the same boat.

millions of readers and resonated powerfully around the world. Now in this long-awaited sequel, Peterson goes further, showing that part of life's meaning comes from reaching out into the domain beyond what we know, and adapting to an ever-transforming world. While an excess of chaos threatens us with uncertainty, an excess of order leads to a lack of curiosity and creative vitality. *Beyond Order* therefore calls on us to balance the two fundamental principles of reality - order and chaos - and reveals the profound meaning that can be found on the path that divides them. In times of instability and suffering, Peterson reminds us that there are sources of strength on which we can all draw: insights borrowed from psychology, philosophy, and humanity's greatest myths and stories. Drawing on the hard-won truths of ancient wisdom, as well as deeply personal lessons from his own life and clinical practice, Peterson offers twelve new principles to guide readers towards a more courageous, truthful and meaningful life.

Why Men Won't Commit George Weinberg 2003-02-13 Dr.

George Weinberg has been a therapist for over twenty-five years. In that time, he has worked with a great range of men, and he has discovered that deep down, men actually want commitment, love, and permanence every bit as much as women do. Over the years, his patients -- even those who have had a string of failed relationships -- have expressed deep desires for permanent, monogamous marriages. So why do they behave as if they don't? And what can a woman who wants a relationship do to help her man commit? While other therapists tend to be students of women, Dr. Weinberg is a student of men. From childhood, most men have been taught to be strong and silent, never to show weakness. They've been discouraged from talking about their feelings, so they never learned the skill. Now, most are on a quest for the ready-made perfect woman. They feel that, in relationships, things can't be worked out. When the slightest thing goes wrong, it seems easier to bolt than to talk. In engaging prose filled with anecdotes we all can relate to, Dr. Weinberg unveils the psyche of men to show the real insecurities that lurk there. Other books like *The Rules* and *Men Are from Mars, Women Are from Venus* have played right into men's fears -- by accepting the old myth and telling women that their job is to "overcome" men's fear of commitment. As Dr. Weinberg explains, this is exactly the wrong thing to do. Men have a powerful radar that tells them to run away when any strategy is being used on them. He explains why games of any kind -- playing hard to get, making a man jealous -- will only push a man further from commitment. And he gives women four simple keys to understanding their man's real needs and helping them move

toward relationships. It is easy to scare a man, but it is also easy to capture his love without playing games. Why Men Won't Commit shows women how to enter places where her man has not allowed any other woman to go and, if it's right, to stay there in a loving, committed relationship.

The School of Greatness Lewis Howes 2017-10-31 When a career-ending injury left elite athlete and professional football player Lewis Howes out of work and living on his sister's couch, he decided he needed to make a change for the better. He started by reaching out to people he admired, searching for mentors, and applying his past coaches' advice from sports to life off the field. In the New York Times bestseller *The School of Greatness*, Howes shares the essential tips and habits he gathered in interviewing "the greats" on his wildly popular podcast of the same name. In discussion with people like Olympic gold medalist Shawn Johnson and Pencils of Promise CEO Adam Braun, Howes figured out that greatness is unearthed and cultivated from within. A framework for personal development, *The School of Greatness* gives you the tools, knowledge, and actionable resources you need to reach your potential. Howes anchors each chapter with a specific lesson he culled from his greatness "professors" and his own experiences to teach you how to create a vision, develop hustle, and use dedication, mindfulness, joy, and love to reach goals. I didn't stop when I had everything that I needed in my life. I felt, what is the point in knowing all this knowledge if I don't share it? This is why I took ten years out of my life to gather all this wisdom and write it over five books so that I could share it with you. I didn't share it because I wanted to make money. Inner Bonding Margaret Paul 2012-10-16 Inner bonding is the process of connecting our adult thoughts with our instinctual, gut feelings—the feelings of the "inner child"—so that we can minimize painful conflict within ourselves. Free of inner conflict, we feel peaceful, open to joy, and open to giving and receiving love. Margaret Paul, coauthor of *Healing Your Aloneness*, explores how abandonment of the inner child leads to increasingly negative and destructive feelings of low self-worth, codependence, addiction, shame, powerlessness, and withdrawal from relationships. Her breakthrough inner bonding process teaches us to heal past wounds through reparenting and clearly demonstrates how we can learn to parent in the present. Real-life examples illustrate the dynamics of the healing process and show the benefits we can expect in every facet of our lives and in all our relationships. Inner Bonding provides the tools we need to forge and maintain the inner unity that makes our family, sexual, work, and social relationships productive, honest, and joyful.

The Angry Therapist John Kim 2017-04-18 Tackling

relationships, career, and family issues, John Kim, LMFT, thinks of himself as a life-styledesigner, not a therapist. His radical new approach, that he sometimes calls “self-help in a shot glass” is easy, real, and to the point. He helps people make changes to their lives so that personal growth happens organically, just by living. Let's face it, therapy is a luxury. Few of us have the time or money to devote to going to an office every week. With anecdotes illustrating principles in action (in relatable and sometimes irreverent fashion) and stand-alone practices and exercises, Kim gives readers the tools and directions to focus on what's right with them instead of what's wrong. When John Kim was going through the end of a relationship, he began blogging as The Angry Therapist, documenting his personal journey post-divorce. Traditional therapists avoid transparency, but Kim preferred the language of "me too" as opposed to "you should." He blogged about his own shortcomings, revelations, views on relationships, and the world. He spoke a different therapeutic language —open, raw, and at times subversive — and people responded. The Angry Therapist blog, that inspired this book, has been featured in The Atlantic Monthly and on NPR.

Dreaming in Cuban Cristina García 2011-06-08 “Impressive . . .

[Cristina García's] story is about three generations of Cuban women and their separate responses to the revolution. Her special feat is to tell it in a style as warm and gentle as the 'sustaining aromas of vanilla and almond,' as rhythmic as the music of Beny Moré."—Time Cristina García's acclaimed book is the haunting, bittersweet story of a family experiencing a country's revolution and the revelations that follow. The lives of Celia del Pino and her husband, daughters, and grandchildren mirror the magical realism of Cuba itself, a landscape of beauty and poverty, idealism and corruption. Dreaming in Cuban is "a work that possesses both the intimacy of a Chekov story and the hallucinatory magic of a novel by Gabriel García Márquez" (The New York Times). In celebration of the twenty-fifth anniversary of the novel's original publication, this edition features a new introduction by the author. Praise for Dreaming in Cuban "Remarkable . . . an intricate weaving of dramatic events with the supernatural and the cosmic . . . evocative and lush."—San Francisco Chronicle "Captures the pain, the distance, the frustrations and the dreams of these family dramas with a vivid, poetic prose."—The Washington Post "Brilliant . . . With tremendous skill, passion and humor, García just may have written the definitive story of Cuban exiles and some of those they left behind."—The Denver Post

Toxic Relationship Briana Adam 2020-09-15 Relationships are very important in our lives. Humans are social by nature and cannot live on their own in this world. Yet, there are relationships where we feel that we are the only ones who care or take responsibility. After a while, we believe that these relationships are very heavy one our lives. Still, we have no clue how to make the wrong right. Relationships are not about the quantity. They

are about the quality. One might have more than fifteen friends in his - or her- social circle, but when in need, they find out that they are all alone with no one to run to. On the other hand, they are the first to help whenever someone needs them. A toxic relationship is a relationship which consumes one's soul and effort - and sometimes money- in return for nothing. It is not a secret that life is all about "give and take". It should not be a secret that relationships are also the same: give and take, equally. In this pattern, if a person finds himself - or herself- only giving with no taking back, it can be fairly said that he - or she- are in a toxic relationship. Giving back does not have to be from the same genre. It has to be appreciated as much. Parents offer their children protection, love and money; in return, they receive love, which is the only thing their children can offer, and the only thing these parents look for. However, since there is a giving back attitude, it is not to be called a toxic relationship. Toxic relationships are not restricted to family only. They can be easily found everywhere around us: in work, in love, in marriage, and in any corner with more than one person standing in it. It is only the fact that we refuse to admit that we are involved in a toxic relationship -or more- so we become unable to get rid of it. This book is written in a simple language away from complex terminologies to help you identify a toxic relationship and your best way to save your relationships from being toxic or save yourself from such relationships. It offers you the chance to prepare yourself for any future relationships and avoid the misfortunes of them. This book is not based only upon the author's personal experience, but on hundreds of studies on relationships from all fields from biology, psychology, evolutionary studies and history in order to help you enjoy healthy relationships.

any good fire alarm, they alert us to a greater danger. But they won't help us if we try to cover them up, hide them behind excuses, or assume they will always plague us. The only healthy way to manage negative emotions is to find their source and address the problem that set them off. As pastor Jeff Schreve says, "A specific and compelling message can be found in each of your negative, painful emotions. God Himself is trying to speak to you through those emotions—right now." So what is God saying? How can we understand our emotions—even change them? Schreve shows how the truth of the Bible can make sense of our confusion. The power of the Holy Spirit can lead us to freedom, and Jesus Christ can give us true peace in the midst of any crisis. You don't have to let your emotions run away with you, your family, or your future.

"Can You Run Away from Sorrow?" Ivana Bajic-Hajdukovic 2020-10-06 How does emigration affect those left behind? The fall of Yugoslavia in the 1990s led citizens to look for a better, more stable life elsewhere. For the older generations, however, this wasn't an option. In this powerful and moving work, Ivana Bajic-Hajdukovic reveals the impact that waves of emigration from

Serbia had on family relationships and, in particular, on elderly mothers who stayed. With nowhere to go, and any savings given to their children to help establish new lives, these seniors faced the crumbling country, waves of refugees from Croatia and Bosnia-Herzegovina, NATO bombing, the failing economy, and the trial and ouster of Slobodan Milosevic. "Can You Run Away from Sorrow?" poignantly depicts the intimacy of family relationships sustained through these turbulent times in Serbia and through the next generation's search for a new life. Bajic-Hajdukovic explores transformations in family intimacy during everyday life practices—in people's homes, in their food and cooking practices, in their childcare, and even in remittances and the exchange of gifts. "Can You Run Away from Sorrow?" illustrates not only the tremendous sacrifice of parents, but also their profound sense of loss—of their families, their country, their stability and dignity, and most importantly, of their own identity and hope for what they thought their future would be.

Stop Running from Love Dusty Miller 2008-03-01 Are you afraid of or unable to create intimacy or closeness with your intimate partner? Do you find that sometimes you create emotional, communicative, or even physical distance from that special someone in your life, even when, deep down, you really don't want to? If so, you share the relationship style psychologists refer to as the distancer. Distancers are often afraid of being engulfed or controlled by their partners. They fear rejection, vulnerability, and dependence. Sadly, they also tend to have short and unhappy relationships. If you want to stop running from love in your life, this book offers a simple, step-by-step approach you can use to move beyond your fear of intimacy and start building strong and lasting relationships. The exercises and self-evaluations in the book will help you become aware of how you operate in romantic relationships. You'll review and reassess your relationship patterns, deciding what changes you want to make in future relationships. Then you'll commit to actions that can make

Falling in Love Backwards Diane Covington-Carter 2013-10 What if the pain and difficulties that arise in relationships are not something to run away from but, rather, are the keys to true intimacy and more personal freedom? What if the situations that arise when the honeymoon is over, offer the secret doorway to freedom, joy, and bliss? That secret doorway is what the authors of 'Falling in Love Backwards, an Unlikely Tale of Happily Ever After' discovered in their journey on the path of relationship together. They'd been on parallel paths in many ways, both traveling the world, looking for answers to the deep questions in life and for a true partner. They were each committed to freedom and to living awake, and had gone as far as they could go on their own. The rest of the healing would need to take place in the depths of an intimate relationship. Their relationship didn't start out with a fantasy love bubble; in fact, he wasn't that interested in her because she "didn't fit his pictures" of who his partner should be. But as they stood in the center of a real and alive connection, they took on the challenges that were there from the beginning, head on. In the process, they discovered a Happily Ever After better than they dreamed was possible. By sharing their story, they hope that you can too.
